2
Welcome to eastern Connecticut’s only public liberal arts university. Eastern has much to offer our students – more than 35 majors and 60 minors in a variety of academic disciplines and professional fields; a teaching faculty committed to our students; an exciting campus culture; and a strong presence in the local community.

The CORE of Eastern’s teaching and learning environment is the University’s liberal arts curriculum, which uses an interdisciplinary approach to develop students’ analytical and research skills. Through a sequenced, self-selected set of courses in mathematics, the sciences, humanities and social sciences, Eastern students learn the collaborative skills necessary for success in today’s professional workplace, as well as the ability to adapt to the changes occurring in a global society. Students also learn ethics, college-level writing and problem-solving skills through team projects and independent study.

The liberal arts education that students receive in the classroom is supported by a range of experiential learning opportunities. These include internships (from the Connecticut State Capitol to ESPN); cooperative education (from UTC to the Mohegan Sun); service learning (from Willimantic to Jamaica); undergraduate research (from studying marine wildlife in the Caribbean to analyzing Shakespearean tragedies); study abroad (from the Middle East to Australia); and other active learning opportunities. Using the local Willimantic community as a learning laboratory, Eastern students also contribute more than 20,000 hours of service a year to nonprofit organizations and local social service agencies.

The majority of Eastern students live on campus, including almost 90 percent of the first-year students, taking advantage of their proximity to professors, computing resources, the library, fitness facilities and each other to maximize their experience at Eastern. Our 14 residence halls provide an array of social, leadership and community service opportunities, while the state-of-the-art Student Center serves as headquarters to more than 90 student clubs and organizations. The Campus Activity Board also brings world-class concert performers to campus to entertain students and their guests. All of this adds up to an enriching campus environment that fosters students’ personal and social development while advancing their academic and career goals. The recently renovated Communication Building has greatly enhanced the University’s on-campus radio and television facilities and the renovation of Goddard Hall has created new laboratories for the Psychology, Education, Health Sciences and Nursing and Business Administration departments. In fall 2019, a renovated Shafer Hall — home to the original Willimantic State Teachers College in 1946 — reopened as a loft-style residence hall for 90 Eastern students.

I encourage you to learn more about the opportunities and services available at Eastern. We are here to help you make the most of your college experience.

Elsa M. Núñez
President
CORE VALUES  As members of a learning and teaching community committed to academic excellence, we, the faculty, students, staff and administration of Eastern Connecticut State University, the state’s public liberal arts university, share this set of values:

ACADEMIC EXCELLENCE

Eastern embraces rigorous academic standards and intellectual inquiry as a benchmark for all of its students, faculty and staff. This expectation informs every mode of learning on campus, from individual courses and degree programs to University presentations and cultural events.

ENGAGEMENT

Members of the University community develop intellectually, creatively and socially through active and reflective learning in and outside the classroom, interdisciplinary studies and individual and collaborative research.

INCLUSION

Eastern is committed to providing educational access while building a campus community that embraces diversity and differences, enriched by a global perspective.

INTEGRITY

Members of the University community are expected to behave ethically and honorably. Learning encompasses both intellectual and character development.

EMPOWERMENT

Eastern fosters a safe, nurturing environment that promotes intellectual curiosity, student achievement and lifelong learning. Through rigorous inquiry and personal interaction, members of the community grow confident as independent, critical thinkers.

SOCIAL RESPONSIBILITY

Social responsibility is promoted and encouraged at Eastern through serving those in need; being active in the community; protecting our natural resources; and engaging in the democratic political process and other socially responsible actions. Social responsibility includes an ethical commitment to oneself and the community at large.
COMPLIANCE STATEMENT

Eastern Connecticut State University does not discriminate on the basis of race, color, national origin, age, sex, disability or sexual orientation in admission to, access to, treatment in or employment in its programs and activities. The following person has been designated to handle inquiries regarding the non-discrimination policies, including a policy of prohibition against sexual harassment, as well as other issues related to civil rights compliance:

LaMar Coleman, vice president for Equity and Diversity
Eastern Connecticut State University
83 Windham Street, Willimantic, CT 06226

Inquiries concerning the application of non-discrimination policies may also be referred to the Boston Office, Office for Civil Rights, U.S. Department of Education, Thomas Hibino, McCormack Post Office and Courthouse, Room 701, Boston, MA, 02109-4557.

PLURALISM POLICY

Eastern Connecticut State University adopted a policy statement on pluralism which forbids acts of violence or harassment reflecting bias or intolerance based on an individual's race, religion, gender, sexual orientation, disability and ethnic or cultural origin. The University has also adopted procedures for investigating complaints of acts of intolerance brought by students or staff.

Eastern Connecticut State University endorses the Connecticut State University Policy Regarding Racism and Acts of Intolerance. That policy is:

The Connecticut State University declares:

a. Institutions within the Connecticut State University have a duty to foster tolerance;

b. The promotion of racial, religious and ethnic pluralism within the University is the responsibility of all individuals within the University community;

c. Every person within the University community should be treated with dignity and assured security and equality;

d. Individuals may not exercise personal freedoms in ways that invade or violate the rights of others;

e. Acts of violence and harassment reflecting bias or intolerance of race, religion, gender, sexual orientation, disability and ethnic or cultural origins are unacceptable; and,

f. The University shall take appropriate corrective action if such acts of violence or harassment occur.

Anyone who has a complaint alleging an act of violence or harassment based on race, religion, gender, sexual orientation, disability or ethnic or cultural origin should contact LaMar Coleman, vice president for Equity and Diversity, Gelsi-Young Hall, Room 255, (860) 465-5791.

RIGHTS RESERVED STATEMENT

This catalog of Eastern Connecticut State University represents a compilation of the latest available information. It is published to serve as a guide to programs, services and regulations of the University; therefore, information contained herein supersedes that of all other Eastern Connecticut State University catalogs. Eastern Connecticut State University reserves the right to change its regulations, fees and announcements without notice whenever such action becomes necessary.

STUDENT RIGHTS UNDER EDUCATIONAL RIGHTS AND PRIVACY ACT OF 1974

Through annual dissemination of a policy and procedure statement, Eastern Connecticut State University informs students of their rights under the Family Educational Rights and Privacy Act of 1974 (FERPA) as amended. This Act, with which the University complies fully, protects the privacy of education records, establishes the rights of students to inspect and review their education records and provides guidelines for the correction of inaccurate or misleading data through informal and formal hearings. Students also have the right to file complaints with the FERPA Office concerning alleged failures by the institution to comply with FERPA. https://studentprivacy.ed.gov/file-a-complaint

The University policy statement explains in detail the procedures to be used for compliance with the provisions of FERPA. Copies of the policy can be found in the Eastern Student Handbook and at the Admissions and Registrar’s Offices at the University.
The University

Eastern Connecticut State University’s strong liberal arts foundation focuses on developing the full potential of each student. Eastern offers an exemplary undergraduate liberal arts and science curriculum with distinctive professional and master’s programs that grow out of a commitment to intellectual integrity and social responsibility.

Eastern emphasizes life-long learning in a time of social and technological change. The University serves as an important resource for meeting social, economic and cultural needs of the local and regional communities. One of Eastern’s primary strengths is the connection between faculty and students throughout the educational experience and the residential campus atmosphere.

With an enrollment of 5,000 full-time and part-time students from every region of the state, 26 states and 20 foreign countries, Eastern is a diverse community of learners that provides opportunities for the pursuit of excellence at every level of academic life. This multicultural student community thrives in Eastern’s residential college setting while encouraging academic excellence in students with varied social, ethnic and educational backgrounds. The University also serves non-traditional students of all ages, on a full-time or part-time basis, whose interests may include expanding careers, as well as changing or starting new careers. The educational needs of all students are met by courses taught on and off campus during the evening and weekends, as well as during the summer session and January intersession.

Eastern offers a wide range of traditional academic programs and degree on three academic levels: Associate of Science; Bachelor of Arts, Bachelor of Science, Bachelor of Science in Nursing, Bachelor of General Studies; and Master of Science.

Founded in 1889, Eastern is the second oldest of the Connecticut State Universities. The campus is located in the heart of Eastern Connecticut, in a residential section of Windham County. The University is midway between New York and Boston and only a short drive to Hartford, the state’s capital.

Spread over 184 acres, the Eastern campus is divided into three areas: South Campus, North Campus and the University Sports Complex. The South Campus is the historic part of the University and features Burr and Noble residence halls as well as Shafer Hall, which has been converted into a residence hall. North Campus, the newer part of the University, is home to the J. Eugene Smith Library, Wickware Planetarium, the Student Center, the Sports Center and the Communication Building, which houses the campus radio and television stations. North Campus also features Webb Hall, a classroom building that features state-of-the-art computer labs and classroom technology, media resources and interactive learning systems. The Science Building opened in fall 2008 and the new Fine Arts Instructional Center opened in January 2016. In addition, North Campus is home to several residence halls, including Occum Hall apartments and the North and South Residential Villages. The Administration Building is centrally located adjacent to Wood Support Services Center. The Sports Complex to the north features a turn track and field, the baseball stadium, a softball field, intramural fields and locker facilities.

Eastern Connecticut State University is accredited by the New England Commission on Higher Education. Inquiries regarding the accreditation status by the Commission should be directed to the administrative staff of the institution. Individuals may also contact:

FALL 2023

August 28 ......................................................... Academic Year Begins
August 29 ......................................................... Classes begin at 8 a.m.
September 4 ..................................................... Labor Day – No classes, Offices closed
November 22 – 26 ........................................... Thanksgiving recess – No classes, Offices closed
December 8 ...................................................... Classes end
December 11 -17 .............................................. Final exams (day, evening and Saturday classes)

WINTERSESSION 2024

December 25 ..................................................... Christmas holiday observed – No classes, Offices closed
December 26 ..................................................... Wintersession classes begin
January 1 ......................................................... New Year’s Day observed – No classes, Offices closed
January 13 ....................................................... Wintersession classes end

SPRING 2024

January 17 ......................................................... Official start of Spring semester
January 17 ......................................................... Classes begin at 8 a.m.
February 16 – 19 ............................................. President recess – No classes, Offices closed
March 11 – 17 ..................................................... Spring Recess
May 3 ............................................................... Classes end
May 6 – 11 ........................................................ Final exams (day, evening and Saturday classes)
May 11 ............................................................. Graduate Hooding & Commencement
May 14 ............................................................. Undergraduate Commencement
Eastern Connecticut State University is organized into two Schools: The School of Arts and Sciences and the School of Education and Professional Studies (including the Graduate Division). Degree programs offered through these Schools are:

- Master of Science
- Bachelor of Arts
- Bachelor of Science
- Bachelor of Science in Nursing
- Bachelor of General Studies
- Associate of Science

UNDERGRADUATE PROGRAMS

Eastern offers the Bachelor of Arts (B.A.), Bachelor of Science (B.S.), Bachelor of Science in Nursing (B.S.N), or Bachelor of General Studies (B.G.S) degree to students who have successfully completed a four-year program of study. The Associate Degree of Science (A.S.) is offered to students who have completed a two-year or 60-credit program of study.

UNDERGRADUATE MAJORS

A major is a field of study chosen by a student to acquire in-depth knowledge of a subject area.

TEACHER CERTIFICATION PROGRAMS

The teacher certification programs allow a student to meet Eastern and State of Connecticut requirements for teaching in Connecticut.

Teacher Certification Programs are offered in:

- Early Childhood Education (N-3)
- Elementary Education (K-6)
- Secondary Education (7-12) (for majors in Biology, English, Environmental Earth Science, History/Social Studies, or Mathematics)

GRADUATE PROGRAMS

The following graduate programs are administered by the Graduate Division in the School of Education and Professional Studies:

- Accounting
- Applied Data Science
- Educational Studies with concentrations in:
  - Dual Language Learners
  - Early Childhood Education
  - English/Language Arts
  - Reading/Language Arts
  - Science, Technology, Education and Mathematics
  - Special Education
- Educational Technology
- Elementary Education (with Certification)
- Early Childhood Education (with Certification)
- Management
- Secondary Education (with Certification) with concentrations in:
  - Biology
  - English
  - Environmental Earth Science
  - History/Social Studies
  - Mathematics
  - Special Education
- Studio Art
- Supply Chain Management
- Sustainable Energy Studies
- Theatre
- Women's Studies
- Writing
The mission of the School of Arts and Sciences is to provide an education that encourages ethical and intellectual development that includes respect for other cultures and peoples, knowledge of the past, a sense of responsibility for the future, a scientific understanding of the physical world, competence in communicating ideas and values and the integration of theory with practical experience. The twin goals of excellence and lifelong learning are the cornerstones of Arts and Sciences.

DEPARTMENT OF ART AND ART HISTORY

MAJORS Art
MINORS Art History, Costume and Fashion Design, Digital Art and Media Design, Film Studies, Game Design
FACULTY Lora Lee, chair; Maeve Doyle, assistant chair
PROFESSOR Qimin Liu
ASSOCIATE PROFESSOR Tao Chen, Maeve Doyle, Robert Greene, Lora Lee (Boya Li), Afarin Rahmanifar
ASSISTANT PROFESSOR Soojin Kim

BIOLOGY DEPARTMENT

MAJORS Biology
MINORS Biology, Cannabis Cultivation and Chemistry, Genetic Counseling
FACULTY Elizabeth Cowles, chair; W. Brett Mattingly, assistant chair
PROFESSOR Elizabeth Cowles, Matthew Graham, Joshua Idjadi, Barbara Murdoch
ASSOCIATE PROFESSOR Bryan Connolly, Kristen Epp, Amy Groth, Jonathan Hulvey, W. Brett Mattingly, Kurt Lucin, Vijaykumar Veerappan
ASSISTANT PROFESSOR Derek Laux

COMPUTER SCIENCE DEPARTMENT

MAJORS Computer Science, Data Science
MINORS Bioinformatics, Computer Engineering Sciences, Computer Science, Game Design, Management Information Systems
FACULTY Garrett Dancik, chair
PROFESSOR Garrett Dancik, Kehan Gao, Joel Rosiene, Sarah Tasneem
ASSISTANT PROFESSOR Natalia Romanenko, Scott Smith

ENGLISH DEPARTMENT

MAJORS English, Liberal Studies (English concentration), Women's and Gender Studies
MINORS English, Writing, Women's Studies
FACULTY Stephen Ferruci, chair; Kenneth McNeil, assistant chair
PROFESSOR Miriam Chirico, Meredith Clermont-Ferrand, Susan DeRosa, Daniel Donaghy, Stephen Ferruci, Reginald Flood, Barbara Little Liu, Rita Malenczyk, Raouf Mama, Maureen McDonnell, Kenneth McNeil, Christopher Torockio
ASSOCIATE PROFESSOR Jordan Youngblood, Allison Speicher, Christine Garcia
ASSISTANT PROFESSOR Manuel Otero

ENVIRONMENTAL EARTH SCIENCE DEPARTMENT

MAJORS Environmental Earth Science, Data Science
MINORS Earth Science, Environmental Science, Environmental Health Science, Geographic Information Systems, Geomorphology, Hydrogeology, Sustainable Energy Studies
FACULTY Bryan Oakley, chair; Stephen Nathan, assistant chair
PROFESSOR Dickson Cunningham, Peter Drzewiecki, James (Drew) Hyatt, Meredith Metcalf, Stephen Nathan, Bryan Oakley
HEALTH SCIENCES DEPARTMENT

MAJORS Health Sciences, Nursing
MINORS Coaching, Medical Interpreting in Spanish, Paramedic Science, Public Health Studies, Sport and Exercise Science
FACULTY Yaw Nsiah, chair; Amy Bataille, assistant chair
PROFESSOR Anita Lee, Yaw Nsiah
ASSOCIATE PROFESSOR Amy Bataille, Darren Dale, Paul Canavan
ASSISTANT PROFESSOR Sara Newman Carroll, Jeffrey Messer

HISTORY DEPARTMENT

MAJORS History, History and Social Science
MINORS Asian Studies, History, Peace and Human Rights, Latin American and Caribbean Studies
FACULTY Caitlin Carenen, chair; Scott Moore, assistant chair
PROFESSOR Caitlin Carenen, Stacey Close, David Frye, Jamel Ostwald
ASSOCIATE PROFESSOR Thomas Balcerski, Bradley Camp Davis, Stefan Kamola, Scott Moore

INDIVIDUALIZED MAJOR

DEAN OF ARTS AND SCIENCES Emily Todd

MATHEMATICAL SCIENCES DEPARTMENT

MAJORS Mathematics, Data Science - Interdisciplinary,
MINORS Mathematics
FACULTY Marsha Davis, chair; Megan Heenehan, assistant chair
PROFESSOR Anthony Aidoo, Marsha Davis, Peter Johnson, Mizan Khan, Medhi Khorami, Kwame Osei Bonsu, Kim Ward, Christian Yankov, Megan Heenehan
ASSOCIATE PROFESSOR Chantal Larose

PERFORMING ARTS DEPARTMENT

MAJORS Music
MINORS Music
FACULTY Anthony Cornicello, chair
PROFESSOR David Belles, Anthony Cornicello, Okon Hwang
ASSOCIATE PROFESSOR Jeffrey Calissi, Timothy Cochran, Emily Riggs

PHYSICAL SCIENCES DEPARTMENT

MAJORS Biochemistry
MINORS Astronomy Outreach and Public Presentation, Biochemistry, Chemistry, Physical Science, Physics
FACULTY John Toedt, chair; Darrell Koza, assistant chair
PROFESSOR Darrell Koza, Zoran Pazameta, John Toedt
ASSISTANT PROFESSOR Kedan He, Syed Islam

POLITICAL SCIENCE, PHILOSOPHY AND GEOGRAPHY DEPARTMENT

MAJORS Philosophy, Political Science
MINORS Geography, Peace and Human Rights, Philosophy, Political Science, Pre-Law, Asian Studies
FACULTY Martin Medoza-Botelho, chair
PROFESSOR Nicole Krassas
ASSOCIATE PROFESSOR Martin Mendoza-Botelho, Courtney Broschous
ASSISTANT PROFESSOR Patrick Vitale
DEPARTMENT OF PSYCHOLOGICAL SCIENCES

MAJORS Psychology, Labor and Human Resources
MINORS Psychology
FACULTY James Diller, chair; Lyndsey Lanagan-Leitzel, assistant chair
PROFESSOR Peter Bachiochi, Luis Cordon, Alita Cousins, James Diller, Madeleine Fugere, Melanie Evans Keyes, Lyndsey Lanagan-Leitzel, Jennifer Leszczynski, Margaret Letterman, Kristalyn Salters-Pedneault
ASSOCIATE PROFESSOR Jenna Scisco
ASSISTANT PROFESSOR Christopher Krebs, Phyllis Lee, T. Caitlin Vasquez-O’Brien

DEPARTMENT OF SOCIOLOGY, ANTHROPOLOGY, CRIMINOLOGY AND SOCIAL WORK

MAJORS Anthropology, Criminology, Social Work, Sociology
MINORS Anthropology, Criminology, Latin American and Caribbean Studies, Sociology
FACULTY Ricardo Pérez, chair
PROFESSOR Cara Bergstrom-Lynch, Dennis Canterbury, Kimberly Dugan, Mary Kenny, William Lugo, Eunice Matthews-Armstead, Ricardo Pérez, Theresa Severance
ASSOCIATE PROFESSOR Sarah Baires, Nick Parsons
ASSISTANT PROFESSOR Marin Kurti, Sarah Nightingale, Rachel Pesta, Nicolas Simon, Megan Stanton

WORLD LANGUAGES AND CULTURES DEPARTMENT

MAJORS Spanish
MINORS French, Latin American and Caribbean Studies, Medical Interpreting in Spanish, Modern Languages, Spanish
FACULTY Kin Chan, chair
PROFESSOR Michèle Bacholle
ASSISTANT PROFESSOR Kin Chan
The School of Education and Professional Studies builds on a strong foundation in the liberal arts and offers a variety of academic programs and experiences for students to acquire the skills, knowledge, attitudes and values necessary for successful performance in the professions and in graduate studies. The program at Eastern is designed to encourage students to develop a theoretical base as well as to engage in practical experiences which will serve as a basis for continued development in a complex and rapidly changing society.

