For as little as an hour a week, you can make a difference in the lives of young people in your community.

You’ll play a key role in bringing Junior Achievement to life. As a volunteer, you can share your personal and professional experiences with students and help them make the connection between what they are learning in school and what they will need to succeed in work and life.

Your participation will help us bring the JA experience to more students in our community. So why not consider a JA experience today? For more information, call Junior Achievement of Southwest New England at (860) 525-4510 or visit our web site at www.jaconn.org
