Donation

Opportunities

"Michael is a 2 year old boy at Connecticut Children's Medical Center who's currently fighting a brain tumor. He has been through chemotherapy and radiation, and is on his second type of chemo now. Since he has started this new chemo he hasn't been able to walk or talk. We're doing this fundraiser to raise money for Michael and his family to help them out with the extra therapies and treatments that he has to endure. "

100% OF PROCEEDS GO TO MICHAEL!