ACCOUNTING AND BUSINESS INFORMATION SYSTEMS DEPARTMENT

MAJORS Accounting, Business Information Systems, Data Science
MINORS Accounting, Business Analytics, Business Information Systems, Healthcare Informatics, Social Informatics, Supply Chain Management
FACULTY Moh’d RuJoub, chair; Alex Citurs, associate chair
PROFESSOR Moh’d RuJoub, Jeffrey Schaller
ASSOCIATE PROFESSOR Alex Citurs, K. Niki Kunene
ASSISTANT PROFESSOR Meng Guo

BUSINESS ADMINISTRATION DEPARTMENT

MAJORS Business Administration with Concentrations in International Business, Management, Marketing and Sport Management
MINORS Business Administration, Healthcare Management, Sport Management
FACULTY Emiliano Villanueva, chair; Mihyun Kang, assistant chair
PROFESSOR Olugbenga Ayeni, Sukeshini Grandhi, Mihyun Kang, Fatma Pakdil, Greg Kane
ASSOCIATE PROFESSOR Charlie Chatterton, Ari deWilde, Craig Erwin, Jehoon Jeon, Emiliano Villanueva
ASSISTANT PROFESSOR Wayne Buck, Nahyun Oh, Yuanyuan Jiang

COMMUNICATION, FILM & THEATRE DEPARTMENT

MAJORS Communication, Theatre and Performance Media
MINORS Communication, Costume and Fashion Design, Film Studies, Leadership Communication, Theatre
FACULTY Kristen Morgan, chair; Andrew Utterback, associate chair
PROFESSOR J.J. Cobb, Reginald Flood, David Pellegrini, Terri Toles-Patkin, Andrew Utterback
ASSOCIATE PROFESSOR Alycia Bright-Holland, Kristen Morgan, Anya Sokolovskaya, John Zatowski
ASSISTANT PROFESSOR Brian Day, V. Michelle Michael-Kang

ECONOMICS AND FINANCE DEPARTMENT

MAJORS Economics, Finance
MINORS Economics, Insurance
FACULTY Steve Muchiri chair
PROFESSOR Maryanne Clifford, Brendan Cunningham
ASSOCIATE PROFESSOR Steve Muchiri

EDUCATION DEPARTMENT

MAJORS Early Childhood Education, Elementary Education, Physical Education
MINORS Health, Physical Education
FACULTY Mark Fabrizi, chair; Xing Liu, assistant chair
PROFESSOR Theresa Bouley, Mark Fabrizi, Xing Liu, Darren Robert, David Stoloff, Sudha Swaminathan
ASSOCIATE PROFESSOR Tanya Moorehead, Susannah Richards
ASSISTANT PROFESSOR Kwangwon Lee, Laura Rodriguez
UNDERGRADUATE ADMISSIONS

Christopher Dorsey, director of Enrollment Management
Robert Martin, director of Admissions

ADMISSION TO THE UNIVERSITY

Undergraduate admission to the University is selective, based on academic performance and potential promise. The University is interested in applicants whose academic achievements, interests and character demonstrate a commitment to success. No single characteristic determines admission as each applicant’s overall academic record is thoroughly and individually reviewed for school class standing, completion of college prep courses, standardized test scores (if applicable) and grade point average. Leadership, non-traditional, extra-and co-curricular experiences are also considered in the decision. Although the strength of an applicant’s academic record is viewed as the best measure of readiness for college, personal qualities such as maturity, intellectual curiosity, relevant experiences and motivation to succeed are important as well.

SECONDARY SCHOOL PREPARATION

Prior to enrollment, applicants must have earned a high school diploma from an accredited secondary school or a General Equivalency Diploma (GED). Their secondary school program should include units of college preparatory work in the following areas:

• English (four years, including composition)
• Mathematics (four years, including Algebra I, Geometry and Algebra II and fourth year in an algebra-intensive course such as Trigonometry or Statistics and Probability)
• Science (three years, including one year of U.S. History and the equivalent of one-half year in civics and American Government)
• World Language including American Sign Language (two years recommended)
• Elective course (one year in one of the STEM subjects – science, technology, engineering and mathematics)
• Humanities (one-year elective)

Students who enroll at the university without having completed at least two years’ work in a single foreign language in high school must complete at least one year of a single foreign language (6 credits) at the college level to meet the requirement for graduation. Students whose preparation does not follow this pattern may still qualify for admission if there is other strong evidence that they are prepared for college studies.

APPLICATION PROCEDURES

The Office of Admissions review applications and admits students to enter the University at the beginning of either the fall (August) or spring (January) semesters. All students who believe they meet the spirit and intent of the University’s liberal arts mission are encouraged to apply and their applications will be given full and thorough consideration. First-year applicants are encouraged to apply for admission and supporting requirements no later than mid-January.

To apply for first-year admission, students must submit the following:

• Completed application for admission: Eastern’s Online Application or www.commonapp.com
• Non-refundable $50 application fee
• An official copy of secondary school transcript or GED
• One letter of recommendations, preferably from an academic teacher
• SAT I or ACT scores (test-optional applicants do not need to send scores)
• Essay (included in Common Application or Eastern’s Online Application)

TEST-OPTIONAL ADMISSION POLICY

Eastern has joined a growing number of public and private colleges that have adopted a Test-Optional Admission Policy. Students may choose if they want their SAT/ACT scores reviewed as part of the admissions process. Admission to Eastern is based primarily on a student’s achievement in a strong high school curriculum, which is the best predictor of success at Eastern.

As a general guideline, students who choose not to submit their SAT/ACT scores and want to present a competitive application should have:

• A completed application
• An unweighted cumulative academic GPA of 3.0 or higher on a 4.0 scale (this GPA includes only English, Foreign Language, Math, Natural Science and Social Studies courses)
• A college preparatory curriculum that results in 18 academic units over four high school years
• A senior year course schedule that includes at least four academic courses resulting in four academic units
• A well-written and thoughtful essay
• A strong teacher recommendation in one of the five CORE disciplines outlined above

Note: All admitted applicants will be required to submit their SAT or ACT scores in order to facilitate English and Math course placement.

Interviews are requested by the Office of Admissions when additional information or clarification is needed. Although all prospective students are strongly encouraged to participate in an Admissions-sponsored information session and tour the campus, individual interviews are not required of most students who apply for admission.

Transfer applicants are encouraged to apply for admission as soon as possible. All transfer students are required to submit official copies of transcripts from all post-secondary institutions attended.

To apply for first-year admission, students must submit the following:
• Completed application for admission: Eastern’s Online Application or www.commonapp.com
• Non-refundable $50 application fee
• Official copy of secondary school transcript or GED
• Optional: Personal essay of up to 500 words

Transfer applicants with acceptable academic records at other accredited colleges or universities do not need to submit SAT I or ACT scores, however, the Office of Admissions encourages these applicants to submit scores for course placement purposes only. Individual interviews are not required unless requested by the Office of Admissions.

ADMISSION DECISIONS AND COMPLETING ENROLLMENT

Admission decisions are made when all admission requirements have been submitted and the applicant’s file is complete. Applicants are notified of the decision on a rolling basis. Applicants offered full-time admission to the University are required to submit non-refundable tuition and housing (if applicable) deposits to reserve their place in classes and residence halls.

Eastern Connecticut State University reserves the right to rescind admission decisions on candidates who falsify or alter information on documents provided as part of the admission process. The Office of Admissions may also withdraw the admission of any first-year applicant who does not complete the requirements for a secondary school diploma or any transfer students who does not maintain academic standards at the prior institution upon admission to Eastern.

After admission the University and before enrollment, students should:
• Have a family health care provider complete the Connecticut State University Student Health Services form and return it to Health Services at the University (required for all full-time students)
• All full-time students born after December 31, 1956 must provide evidence of immunity against measles, German measles (rubella) and mumps. Students must show proof they have received two doses of measles, two doses of German measles and two doses of mumps vaccine (MMR vaccine) or provide proof of immunity by blood testing. (Copy of test results must be submitted.)
• Connecticut state law requires that all students born after January 1, 1980, must provide evidence of immunity against chickenpox (varicella) by showing proof of two doses of the varicella vaccine or by providing documentation form your health care provider stating that you had chickenpox disease in the past and the date you had it, or by providing proof of immunity by blood testing. (Copy of test results must be submitted.)
• Bacterial meningitis vaccination (for Neisseria meningitides types a, c, y and W-135) is required only for full time students who live in on-campus housing; however, it is recommended for all incoming students. Connecticut state law requires that students get another meningitis shot if they received their previous meningitis vaccine(s) more than five years before the date they start attending college.
• Financial aid candidates must complete the Free Application for Federal Student Aid (FAFSA) and request the results of the need analysis be forwarded to the Financial Aid Office.
• Admitted students requesting on-campus housing must submit an online residence hall application form to the Office of Housing and Residential Life.
• International students must demonstrate college-level proficiency in English and must fulfill other requirements as indicated in the section on Admission of International Students.
• New students will be evaluated for English and mathematical skills. Based on the results of that testing and reported SAT I or ACT scores, students will be placed in courses that are appropriate to their skills and in which they have the greatest potential for success.
ADMISSION TO THE UNIVERSITY HONORS PROGRAM

Eastern's Honors Program provides an advanced course of study in the liberal arts for academically qualified students. Honors Scholars follow a unique program designed to encourage active learning, critical thinking and independent inquiry. The culmination of the program is the preparation of a senior honors thesis, an original research project carried out under the direction of a faculty advisor. Honors Scholars also participate in the activities of the Honors Club and other Honors events.

The University Honors program serves as part of the Liberal Arts CORE curriculum for those admitted to the program. Honors Scholars may select any major. Honors Scholars who have a 3.5 cumulative grade point average and complete the honors curriculum and participation requirements graduate as University Honors Scholars.

The Honors Program requires a separate application made available online in November and due February 1; acceptance decisions to the selective program are made by the Honors Council. The review of incoming first-year students is based on their high school record and potential for advanced college work. Transfer and continuing first-year students who have earned fewer than 45 credits may apply to be admitted into the program's second year. Honors Scholars receive the most substantial possible scholarships.

Interested students should contact the Admissions Office for more information.

SUMMER TRANSITION AT EASTERN PROGRAM (STEP)/CONTRACT ADMISSIONS PROGRAM (CAP)

What is STEP/CAP?
The Summer Transition at Eastern Program/Contract Admissions Program (STEP/CAP) is an educational support program provided by Eastern Connecticut State University. Prospective STEP/CAP students submit a standard application to Eastern's Office of Admissions, which conducts the initial screening and invites students for an interview and additional assessments. Decision on STEP/CAP admission are generally made within two weeks of a student’s screening date.

What is the Summer Transition at Eastern Program (STEP)?
A six-week, on-campus residential experience offering classes, mentoring and counseling, the Summer Transition at Eastern Program (STEP) is designed for highly motivated high school graduates who are seeking to improve their math, writing, time management and study skills to gain admission to Eastern. This rigorous program offers each student an opportunity to strengthen these skills in preparation for the first year of college. In June, students enroll, register for fall classes and participate in Eastern's orientation, advising and registration (SOAR) program. STEP begins in July and ends in August.

What is the Contract Admissions Program (CAP)?
Students will sign a contract stating that they must complete the six-week summer program with a minimum of 2.5 GPA (C+ average) to continue as first-year students for the fall semester at Eastern Connecticut State University. It also requires that students meet with STEP/CAP professional staff at the Academic Success Center (ASC) at least once every two weeks throughout their first year and authorizes STEP/CAP staff to share information with parents and guardians to create an effective network of support. In this manner, the contract affords each STEP student with professional staff in making the needed adjustments to undergraduate life. Professional staff provide academic support and information on course selection curriculum requirements, campus resources and other matters directly about the undergraduate experience. They also make appropriate referrals to tutoring specialists, financial aid counselors and other support personnel.

Early Admission of Outstanding High School Students
Upon the recommendation of a high school principal, students who have not yet met high school graduation requirements, but who have maintained an outstanding scholastic record and demonstrate unusual promise of success at the college level, may be admitted early into regular or special programs at the University.

A course of study which will meet basic college needs for each individual student will be agreed upon by the high school administrator(s) and the University. At the completion of this course of study, the high school will grant a high school diploma to the student. Interested students should contact the Director of Admissions.

NEW ENGLAND REGIONAL STUDENT PROGRAM
The New England Regional Student Program enables New England residents to pay reduced tuition and fees at out-of-state public colleges and universities within the six-state region. A brochure describing the program may be obtained by writing to the New England Board of Higher Education, 45 Temple Place, Boston , MA 02111, or accessing https://nebhe.org/tuitionbreak/. Under the flexibility policy students from Maine, Massachusetts, New Hampshire, Rhode Island and Vermont are eligible for this tuition break.

NEW YORK/NEW JERSEY TUITION BREAK
Effective in the fall 2021 semester, residents of New York and New Jersey are eligible for a reduced tuition rate. The cost follows the same model as the aforementioned New England Regional Student Program.
Eastern Connecticut State University participates in the Advanced Placement Program (AP) administered by the College Entrance Examination Board. High school students who have taken college-level courses at their high schools may participate. Examinations are offered in the following areas:

- Art 2D Design; Art 3D Design; Art, Drawing; Art, General; Art History; Biology; Calculus AB; Calculus BC; Chemistry; Comparative Govt. and Politics; Computer Science A; Computer Science AB; Economics – Macro; Economics – Micro; English Language/Composition; English Language/Composition/Literature; English Literature/Composition; Environmental Science; European History; French Language; German Language; Human Geography; Latin Literature; Latin Vergil; Music Theory; Physics B; Physics C; Psychology; Spanish Language; Spanish Literature; Studio Art; U.S. Government and Politics; U.S. History; World History.

The University will grant credit for AP Examination grades of 3 or higher in the above subject areas. College credit, as well as advanced placement, may be given to those students who have taken the College Board Advanced Placement Test in high school.

UNIVERSITY-HIGH SCHOOL COOPERATIVE PROGRAM

Full college credit will be granted to students who have participated in a recognized university cooperative program offered through various high schools, provided the student has earned a grade of “C-” or higher in a course that is applicable to a degree program at Eastern. Students should submit an official college transcript directly to the Office of Admissions. For further information, contact the Office of Admissions.

COLLEGE-LEVEL EXAMINATION PROGRAM (CLEP)

Eastern Connecticut State University accepts credit through a nationally recognized testing program called the College-Level Examination Program (CLEP). CLEP exams are 90-minute multiple choice tests for which a student can earn college credits. CLEP exams are available in English composition, mathematics, social sciences and history, natural sciences, humanities, marketing, management, sociology, child psychology and foreign languages, among others. Eastern serves as a regional testing center for this program. For information or registration forms, contact the Advising Center or visit www.easternct.edu/advising/index.html. A maximum of 60 credits for all types on nontraditional learning may be awarded to an individual student.

EXCELSIOR COLLEGE EXAMINATIONS

A limited number of credits may be earned in certain subject areas by taking Excelsior College examination(s). They offer college-level exams in the arts and sciences, criminal justice, business, education and health. Interested students may consult with the Advising Center before arranging to take any examination. A maximum of 60 credits for all types of nontraditional learning may be awarded to an individual student.

DSST PROGRAM

Eastern Connecticut State University accepts credits through a nationally recognized testing program called DSST Program. The DSST Program, formally called DANTES, was originally developed for military personnel, but is now open to the general public. DSST exams are multiple-choice tests for which a student may earn college credits. The exams are available in business, social sciences, physical science, sociology, mathematics, history and geography, among others. Eastern serves as a regional testing center for this program. For information or registration forms, contact the Advising Center or visit www.easternct.edu/advising/index.html. A maximum of 60 credits for all types on nontraditional learning may be awarded to an individual student.

CREDIT FOR LIFELONG LEARNING PROGRAM

Persons age 25 years or older, with a minimum of five years of successful work/life experience in areas of specialization taught by the University, may qualify for college credit. Students interested in the possibility of gaining credit for life experience and learning should request information from the Advising Center. Only learning in subject areas offered by Eastern Connecticut State University can be considered for credit. Only matriculated students are eligible to be considered for this program. Candidates may be required to attend a non-credit Portfolio Preparation Workshop. A maximum of 60 credits for all types on nontraditional learning may be awarded to an individual student.

TRANSFER OF CREDIT

After a transfer student is admitted to Eastern, all prior academic work successfully completed at other regionally accredited institutions for which the Office of Admissions has received official transcripts is evaluated by the Office of Admissions. The transfer evaluation is sent to the student in their acceptance packet. In general, admitted transfer students who have not earned an associate degree will receive credit in transfer for grades of “C-” or higher in courses applicable to degree programs at Eastern. Transfer students may be required to submit course descriptions form the prior college to assist in the evaluation of transfer credits.
Transfer credits are not calculated in a student's cumulative grade point average at Eastern. Incoming transfer students should contact the Office of Admissions with questions regarding transfer credit. Students currently enrolled at Eastern should contact the Registrar's Office with questions related to transfer credit.

CONNECTICUT STATE COLLEGES AND UNIVERSITIES (CSCU) TRANSFER TICKET DEGREES

CSCU's Transfer Tickets are new degree programs providing pathways for community college students to complete degree programs that transfer to Connecticut State Universities (Central, Eastern, Southern and Western) and Charter Oak State College (COSC) without losing any credits or being required to take extra credits in order to complete a bachelor's degree in that same discipline. Students will be able to transfer, apply to competitive majors and complete a B.A/B.S. degree in the same time and with the same course requirements as students who start at a CSU or COSC.

The Transfer Tickets available are:

Accounting  Art  Biochemistry  Communication
Biology  Business Administration  Early Childhood Teacher Cred.  Finance
Computer Science  Criminology  Political Science  Social Work
English  Exercise Science  
History  Mathematics  
Psychology  Spanish  
Sociology  Theatre

Please visit [www.ct.edu/transfer](http://www.ct.edu/transfer) for details.

ASSOCIATE DEGREE RECIPIENTS

It is the policy of Eastern Connecticut State University to grant students pursuing a bachelor's degree at Eastern a total credit for a two-year associate degree received from a public or private institution accredited by an authorized regional accreditation agency, such as NECHE (New England Commission of Higher Education). Total credit refers to the total number of credits applied to the associate degree as shown on the official transcript. Transfer courses in which "D+" and "D" grades are earned are accepted in transfer, assuming the courses are in subject areas offered at Eastern; otherwise elective credits are awarded.

Associate degree recipients from a healthcare profession can take advantage of a special Bachelor of General Studies (B.G.S.) degree. Refer to the index for degree programs.

Associate degree recipients interested in teacher certification should refer to the section describing Teacher Education Certification programs.

ADMISSION OF LICENSED HEALTHCARE PROFESSIONALS

Registered Nurses

Graduates of hospital-based nursing programs who do not hold an associate degree but who are registered nurses may be admitted to the University as candidates for the Bachelor of Arts or Bachelor of Science or Bachelor of General Studies degrees. Candidates must meet all the requirements for regular admission to the University. Sixty credits of electives will be awarded in transfer upon receipt of evidence that the student has completed an accredited diploma nursing program. Students may complete either a Bachelor of Arts or Bachelor of Science degree with a major or a Bachelor of General Studies degree with a concentration. Refer to the index for specific degree requirements. This program does not lead to nor does it meet the requirements of a Bachelor of Science degree in Nursing.

Dental Hygienists, Licensed Practical Nurses, Medical Laboratory Technicians, Radiological Technologists and Respiratory Therapists

Eastern offers special baccalaureate and associate degree programs for graduates of accredited programs in dental hygiene and licensed practical nursing who are licensed to practice in Connecticut. In addition, medical laboratory technicians, radiological technologists and respiratory therapists who have completed accredited programs and/or successfully passed nationally recognized certification examinations in these fields are also eligible for these special degree programs. Thirty credits of electives will be awarded in transfer upon receipt of evidence of having successfully completed an accredited professional program and/or national certification examination along, with a license to practice, if applicable. This program allows students to complete either an Associate of Science, a Bachelor of Arts, Bachelor of Science, or Bachelor of General Studies degree.
READMISSION TO THE UNIVERSITY

Student in Good Academic Standing

Students who voluntarily withdraw from the University in good academic standing may return upon formal completion of an application for readmission and with approval from the Office of Admissions. Readmitted students are subject to University requirements and policies in effect at the date of readmission. Readmission to the University by the Office of Admissions does not guarantee on-campus housing or financial aid. Readmitted students requesting on-campus housing or financial assistance must contact the appropriate offices for information.

Students Dismissed for Academic Deficiency

Students who wish to return to the University after receiving notice of dismissal for academic deficiency, or who have withdrawn from the University with less than a 2.0 cumulative grade point average, may file an application for readmission with the Office of Admissions. The Office of Admissions may require an interview prior to rendering a decision on the application. Readmission is not guaranteed. If readmission is granted to a student in the above category, the student will be placed on academic probation and will be required to participate in an academic intervention program. Readmitted students are subject to the University requirements in effect at the date of readmission. Readmission with probation status does not guarantee on-campus housing or financial aid. Readmitted students requesting on-campus housing or financial assistance must contact the appropriate offices for information.

