Housing & Residential Life provides residential students with many opportunities to get involved on campus. Each year residential students pay Housing Social fees that allow them to participate in the majority of all Housing events free of charge!

The Warrior Cup is an annual competition between all 13 Residence Halls, done through a series of events; some adopted from departments on campus and some put on by the Warrior Cup Committee. Halls are awarded points based on attendance or participation. Each residence hall offers their individual Residence Hall Association (RHA). Each RHA has an elected executive board and is solely resident operated. RHAs have the power to purchase hall clothing, equipment, and plans hall and campus wide programs.

Friday After Dark (FAD), creates weekend programs for on campus residents throughout the semester.

### Priority Points: What you need to know...

All current residential students who wish to live in Eastern housing for the following academic year must participate in the Room Selection process. During this process, eligible residential students will have the opportunity to match up with roommates/suitmates and choose their fall housing using our online housing selection software. The rank order and participants’ pick time is based solely on their earned priority points score for that academic year until the April 1 deadline. This room selection process is only utilized for current residential students and approved students studying abroad.

Students who enter housing in the spring semester will be given a package of points to account for the fact that they were not here during the fall semester. If they do not have a GPA because it is their first semester at Eastern, freshmen will be given a GPA of 2.8, and transfer students will be given a GPA of 3.0. The package of points is based on the average number of points earned in the fall for Housing educational and Housing community service programs.
