

Connecticut Renewable Energy Facilities

Scale:

The Institute for Sustainable Energy is funded and supported by the Connecticut Energy Conservation and Load Management Fund through the Energy Conservation Management Board and the Connecticut Clean Energy Fund. The Institute also receives funding for specific projects from the Department of Energy and the Environmental Protection Agency.

Legend

- | | | | |
|--|-----------|--|--|
| | Fuel Cell | | Roads |
| | Hydro | | Towns |
| | Methane | | SWCT |
| | Refuse | | Norwalk-Stamford |
| | Solar | | |
| | Tires | | |
| | Wood | | |
| | | | All renewable generation sites greater than 1 KW |