FRESH START POLICY

The Fresh Start readmission option is designed for students who have attempted fewer than 60 credits during their initial matriculation at Eastern, earned a cumulative GPA below 2.0 during that period and have not been matriculated at Eastern for at least three academic years. Prior to admission under this program, the student will need to demonstrate evidence of academic or professional achievement since leaving Eastern. This option may only be used once.

SECOND BACCALAUREATE DEGREE

Eastern Connecticut State University undergraduate students may complete two baccalaureate degrees simultaneously by fulfilling all undergraduate graduation requirements, accumulating a minimum of 150 credits, fulfilling a minimum 60 credits in residence and meeting all requirements of both majors with a least 15 credits in each major earned at Eastern.

Eastern Connecticut State University baccalaureate degree holders wishing to complete and additional degree, without reapplying to the University are required to begin doing so only during the full semester (fall/spring) directly following the awarding of the first degree. Students must submit an Application for Continuing Undergraduate Enrollment to the Registrar's Office in order to pursue this option and they must enroll in courses specifically designed to fulfill their planned program and follow the same requirements outlined above.

Baccalaureate degree holders from a regionally accredited college or university wishing to earn a second baccalaureate from Eastern Connecticut State University must meet the minimum 30-credit residency requirement and all requirements for the major, with at least 15 credits of the major completed at Eastern. Inquiries regarding a second baccalaureate degree should be directed to the Office of Admissions.

ADDITIONAL MAJOR OR MINOR

Eastern Connecticut State University baccalaureate degree holders wishing to complete an additional major, minor, or teacher certification may do so only during the full semester (fall/spring) following the awarding of their degree. Only the second major, minor, or certification requirements need be completed. Students must submit and Applications for Continued Undergraduate Enrollment form to the Registrar's Office in order to pursue this option.

NON-MATRICULATED STUDENTS

Students who do not plan to earn a degree from Eastern or who are uncertain about their educational plans should consult the Advising Center or visit www.easternct.edu/advising/index.html to learn more about taking courses on a non-matriculated basis. Students attending Eastern in non-matriculated status who have demonstrated academic success are encouraged to apply for admission as explained in the general admission procedures section. Given that admission to the university is selective, students should apply to the Office of Admissions as early as possible. Program of choice is not guaranteed to non-matriculated students. Please note that all grades for courses taken at Eastern, both before and after admission, will be used to determine graduation eligibility. Students planning to pursue a degree should apply for admission before completing 30 credits.
CHANGE OF STUDENT STATUS

Students wishing to change their status from full-time to part-time or from part-time to full time must submit the Change of Status form to the Registrar's Office. This request for change of status should be made at least two months before the start of the semester. The student must be in good academic standing according to University standards when requesting a change from one status to the other. Requests for change of status are subject to review and are not guaranteed.

UNDERGRADUATE GRADUATION REQUIREMENTS

Eastern offers the degrees of Bachelor of Arts, Bachelor of Science, Bachelor of Science in Nursing, Bachelor of General Studies and Associate of Science.

To graduate with a bachelor's degree from Eastern, students must meet the following criteria:

• Accumulate an overall grade point average of at least 2.0
• Complete the Liberal Arts CORE Curriculum
• Fulfill the requirements for an academic major
• Fulfill all levels of the University Writing Requirements
• Complete at least 60 credits in courses at the 200 level or above, of which 30 credits must be at the 300 or 400 level
• Fulfill the Undergraduate Institutional Residency Requirement
• Earn a minimum of 120 credits
• Fulfill the Foreign Language Requirement, unless met upon admission

The responsibility of fulfilling graduation requirements rests with the student. Because Eastern’s curriculum is dynamic and constantly evolving, requirements may change over time. However, students must meet all requirements of the catalog in force at the time of matriculation to the university.

For those students whose matriculation is interrupted, the standards of the catalog for the semester of readmission are in effect. For assistance in planning a program of study and to make certain that all requirements for the major and the degree are met, students should consult with their academic advisor before enrolling in courses and at other times as necessary. The Registrar's Office maintains official University records for all students; however, students are urged to keep a personal academic file containing a copy of the catalog under which they were matriculated, transfer evaluations, grades reports, records of program changes, course withdrawal forms, academic warnings and all other official notifications or communications. It is the student’s responsibility, during their senior year, to obtain an application for degree from the Registrar's Office and file it no later than the deadlines posted in the academic calendar.

MATRICULATION

Students may matriculate as either full-time or part-time students and they usually make this decision as they apply for admission. However, occasionally a student chooses to change status, suspend studies, or withdraw, in which case the following rules apply:

Change of Matriculation Status

Any change of matriculation status (i.e., from a full-time student to a part-time student) must be approved by the Registrar’s Office. After the first week of classes, students may not change their matriculation status form the semester in progress.

Leaves of Absence from the University

Leaves of absence are granted to full-time students who need to interrupt their studies. Leaves are routinely granted for one or two full semesters, but not less than one full semester, to students who intend to return to the University. A leave may not exceed six semesters.

Forms to file for a leave of absence are obtained from and returned to, the Dean of the School in which the student is matriculated. Students must specify the semester in which they expect to return. A dismissal from the University supersedes a leave of absence. A leave of absence is recorded on the student’s official transcript. Students on leave must contact the Registrar to receive an appointment for registration for the semester of their planned return. Failure to register for the approved return semester will result in withdrawal from the University; a student wishing to return after the approved return date must apply for readmission to the University.

Withdrawal from the University

A student may withdraw from the University at any time prior to the end of classes. Such action should be initiated by full-time students in consultation with the Director of the Academic Services Center.

It is in the student’s best interest to follow proper procedures for withdrawal. Most students will, at some point in the future, need verification of their college record in order to apply to another school or for employment. Students who apply for readmis-
sion to the University following withdrawal may also need verification of good academic standing at the time of application for readmission. Furthermore, failure to withdraw properly form the University may make it impossible to make refunds or provide recommendations. Financial aid recipients should check the impact of withdrawal on present and future aid at Eastern. Students must complete a withdrawal form prior to the end of classes and submit their current student identification card to the Academic Services Center.

UNDERGRADUATE INSTITUTIONAL RESIDENCY REQUIREMENT

Eastern Connecticut State University has a residency requirement for the Associate and Baccalaureate Degrees. Fifteen credits of the Associate Degree must be completed at Eastern. Thirty credits of the Baccalaureate Degree must be completed at Eastern, with 15 credits of the major completed at Eastern.

On rare occasions, exceptions to residency requirements are made. Requests for exceptions are approved by the Academic Services Center. The approved exception request must be on files with the Registrar's Office prior to (or with) the student's application for degree.

EARNING EASTERN CREDITS FOR COURSEWORK TAKEN ELSEWHERE

To obtain credit for courses taken outside of Eastern, students must comply with the following requirements:

- Complete a “Request to Take Courses Outside of Eastern” form and obtain applicable approval signatures prior to registering for a course at another institution.
- Forward completed form to the Registrar’s office.
- Make sure an official transcript of final grades is forwarded to the Registrar’s Office immediately after completion of the course.
- After the beginning of the junior year, such courses must be taken at a regionally accredited four-year institution.

Credits for courses taken at other regionally accredited institutions with a grade of “C-” or better may be transferred to Eastern. Grades in such courses are not computed in the student’s cumulative GPA, unless the course are taken under specified exchange programs. The University reserves the right to determine the validity of courses taken more than seven years prior to application for transfer. Eastern students who are considering taking courses at other institutions are subject to the University residency requirement.

EXCHANGE OF STUDENTS BETWEEN INSTITUTIONS IN THE STATE SYSTEM OF HIGHER EDUCATION

Students enrolled at Eastern may, from time to time, benefit significantly from taking a course not available at Eastern that is offered at another state university, regional community college or the University of Connecticut.

Full-time students in good academic standing who have paid their tuition in full for the semester in which the exchange is anticipated may be admitted, without further charge, to any appropriate course offered by any other institution within the Connecticut State Colleges and University System or the University of Connecticut, provided the admitting institution can accept the student without depriving its own students of an opportunity to take the course. The student's admission to such courses must be recommended by an appropriate academic officer at Eastern. One course is the norm during any one semester. Guidelines for the program include, but are not limited to the following:

- Students must be enrolled for a minimum of 12 credits at Eastern for the semester
- Students must consult with their academic advisors to determine the need for taking a non-Eastern course. The specific course and its scheduled availability should be identified to determine its impact on the student's course schedule at Eastern.
- Students admitted to the course will register under the procedures for unclassified students in the host institution. An official transcript record of credit earned must be forwarded to the Registrar's Office immediately after the course is complete.
- Students who have paid the maximum tuition and fees of full-time students at their home institution are exempt from further charges except laboratory or other special fees. Copies of their receipted fee bills will be accepted by the host institution in lieu of payment.
- Credits received under these provisions will be treated as though they were earned at Eastern and will become a regular part of the student's transcript. Further information regarding the program can be obtained by contacting the Academic Success Center. Courses taken outside of the Exchange Agreement are subject to regulation above.
CLASS LEVEL

Student class level, which sometimes determines eligibility for courses, some student activities, awards and registration priorities, is based on the total credits completed and recorded and is classified each semester according to the following system:

<table>
<thead>
<tr>
<th>Level Earned</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>First Year</td>
<td>0 – 29</td>
</tr>
<tr>
<td>Sophomore</td>
<td>30 – 59</td>
</tr>
<tr>
<td>Junior</td>
<td>60 – 89</td>
</tr>
<tr>
<td>Senior</td>
<td>90 and above</td>
</tr>
</tbody>
</table>

ASSOCIATE OF SCIENCE (A.S.) DEGREE PROGRAM

Admission to the Associate of Science (A.S.) degree program is available only to students with fewer than 60 earned credits. Graduates of Eastern's associate degree program may continue in a baccalaureate degree program at Eastern upon submission of an approved Application for Continued Undergraduate Enrollment form available from the Registrar's Office.

Degree Requirements (A.S.)

Liberal Arts CORE Curriculum  Up to 34 credits
Concentration                 15 credits
Electives                     As needed
Total (minimum)               60 credits

Note: To meet Eastern's residency requirement for the A.S. degree, a minimum of 15 credits must be earned through coursework at Eastern. Students must complete all Tier I, as well as any three Tier II Liberal Arts CORE (LAC) courses (two of the three LAC Tier II courses must be taken at Eastern). Either the Tier I or Tier II science course must include a one-credit laboratory or field course. At least 15 credits within the degree must be numbered at or above the 200-level. A.S. degree students are not required to complete a foreign language.

For more information about the A.S. degree program, contact the Advising Center.

BACHELOR OF ARTS (B.A.), BACHELOR OF SCIENCE (B.S.), OR BACHELOR OF SCIENCE IN NURSING (B.S.N.) DEGREE PROGRAM

The courses required for a bachelor's degree assure that a student's program of study includes a balanced combination of the Liberal Arts CORE Curriculum, major courses that build expertise and elective courses through which the student may pursue special interests, including minors. Typically, a student's program involves cumulative work in each of these areas, with the balance ultimately reached in the following manner:

- Students should be aware that additional requirements may be imposed for certification or licensure (even once a plan of study has been prepared) if such requirements are imposed by outside licensing or accrediting agencies. A plan of study may be subject to revision to reflect such additional requirements.
- Newly admitted students must complete the following degree requirements for a B.A., B.S. or B.S.N:

| Liberal Arts CORE Curriculum   | 46 credits |
| Major Area of Study           | 30 – 66 credits |
| Electives                     | 7 – 46 credits |
| Total (minimum)               | 120 credits |

Specifications for meeting the Liberal Arts CORE Curriculum can be found later in the catalog. Specifications for meeting requirements in the major area of study can be found under the relevant major.

BACHELOR OF GENERAL STUDIES (B.G.S.) DEGREE PROGRAM

The Bachelor of General Studies (B.G.S.) is a flexible degree program offered and available to both full-time and part-time students. In order to be admitted to the B.G.S. program students must have completed 60 credits. Upon entry to the B.G.S. program, each student completes a plan of study with a professional advisor. This plan must be submitted and approved by the coordinator of the B.G.S. program and the associated Dean. The student's proposed plan of study will ensure that all degree and University requirements will be met.

Degree completion requires 120 credits; a minimum of 30 of these credits must be taken at Eastern. Transfer credits from other colleges and universities can be incorporated into the B.G.S. degree and there is no time limit on when transfer courses were taken. A maximum of 60 credits may be earned through one or a combination of nontraditional learning programs such as Eastern's
Credit for Lifelong Learning Program (recommended only for those 25 years and older), College Level Examination Program (CLEP), the DSST testing program and the American Council on Education (ACE) credit recommendations for military training. For more information about the B.G.S. program, contact the Advising Center.

 Degree Requirements (B.G.S.)

Liberal Arts CORE (LAC) Curriculum          Up to 46 credits

Note: The LAC Tier I requirement is waived for new students transferring 60 or more credits, provided that those credits include a minimum of 27 credits of liberal arts and sciences coursework including a math course above College Algebra as well as English Composition. A minimum of two LAC Tier II courses in different categories, as well as the LAC Tier III requirement, must be completed at Eastern.

B.G.S. Major Concentration                  30 credits

Note: A minimum of 15 credits in the major concentration must be taken at Eastern. In addition, a minimum of 15 credits in the major concentration must be numbered 300-level or higher.

B.G.S. Minor Concentration                15 credits

Electives                                  As needed

Total minimum for the B.G.S. degree        120 credits

Note: To meet Eastern's residency requirement for the bachelor's degree, a minimum of 30 credits must be earned through coursework at Eastern. A maximum of 60 credits earned through nontraditional means such as Eastern's Credit for Lifelong Learning program, the CLEP and DSST testing programs and the ACE credit recommendations for military training may be applied to a bachelor's degree at Eastern.

Note: One of the two required B.G.S. concentrations must be from a discipline in the School of Arts and Sciences.

SUBSTITUTIONS OR WAIVERS OF REQUIREMENTS

Any substitution or waiver of major requirements must be approved by the chairperson of the department in which the student is a major. Appeals for specific course waivers or substitutions for the Liberal Arts CORE Curriculum may be approved by the University Registrar.

MAJOR AND CHANGE OF MAJOR

At least 15 credits in the major must be taken at Eastern.

All students must declare a major by the end of the semester in which they have accumulated 60 credit hours toward graduation (by the end of the sophomore year). Students who have not declared a major, but who have accumulated 60 or more credit hours, may not be permitted to register for classes. Students entering with 60 or more transfer credits must declare a major by the end of their first semester on campus.

Changes in major for full-time students must be submitted first to the chairperson of the academic department responsible for the desired major. An academic advisor will be assigned by the Department Chair:person. Students changing their status from declared major to exploratory must submit this change with the Academic Services Center.

Full-time students having no declared major will be classified as exploratory and will be assigned to an advisor by the Academic Services Center until they identify a major with the academic department of their choice.

Because major programs of study are usually designed to build abilities sequentially and connect with the LAC in different ways, students should select their specific major program early in their career.

PRE-MAJOR INFORMATION

Students interested in pursuing a degree in a major that requires admission by the department for the major will be classified as a Pre- (major name) major and will be assigned to an advisor by the Director of the Academic Services Center. Students will be reclassified as actual majors and reassigned an advisor, if applicable, once they have fulfilled the department's admission requirements.
DOUBLE MAJOR

Students who wish to graduate with more than one official major may do so by completing the following requirements:

- Liberal Arts CORE Curriculum
- Specific department requirements for each major
- 15 unique credits in each major
- Submission of a declaration of their intention to the Academic Services Center prior to the completion of their fifth semester or 77 credits, or whichever comes first, so that the student can be assigned an academic advisor for each major.

Students who complete more than one major must inform the Registrar's Office of which degree they wish to have conferred when they submit their Application for Degree form. The official transcript of each student will certify which degree is earned and which major or majors and minor(s) have been completed.

Individualized Major

The Individualized Major is a student's self-designed interdisciplinary plan of study, which consists of courses from two or more disciplines and results in a B.A. or B.S. degree. The self-designed Plan of Study allows the student to take courses in areas that naturally complement each other in today's workplace and to develop a strong educational basis in at least one subject to facilitate entrance into a graduate program.

Majors with B.A. or B.S. Option

Students in the Departments of Biology and Mathematical Sciences have the option of earning either the B.A. or the B.S. degree. Biology, Data Science and Mathematics majors should declare their degree option before the end of the sixth semester.

MINORS

A minor consists of an approved planned program of study of at least 15 credits. In such cases where majors, minors and liberal arts CORE curriculum share courses, a minimum of nine credits must be unique to each minor. Declaration of a minor must be submitted to the Registrar's Office. A minimum of 6 credits for the minor must be taken in residence at Eastern. Each department may require additional credits or courses in residence, subject to approval by the appropriate Dean.

ENROLLMENT IN COURSES

Undergraduate Course Loads

The standard course load for a full-time student is 15 credits per semester. A full-time student must carry a minimum of 12 credits per semester but can register for up to 17 credits during the initial registration period. In addition, during the open add/drop period, up to 19.5 credits may be taken by students who have attended Eastern full-time for one semester and have a cumulative grade point average of 2.7 or better. Up to 21 credits may be taken by those who have a cumulative grade point average of 3.0 or better and who carried at least 18 credits in a previous semester at Eastern. No student will be allowed to register for more than 21 credits in any given semester. On rare occasions, exceptions to the course load requirements are made. Exceptions to these polices must be approved by the University Registrar.

Credit Limit for Summer Term

Students may take a maximum of 12 credits overall for the entire summer without special permission.

Credit limits for Summer Sessions are: (a) through the end of Summer Session A, students may take up to seven credits; (b) during Summer Session B and C, students may take up to seven credits.

Note: a student enrolled in Session C (three weeks) may not also enroll in an overlapping week-long, intensive course. The University Registrar may approve a registration for up to three additional credits for a total of 15 credits, provided that the student is in good academic standing.

Credit Limit for the Winter Term

During Winter Session, a student may enroll for a maximum of four credits. In rare instances a student can be given permission by the University Registrar to enroll for up to a total of seven credits for the entire Winter Session provided that (a) the courses are offered sequentially and (b) the student completed the first course with a grade of B or higher, or the student's overall GPA is 2.5 or higher.

Registration Policies and Procedures

Continuing students register for courses during the current semester for the next semester. The schedule for registration and advising is sent from the Registrar's Office to each student via their university e-mail address. Upon receipt of this information, students should plan a tentative schedule and make an appointment with their advisor to go over their course plan, address any questions and secure the advisor's approval of the plan; full-time students will need to obtain their registration access code in order to register.
New students are notified of their advising and registration dates by the Admissions Office and/or the Academic Services Center. Before attending registration sessions, students should see to any outstanding financial obligations and obtain any necessary special approvals or written permissions.

Undergraduate students wishing to register for graduate courses must obtain the permission of the Dean of Education and Professional Studies.

Students may not register for courses and be allocated on-campus housing until required fees have been paid and the medical examination form, supplied by the University, has been properly completed. Applicants who have been accepted and who do not meet deadline requirements as set forth in correspondence concerning their admission to the University will have their approved matriculation canceled. Failure of students to fulfill their financial obligations also results in (1) the deletion of courses for which they have registered; (2) removal of their names from the class list; (3) postponement of registration for courses until a later date. Such students may not be able to rearrange the schedule originally established.

Course Changes or Cancellations

The University reserves the right to change the time a course is offered and reserves the right to cancel any course listed for the semester if there is insufficient student demand or resources for the course.

Student Course Schedule Changes

Eastern encourages students to plan their studies carefully and to register in advance for courses during official registration periods. For those exigencies that require students to alter their schedules, the following means are available:

Adding Courses

Students may add full-semester courses online through the first week of the semester without written approval. During the second week, courses may be added with written approval from the instructor. Students may add less than full-semester courses prior to the first day of the class. During the first week, the course may be added with written approval from the instructor. In all cases, it is the responsibility of students to confer with their advisor before making changes to their schedule. In all cases, add requests are only official with final approval by the Registrar's Office.

Dropping Courses

Dropping a course or courses should be carefully considered and undertaken only after discussion with the student's academic advisor. Any reduction in course load may impact a student's eligibility for financial aid, participation in intercollegiate athletics, health insurance, etc.

Students may drop full-semester courses through the first two weeks of the semester. Students may drop less than full-semester courses within the first week of class. In all cases, it is the responsibility of students to confer with their advisor before making changes to their schedule. Due to immigration regulations, international students should consult with the coordinator of international programs.

