### Tenure-track Faculty Positions/Fall 2017

Eastern Connecticut State University, the state's public liberal arts university serving approximately 5300 students, offers a wide range of undergraduate majors in the arts and sciences and professional studies, as well as selected graduate programs. Located in historic Windham County in the heart of eastern Connecticut, the University is midway between New York City and Boston and only a short drive from Hartford, the state capital.

We invite applications from candidates who have a strong commitment to teaching excellence, creative activity and scholarship, student advisement, university and community service. ECSU is especially interested in faculty with demonstrated innovation and excellence in teaching in a liberal arts curriculum, and sensitivity to diverse populations and perspectives.

### Sample Ad

**Department:** *Biology*

**Position:** Assistant Professor – **Genetics/Biotechnology**, Tenure Track

**Qualifications:** Ph.D., broad expertise in Genetics and familiarity with modern techniques in biotechnology. Postdoctoral experience and familiarity with population/evolutionary genetics is an advantage. Applicants must demonstrate an aptitude for teaching undergraduates and willingness to develop a research program involving undergraduates.

**Position Description:** Teaching responsibilities will include lecture/lab courses in genetics for biology majors, and participation in the university's Liberal Arts Core Curriculum. Additional expectations include academic advisement, service to the university, and continued professional development.

**To apply:** Please send CV, copies of all graduate transcripts, statement of teaching philosophy and research interests, documentation of teaching ability, and three current letters of reference via email to Dr. Mike Adams, Search Chair, [genetics@easternct.edu](mailto:genetics@easternct.edu)
