

Eastern Connecticut State University

Mid-Year Spending Plan Review

FY 2023 Current Projection vs. FY 2023 Budget

Despite the anticipated increase in salaries and fringes, we have submitted a projection with a \$0.5 million surplus. The ability to do so is largely due in part to the \$15.6 million in federal and state funds we'll receive this fiscal year.

Our overall Total Revenue is projected to increase by \$1.7 million. This increase is mainly due to the \$0.4 million in Additional Operating Fund Fringe Paid By State, and a projected \$1.0 million increase in All Other Revenue due to a 4% increase in STIF rates. Our overall enrollment is projected to decline 5.8% from the prior year, a 2.4% decline from our budget. As a result, our projected tuition, fee and auxiliary revenues are now \$0.4 million below budget.

Total full-time personnel services are \$1.5 million lower than budgeted, which reflects the difficulty we've had in refilling positions. While we expect savings in part-time positions of \$0.1 million, it a net result from savings in hiring University Assistants and Student Labor offset by an increase in Rehired Retirees for areas where hiring has been difficult. The vacancies in full-time staffing have also caused an increase in Overtime of \$0.2 million. We project our All Other Personnel Services will increase by \$0.3 million because of more retirements and resignations than expected this fiscal year. Lastly, the combination of lower than budgeted fringe benefit rates and the projected savings on vacant full-time positions, is contributing to a \$4.0 million reduction in Fringe Benefits expense.

While we expected inflation to have an impact on almost every expense line in the Other Expenses category, we still managed to find savings. The projected \$0.3 million decrease in All Other expenses reflects the savings identified in each division. Offsetting those savings is an increase of \$0.5 million in institutional financial aid/waivers and \$0.2 million in Utilities. Our Utilities projection increased by \$0.2 million, bringing the year-over-year increase to \$0.6 million, or 16.2% higher.

The \$0.7 million increase in Designated Transfers is for the board mandated Auxiliary Renewal and Replacement funds. The Other Designated Fund Requests is projected to decrease by \$4.4 million. The projected decrease in salaries and fringe benefits expense has negated the need to use of Reserves for FY23 Salary Cost. Additionally, a line has been added for the \$1.5 million set-aside of reserves for IT equipment.

Overall, we project a surplus of \$0.5 million, but it is important to understand that this would not have been possible without the \$14.8 million in additional federal and state funds included in our projection. In the fiscal year to come, Eastern will have to absorb the negotiated FY24 4.5% wages increases and associated fringe benefits, and continued inflationary costs, while the pool of traditional college-age students shrinks, and FY23 one-time funding dollars conclude. Our enrollment strategies, including Out-of-State students paying the equivalent of the NEBHE rate, targeted recruitment in Michigan, New York, New Jersey, and Ohio, and an increased in-state presence. The refilling of positions continues to be done strategically and in a manner that best supports the students.