In all cases, drop requests are only official with final approval by the Registrar's Office. Courses dropped by the established dates will not appear on a student's permanent academic record. Courses not dropped officially by the deadline will appear on a student's academic record with the appropriate grade assigned.

Withdrawing from Courses

If students wish to reduce their course load after the deadline for dropping the course, they must obtain a withdrawal form from the Registrar's Office. Full-time students who wish to withdraw from all of their courses must follow the Withdraw from the University process. The withdrawal form requires the signature of the student's academic advisor. A grade of W will be recorded on the student's permanent transcript but will not be used in calculating the grade point average. The completed form must be submitted to the Registrar's Office. Withdrawing from a course does not change enrollment status. However, it may impact a student's eligibility for financial aid, participation in intercollegiate athletics, health insurance, etc. Due to immigration regulations, international students should consult with the coordinator of international programs prior to withdrawing from a course.

The course withdrawal deadline for full-semester courses is no later than the 12th week of the semester. The course withdrawal deadline for less than full-semester courses is no later than the end of the second third of the course. If students have not withdrawn officially from a course before the deadline, the course will appear on their academic record with the appropriate grade assigned.

SPECIAL ENROLLMENT OPTIONS

Though Eastern encourages students to engage seriously in coursework for graded credits from the outset, students may sometimes find that they need to proceed with caution or repeat work. The following enrollment options facilitate such decisions.

Credit/No Credit Courses – Student Selected

Students have the option to include up to four courses to be taken on a credit/no credit basis in addition to University-designated credit/no credit courses. Courses in the student's designated major, minor, concentration and all Tier II and Tier III course require-
ments within the Liberal Arts CORE Curriculum and the foreign language requirement cannot be taken on a credit/no credit basis in order to fulfill the designated requirement. Only one student-selected credit/no credit course may be taken in any semester. Two courses in the Liberal Arts CORE Curriculum may be taken on a credit/no credit basis. The credit/no credit option in the Liberal Arts CORE Curriculum is restricted to Tier I requirements. A student shall earn (must receive) a final grade of “credit” in order for the course to fulfill the designated requirement. Per the Repeat Course Policy, a repeated course cannot be placed on credit/no credit. It can only be repeated for a letter grade. Students must file the appropriate form with the Registrar’s Office no later than the 12th week of the semester for courses that fall within the regular semester schedule. For all other courses, this should be done no later than the end of the second third of the course. If the work is above passing, the course is recorded on the permanent record as credit (CR*). The grade for a course placed on credit/no credit does not affect the grade point average.

Credit/No Credit Courses – University Designated

Students should note that a limited number of credit/no credit courses are offered at the option of the department and with the approval of the appropriate academic dean. If the student’s work is above passing, the credit is recorded on the permanent record as “CR” and credit is given with no grade point assigned. If the student’s work is below passing, the course is recorded as no credit “NC.” For these courses the student has no option.

Auditing Courses

Persons who do not wish to register for credit may be permitted to register as auditors under the following circumstances: they pay the regular fee; obtain written consent of the instructor and their advisor; audit only courses for which there are adequate classroom and laboratory facilities; and, if a full-time student, carry a minimum of 12 credits of non-audited courses.

Students who audit courses should do so with the intention of attending all class sessions and fulfilling work agreed upon in advance with the instructor. Audit status may not be changed to credit status. A student may take a course for audit that previously had been taken for credit. Auditors are subject to any academic conditions mutually agreed upon in advance by instructor and student. Audited courses may be taken for credit during a later semester.

It is the student’s responsibility to return the course audit contract with appropriate signatures to the Registrar’s Office by the deadline date. An “AU” designation will be placed on the transcript for a course placed on audit.

Repeating Courses

- An undergraduate course in which a student earned a grade of C or higher cannot be repeated for a letter grade. It can only be audited.
- If the student earned a C-, D+, D, F, CR, or NC in a course, the student can repeat the course for a letter grade but cannot place it on credit/no credit.
- The following rules apply to each of the first three different courses repeated for the first time:
  a) If the first grade was C-, D+, D, or F, then the higher of the two grades earned in the repeated course will be calculated in the grade point average and credits will be earned only once.
  b) If the course was placed on credit/no credit when taken the first time, then the letter grade earned from the repeat will be calculated in the grade point average and credits will be earned only once.
  c) Grades earned in subsequent course repeats, whether they pertain to courses repeated once already or courses repeated for the first time, will be calculated in the grade point average. However, not course may be counted more than once toward the credits needed for a degree.
  d) The transcript will show all grades earned, both those calculated in the grade point average and those not calculated.

COURSEWORK REQUIREMENTS

Instruction

In the first class session, students will receive a syllabus from the instructor. The syllabus explains the course objectives, outlines the coursework and designates textbooks and other tools the student must acquire to take the course. The syllabus routinely provides information about the instructor’s grading practices and methods of evaluating student work; examinations; written assignments; workshops; tutorials or conferences and other specific requirements; attendance policies, office hours and other means of contact outside of class.

As a general rule, students should assume the following obligations as they undertake coursework: spend at least two hours in preparation or study outside of class for each hour in class; purchase any required texts or tools; submit all required assignments; attend all scheduled examinations; and observe attendance policies as announced by the instructor.
GRADE POINT SYSTEM

The semester grade point average (GPA) is calculated by a three-step procedure: (1) multiply the grade points for each course by the number of credits for that course; (2) add the figures for each of these courses to arrive at a grade point total; (3) divide this grade point total by the total number of credits for which a grade was received. The cumulative GPA is calculated similarly, considering all courses taken in residence.

Grades for students in the undergraduate programs of the University are reported and valued as follows:

<table>
<thead>
<tr>
<th>Grade</th>
<th>Points</th>
</tr>
</thead>
<tbody>
<tr>
<td>A</td>
<td>4</td>
</tr>
<tr>
<td>A-</td>
<td>3.7</td>

<td>0.0</td>
</tr>
</tbody>
</table>

A cumulative GPA is carried for all students for all courses taken at Eastern Connecticut State University.

Incomplete

Instructors may award the grade of “Incomplete” when students are temporarily unable to fulfill course requirement because of illness (documented) or other verifiable emergency. It is each student’s responsibility to complete the work within six weeks after the beginning of the first full semester following the granting of the “Incomplete.” If grades are not submitted by the deadline, an official grade of “F” will be recorded.

In unusual cases, an instructor may request an extension of time from the appropriate Dean. To assist students and instructors in evaluating circumstances justifying the granting of an “Incomplete,” the following represent sample cases in which an “Incomplete” will not be granted:

- Students missing the final examinations and carrying the grade of “F” at that time.
- Students asking to improve their grades by doing extra work.
- Students requiring additional time to complete regularly assigned work, in the absence of a clearly defined emergency.

Appealing Final Grades

A student may appeal the final grade given in a course. Explicit information about the procedures for initiating this process can be found in the Student Handbook and Faculty Handbook.

Academic Excellence

The University recognizes academic achievement in various ways, including the following:

Dean’s List. Recognition for academic excellence is given at the end of each semester to fulltime matriculated students in good standing with a semester GPA of 3.50 or higher. In order to be eligible for consideration, the student must have registered for and completed at least 12 credits in letter-graded courses during the semester in question and have no “Incomplete” for the semester.

Recognition is given at the end of each semester to part-time students who have accumulated 15 credits of letter-graded coursework and have earned a grade point average of 3.50 or higher. All grading rules that apply to full-time Dean’s List recipients apply to part-time Dean’s List recipients.
There are two exceptions:

- Full-time students, enrolled in student teaching or departmentally-required, University-designated, credit/no credit practica or internships and lacking 12 credits in letter-graded courses, must earn a grade of CR and have a cumulative GPA of 3.5 or higher, including the semester in question, to be placed on the Dean's List.
- Students with “Incomplete” grade(s) are evaluated for Dean's List eligibility when all of their “Incomplete” grade(s) are changed to final grades.

**University Honors Scholars.** Honors Scholars who fulfill Honors Program requirements, including successful presentation of their Senior Thesis work, are recognized at Commencement. Their transcripts designate them as University Honors Scholars.

**Commencement Honors.** Students graduating with a cumulative grade point average of 3.50 or better for all coursework completed at Eastern and who have completed 45 credits in residence at Eastern, are recognized as honor students with the following designations:

- Average of 3.50 – 3.69 . . . . . . . . . . . . . . . . . . . . . . . . . Cum laude
- Average of 3.70 – 3.89 . . . . . . . . . . . . . . . . . . . . . . . . . Magna cum laude
- Average of 3.90 – 4.00 . . . . . . . . . . . . . . . . . . . . . . . . . Summa cum laude

**Dean's Distinction.** Graduating students who have achieved a 3.50 or better cumulative grade point average, but who have not completed 45 credits in residence at Eastern, will receive the Dean's Distinction Award.

**ACADEMIC STANDING: WARNING, PROBATION AND DISMISSAL**

Students who do not maintain a cumulative grade point average of 2.0 will be placed on academic probation or dismissed from the University. A first-semester first-year student whose grades are below a GPA of 2.0 at mid-semester may receive an academic warning that probation or dismissal will result if the student's grades are not improved by the end of the semester.

A student is subject to dismissal from the University if his/her cumulative GPA is:

- Less than 1.8 with up to 30 credits attempted
- Less than 1.9 with 30.01 to 45 credits attempted
- Less than 2.0 thereafter

Students placed on academic probation must participate in an academic intervention program administered by the Advising Center. Students who are on academic probation must meet with their assigned probation counselor to review program requirements, course selection, credit loads and other relevant information.

Academic probation serves as a warning to students that they need to improve their present GPA. It does not imply that they cannot graduate or graduate on time if they carry normal course loads and meet all university graduation requirements. A student who fails to attain the required GPA during the probationary semester is subject to dismissal. Students are reminded that the academic Dean has the prerogative to dismiss any student who is not making sufficient progress toward a degree. The Dean also has the prerogative to require a student to attend in part-time status and/or change/revise his/her plan.

Students on probation may be eligible to receive financial aid if they meet the requirements under the Financial Aid Office’s federally mandated “Satisfactory Academic Progress” policy. A copy of this policy is provided to all aid applicants.

**ACADEMIC RECORDS, TRANSCRIPTS AND DIPLOMAS**

Jennifer Huoppi, *University registrar*

**ACADEMIC RECORDS**

The Registrar's Office maintains official University records for all students. However, students are urged to keep a personal academic file containing a copy of the catalog under which they were matriculated, transfer evaluations, grade reports, records of program changes, course withdrawal forms, academic warnings and all other official notifications or communications.

**STUDENT OFFICIAL ADDRESS**

It is the student’s responsibility to notify the Registrar’s Office of their address and of any subsequent changes of name or address.

**REPORT OF GRADES**

Mid-semester and final grades for the semester are available via e-Web. Grade reports are not mailed to students. Students who require a final grade report issued by the University must submit a written request to the Registrar's Office.
TRANSCRIPT POLICY

A university transcript is a complete, unabridged academic record, without deletions or omissions, providing information about a student from one institution or agency to another.

All official transcripts of a student's academic record are issued by the Registrar's Office only upon written request of the student. All transcript requests must be submitted online. University transcripts will certify the degree earned and which major(s), minor(s) and concentrations have been completed.

The Registrar will withhold the forwarding of transcripts when officially notified by a University administrator that a student has an unpaid financial obligation to the University or has not returned University property.

Diplomas

At commencement ceremonies the University celebrates conferral of degrees on those students who have fulfilled its academic expectations. A diploma will be issued after the Registrar has determined that a student meets all requirements for graduation. Students with outstanding financial obligations will not receive their diplomas until their accounts are settled.

Students completing all degree requirements in August, December and May will receive their diplomas on August 31, December 31 and July 15, respectively. Graduates earning degrees in August and December are encouraged to participate along with May graduates in the commencement exercises held in May.

Students who apply for August graduation participate in the preceding May commencement ceremony, provided their initial audit for graduation determines their potential for completing graduation requirements. Students earning their degrees in December participate in the following May commencement ceremony.

UNDERGRADUATE EXPENSES

As part of the Connecticut State System of Higher Education, Eastern Connecticut State University offers a high quality education program at moderate cost. Details of the expenses appear below. The schedule of tuition, fees, methods of payment and refund policies are valid at the time of publication of the catalog and are subject to change as required. The following fees are for the fall 2021 and spring 2022 semesters.

APPLICATION FEE

A non-refundable fee of $50 is required of all new students applying for full-or part-time admission and is payable at the time of application.

TUITION AND FEES (PER SEMESTER)

Tuition charges and the University Fee rate are determined on the basis of in-state or out-of-state residency. The failure of a student to fully and accurately disclose all facts related to residence status shall be grounds for suspension or expulsion.

An undergraduate student is considered to be a part-time student if registered for fewer than 12 semester hours. A graduate student is considered to be a part-time student if registered for fewer than 9 semester hours.

For more information on tuition rates and fees, please visit: www.easternct.edu/admissions/tuition-fees.html

HOUSING

For more information on housing rates, please visit: www.easternct.edu/housing/forms-documents/housing-rates.html

MEAL PLANS

Meal plans are available to all registered Eastern students but are required in certain University residence halls and for all resident first-year students. Please see requirements below. Required meal plans are automatically assigned. To upgrade or sign up for a voluntary meal plan, a Dining Services Agreement needs to be submitted and is available on the Card Services Office website.

First-year students assigned to any University residence hall and all residents of Burnap, Burr, Constitution, Crandall, Mead, Niejadlik, Winthrop and Occum Hall residents on the first and second floors are required to be on the SILVER PLUS $125 Meal Plan but may elect to sign up for the SILVER PLUS $225 Or SILVER PLUS $325 Meal Plan.

Residents of Noble, Windham Street Apartments (High Rise and Low Rise), Laurel Hall, Nutmeg Hall, residents on the third and fourth floors of Occum Hall and students residing off campus are not required to be on a meal plan. These buildings have kitchens with stoves and refrigerators which enable cooking. These students may elect to sign up for the SILVER PLUS $125, SILVER PLUS $225, SILVER PLUS $325, 150 BLOCK, 75 BLOCK or 50 BLOCK Meal Plan.
Signing the Dining Services Agreement obliges the student to remain on the selected meal plan for the entire semester. Meal plans cannot be cancelled once classes have begun and are non-transferable. Refunds of Silver Meal Plans are made on a prorated basis only upon withdrawal from the University or from residential housing, at the option of the student and with concurrence of the University. Voluntary BLOCK Meal Plans are non-refundable.

For more information on meal plans, please visit: www.easternct.edu/cardservices/about-the-meal-plan.

CARD SERVICES OFFICE

Registered students may obtain an Eastern Student Identification Card/Eastern EXPRE$$ CARD from the Card Services Office located on the second floor of the Alvin B. Wood Support Services Center. A course schedule and a photo identification card (high school ID, driver’s license, or passport) are needed to obtain an Eastern Student Identification Card. Students retain their ID card from year to year. ID cards are required for use of the Sports Center, J. Eugene Smith Library facilities, Student Center Fitness Center, Meal Plan, Dinning Dollar and EXPRE$$ CASH purchases.

EXPRESS CARD/EXPRES$$ CASH PROGRAM

Students may also participate in Eastern’s EXPRE$$ CARD/EXPRES$$ CASH Program. This is a prepaid account (debit card) accessed with the Eastern Student Identification Card. Students can deposit money into their EXPRE$$ CASH Account to make purchases at participating locations on campus. EXPRE$$ CASH can be used: at the Eastern Bookstore, Eastern Dining Services locations and to pay late fines at the J. Eugene Smith Library. EXPRE$$ CASH can also be used to pay for copying and printing at the J. Eugene Smith Library, Webb 410 computer lab and in residence halls. Health Services charges, lost ID card and electronic access fob replacement fees at Card Services can also be paid using EXPRE$$ CASH. Visit the website at www.easternct.edu/card-services or call Card Services at (860) 465-5060 for more information.

DINING DOLLARS

Dining Dollars are part of University Meal Plans. They are funds that are placed on the Eastern Student ID Card for use at Eastern Dining Services locations. Any Dining Dollars remaining at the end of the fall semester will roll over to the spring semester. Any remaining funds at the end of the spring semester will zero out. If Dining Dollars are depleted before the end of the semester, students can use EXPRE$$ CASH to continue using their ID card at Dining Services locations. Learn more about Meal Plans and Dining Dollars by visiting www.easternct.edu/card-services/meal-plans or by calling Card Services at (860) 465-5060.

PRINTING FUNDS

The University adds $20 each semester to every student’s University ID/EXPRES$$ CARD for printing/copying in the J. Eugene Smith Library, Webb 410 Computer Lab and residence halls. Any printing funds remaining at the end of the fall semester will roll over to the spring semester. Any remaining funds at the end of the summer will zero out. If printing funds are depleted before the end of the semester, students can use EXPRES$$ CASH to continue printing in these locations.

CAMPUS BOOKSTORE

The bookstore, located in the Student Center, sells textbooks; school, laboratory and art supplies; New York Times bestsellers; computer software; newspapers and magazines; clothing; health and beauty aids; snacks; and other merchandise.

OVER-REGISTRATION FEE

Students who are registered for more than 18 credit hours in a semester will be charged an Over-Registration Fee. This is a per credit hour surcharge for every credit hour over 18. The rate is $626/credit hour for undergraduates and $714/credit hour for graduates. The full-time student refund policies apply.

LATE PAYMENT FEE $50

A late fee will be assessed on payments received after the established due dates.

RETURNED CHECK FEE $20

A fee will be charged for any checks which are not honored by banks.
DEPOSITS

The following nonrefundable tuition and housing deposits will be billed:

Admissions Deposit (Nonrefundable) $200

Fee due from new students by May 1 or within 15 days of invoice date, $50 applied to the tuition and fees and $150 applied to the Orientation fee.

Housing Deposit (Nonrefundable) $250 per semester.

Applied to housing rates.

RESPONSIBILITIES FOR EXPENSES

By registering for courses at Eastern Connecticut State University, you accept responsibility for payment, by the due date, of all University charges assessed to your student account, including, but not limited to, tuition and fees including late payment fees. This debt is your personal financial responsibility. Non-attendance does not relieve you of this financial responsibility for the courses in which you enrolled. Should you fail to make the required full payment or receive the financial aid to meet the balance on your account by the established deadline that late payment and/or interest will be added to your account and you will be restricted from registering for additional courses. Your transcripts and diplomas will be placed on hold and you may be denied other University services. A past due account may be placed with the Connecticut Department of Revenue Services for offset by state income tax refunds that you might be entitled to receive. You will be responsible for paying any additional fees and costs, including attorney fees and court costs, associated with the collection of any debt assessed to your student account.

TRANSCRIPT FEE

Full-time students $40

Part-time students $12

This one-time charge for first-time students gives them unlimited access to their academic transcripts.

LAB/STUDIO/THEATRE FEE

A $50 fee will be assessed for certain lab/studio courses in the Art, Biology, Chemistry, Environmental Earth Science, Music, Physical Sciences and Theatre departments.

MISCELLANEOUS STUDENT EXPENSES

Students furnish their own textbooks, notebooks, writing implements and art supplies. Approximately $1,000 per semester should be allowed for textbooks. Students should also be prepared to spend money for field trips since these activities may be an integral part of their educational program.

PAYMENT DUE DATES

All University fees are to be paid when due in accordance with dates established by the University. Students who do not pay bills by the required dates may be subject to loss of University privileges, including cancellation of registration, the right to register for courses, issuance of transcripts, participating in Commencement Exercises and student work privileges and are subject to referral to a collection agency in accordance with state procedures. The lifting of such restrictions will occur either upon full payment of all unpaid balances or when satisfactory arrangements have been made with the Bursar's Office in conformity with University policy.

VA POLICY ON LATE FEES SECTION 103

In accordance with Title 38 US Code 3679 subsection (e), this school adopts the following additional provisions for any students using U.S. Department of Veterans Affairs (VA) Post 9/11 G.I. Bill® (Ch. 33) or Vocational Rehabilitation and Employment (Ch. 31) benefits, while payment to the institution is pending from the VA. This school will not: Prevent the students enrollment; Assess a late penalty fee to; Require student secure alternative or additional funding; Deny their access to any resources (access to classes, libraries, or other institutional facilities) available to other students who have satisfied their tuition and fee bills to the institution. However, to qualify for this provision, such students may be required to: Provide Chapter 33 Certificate of Eligibility (or its equivalent) or for Chapter 31, VA VR&E's contract with the school on VA Form 28-1905 by the first day of class. Note: Chapter 33 students can register at the VA Regional Office to use E-Benefits to get the equivalent of a Chapter 33 Certificate of Eligibility. Chapter 31 student cannot get a completed VA Form 28-1905 (or any equivalent) before the VA VR&E case-manager issues it to the school. Provide written request to be certified; Provide additional information needed to properly certify the enrollment as described in other institutional policies. I do hereby certify this addendum to be true and correct in content and policy. Our institution will adopt this addendum, effective 1 August 2019.
THE EASTERN PAYMENT PLAN

It is the responsibility of the students to assure that their bills are paid. Eastern recognizes the need of students to manage the payment of tuition and fees effectively. To meet this need, Eastern offers a web-based payment plan service that enables you to spread your out-of-pocket costs for tuition, fees, room and board over a semester. With this you can:

• Set up a monthly payment plan based on your actual charges and pending financial aid.
• Automatically pay your installments each month using electronic check.
• Receive e-mail notifications as your plan adjusts to changes in your account.

