Agenda Items In Review

1. Community Concerns:
   Off-street parking seems to be an issue with people parking their cars even though there is a parking ban. The WPD will continue to ticket violators. Eastern will send an email to all students reminding them about the indefinite parking ban in effect.

2. “Are You One” good neighbor update:
   Eastern Student Government Association: SGA has worked hard to develop, advertise and promote the “Good Neighbor” campaign. So far there are over 200 student signatures and the list of names keeps growing! A copy of the “Good Neighbor” pledge was presented at the Town of Windham Meeting to the Mayor.

3. Community Coalition update: Grant from DMHAS presented by Aliza Makuch
   We are moving into the Strategic Plan part of the process for the DHMAS grant. We hope to come up with a plan soon to illustrate how best to spend the grant money to reduce underage drinking and negative off-campus behavior.
