• Campus: Wooded 182 acres
• Buildings: More than 50 administrative, instructional and residential buildings
• Alumni: More than 25,000

1 “Since I came to Eastern I feel as though I have been enlightened about various work fields and different societies. Eastern is a completely different world than the neighborhood where I grew up. It has changed me.”
   – Jose Maldonado

2 “I work as a supervisor for the Athletics Department’s Intramural Athletics Program. I think it is great that they offer on-campus jobs here at Eastern. It’s a great working environment and opportunity.”
   – Christina Amato

3 “I’ve known that I want to be a therapist since senior year in high school. I want to be able to help adults with their problems. Everyone needs help at some point in their lives and I think that being a psychology major here at Eastern will help me achieve my goal.”
   – Broderick Sawyer

4 “If you really take advantage of your classes at Eastern they can help you so much. You gain such a broad viewpoint of everything – you really will become a well-rounded person and not just a student.”
   – Kim Thomasen-Strand