You can pay your semester's bill in up to five monthly installments depending on when you enroll. The services are interest free and cost only $35 per semester.

Charges for housing damages, unreturned University equipment and supplies, lost or unreturned library books and parking tickets will be assessed and are payable upon receipt of the bill.

FEE SCHEDULE AND REFUND POLICY

In accordance with the Higher Education Amendments of 1998 (Public Law 105-244), the Federal government mandates that students receiving Title IV assistance who withdraw from all classes may only keep the financial aid they have “earned” up to the time of withdrawal. Title IV funds that were disbursed in excess of the earned amount must be returned by the University and/or the student to the Federal government. This could result in the student owing funds to the University, the government, or both.

The amount of unearned aid to be returned is based on the percentage of enrollment period completed.

The refund policy below excludes the effect of the return of Title IV funds. Students receiving Federal aid should consult with their Financial Aid Office prior to withdrawal in order to determine the financial impact that the return of Title IV funds will have upon the student. For the purpose of this refund policy, a term may be defined as the period of time with specific start and end dates, during which the University holds classes. Multiple terms of different lengths may exist within any given semester or intersession. Refund calculations are performed based on term start and end dates and not when individual courses meet.

• 40 percent of the term charges will be cancelled during the third and fourth weeks of the term,  
• No cancellation of charges after the fourth week of the term.** |
| **Housing Fee (applies to students who remain enrolled, but withdraw from University housing)** | **Upon withdrawal from University housing, up to and including June 30, 100 percent of the housing charges will be removed from the student’s account. No cancellation of charges for students who withdraw from housing on or after July 1 (academic year) or December 1 (spring term – for those students who plan to enter housing for the first time in spring), unless otherwise approved through a review process to be established by each University.** |
Federal regulations require that all refunds be restored to Federal programs in the following priority sequence:

1. Unsubsidized Federal Direct Stafford Loans
2. Subsidized Federal Direct Stafford Loans
3. Federal Perkins Loans
4. Federal Direct PLUS received on behalf of the student
5. Federal Pell Grants
6. Federal SEOG Program Aid
7. Other grant or loan assistance authorized by Title IV of the HEA

After obligations to the above are satisfied, funds will then be returned to:

8. Other State, Private, or Institutional Assistance
9. Student

BURSAR’S OFFICE (STUDENT ACCOUNTS) WITHDRAWAL & REFUNDS MILITARY TUITION ASSISTANCE (TA) REFUND POLICY AND SCHEDULE

This policy applies only to students receiving Military Tuition Assistance (TA). TA is awarded to a student under the assumption that the student will attend school for the entire period for which the assistance is awarded. When a student withdraws, the student may no longer be eligible for the full amount of TA funds originally awarded. To comply with Department of Defense
(DOD) policy, Eastern CT State University will return any unearned TA funds on a prorated basis through at least 60% portion of the period for which the funds were provided. TA funds are earned proportionally during an enrollment period. Any unearned TA funds – based upon when a student stops attending – will be returned directly to the military service from which the funds were provided, not to the service member.

Withdrawal & Refunds Military Tuition Assistance (TA) Refund Policy and Schedule

In instances when a service member stops attending due to a military service obligation, Eastern Connecticut State University will work with the affected service member to identify solutions that will not result in a student debt for the returned TA funds in compliance with the DOD policy.

Procedure

To comply with the DOD policy, Eastern Connecticut State University will return any unearned TA funds up to 60% of the semester on a prorated basis. The amount of unearned TA funds returned is based on the date of withdrawal. After 60% of the semester has passed, TA will not be evaluated for a return to the DOD.

Withdrawal Liability Chart:

<table>
<thead>
<tr>
<th>Effective Withdrawal Date</th>

</tr>
</tbody>
</table>

For courses that have durations differing from the above: Unearned TA funds will be returned on a prorated basis, depending on the length of the student’s enrollment for the semester. To determine the amount of TA that needs to be returned, the University will determine the date the withdrawal was submitted and then divide that by the number of days in the semester to determine the percentage of TA that was earned by the student.

REFUNDS OF TUITION AND FEES UNDER UNUSUAL CIRCUMSTANCES

Under circumstances beyond the control of the student, or in cases where attendance has been denied by the University, the University President may authorize the refunding of fees otherwise designated as non-refundable.

FEES

Visit [https://www.easternct.edu/admissions/tuition-fees.html](https://www.easternct.edu/admissions/tuition-fees.html) for current fee information.

TRANSFER OF ADMISSIONS BINDER WITHIN CONSTITUENT UNITS OF THE CONNECTICUT SYSTEM OF PUBLIC HIGHER EDUCATION

The tuition deposit may be transferred within constituent units of the Connecticut system of public higher education provided enrollment in another unit occurs within 60 days of the beginning of the semester for which the deposit was paid to the institution.

WAIVER OF TUITION FOR VETERANS AND THEIR CHILDREN, PUBLIC ACT 74-266 AND 78-175

Under Connecticut statutes, full-time students who are veterans with active service during specific war periods may be entitled to a waiver of total tuition. Dependent children of Vietnam veterans declared missing-in-action or prisoners of war while serving in the armed services after July 1, 1960, are eligible for this waiver providing such children have been accepted for admission to Eastern Connecticut State University. (Tuition waiver is available to eligible Connecticut residents enrolled in a degree-seeking program.)

Students who qualify for these benefits should bring discharge records and proof of established Connecticut residency to the Veterans Educational Transition Services (VETS) Center for review. Students whose eligibility is based on the service of a parent should bring that parent’s documentation of service.

By resolution of the Board of Trustees for the Connecticut State University, veterans, as defined above, are granted a 50 percent reduction in semester hour fees when enrolled. Admission to the University is a prerequisite. Contact the VETS Center for further information.

WAIVER OF TUITION AND STATE UNIVERSITY FEE FOR PERSONS 62 YEARS OF AGE OR OLDER

Under Public Act 74-282, the tuition and State University Fee shall be waived for any person 62 years of age or older who has been accepted for admission, provided such a person is enrolled in a degree-granting program or provided there is space available in the desired course(s) at the end of the regular registration period. No other fees are waived.
CONNECTICUT NATIONAL GUARD TUITION WAIVER

Connecticut state residents who are members of the Connecticut Army or Air National Guard and are enrolled as full-time undergraduates are eligible for a tuition waiver. The tuition waiver does not apply to other costs and fees, such as student fees, laboratory fees, etc. It covers the charges for tuition only. The waiver does not apply to summer session, winter intersession or part-time enrollment.

Eligible full-time undergraduates must obtain a Certificate of Eligibility from their National Guard Unit and submit it to the Bursar’s Office with their tuition bill each semester. For more information on this tuition waiver and other tuition assistance programs, such as student loan repayment programs, $2,000 cash bonus, plus the GI Bill® of $198 per month, contact the National Guard. GI Bill® is a registered trademark of the U.S. Department of Veterans Affairs (VA). More information about education benefits offered by VA is available at the official U.S. government Web site at www.benefits.va.gov/gibill.

EDUCATION GRANT TO CHILDREN OF DECEASED OR DISABLED VETERANS OR MISSING IN ACTION MEMBERS OF THE ARMED FORCES

Children between the ages of 16 and 23 of any person who served in the armed forces in time of war and who was killed in action or who died as a result of accident of illness sustained while performing active United States military duty, or who has been rated totally and permanently disabled by the Veterans Administration, or who is missing in action, may be eligible for any education grant by the Connecticut Board of Governors of Higher Education. Information should be directed to the Connecticut Department of Higher Education at (800) 842-0229.

UNDERGRADUATE FINANCIAL AID

Taylor Hammond, director

The Financial Aid Office assists students in finding support for a college education. About 75% of the student body receives some kind of assistance. All students, both prospective and returning, who wish to apply for any form of financial assistance while at Eastern, are required to complete the Free Application for Federal Student Aid (FAFSA) each school year. Students who fully complete the FAFSA in compliance with institution deadlines will automatically be considered for a Federal Pell Grant and other types of available aid.

In order to be considered for most types of assistance, a student must be matriculated and enrolled full-time (12 credit hours per semester). Limited aid, however, is available to part-time and less than half-time students who are matriculated. Aid recipients who drop below half-time must inform the Financial Aid Office.

More detailed financial aid information may be secured through the Financial Aid Office in the Alvin B. Wood Support Services Center (860) 465-5205 or at www.easternct.edu/finaid/.

POLICY ON SATISFACTORY ACADEMIC PROGRESS (SAP) FOR FINANCIAL AID

The SAP Policy at Eastern Connecticut State University (Eastern) is based on federal guidelines that require each college and university to ensure that student aid recipients are progressing through their academic programs at an acceptable pace while maintaining an acceptable cumulative grade point average. This policy is separate and apart from other academic policies at the university.

The SAP Policy includes three standards that must be met in order for a student to receive aid from the financial aid programs listed below. Students failing one or more of the standards receive one warning term before their aid is suspended.

SAP STANDARDS

- **Grade Point Average Standard** Undergraduate students are expected to maintain a cumulative grade point average of:
  - 1.8 or higher with up to 30 credits attempted,
  - 1.9 or higher with 31 to 45 credits attempted and,
  - 2.0 with greater than 45 credits.
- **Pace of Progression** Undergraduate and graduate students are expected to successfully complete at least 67% of the credits attempted from term to term. This percentage can be negatively affected by incompletes, withdrawals and repetition of credits. Transfer credits accepted toward an Eastern degree will count as both attempted and earned credits in calculating this completion rate.*
- **Maximum time Frame Standard** While a four-year timeframe for degree completion should be the goal, undergraduate students are required to have completed a bachelor’s degree from Eastern within six years or once they have attempted 180 credits (includes transfer credits and represents 150% of bachelor’s degree 120 credit hour requirement). Graduate students are required to have completed a master’s degree from Eastern within three (3) years or once they have attempted 150% of the credits (includes transfer credits) required for their academic program.**
Repeated Courses All repeated coursework affects Satisfactory Academic Progress calculations. A repeated course and the original attempt must be counted as attempted credit hours and will count toward the student’s maximum time allowance.

**Maximum Time Frame** A student may receive financial aid for attempted credits that do not exceed 150 percent of the published credit hours of the student's academic program at the University (i.e. if a bachelor's degree requires 120 credits for completion, the student must complete the program with no more than 180 attempted credit hours). This 150 percent rule applies consistently to students who have transferred, changed majors, repeated courses, seek a dual major or a second degree. While it also applies to students who come to Eastern to seek a second degree, in such cases, the student’s previous credits applied to the degree and required courses at Eastern will guide the determination of Maximum Time Frame.

**FINANCIAL AID AWARDS AFFECTED BY SAP STANDARDS**

- Federal Pell Grant*
- Federal Direct Student Loan (subsidized and unsubsidized)
- Federal Direct Grad PLUS Loan
- Federal Veterans’ Educational Benefits+
- CT State University Grant
- Eastern Grant/Scholarship Programs
- Governor’s Scholarship Program Grant
- Governor’s Scholarship Program Scholarship
- Designated State Scholarship and Grant Programs
- Designated Alternative/Private Loans
- Roberta B. Willis Grant
- ARPA Supplement

* As of July 1, 2012, first-time Federal Pell Grant recipients are limited to 12 semesters of scheduled awards. Awards received will be tracked by the US Department of Education and students are required to meet the financial aid SAP standards to receive other awards regardless of whether they have received the maximum number of scheduled Pell Grant awards.

+ Eastern reports failure to achieve SAP to the Veterans Administration (VA), but the VA determines whether Veterans’ Benefits will be withheld

**SAP REVIEW PROCESS**

After each term’s grades are posted, the Financial Aid Office reviews the academic records of financial aid recipients before disbursing aid for the upcoming semester. The aid of students who meet the academic standards required by the policy will be disbursed.

**SAP WARNING**

When a student fails to meet one of Eastern’s SAP standards, an SAP Warning notification will be sent by email and regular mail and this student will be eligible to receive financial aid for the next term. If, at the end of the SAP Warning term, the student is meeting the minimum requirements of SAP, the SAP Warning is lifted and the student will receive aid for the following term.

Students who fail to achieve SAP at the end of the SAP Warning term will be ineligible for financial aid in the subsequent term or until such time as they again meet the requirements of SAP. A student may appeal (see below) this loss of aid and, if the appeal is approved, the student will be placed in the SAP Probation status and financial aid will be reinstated. Should an appeal be denied, financial aid will be cancelled for the next term.

**SAP PROBATION**

Being placed in the SAP Probation status means that a student has successfully appealed the loss of aid for the term following an SAP Warning term. The student’s aid is reinstated and the student is notified by email and regular mail about being placed in this status. The student may be required to fulfill specific terms and conditions as established by an Academic Plan, which could include, among other things, taking certain courses, having a reduced course load, earning a certain number of credits and/or achieving a certain grade point average. At the end of the SAP Probation term, the student must meet the requirements of Eastern’s SAP Policy and/or the requirements of the Academic Plan, in order to continue receiving financial aid. If the student achieves well enough to meet Eastern’s SAP Standards, their status will also be changed to “satisfactory”. Otherwise, the student will again lose eligibility for financial aid.

**SAP APPEAL**

If extenuating circumstances exist which contributed to the student’s failure to meet one of the above SAP Standards, a written appeal may be submitted. Examples of extenuating circumstances which might be grounds for an appeal include, but are not limited to, a divorce in the family, unexpected death or major hospitalization of an immediate family member, extended hospitalization or
The appeal must address and document where appropriate, these extenuating circumstances, describing:

- Why the student failed to achieve SAP and,
- What has changed that will allow the student to achieve SAP during the next academic term.

The appeal form is available on the Financial Aid Website and must be submitted to the Financial Aid Office by the set deadline included in the letter and email notification. All responses to appeals will be made via the student’s Eastern email account as soon as possible after appeal and documentation are submitted.

Exceptions beyond the appeal deadline are at the discretion of Satisfactory Academic Progress administrator and Director of Financial Aid.

Questions regarding the SAP Policy requirements and/or process should be directed the Financial Aid Office via email at financialaid@easternct.edu and/or by calling (860) 465-5205. Members of the financial aid staff are available to assist Monday - Friday from 8:30 a.m. - 4:30 p.m.

UNIVERSITY HONORS SCHOLARSHIP

Each year the University awards scholarships to outstanding students accepted into the University Honors Program. These scholarships cover a maximum of eight semesters when students maintain the academic standards required by the Program. Contact the Honors Program at (860) 465-5193 or visit www.easternct.edu/honors/index.html.

ACADEMIC EXCELLENCE SCHOLARSHIPS

These scholarships are offered to incoming students who meet specified criteria. Recipients are identified during the admissions process. There is no separate application.

ARMY AND AIR FORCE ROTC SUBSISTENCE ALLOWANCE

Scholarships and other educational monetary support are available when you join either the Army ROTC or the Air Force ROTC. Eastern Connecticut State University is a participating institution. There are varying types of scholarships and educational benefits, as well as obligations and requirements. Scholarship access can include two, three and four-year plans, as well as money for expenses and books, but not all will cover room and board. Current enlistment or enrollment is not necessary – students are eligible for scholarships and tuition coverage as a high school student enrolling in college, a current college student, or an active duty, enlisted Soldier. For more details, dates and links to the application process please visit the follow sites or call Army ROTC at (860) 486-6081, X4538 or Air Force ROTC at (860) 486-2224.

ARMY ROTC

AIR FORCE ROTC
https://www.afrotc.com/scholarships/enlisted/ascp-soar/

FINANCIAL AID AND BILLING

Financial aid, except for student employment, is automatically applied to each semester's bill. If the charges exceed the financial aid award, the student must pay or make arrangements to pay through a payment plan, the balance of the bill is due by July 31 for the fall semester and by December 31 for the spring semester. If the financial aid award exceeds the charges, any balance will be available to the student for books, transportation and living expenses. Due to federal regulations, students receiving financial aid who withdraw during the first 60 percent of the term may lose a substantial amount of aid. It is always prudent to check with the Office of Financial Aid about the implications of this regulation before finalizing any decision to withdraw.

Collection of Debt

Students with past due balances are subject to their University's collection process; students failing to pay past-due accounts or make adequate payment arrangements will be assigned to a collection agency. Collection agency fees will be charged to the student and their past due balance will be reported to the credit bureau(s).
STUDENT SERVICES

Michelle Delaney, vice president for Student Affairs

Eastern’s commitment to a liberal arts experience is supported by the many offices under the umbrella of, or connected to, the Division of Student Affairs. We connect the University’s CORE Values of Academic Excellence, Engagement, Inclusion, Integrity, Empowerment and Social Responsibility to our everyday mission of providing opportunities and experiences for our students that promote intellectual curiosity, challenge their thinking, shape their future and maximize student learning through a co-curricular experience grounded in the liberal arts.

We seek to engage our students in meaningful ways, connecting them to experiences that separate them from their peers in higher education and provide both an intellectual epiphany and a competitive edge in the marketplace. Facilitating first-year students to become engaged and then graduate four years later as significantly more sophisticated and articulate leaders for our society is an outcome that we seek for our students. For more information, please visit our website at: https://www.easternct.edu/student-affairs/index.html

DEAN OF STUDENTS

Kemesha Wilmot, dean of students

The Dean of Students Office is located in Gelsi-Young Hall, 2nd floor, Room 222. The Dean of Students, reporting to the Vice President for Student Affairs, oversees key areas of student services including the Intercultural Center, the Office of Accessibility Services, the Women’s Center and the Student Center. The Dean of Students advocates for students when appropriate and assists with their academic, social and personal growth. In addition, she serves as a general resource and ombudsperson responding to students’ needs as related to their personal and social concerns as members of the Eastern community.

DEPARTMENT OF ATHLETICS

Lori Runksmeier, director

By placing the highest priority on the overall quality of the liberal arts educational experience, Eastern Connecticut State University’s Department of Intercollegiate Athletics, Intramurals and Recreation seeks to integrate its programs and goals with academic and developmental objectives and to assure the assimilation of student athletes into the general student body.

Eligibility to Participate in Intercollegiate Athletics

Eastern Connecticut State University strictly adheres to the eligibility rules published by the National Collegiate Athletic Association (NCAA Division III) and all other athletic conferences of which the institution is a member. The University will not permit a student athlete to represent it in intercollegiate athletic competitions unless the student athlete meets all the requirements of eligibility.

COUNSELING AND PSYCHOLOGICAL SERVICES

Bryce Crapser, director

Counseling and Psychological Services (CAPS) promotes the psychological well-being, personal achievement and personal growth of Eastern’s students. CAPS services are provided at no charge to undergraduate and graduate students registered for the semester in which they are seeking services. The center offers individual and group counseling, crisis intervention and psychiatric evaluations, as well as consultation services for the University community. Some of the more common concerns for which students seek counseling include depression and anxiety; relationship difficulties with friends, roommates, or family members; and academic difficulties. The primary goal of counseling is to help students overcome personal, emotional and psychological issues and develop ways that will allow them to take advantage of educational opportunities and reach their academic goals at Eastern. For more information, please visit our website at: www.easternct.edu/counseling-services/.

ACCESSABILITY SERVICES

Brooks Scavone, director

The Office of AccessAbility Services (OAS) guides its work with a commitment to diversity, equity and inclusion under the strategic plan of the University and the Division of Student Affairs. Universal Design, Social Model of Disability and the concept that Disability is Diversity and that access is a human and civil right are also guiding models within the OAS. OAS provides guidance to ensure equal access to all educational programs and activities at Eastern. The OAS facilitates accommodations and support services to over 1076 students with documented disabilities and temporary injuries.

