

Eastern Connecticut State University

Department: Computer Science

Position: Assistant/Associate Professor – Computer Science, Tenure Track

Position Description: The applicant is expected to teach undergraduate computer science courses at all levels. The workload is equivalent to 12 credit hours per semester. Responsibilities for the position also include research, advising, service and the development of an undergraduate program in her/his area of interest.

Qualifications: Candidates should have a Ph.D. in Computer Science or a closely related field, completed before August 2019, and have a strong commitment to undergraduate education and scholarly research. All areas of computer science will be considered, but preference will be given to candidates who will complement the department's teaching and research activities. The department is interested in expanding curriculum in networking, gaming, artificial intelligence or cybersecurity.

Applicants should submit a cover letter, a curriculum vitae (with publications list), teaching philosophy, graduate transcripts (unofficial is okay), and at least three letters of reference as email attachments to CSCSearch@easternct.edu. Review of applications will begin November 26, 2018.
