CURRICULAR PRACTICAL TRAINING (CPT) CHECKLIST

Immigration permits lawful F-1 students the opportunity to gain practical work experience during their degree program and in their major field of study. This experience is called Curricular Practical Training (CPT). By law, CPT must be approved by the Designated School Official (DSO - Immigration Specialist in the IC) and be an integral part of the student’s curriculum. To be considered an integral part of the curriculum, the CPT will show as a registered course for either a co-op through the Career Services or an internship course through the student’s academic department, depending on the type of employment. The checklist below will offer guidance in requesting Curricular Practical Training.

Checklist:

Eligibility Requirements:
You must have:
• valid F-1 status.
• been lawfully enrolled full-time for at least one academic year.
• at least one course remaining to complete your degree program.

  o on company letterhead and signed by a company official.
  o stating a brief job description showing relation to your current major.

No coursework is required in conjunction with full-time CPT. Part time coursework may be taken. If CPT is part time, additional coursework will be required. Immigration permits full time CPT of less than one year. Use of one year or more eliminates eligibility for Optional Practical
Training (OPT, post-completion year of work authorization). CPT authorization by the DSO is required prior to commencement of employment.