The philosophy and mission of OAS is to facilitate both identification and removal of barriers (systemic, physical, attitudinal, institutional and internalized) that impact folks with disabilities on Eastern’s campus. The removal of barriers will promote full participation and ensure access of individuals with disabilities. This will create a campus climate and culture that supports Disability as Diversity.
WELLNESS PROMOTION
Sandra Rose-Zak, coordinator
The Office of Wellness Education and Promotion works to support Eastern Connecticut State University students as they strive for academic and personal success. Wellness Education and Promotion provides outreach and prevention services to educate students on healthy ways to overcome barriers to success, such as alcohol or other drug use and impediments to physical, social and emotional wellbeing.

CAMPUS MINISTRY
Fr. Larry LaPointe, Rabbi Jeremy Schwartz
The University respects both the traditional separation of church and state and the rights of the individual regarding religious freedom. The Foundation for Campus Ministry, an independent, multifaith agency, is active on campus. The spiritual needs of the students are met by a staff of campus ministers of various faiths. The campus ministers are available to assist members of the academic community with religious concerns of a personal or general nature. The Campus Ministry sponsors a variety of programs on religious, moral and social topics, both independently and in cooperation with various local and University offices. The Office of the Foundation for Campus Ministry is located in the Multifaith Center, Knight House, but to contact the ministers, please stop by 290 Prospect Street or call (860) 423-0856.

CENTER FOR COMMUNITY ENGAGEMENT
Lana O’Connor, associate director
Active community involvement is a critical component of a well-rounded experience for students, staff and faculty. The Center for Community Engagement (CCE) is located on campus at 333 Prospect Street. The Center supports the mission and vision of the University by providing resources to build a culture of civic responsibility and engaged learning and creates sustainable, effective and productive relationships with community partners that benefit students, faculty and the community. In addition to gaining a deeper understanding and appreciation for the diverse communities that make up the Greater Windham Region, students volunteer engagement assists in enhancing academic coursework, clarifying career goals, improving organizational and communication skills and building systems of support. The CCE supports faculty in developing and sustaining service-learning courses and promotes individual students and student organizations engaged in diverse service efforts in the community. Advising, training, meeting and workspace, supplies, connections with community partners and other resources are provided to support effective service, positive personal interactions and mutually beneficial relationships.

STUDENT HANDBOOK
Information concerning regulations of the University is available in the Student Handbook which contains the campus rights and responsibilities, University alcohol policy and the rules and regulations for campus residence halls. The University holds each student responsible for regulations as outlined.

STUDENT HEALTH SERVICES
Joseph Victor Breton, M.D., director
Student Health Services is located at 185 Birch Street, adjacent to Windham Street Apartments. We provide a wide range of services to students at Eastern, including the treatment of general medical problems, comprehensive gynecological services including Pap tests and contraception. We also provide allergy shots, immunizations and travel medicine. Visits are free, but charges are applied to some medications and diagnostic testing. Our website includes hours of operation and afterhours care. All new students must complete health requirement forms prior to starting classes. Also, additional forms for athletes and students studying abroad must be completed.

OFFICE OF HOUSING AND RESIDENTIAL LIFE
Angela Bazin, director
Eastern Connecticut State University prides itself on being a predominantly residential campus where over 50% of the student population choose to live on-campus. As such, a variety of living accommodations are provided for full-time matriculated students attending Eastern. By special request and space availability, housing can also be provided for part-time students who attend Eastern. The University offers traditional-style, suite-style, apartment-style and studio-style residence halls that provide comfortable living in an environment that is conducive to study, personal growth and socialization. It is Eastern’s belief that education extends beyond the classroom and that the residence halls are a place where learning and exchange of ideas amongst students, faculty and staff is an integral part of the collegiate experience. Additionally, Housing and Residential Life strives to provide a variety of programs, initiative and support resources that aid students in their academic success and holistic development. The Office of Housing and Residential Life is located in room 241 of the Alvin B. Wood Support Services Center.
OFFICE OF STUDENT CONDUCT
Dwayne Cameron, director

The Office of Student Conduct supports students as they learn Eastern’s CORE values and how to act as responsible adults in a community-based living and learning environment. Students are encouraged to take responsibility for their actions as they learn that the University is a community unto its own, with standards and expectations of academic and student conduct. The office is located on the second floor of the Alvin B. Wood Support Services Center in room 207.

Further information regarding student rights and responsibilities and conduct procedures can be found in the Student Handbook at https://www.easternct.edu/student-affairs/studenthandbook.html

THE ARTHUR L. JOHNSON UNITY WING

The Arthur L. Johnson Unity Wing is named after Dr. Arthur L. Johnson, former sociology professor at Eastern. Johnson served as a faculty member and administration from 1970 – 1999. In addition to his efforts as a dedicated faculty member, Dr. Johnson was committed to civic and community engagement. Until his death on September 6, 1999, Dr. Johnson sought to raise the consciousness of government leaders, corporate executives and educators and was on the forefront of the struggle for civil rights and an advocate for freedom and equality. Located in the lower level of the Student Center, the Unity Wing houses Student Organizations, the Intercultural, Pride and Women’s Centers. All Centers are open Monday – Friday, 8 a.m. – 5 p.m.

THE INTERCULTURAL CENTER
Joshua Sumrell, director

The Intercultural Center builds a cultural, diverse and inclusive community at Eastern Connecticut State University. Through engaging programs, educational workshops and fellowship, the Intercultural Center creates an environment that enhances the understanding of social justice, increasing involvement, celebrate identities and cultural awareness. The Intercultural Center partners with Eastern’s community to support marginalized and underrepresented students and welcomes everyone to be a part of our mission. The center is a safe, open space for our students to walk in, study, unwind, use our resources and connect with staff members to discuss academic, social, or personal concerns. Not only does the center provide university services, it supports multicultural student organizations and supports the ideas, goals and efforts diversity, inclusion and equity for the University. The Intercultural Center is located in the Student Center, Room 114.

PRIDE CENTER
Nicole Potestivo, director

The Pride Center actively works to create a campus culture that acknowledges and values diverse gender identities, gender expressions and sexualities through educational outreach, community building and providing access to resources. Here students can navigate the path of self-exploration, intersectionality and agency in a supportive environment. Along with serving as a community social space, the Pride Center organizes campus programs, workshops and activities centered on the LGBTQIA2S+ experience. Learn more by visiting their calendar of events at www.easternct.edu/pride-center/pride-center-events/. The Pride Center is located in the Student Center, Room 108G.

WOMEN’S CENTER
Starsheemar Byrum, director

The Women’s Center (WC) foster spaces for belonging through affirming and honoring the experiences of women and supporting justice and equity for all. We use an intersectional framework to guide interventive efforts including workshops, thematic programming, advocacy resources and more – all designed to effectively champion gender equity and combat interpersonal violence. While serving as referral for all students, the Center provides support services including crisis intervention for victims/survivors of violence. The Women’s Center is located in the Student Center, Room 116.

V.E.T.S. CENTER
Michelle Delaney, coordinator

Located on the second floor of the Alvin B. Wood Support Services Center, the V.E.T.S. Center is open to all military veterans and their family members. We offer computer access and a lounge area for students, as well as a chance to share experiences from campus or military life.
Located on the North Campus, the Student Center serves as a home away from home for students while providing a variety of services. The lower level houses a state-of-the-art fitness center and offices for the Student Government Associate, Campus Activity Board and Campus Lantern. The Intercultural Center, Women’s Center and Pride Center are also found on this level. The upper level consists of meeting and conference rooms, main lobby area, food court, a theatre and the Betty R. Tipton room.

The Student Center not only provides students with the opportunity to meet on an informal basis, it is also the major facility for student-sponsored activities and campus events.

**ORIENTATION**

Casey Kensey, director

Each year, new students participate in 3 unique orientation programs before the start of classes. Student Orientation Advising and Registration (SOAR) is an overnight program that sets students up for academic, social and emotional success at Eastern. During SOAR, students will acclimate to campus, build connections with other students, faculty and staff and finalize their fall course schedules. Orientation Online is a virtual program that introduces students to Eastern’s policies, resources and support services. Warrior Welcome, offered immediately before the start of classes, allows students to build community and learn about Eastern’s culture of respect and inclusion. Additional orientation programs are offered throughout the academic year to help students succeed in college.

**STUDENT EMPLOYMENT**

David John Mariasi, associate director

All University-funded employment for matriculated students is administered through the Office of Student Employment located on the third floor of the Gelsi-Young building. Interested students are responsible for locating on-campus positions by applying at various academic and administrative departments. Emphasis is on gaining valuable work experience related to the student’s major whenever possible. Go to www.Easternjobs.org to see listings.

Students who are awarded Federal Work Study as part of their financial aid package are encouraged to apply for Federal Work Study designated positions by visiting www.Easternjobs.org. Students should apply early as the number of positions on-campus are limited.

Community Service positions are those working with local nonprofit, governmental and community-based organizations. These are positions posted by our Center for Community Engagement Department on www.Easternjobs.org.

There are also Job Location and Development positions, located off campus on this website. Local employers list part-time jobs, that are approved by the Office of Student Employment and assist students in developing career goals and help them financially, regardless of their financial need. Students must fill out an application with the individual employers listed.

**EASTERN POLICE DEPARTMENT**

Stephen Tavares, chief of police/director of Public Safety

Community policing is hallmark of the Eastern Police Department. It underlies the operation of a safe and secure environment in which members of the University community may learn, work and live. Community policing focuses on becoming part of campus life in a more service-oriented approach. This means servicing the needs of the campus in a friendly and cooperative atmosphere.

This does not diminish the fact that the Eastern Police Department officers are certified by the Connecticut Police Officer Standards and Training Council (POST-C), having the same authority and powers of arrest as state and local police officers. This authority ensures that professionally trained personnel in law enforcement handle all safety concerns on campus.

In providing a secure campus, many safety programs have been put into place. There are emergency phones (“blue phones”), the LiveSafe App and security cameras located throughout campus that are linked directly to the University Police Department. In addition to certified police officers, buildings and grounds security officers also patrol the campus property and buildings.

Shuttle bus service is provided seven days per week as a courtesy to students. The shuttle buses are handicapped accessible.

A walking escort service is also provided by calling Dispatch at extension 55310. A card access system is in place that only allows those with proper credentials to access residential halls on campus.

Parking permits, crime-prevention pamphlets and other valuable safety information may be obtained from the University Police Department. In accordance with Section 10a-55 of the Connecticut General Statutes, a uniform campus crime & fire safety report is published annually and is also available upon request or by visiting the University Police website (https://www.easternct.edu/police/index.html)

FOR EMERGENCIES, both on and off campus, dial 911. FOR ALL NON-EMERGENCIES, dial (860) 465-5310 or extension 55310 on campus. FOR WEATHER HOTLINE, dial (860) 465-4444, (800) 578-1449, or extension 54444 on campus.
ACADEMIC SUCCESS CENTER
Alison Whitcomb, director

The Academic Success Center (ASC) is home to many different student support services, whose mission is to assist Eastern students in realizing their highest level of achievement possible. Offices are located on the first and second floors of the J. Eugene Smith Library. We encourage all students to utilize the resources the Center offers and make Eastern's educational experience as positive and stress-free as possible.

The ASC is comprised of the following offices: Advising Center, Office of Global Learning, Opportunity Programs, Office of Career Success, Writing Center, Math Achievement Center (MAC) and Tutoring and Learning Strategies.

For additional information, call (860) 465-4526 or visit www.easternct.edu/academic-success.

OFFICE OF CAREER SUCCESS
Cliff Marrett, director

The Office of Career Success supports the lifelong career development of students and alumni through career counseling/coaching, career readiness programming through classroom visits and student organizations, on-campus recruiting and web-based resources. Services are designed to guide, while fostering self-direction and personal responsibility in career/life planning. The office helps students from their first year through graduation to:

• Identify and evaluate skills, interests, abilities and values
• Relate academic pursuits to career goals and objectives
• Gather factual information about occupational fields
• Build an awareness of the world of work
• Define personally meaningful career objectives
• Develop job-search skills
• Explore experiential education and internship opportunities
• Find rewarding careers after college.

ADVISING CENTER

The Advising Center takes a proactive approach to academic advising and student development services for undergraduate students. The Center supports the University’s dual-advising services for first-year students. All students are encouraged to visit the office for assistance with academic planning, course scheduling, placement testing, registering for courses and major exploration. The Center helps students apply the information they learn to their own unique educational goals and personal circumstances.

In addition, the Advising Center administers and coordinates the following academic and administrative support programs and services:

• Advising Services for all full and part time undergraduate students, including new and continuing students
• First-year specific advising and transition services
• Placement test administration
• New student academic advising and registration services
• Academic Support and Assistance Program for probationary students
• Exploratory student services for undecided students
• Major/advisor assignment process
• Academic information and referral services
• Transfer and Articulation Policy (TAP) advising
• Bachelor of General Studies (BGS) Advising

For more information or to schedule an appointment, call (860) 465-4526 or visit www.easternct.edu/advising/index.html.

GLOBAL LEARNING
Chris Drewry, director of co-curricular academic programming

Mission

The Office of Global Learning, located in the Academic Success Center, Studies, supports Study Abroad, National Student Exchange opportunities and Global Field Courses. The office strives to support students in making global and national travel for credit accessible and viable for as many Eastern students as possible. To learn more please access the webpage here: https://www.easternct.edu/global-studies/index.html.
EXCHANGE PROGRAMS AND STUDY ABROAD

National Student Exchange (NSE)

Eastern is a member of the National Student Exchange (NSE). Full-time students may apply to study for one semester or one year at more than 200 member colleges or universities in the United States, its territories and Canada. Students pay tuition and fees to Eastern, while paying room and board and normally charged fees to the host institution. The program is open to sophomores and juniors. Exceptions are occasionally made in the case of first-semester seniors. Students must have a 2.5 grade point average and pay a $150 NSE application fee. Financial aid is awarded through the home institution.

The NSE program provides students with the opportunity to take advantage of educational experiences not available at Eastern and to become better acquainted with another region of the country. Students accepted into the program will receive equivalent credit and grades at Eastern for study satisfactorily completed. This means that all courses will appear on the student's Eastern transcript, including “F” graded courses, if any. Students must have their faculty advisor’s approval before registering for courses. NSE/host institution credits are calculated in a student’s GPA at Eastern.

International Student Exchange Programs

Students accepted into Eastern’s international exchange and study abroad programs will receive equivalent credit for study satisfactorily completed. Although the equivalent individual courses, credits and grades (including failed courses) will appear on the academic record, the grades will not be reflected in the student’s grade point average. Students must have their faculty advisor’s approval before registering for courses.

Costs for the international exchange program are the same for tuition and fees that a student would normally pay to attend Eastern; room and board varies with the type of accommodation.

Costs for study abroad programs may vary from location to location and include tuition, fees and room and board. Transportation, books, travel in the host country, insurance, application fees and incidental expenses are not included. All students who are registered in the International Study Program courses (ISP 300 and ISP 301) are automatically charged an application fee.

The following is a partial list of all current international exchange and study abroad opportunities available at Eastern:

- **Baden-Wurttemberg Germany Exchange Program.** As part of its new sister-state relationship, the Connecticut Legislature and the State Parliament of Baden-Wurttemberg, Germany, have created an innovative student exchange program involving universities in Baden-Wurttemberg and universities in Connecticut. This program is a one-for-one exchange whereby Eastern students pay tuition and fees at their home institution and receive full benefit of attendance at one of the 10 universities in Germany.

- **New England/Quebec/Nova Scotia Student Exchange Programs.** Under the New England/Quebec/Nova Scotia Student Exchange Programs, eligible full-time students at Eastern may spend one or two semesters during their junior or senior year of study at any of the 18 participating Canadian institutions.

- **Connecticut State University Partner Schools.** Eastern students are allowed to study abroad through any CSU partner school or third-party organization. Students interested in other CSU study abroad programs must first visit Eastern’s Study Abroad office to begin the process.

- **Cultural Experiences Abroad Global Education (CEA).** Through CEA, eligible students can participate in study abroad programs in several countries, including Argentina, Chile, China, Costa Rica, Czech Republic, England, France, Germany, Ireland, Italy, South Africa and Spain.

- **Center for International Students (CIS).** CIS Abroad provides innovative education programs that broaden academic perspectives, promote global awareness and encourage personal development while laying the foundation for program participants to become engaged global citizens. Eastern students are able to participate in international and domestic programs through CIS Abroad. With full-time and part-time students being eligible to participate, CIS Abroad gives Eastern students a wide variety of programs to choose from. CIS also works closely with our faculty and students in leading Global Field Courses to destinations such as Hawaii, Costa Rica, Bahamas, Italy, Arizona and many other destinations.

- **International Studies Abroad (ISA).** ISA provides high-quality education opportunities to eligible students in several countries, including Australia, Belgium, Brazil, Chile, China, Costa Rica, Czech Republic, England, Fiji, Finland, France, Germany, Greece, Hong Kong, Ireland, Japan, London, Morocco, New Zealand, Scotland, South Africa, South Korea, Spain, Santiago, Singapore, Sweden, Switzerland, Thailand, Valencia and Wales.

- **Academic Programs International (API).** Eastern students may study abroad with API in more than two dozen countries across Europe, Latin America and the Middle East. With a wide variety of courses offered in almost every major discipline and in various languages of instruction, it is easy for students to find a program that suits their academic interests. APA offers high quality language and culture programs for all levels of language learners.
A number of academic departments at Eastern offer international and domestic group study and field experiences, which are administered by the Office of Global Learning. Most programs offer academic credit and are taught by one or more Eastern faculty. Programs usually do not require foreign language proficiency but offer the opportunity for students to immerse themselves in another culture. Group study opportunities are offered in the summer and during winter and spring breaks. Field experiences or service learning may be built into the international or domestic group study and students may be able to apply these credits to their major or to Eastern's Global Citizenship initiatives.

To learn more please visit www.easternct.edu/global-studies/index

OPPORTUNITY PROGRAMS
Christopher Ambrosia, director, Opportunity Programs, Academic Success Center

Admission of International Students on F-1 Visa

The University is pleased to consider for full-time admission all academically qualified students in legal status from other countries. International students must demonstrate competence in speaking and writing the English language to be considered for admission to a degree-granting program of undergraduate studies as a full-time matriculating student. A test of English as a Foreign Language (TOEFL) minimum Internet-based (IBT) score of 79 or International English Language Testing System (IELTS) score of 6 and above is required for admission. International students are strongly urged to complete the application process well in advance of the projected date of enrollment. Early application is necessary because of the substantial amount of time required to file for non-immigrant (F-1) student status and to make appropriate travel arrangements.

Secondary School Graduates and Students who have attended Post-Secondary Institutions in other countries and are applying for an F-1 Visa are Subject to the following procedures:

- A completed application for admission and non-refundable $50 (U.S.) application fee must be forwarded to the Office of Admissions.
- An official record of work completed at the secondary school attended (and all institutions attended) must be forwarded to the Office of Admissions. All documents in languages other than English must be accompanied by a certified English translation.
- If necessary, have transcripts evaluated for foreign educational credential evaluation by a NACES Member Organization. For a list of NACES Members, visit: www.naces.org/members.

Proficiency in English is required and international students must submit evidence that they possess knowledge of the English language adequate to undertake a full course load (at least 12 credits) upon their arrival at the University.

Students whose native language is other than English are required to:

- Submit the official score report from the test of English as a Foreign Language.
- The Scholastic Aptitude Test (SAT, I), American College Test (ACT) or International English Language Testing System (IELTS) may be substituted as an alternative to the TOEFL exam. The official score report must be forwarded to the Office of Admissions.

Two letters of recommendation from school officials at the institution(s) last attended must also be forwarded to the Office of Admissions. Students must take a full-time course load (at least 12 credits) each semester at the University.

In addition to the above requirements, the Office of Admissions must be provided with a financial statement proving financial responsibility for college. Financial documentation provided to the U.S. Immigration Service is acceptable.

An I-20 form will be issued only after a student has met all of the above admission requirements, sends the University verification of financial responsibility and is actually admitted.

Non-immigrant students holding F-1 Visa may apply for part-time on-campus employment when the University is in session and full-time employment when the University is not in session.

WRITING CENTER
Rita Malenczyk, director

The Writing Center offers assistance from trained undergraduate peer tutors who can help one-on-one to improve writing skills in any genre or class. The Center provides feedback and guidance in a friendly, judgment free zone, to help develop and refine ideas and communicate them in clear and appropriate ways.

The Writing Center is open during the academic year. Please see the website below for specific hours. The Center is closed during the summer.

For more information, stop by or call (860) 465-0382. For additional information and scheduling appointments, visit Writing Center - Eastern (easternct.edu)
Placement Tests

First-year and transfer students who have not fulfilled the first stage of Eastern’s writing Liberal Arts CORE Curriculum requirement prior to their enrollment must be placed in an appropriate writing course. Placement for the first-year writing course is based on a student’s SAT or ACT scores and/or a placement essay. If applicable, the results of the writing essay, reviewed by the English Department, will determine course placement.

