Meeting called to order at 6:00pm by Mr. Ken Bedini, Vice President for Student Affairs at Eastern Connecticut State University.

1. Updates
   a. President Nunez delivered a brief update on the status of off-campus incidents. She informed the committee that we are seeing a significantly lower amount of incidents that occur off-campus and community relations are much improved, even from how they stood one year ago.

   b. Matt informed the committee that the new Eastern Connecticut State University intern at Town Hall is doing an excellent job, and he attributed much of her performance to the preparation she has received during her coursework and experiences at the University.

2. Community Concerns
   a. Multiple residents spoke about the condition of the roadways and pass ways in Willimantic/Windham, and discussed different ways the town could improve them. These included: transporting snow to another location, better enforcing the snow/ice ordinances, and more frequent plowing.

   b. Multiple residents commended the University for “all-time high” relations with the community. They report a record low number of incidents from Eastern students, and are extremely satisfied with the school year thus far. They explained that although there is always room for improvement, university administration should pride themselves on such progress.

The meeting was adjourned at 6:16 pm by Vice President Bedini.

The next meeting is scheduled for 4/23/15 at 6pm in Hurley Hall.
