University Honors Program

Issue 1

Welcome

As we begin a new semester, I would like to welcome the new and returning Honors students to campus. I hope that all of you have had enjoyable and productive summers and that you are excited by the challenges and opportunities that accompany a new academic year. Please do not hesitate to come by my office to discuss questions that you might have about the Honors Program or the University as a whole. I may not know the answer to every question, but I will either contact someone who does or refer you to someone who can be of help. I wish all of you the best of luck and look forward to working with you this year. PFE

All Honors communication will utilize your University-assigned email address. This may require a change of practice for some of you, but expediency demands this change. It is your responsibility to insure that your university-assigned email address is functional and to check it regularly. Failure to read your email is not a valid excuse for being unaware of Program events, requirements, and/or deadlines.