MATH ACHIEVEMENT CENTER (MAC)
Kate Dale, director

MAC is a free math tutoring service offered by the Mathematics Department. MAC offers the following services to all students:

- Homework Help
- Work through practice sheets for MAT 099, MAT 135, MAT 135P, MAT 155 and MAT155P
- Review quizzes or tests
- Work on study skills, time management and review lecture notes
- Tutoring Services
- Use of applicable textbooks
- Work with the TI-83/84/89 calculators

The MAC is open Monday to Thursday from 9 a.m. to 7 p.m., Fridays from 9 a.m. to 5 p.m. and Sundays from 2 p.m. to 6 p.m. during the academic year. The Center is closed on Saturday, holidays and for weather-related events. The Center is closed during the summer.

For more information, stop by or call (860) 465-4526. For additional information and scheduling appointments, visit https://www.easternct.edu/mathematical-sciences/mathematics-achievement-center.html

Mathematics Placement Test

First-year and transfer students who have not fulfilled the first stage or Eastern’s mathematics Liberal Arts CORE Curriculum requirement prior to their enrollment must be placed in an appropriate mathematics course. Placement for the first-year mathematics course is based on a student’s SAT or ACT scores and/or Accuplacer test results.

Transfer students who have received credit for MAT 1XX are immediately placed into MAT 135P, 139P, or 155P (choice of course is determined with advisor). Transfer students with MAT 1XX credit, seeking to place into MAT 135 or 155 must take the Accuplacer test. Transfer students who have received credit for MAT 216 are placed into MAT 135, 139P, or MAT 155/155P (choice of course determined in consultation with an advisor).

TUTORING AND LEARNING STRATEGIES

Tutoring and Learning Strategies provides professional and student tutors to assist students who request help in particular subjects or courses. The Center’s service offerings include tutoring support, one-to-one assistance in a variety of content areas and skills development such as time management and study skills. All program offerings are designed to assist students to achieve their full potential at the college level. Students are highly encouraged to seek help from Subject Tutoring early in the semester. Tutors are trained by a CRLA-certified program (College Reading and Learning Association).

For more information, stop by or call (860) 465-4310. For additional information and scheduling appointments, visit https://www.easternct.edu/academic-services/tutoring-center.html

REGISTRATION POLICY FOR THE COMPLETION OF EASTERN FIRST-YEAR LIBERAL ARTS CORE CURRICULUM REQUIREMENTS

It is Eastern Connecticut State University’s policy that all students must successfully complete the mathematics, college writing and FYI 100 course requirements within their first 30 credits earned at Eastern. The health and wellness requirement must be completed by 60 credits.

Students who fail any of these courses in any given semester must take the course again the following semester. If a student fails to complete these courses within the first 30 credits (or 60 for the health and wellness requirement) earned at Eastern, he or she will not be allowed to register for additional courses unless his/her registration includes the required course(s).
The mission of the Child and Family Development Resource Center (CFDRC) is to promote the positive development of young children and improve the quality of care in early childhood education. The CFDRC serves as a hub for innovation in Connecticut where new approaches to improving the lives of children and families can be designed and studied. The center's program includes a state-of-the-art school for children of diverse cultural and economic backgrounds; support services for families; and experiential learning experiences for Eastern Connecticut State University students preparing for careers in a wide variety of areas, including early childhood education, psychology, sociology, social work and related fields. Video technology is available throughout the facility to capture and share best practices with child-care providers throughout New England. This research-based environment is constantly evolving, improving its knowledge of early childhood education and services to families. Of special note is the center's commitment to providing a multi-cultural, bilingual experience for client families and Eastern students.

Eastern's early childhood education program is accredited by the National Association for The Education of Young Children (NAEYC), the Council for the Accreditation of Educator Preparation (CAEP), based on the National Council for Accreditation of Teacher Education (NCATE) standards. The center also supports research opportunities for Eastern students.

THE J. EUGENE SMITH LIBRARY
Janice Wilson, director

Librarians Carolyn Coates, Hope-Marie Cook, Tara Hurt, Bruce Johnson, Sandra Rosado
Associate Librarians David Vrooman, Angela Walker

The J. Eugene Smith Library supports and enriches the University's teaching, learning and research objectives. The Library provides services and resources that foster intellectual curiosity and integrity, promote critical inquiry and encourage awareness of the world. The Library's knowledgeable, friendly and attentive staff welcomes the opportunity to interact with students and faculty around research assistance, teaching information literacy, developing relevant and dynamic collections and providing access to a rich array of resources.

The Library, conveniently located mid-campus, is a four-level, 127,000-square foot, wirelessly connected, building open 94 hours over seven days. The space is equipped with plenty of seating, tables, carrels, collaborative study rooms, computers, printers, including a color printer, scanners and copiers

Resources include 350,000 print books, 500+ print journals, DVDs and CDs. Several unique collections include materials for future educators, juvenile and young adult literature, university archives, government documents and adult leisure reading fiction. Our online resources include thousands of articles from 130 databases and hundreds of eBooks that are accessible 24/7 on or off campus. Resources from other libraries are also accessible through the Connecticut State College and University (CSCU) library consortia and nationally through interlibrary loan.

Reference librarians and other staff are available to assist in-person, by phone, email or chat. We can help you discover the resources you need, help you find answers to your questions, check out books and guide you towards information literacy competency.

In addition to being a physical and virtual space that supports academic growth, the Library is also a place where informal learning and personal growth happen. Our programs, for example, author talks, presentations on a variety of topics of interest to students and faculty and fun events like therapy dog visits, foster the exchange of ideas, experiences and information that leads to lifelong learning.

For more information, please visit, call, chat, email or visit www.easternct.edu/library.

THE DAVID M. ROTH CENTER FOR CONNECTICUT STUDIES

The David M. Roth Center for Connecticut Studies was established in 1970 to provide resource materials and assistance to those interested in Connecticut's history and culture. The Center is located on the fourth floor of the J. Eugene Smith Library.

The Center collects primary and secondary source materials documenting both current and historical issues on Connecticut. They include monographs, bibliographies, newspapers, microfilm, journals, dissertations, census materials, maps, photographs and realia relating to the state.

The Center supports undergraduate courses, workshops, teachers, members of local historical societies, the scholarly community and consultation for the general public.

The Center's publication program includes the “Series in Connecticut History,” a five-volume survey of Connecticut from Hooker to Grasso; “Remembering Willimantic: Community and College;” a resource guide, titled “Celebrate Connecticut, 350 Years;” and occasional publications on Connecticut life and culture.
INFORMATION TECHNOLOGY SERVICES
Garry Bozylinsky, chief information officer

Eastern provides a wide range of computing resources to the University community. Wi-Fi is available throughout the residence halls and most of the campus. Students may register up to eight different personal computers, smartphones and tablets for automatic access to the wifi system.

Students, faculty and staff also have access to Microsoft O365 that includes e-mail, OneDrive for Business, cloud storage, collaboration tools and the full suite of Microsoft Office productivity tools for use in the classroom. Blackboard is Eastern’s course management system and is used by many faculty members to enhance and supplement their courses.

Eastern’s Banner self-service student information system, also known as eWeb, provides online access to student services including admissions, the course catalog, course offerings, registration, grades, class schedules and related academic history, tuition and fee payment by credit card and financial aid information. These web tools and more are available by logging in at https://www.office.com/apps?auth=2&home=1.

There are more than 800 personal computers across campus for use by students. Classrooms, labs and the campus network are regularly upgraded to incorporate new technologies. The Library contains numerous Windows and Mac computers for use by students and is open more than 90 hours a week during the academic year. In addition, each residence hall has one or more general-purpose computer labs to support student computing.

Various academic departments, such as Mathematical Sciences, Computer Science, Biology, Art and Art History and Environmental Earth Science, operate specialized computer labs in support of their specific curricula.

The Help Desk provides students, faculty and staff with assistance concerning technology use, questions and problems. The Help Desk is located in Library Room 236 and can be reached via email at helpdesk@easternct.edu, by telephone at (860) 465-4346, or online by visiting https://myeasternct.sharepoint.com/sites/HelpDesk.

Eastern’s Media Services provides a wide range of audio and video support services for Eastern’s academic, administrative and public service programs. Media Services also supports the Communication Department’s TV studio and editing facility, as well as the campus’s multimedia classrooms. The department is located in the Communications Building, Room 125. Additional information is available at www.easternct.edu/media-services/index.html.

THE DIVISION OF INSTITUTIONAL ADVANCEMENT
James Howarth, vice president for Finance and Administration/Institutional Advancement

The Division of Institutional Advancement consists of three departments – the Office of Development, the Office of Alumni Affairs and the Office of University Relations. The division also manages event planning and scheduling for the University. The three departments work in concert to promote and maintain positive bonds with alumni and friends of the university, raise public awareness of the institution’s events, programs and progress and to raise contributions for scholarships and key programs that benefit students and faculty.

Overall, the Division of Institutional Advancement promotes the welfare and image of the university by increasing its financial resources and communicating the culture, growth, intellectual opportunities and continual improvement of the state’s public liberal arts university.

THE OFFICE OF DEVELOPMENT
Joseph McGann, director

The Office of Development oversees the Annual Fund, which includes direct mail and the phone-a-thon program, which is composed of paid student caller; the cultivation and solicitation of leadership and major gift prospects; corporate and foundation grants; and annual events such as the golf tournament. The focus of these initiatives is to support a broad range of endowed scholarships, as well as programs that are not funded by the University budget.

THE OFFICE OF ALUMNI AFFAIRS
Michael Stenko, director

The Eastern family includes more than 30,000 alumni living around the world. The Office of Alumni Affairs encourages alumni to remain connected by participating in reunions, receptions, career and social networking and through the academic, cultural and athletic life of the University. An engaged and involved alumni body is moving forward to manage the social, economic and technological changes occurring in today’s world, thereby enhancing Eastern’s reputation for preparing graduates for professional and personal success.

As stated in its mission, the Eastern Alumni Association is committed to supporting the initiatives of the university and meeting the changing needs of its alumni and current students. The Alumni Association, along with the ECSU Foundation, Inc., sponsors the annual President’s Leadership Awards which are presented to alumni and distinguished members of the university community.
THE OFFICE OF UNIVERSITY RELATIONS
Ryan Quigley, interim director
The Office of University Relations publishes EASTERN magazine and the bi-monthly online campus newsletter, “News Flash.” The Office of University Relations is the speech writing and public relations office for the University and coordinates university marketing and advertising initiatives. It also promotes the University through publicity both outside the campus and to current students, faculty and staff.

THE ECSU FOUNDATION, INC.
James Howarth, executive director
Incorporated in 1971, the ECSU Foundation, Inc., is a nonprofit, 501(c)3 tax-exempt organization dedicated to raising private funds to support programs at Eastern Connecticut State University. The Foundation is directed by a volunteer board of business leaders and civic minded friends of the University.

The Foundation raises funds for a variety of purposes central to the mission and needs of the University. Funding provides for new academic initiatives; student scholarships (undergraduate and graduate); faculty awards; faculty support; and special programs, equipment and initiatives not funded by the state. The Foundation receives support through gifts from alumni, faculty, staff, parents, students and other friends of the University and a growing circle of corporate and foundation contributors. Through their generous support, the Foundation can continue its mission to serve the University and sustain academic excellence at Eastern.

LIBERAL ARTS CORE CURRICULUM (LAC)

Note: For information about the General Education Requirement Program which applies to students who matriculated prior to 2007 and for courses that satisfy the LAC, visit www.easternct.edu/lapc.

PHILOSOPHY OF THE LIBERAL ARTS CORE CURRICULUM

Guiding Principles

Eastern’s commitment to liberal education is anchored in three principles:

• Engagement
• Integration
• Independence

Eastern cultivates an engaged community. Students become engaged academically through their work on class projects requiring imagination and intellectual commitment; they become engaged socially through participation in a variety of clubs, athletics and co-curricular activities; and they become engaged in the community through projects and programs that address the needs of Willimantic and the region.

Eastern’s curricular and co-curricular programs emphasize integration. The University’s liberal arts CORE curriculum and major and co-curricular programs help students understand the relationships between diverse fields of study and the impact that people, ideas and events have in all parts of their lives. They make connections among courses and between campus and community life. The academic, social and personal realms of students’ lives are integrated so that students see their studies as an important part of who they are and who they will become. Eastern students develop independence. Active and collaborative learning produce graduates who are self-initiated learners and reflective, independent thinkers. These abilities enable Eastern graduates to take active roles in their personal lives, their workplaces and their communities.

The Five Liberal Arts Learning Outcomes

Critical Thinking Critical thinking is the analysis and evaluation of complex ideas, artifacts, information and arguments as a basis for formulating a well-reasoned belief, judgment, or conclusion.

Ethical Reasoning Ethical reasoning requires students to recognize ethical issues, identify their own ethical positions and analyze other ethical perspectives in real-world situations in order to consider the impact of decisions and actions on other individuals, society and the environment.

Communication Communication requires students to recognize and utilize the most appropriate means to address specific audiences in relevant contexts or genres in order to effectively inform or persuade.

Creativity Creativity is the ability to utilize skills and strategies to synthesize ideas, perspectives, information, or materials in original and self-aware ways and to use that synthesis to generate imaginative acts or products.

Quantitative Literacy Quantitative literacy is competency in working with numerical data to reason or solve problems, the ability to make judgements and draw conclusions supported by quantitative evidence and the ability to communicate those arguments utilizing quantitative tools.
CORE Abilities

Eastern’s Liberal Arts CORE Curriculum, major programs, campus culture and environment are designed to help students develop the self-disciplined habits of mind and the knowledge and skills that allow them to successfully meet the challenges of everyday life. Our goals enable students to:

• Productively engage in multiple modes of thinking
• Examine, organize and synthesize information in ways appropriate to a variety of contexts
• Communicate effectively orally, visually and in writing
• Use scientific methods and concepts and quantitative skills to solve problems and make informed decisions
• Understand how a person’s culture influences his/her view of the world
• Act in an informed and ethical manner in our global society
• Understand the human condition from an historical context and
• Foster curiosity and a passion for learning.

LIBERAL ARTS CORE CURRICULUM

The Liberal Arts CORE Curriculum consists of three Tiers: Tier I Methods and Concepts; Tier II Synthesis and Application; and Tier III Independent Inquiry. Tier I and Tier II consists of multiple categories which contribute to a culminating liberal arts experience in Tier III.

Tier I Methods and Concepts 26/27 Credits

*First-Year Introduction 3 credits
*College Writing 3 credits
Arts and Humanities: Arts in Context 3 credits
Arts and Humanities: Literature and Thought 3 credits
*Health and Wellness 2 credits
Historical Perspectives 3 credits
*Mathematics 3 credits
Natural Sciences 3-4 credits

Tier II Synthesis and Application 15/16 Credits

Applied Information Technology 3 credits
Arts and Humanities: Creative Expression 3 credits
Cultural Perspectives 3 credits
Individuals and Societies 3 credits
Natural Sciences 3-4 credits
Tier III Independent Inquiry 3 Credits

Total Liberal Arts CORE 46 Credits

*must be completed within first 30 credits

Each course in every category requires and integration of four curricular elements: communication (oral, visual and written); critical thinking; information literacy; and ethics.

TIER I METHODS AND CONCEPTS • 26/27 CREDITS

Tier I exposes students to the main branches of knowledge that Eastern faculty have determined to be essential to a strong liberal arts education. Students will select courses in which they will be required to master a body of introductory-level knowledge within a particular field and become familiar with the history, ethics, values, methods and academic standards of inquiry and analysis within that field. In order to achieve these goals, it is necessary that students engage curricular material presented in Tier I courses actively and when possible, experientially. While modes of learning will vary in each discipline, Tier I courses will develop critical and analytical modes of thinking as a central learning objective and will provide ample opportunities for students to communicate and demonstrate their acquisition of material and ideas.

To assist first-year students in becoming engaged in the intellectual life of the university, they will enroll in one of many discussion-oriented First Year Introductions that explore a broad, contemporary theme developed from the expertise and interests of the instructor. Each FYI 100 consists of a small group of students who will become active learners working closely with a faculty mentor, a student peer mentor and each other to develop the skills of good scholarship – critical reading, logical thinking and effective communication – that are the keys to a successful academic career and a productive life beyond the university.
Students will also complete a course in College Writing and select one course from each of the seven Tier I disciplinary categories: Arts and Humanities - Literature and Thought; Arts and Humanities: Arts In Context; Health and Wellness; Historical Perspectives; Mathematics; Natural Sciences; and Social Sciences.

As a result of completing Tier I, students will be able to:

- Recognize and articulate the major concepts and ideas that are foundation to a range of liberal arts disciplines
- Comprehend distinctions and similarities among fields of study
- Understand and employ multiple modes of inquiry and analysis
- Effectively communicate ideas orally, visually and in writing
- Demonstrate the value of rigorous inquiry and research, academic integrity and active engagement in the Eastern learning community and beyond and
- Discern the ethical dimensions of the production and acquisition of knowledge within disciplines

TIER II SYNTHESIS AND APPLICATION • 15/16 CREDITS

Tier II builds upon the rigors of students’ prior learning experiences as they apply concepts and principles to new and more advanced sets of problems and contexts. While Tier I emphasizes disciplinary knowledge and academic systems and methods, Tier II fosters higher-order thinking and advanced problem-solving capabilities through applied research, collaborative projects, creative problem-solving and original and innovative modes of expression. Students will apply a range of methodologies to the production, synthesis and communication of knowledge and inquiry into human affairs.

Upon completing certain foundational Tier I courses students will select one course from each of the following Tier II categories: Application of Information Technology; Creative Expression; Cultural Perspectives; Natural Sciences; and Individuals and Societies. Students will generally complete Tier II courses in their sophomore or junior year. Most offerings will be designated at the 200 and 300 levels.

Upon Completion of all Tier II courses, students will be able to:

- Identify and apply diverse methods of inquiry and ways of knowing in making and evaluating decisions in human affairs
- Develop the ability to think creatively and come to value ingenuity and originality by engaging in multiple modes of problem solving and
- Apply ethical principles to practical problems of life and work

TIER III INDEPENDENT INQUIRY • 3 CREDITS

Note: Students must have passed at least two Tier II courses prior to enrolling in a Tier III course.

As the culminating, integrative liberal arts experience, Tier III represents a critical component of the Eastern Liberal Arts CORE Curriculum. Tier III affords students the opportunity to reflect on and apply knowledge and skills acquired in the first two tiers and in their major. Departments may recommend specific options for their majors to complete Tier III or allow students to choose from a variety of options within or outside the major.

Upon Completion of the Tier III requirement, students will be able to:

- Demonstrate the ability to engage in independent inquiry
- Apply current and critical thinking in a focused area of study
- Reflect on the context of their independent inquiry or artistic creation and
- Reflect on this work as an outcome of their liberal arts education

ADDITIONAL GUIDELINES

Policy on Completing Liberal Arts CORE Curriculum Courses

For students under the Liberal Arts CORE Curriculum, the following Tier I requirements must be completed within the first 30 credits earned: College Writing, Mathematics and Health and Wellness. Students must satisfy any prerequisite before proceeding with subsequent requirements. Students who fail any of these courses in any given semester must take the course again the following semester. If a student fails to complete these courses within the first 30 credits earned at Eastern, they will not be allowed to register for additional courses unless their registration includes the required course(s).

LAC Courses Used in Major or Minor

- Up to two approved specific courses in the major or minor that meet liberal arts goals may also satisfy LAC categories.
- Students may receive credit for both the LAC and the major or minor, for up to two courses, that are in the LAC and also required for a major or minor.
- A minimum of nice credits must be unique to each minor. These credits cannot be used to satisfy major, LAC, or concentration requirements.
Transfer Students

- Students who transfer to Eastern with 60 or more credits will be exempt from completing the Tier I of the LAC, including Natural Science with a lab, provided that they transfer a minimum of 27 credits in liberal arts disciplines – humanities, social sciences and natural sciences. College Writing and Mathematics are not exempt as they are university graduation requirements.

- All students, regardless of the courses transferred to Eastern, must complete at least two LAC Tier II courses and a Tier III Liberal Arts Independent Inquiry course.

UNIVERSITY WRITING PROGRAM

Rita Malenczyk, director

Christine Garcia, Coordinator of First-Year Composition

Eastern Connecticut State University’s writing-across-the-curriculum program is designed to help students 1) learn how writing shapes and aids thinking; 2) understand the cultures and conventions of their disciplines; and 3) become better, more confident writers.

