Resubmission of BUS 205 received and approved.

New Business

3. 30-credit rule for course and remediation completion

Members of the implementation team requested that the rule regarding completion of college English writing and mathematics requirements be altered from the current standard, which is that students must complete these courses within the first 30 credits attempted, to completion within the first 30 credits earned. This policy would make enforcement easier and provide needed relief for first year students who had difficulty in transitioning. As this was the original intention of the LAC 30-credit rule, a change in the previous policy would create consistency.

4. Policies for Minors

Members discussed feedback regarding a policy concerning double-counting of minor and LAC courses. Possible policies include: no courses counted in the minor and the LAC; one or two courses double-counted in the LAC and minor; double-counting of major substituted courses as minor and LAC courses; and continuation of the policy that that minors must include at least nine credits unique to the minor and not used for the LAC or a major. Further discussion with department chairs is needed.

No other new business was conducted.

Minutes respectfully submitted,

Maggie Martin
