Enneagram Workshop

Enneagram profiles are powerful tools for self-discovery and productivity. They provide clear, comprehensive understanding about everyday human behavior. The Enneagram profiles nine behavioral patterns which are as dynamic and as varied as the individuals they represent. It helps each of us develop and engage our unique life transitions. It is a transforming technology.

Ed Cabellon

Ed has over 16 years of progressive experience in Higher Education administration and is a leader in social media and technology integration, education, and assessment. He has worked in various Student Affairs/Student Life departments such as Residence Life and Student Activities, and currently serve as the Director of the Campus Center at Bridgewater State University. Ed’s research interests include digital identity, technology literacy, student engagement through social media, and underrepresented student access to technology.
