 - j. Click the box to complete registration.
8. Once you finalize your registration, your personal member's home page will open up. Click on: Eastern Connecticut State University **View Courses**.

IACUC Requirements

1. Start the **Working with the IACUC** course first.
2. Once you have completed **Working with the IACUC** course, you should proceed to the species- specific course(s) you selected.
3. Once you have completed a course, there will be an option to print and save a copy of your certificate. You will also receive an email confirmation of your completion with links to your 1) completion report and 2) completion certificate. You can also access reports, certificates, and course information by clicking the main menu Records anytime you are logged in. Note that these certificates expire after three years.

Additional CITI courses

1. With Eastern's subscription, you have access to all the courses that were originally listed in Step 7 (Select Curriculum) of the registration process. If you wish to take additional courses, click on Courses on the main menu.
2. Under the Institutional Courses heading, click either the linked title Eastern Connecticut State University or the box that states View Courses.
3. This will show any active courses you have (i.e., courses you have started but not completed), courses ready to begin (i.e., courses not started), and completed courses.
4. At the bottom of this screen there is a box titled Learner Tools for Eastern Connecticut State University. In this box you can do the following:
 - a. Add a course: this will bring up the 8 questions from Step 7 of the registration process so you can select which courses you would like to take.
 - b. Remove a course: if you enrolled in a course you no longer want to take. You will need to select which course you want to remove from a list once you click this option.

- c. View previously completed coursework: this will list all your coursework, the passing score required, your score, start date, completion date, expiration date, gradebook, and completion record. NOTE: this is the same information you are able to access by clicking the main menu for Records.
 - i. If you click on view-print-share your completion record, you will be given the option to view/print or copy link to both your 1) completion report and 2) completion certificate.
- d. Update institutional profile: this is the information you originally entered in Step 6 of registration.
- e. Remove affiliation: this is if you move to a different university or institution and need to change your affiliation.
