Student Pseudoscientific Work on Display at ECSU

Willimantic, Conn.—Eastern Connecticut State University (ECSU) students participating in Honors 360, Science vs. Pseudoscience, will have their final posters displayed on Monday, May 17 at 7 p.m. The display will be in the J. Eugene Smith Library, Room 266, located on Eastern's north campus. The public is invited.

The course's aim throughout the semester was to enhance critical thinking skills by learning how to evaluate pseudoscientific ideas, ideas that claim to be scientific when they are not. The topics for the student's posters include *Bigfoot*, *Fire Walking*, *Tarot Cards*, *Homeopathy* and *Spontaneous Human Combustion*.

For more information regarding this event, please contact Charles Wynn, professor of chemistry at Eastern, at (860) 465-5258.

###

Eastern Connecticut State University is part of the Connecticut State University (CSU) system and is the state's public liberal arts university. ECSU serves more than 5,000 students each year on its Willimantic campus.