UNIVERSITY WRITING REQUIREMENTS

Stage 1 (First-Year Composition)

All students are required to take and pass ENG 100 or ENG 100P.

Upon entering, students who have not already met this initial requirement write a placement essay to determine the appropriate level for their first writing course. Some students may be placed by SAT or ACT score.

Stage 2 (Intermediate Writing Competency)

Students may satisfy this requirement by completing one of the following major-specific options during their sophomore and/or junior years:

- Taking and passing (so that it satisfies the major) a 200- or 300-level “writing intensive” course in their major.
- Taking and passing at least two 200-or 300-level courses in their major designated as “writing-enhanced.”
- Completing another department-specific requirement based in the major department and approved by the University Writing Board.

Completing this Stage 2 requirement is a prerequisite for any course that fulfills Stage 3, as listed below. Students entering Eastern with 75 or more transfer credits are exempt from Stage 2, but should be aware that the designated writing-intensive or writing-enhanced courses may still be requirements for that major.

Stage 3 (Upper Division Writing-Intensive Course in the Major)

- Students must take and pass one 300- or 400-level advanced writing-intensive course in the major.

Special Programs

- B.G.S. students and students with individualized majors may take any listed writing-intensive or writing-enhanced course assuming they have met the Prerequisites determined by the department offering the course. B.G.S. students should also check the Writing program website for courses designated especially for them.
SPECIAL PROGRAMS

HONORS PROGRAM
Timothy Cochran, director

The University Honors Program provides an alternative course of study for some of Eastern's most talented students. It is an enhanced academic program that includes students from any major and offers a number of unique opportunities and experiences, including a rigorous curriculum and emphasis on undergraduate research. Each of the courses in the Honors curriculum satisfies a Liberal Arts CORE Curriculum requirement and completion of an acceptable Honors Thesis satisfies all University Writing Requirements. The Honors Colloquia entail small classes in a seminar style, with interdisciplinary topics and dedicated professors. Honors Scholars are also provided with a number of undergraduate research opportunities culminating in the completion of an Honors Thesis, which is overseen by a faculty advisor and completed over three semesters. The successful completion of an Honors Thesis is the focal point of the program and the capstone experience of all Honors graduates.

Honors Scholars follow an enhanced academic program that is designed to sharpen their reading, writing and critical thinking skills, while also preparing them to conduct original research or creative activities. The Program follows a cohort model so that each class moves through the curriculum as an integrated group. All members of the first-year student cohort take FYI 100 together and also participate in a seminar (HON 150). Sophomores and juniors take three honors colloquia that are interdisciplinary and often team-taught seminars. In their senior year, Honors Scholars submit an Honors Thesis on a research or creative project that they have completed under the guidance of a faculty mentor. This curriculum is intended to provide students with the academic and leadership skills they will need to excel in graduate school or their career after graduation.

Honors Scholars are expected to participate in the community service, academic and social activities that are sponsored by the Honors Club and the University Honors Council. They are also expected to complete at least one Honors course per year, graduate with at least a 3.5 grade point average, prepare a thesis prospectus before they enter the senior year and receive the ongoing recommendations of their Honors professors. Academic decisions for the program are made by the Honors Council.

First-year students interested in participating in the program should contact the Honors Program at (860) 465-4317 for application information. Additional information, including the Honors program curriculum, can be found at www.easternct.edu/honors/.

FIRST-YEAR EXPERIENCE
David Pellegrini, director
Michelle Delaney, vice president for Student Affairs
Casey Kensey, director of New Student and Family Programs, Student Activities

The primary goal of the First-Year Experience (FYE) is to assist every first-time, full-time student in achieving a successful transition from high school to college-level academics and to promote academic success.

FYE RESOURCES, PROGRAMS AND SERVICES

Many departments and offices provide access to resources and services to assist new students with academic and personal success. Before their fall semester begins, all first-year students participate in an overnight Student Orientation, Advisement and Registration (SOAR) program in the summer and a “Warrior Welcome” program in the days just before classes begin in August. Both programs are designed to help students acclimate campus and prepare for the start of the academic year.

ACADEMIC PREPARATION

The centerpiece of the FYE is the academic requirement: a three-credit Seminar (LAC 100) and a co-requisite one-credit course, LAC 101: Introduction to the Liberal Arts. All LAC 100 seminars focus on a relevant theme or topic that incorporates high-impact practices such as undergraduate research and collaborative learning and are designed and taught by full-time faculty members from across the disciplines. The class size is capped at 20 students in order to foster learning communities where students work interactively with each other and with faculty to explore topics through an interdisciplinary lens. The same group of students in each seminar will also enroll in LAC 101: Introduction to the Liberal Arts, in which students engage in hands-on exploration of the five learning objectives at the heart of Eastern’s Liberal Arts mission (Communication; Creativity; Critical Thinking; Ethical Reasoning; and Quantitative Analysis). In addition, LAC 101 allows students to work with a Peer Mentor, further develop college survival skills and become acquainted with all of the resources and services available on campus, including clubs, events and other programs vital to the Eastern experience. Together, LAC 100 and LAC 101 aim to give first-time students a rich and comprehensive introduction to college-level academic expectations, campus life and the principles of a liberal arts education that they will draw upon both in their chosen careers and the rest of their lives.

For additional information about the FYE, please visit www.easternct.edu/first-year-experience/index.html.
RESERVE OFFICE TRAINING CORPS (ROTC)

Courses in U.S. Army ROTC Studies offered by the University of Connecticut at Storrs are available to qualified students at Eastern. All arrangements for enrollment and credit in this program must be cleared through the Registrar's Office at Eastern and the Army Unit at the University of Connecticut. Registration for courses is completed through the Registrar's Office at Eastern. If interested, contact the Department of Military Science, (860) 486-6081 in Storrs. Air Force Reserve Officer Training Corps (ROTC)

The Air Force ROTC program is available to Eastern Connecticut State University students at the University of Connecticut's main campus in Storrs. Through the Air Force ROTC program, Eastern Connecticut State University students can pursue a commission as an officer in the United States Air Force without paying extra tuition. The first-year and sophomore courses carry no military obligation and are open to all students.

Scholarships are also available for qualified students. These scholarships pay up to full tuition and fees and provide money for books and a monthly stipend.

Interested students should contact the Air Force ROTC office at (860) 486-2224 or visit their website at www.airforce.uconn.edu.

ACADEMIC MAJORS

ACCOUNTING

Accounting and Business Information Systems Department

Department Chair: Moh'd Rujoub
Assistant Chair: Alex Citurs

Requirements accurate as of August 1, 2023
See academic program web pages at www.easternct.edu for updates.

Objectives

The Bachelor of Science in Accounting provides introductory and advanced courses in financial and managerial accounting, auditing, taxation and information systems. Successful students are prepared for positions in various types of business organizations and nonprofit entities.

Students majoring in accounting will be expected, through proper faculty advising, to attain a desirable level of proficiency in the English language, mathematics and business information systems. To develop educational breadth and depth, majors will be required to sample widely from the arts, humanities, natural and social sciences.

Students seeking professional careers in accounting, particularly with public accounting firms, are encouraged to pursue a graduate degree in accounting.

Admission to the Program

Students majoring in accounting are required to register their intent with the accounting faculty no later than the end of their sophomore year. The bachelor's degree program is primarily a junior/senior course of study and admission is competitive. Students must maintain a cumulative GPA of 2.7. An Accounting major whose cumulative GPA falls below 2.7 for two consecutive semesters will be dismissed from the major.

Degree Requirements

To graduate with a Bachelor of Science in Accounting, a total of 60 credits is required in the major, consisting of nine credits of related course requirements, 21 credits of common accounting CORE requirements and 30 credits of advanced accounting study. A minimum of 24 semester hours of the advanced accounting requirements must be completed in residence at Eastern. No more than two advanced accounting courses can be transferred to Eastern.

Transfer students with more than 30 credits should consult with the Department Chair:person as early as possible.

All B.S. Accounting majors must complete the following courses:

ANTHROPOLOGY

Sociology, Anthropology, Criminology and Social Work Department

Department Chair: Ricardo Perez
Program Coordinator: Sarah Baires
Requirements accurate as of August 1, 2023
See academic program web pages at www.easternct.edu for updates.

The Anthropology Major helps the student understand cultures throughout the world. The study of cross-cultural issues is important for many fields and Anthropology has long been recognized as a leading discipline in the development of concepts and knowledge regarding culture, prehistory, evolution and linguistics. Anthropology is an excellent background for those who wish to develop careers or pursue graduate education in policy, development, teaching, non-profits, or other service professions.

Students must earn a 2.3 GPA in Anthropology Major courses.

Program CORE Courses

ANT 101 Introduction to Anthropology ............................ 3
ANT 106 Cultural Anthropology .................................... 3
ANT 107 Biological Anthropology .................................. 3
ANT 125 Introduction to Archaeology .............................. 3
ANT 301 Anthropological Theory .................................. 3
ANT 390 Anthropological Research ................................. 3
ANT 400 Anthropology Seminar .................................... 3

Field School or Internship

Choose 3-6 credits:
ANT 380 Cross-Cultural Study ....................................... 3
ANT 381 Seminar in Cross-Cultural ................................. 1
ANT 479 Archaeological Field School ............................. 3-6
ANT 492 Internship in Anthropology .............................. 3-6

World Areas

Choose one (1):
ANT/CAS 201 Canadian Culture and Society .................... 3
ANT 221 Native Americans .......................................... 3
 ANT/CAS 222 Native Peoples of Canada ........................... 3
Concentrations

In consultation with their advisors, in their sophomore year, students will choose a concentration either in Cultural Anthropology or Archaeology.

CULTURAL ANTHROPOLOGY CONCENTRATION

Choose 15 credits from:
- ANT 250 Economies and Cultures
- ANT 300 Women and Work
- ANT 337 Urban Anthropology
- ANT 345 Transnational, Racial and Ethnic Identity
- ANT 358** Anthropology of Violence
- ANT 364 Medical Anthropology
- ANT 365 Topics in Anthropology

ARCHAEOLOGY CONCENTRATION

ANT 385 Archaeological Research Methods

Choose 12 credits from:
- ANT 210 World Archaeology
- ANT 245 Death and Society
- ANT 320 Archaeology Lab Methods
- ANT 365 Topics in Anthropology
- ANT/WST 370 Sex and Gender in the Ancient World

Students must choose a complimentary minor course of study from the following:

Art History
- Environmental Earth Science
- Geography
- Modern Languages
- Public Health

Biology
- Geographic Information Systems
- History
- Philosophy
- Sociology

Criminology
- Latin American and Caribbean Studies
- Political Science
- Women's Studies

*Approved reuse to meet Liberal Arts CORE Tier I Social Sciences  **Approved reuse to meet Liberal Arts CORE Tier II Cultural Perspectives

ART

Art and Art History Department

Department Chair: Lora Lee
Assistant Chair: Maeve Doyle
Requirements accurate as of August 1, 2023
See academic program web pages at www.easternct.edu for updates.

Objectives

The mission of the Department of Art and Art history is to provide instruction and inspiration to a diverse group of students. Art history, digital art and media design, illustration and traditional media studio arts come together in an exceptional facility which provides students with an understanding of technique, visual and written communication and the role of critical and creative thinking in society. Students graduate with an understanding of aesthetic form, content and research-based expression, as well as diverse cultural and contextual awareness in order to work in a professional environment that uses their skills for problem solving and visual expression.
The Bachelor of Arts Degree in Art offers four concentrations of study: Art History, Digital Art & Media Design, Illustration and Studio Art. Program graduates pursue advanced degrees or other courses of study and/or become professional artists, graphic designers in print or new media, animators, digital artists, illustrators, painters, printmakers, sculptors or professionals in art galleries and museums.

**Admission to the Program**
Students interested in an Art major work closely with a faculty advisor in the department. Students interested in the major should make that decision by the first semester of their second year. Students should start their program with the required arts foundation courses as early as possible. Transfer students should seek an advisor immediately to prepare a schedule of arts courses to fulfill degree requirements. Students interested in the Digital Art & Media Design, Illustration and Studio Art concentrations are required to submit a portfolio after completing several of the foundation requirements.

Portfolios must be carefully prepared according to guidelines available on the Art and Art History website and at the department office. After portfolios are submitted and program admission approved, students can enroll in upper-level digital art & media design, illustration, or studio course, most of which require portfolio acceptance.

**Major Requirements**
The B.A. in Art consists of 47-50 credits, including foundation courses and credits in the chosen concentration, as well as a Capstone course. Grades of less than 2.0 (C) do not count toward the major.

**University Writing Requirements for the Art & Art History Department**
All students must take one Stage 2 and one Stage 3 writing course in the major. Prerequisites must be met. Students are strongly encouraged to complete all writing requirements by the end of their junior year. Not doing so may hinder your ability to get the courses you need to graduate on time. The course options are:

**Stage 2**
- ART 233^ Graphic Design History
- ART 345^ Museums and Exhibitions

**Stage 3**
- ART 340^^ Art History Topics
- ART 402^^ Issues in Contemporary Art

Please note that these courses may not be built into the Foundation/Concentration requirements and may need to be taken in addition to those listed below.

**ART HISTORY CONCENTRATION**

**Required Foundation Courses**
Choose one (1):
- ART 111* Three-Dimensional Design .......................... 3
- ART 207 Ceramic Sculpture .................................. 3
- ART 217 Ceramics ............................................. 3
- ART 124*** Digital Imaging and Online Media .......... 3
- ART 202**** Drawing I ....................................... 3
- ART 211** Introduction to Art History: Prehistory to 1400 .... 4
- ART 212** Introduction to Art History: 1400 to the Present .... 4

**Required Concentration Courses**
- ART 340^^ Art History Topics .................................. 4
- ART 345^ Museums and Exhibitions ............................. 3
- ART 402^^ Issues in Contemporary Art ......................... 4

**Concentration Electives**
Choose five (5) courses with at least one from each of the following areas: Premodern and Early Modern Art (up to about 1600), Art in the Modern Age (since about 1600) and Cultural and Social Perspectives.
Premodern and Early Modern Art (up to about 1600)

ART 225 Asian Art and Culture ........................................... 3

OBJECTIVES

The Biochemistry major, offered through the Department of Physical Sciences, is an interdisciplinary major combining resources and faculty expertise from the Physical Sciences and Biology departments. Students majoring in biochemistry obtain a broad background from chemistry and biology courses, preparing them for the ever-evolving scientific world. The discipline provides an in-depth introduction to the structures and functions of biologically important molecules. The curriculum meets standards set forth by recognized scientific organizations. Students who enjoy both chemistry and biology and are comfortable with quantitative approaches to problem solving will find biochemistry a rewarding field of study.

The curriculum provides:

- CORE courses in scientific fundamentals and research
- Intense preparation in laboratory skills in order to meet the demands of the technological community
- A sound liberal arts background
- Electives that allow flexibility to investigate areas of interest

THE PROGRAM

The Biochemistry program commences with basic introductory courses common to the biological and chemical sciences. Biochemistry majors then take a rigorous year-long lecture and laboratory course sequence. These courses familiarize students with the most significant aspects of biochemistry and biochemical research. In addition, upper-level Biochemistry courses examine aspects of modern biochemistry, as well as the molecular and cellular techniques used extensively in industrial and academic research facilities. Students are required to take additional courses in biology and physical biochemistry to further their quantitative knowledge of biological processes and bio-macromolecular structure and function.

CAREER ALTERNATIVES

The Biochemistry program provides a solid scientific background for students seeking a research, teaching or service career in the life sciences. Positions for biochemists are available in biomedical, biotechnological, pharmaceutical, agricultural research and chemical industries. University-affiliated research laboratories, hospital laboratories and government-sponsored research facilities also provide employment opportunities. This major provides excellent preparation for advanced study in graduate or professional schools as all courses required for enrollment into professional schools, such as medical and dental school, are recommended or required for completion of the Biochemistry major.

Proficiencies that biochemistry students should have by the time they have completed their undergraduate program:

- Understanding of the fundamentals of chemistry and biology and the key principles of biochemistry and molecular biology
- Awareness of the major issues at the forefront of the discipline
- Good laboratory skills such as the ability to accurately and reproducibly prepare reagents for experiments
- Ability to dissect a problem into its main features
- Ability to design experiments and understand the limitations of the experimental approach
- Ability to interpret experimental data and identify reliable and inconsistent components
- Ability to formulate follow-up questions and design experiments
- Ability to work safely and effectively in a laboratory
- Awareness of available resources and how to use them
- Ability to use computers as information and research tools
- Ability to collaborate with other researchers
- Ability to use oral, written and visual presentations to communicate their work to both science-literate and science non-literate audiences
- Ability to think in an integrated and creative manner and to look at problems from different perspectives
- Awareness of the ethical issues in the biochemical sciences

BIOLOGY
Biology Department

Department Chair: Elizabeth Cowles
Assistant Chair: W. Brett Mattingly
Requirements accurate as of August 1, 2023
See academic program web pages at www.easternct.edu for updates.

Objectives
The Biology major program is designed to enable students to learn the basic principles that govern living processes at all levels of biological organization and develop the critical-thinking skills needed to understand the consequences of those biological processes.

The Biology major program prepares students for positions in government, industry and education in fields ranging from biotechnology to environmental studies. Additionally, this comprehensive program provides students with the background required for graduate studies in biology and for medical, dental, nursing, physician’s assistant and veterinary school.

The Biology program of study enables students to acquire hands-on experience with state-of-the-art laboratory equipment and with fieldwork techniques in a variety of terrestrial, freshwater and marine environments.

In addition to coursework, students are expected to develop their laboratory and fieldwork skills through independent study projects conducted under the guidance of the Biology faculty whose research interests include:

Animal Physiology  Developmental Biology  Molecular Genetics
Biochemistry  Ecosystems Ecology  Neurobiology
Biogeography  Endocrinology  Plant-Animal Interactions
As part of their scientific training, students learn to use departmental computer facilities in many laboratory courses and are also encouraged to use computers to analyze data, prepare graphics and write reports and term papers. Students can also gain valuable research experience in their area of interest through internships and co-op programs in private industry or with government agencies.

**Admission to the Program**

The best secondary school preparation for a major in Biology is a traditional college preparatory program, consisting of four years of secondary school mathematics (algebra I, II, geometry and math analysis); three years of science (biology, physics and chemistry) and four years of English. The best community college preparation includes one or two semesters of introductory biology and at least two semesters each of general chemistry and mathematics. Students may not enter the biology program until they are ready to take pre-calculus or the equivalent.

The following requirements apply to students pursuing a Biology major, Biology minor, or an Individualized Major when Biology is the primary concentration. The requirements apply to students following either a B.S. or a B.A. degree. BIO 120, BIO 130, BIO 220 and BIO 230 are Prerequisites to all upper-level biology major courses, except BIO 378, which may be taken after completion of BIO 120, BIO 130 and T1M. Each of the four courses must be completed with a final grade of C- or better. Only after passing each of the above courses at the required level of proficiency may students enroll in upper-level Biology major courses.

Students who fail to achieve at least a C- in any of the above courses may register again for the same course only by permission of the Department Chair. If the Department Chair is the course instructor, then a senior tenured professor will determine whether permission is granted. The senior tenured instructor will be chosen by order of seniority and cannot be involved with instruction of the course in question.

Biology majors and Biology minors meet the LAC Tier I/Tier II Natural Science requirements by taking the freshman and sophomore courses designated above, regardless of the passing grade received and/or whether they ultimately change majors.

**Writing Requirements**

All biology majors must complete the department's Stage 2 and Stage 3 Writing requirements. BIO 120, 130, 220 and 230 are all writing-intensive courses and students receive a writing grade upon completion of each of these courses. After completing all four courses a student's cumulative writing grade will be assessed and he/she will be informed if they have earned credit for the Stage 2 Writing requirement. Transfer students entering as sophomores will be judged on their writing in BIO 220 and 230. If a student does not earn credit for Stage 2 Writing in the CORE courses, additional writing assignments will be required in every upper-level course that he/she takes until the department is satisfied they have met the required standard. A student may not sign up for Senior Seminar until they have satisfied the Intermediate Writing requirement. The Stage 3 Writing requirement is met by passing Senior Seminar, or having an Honors Thesis approved.

**Degree Requirements**

To graduate with a degree in Biology, students must have a minimum 2.0 cumulative GPA in required Biology courses. No science or math courses required for the Biology major may be taken on a credit/no credit basis. At least six of the required Biology courses with laboratory for the major must be taken at Eastern. Biology majors must take the Biology comprehensive exam given in selected Biology classes.

Students majoring in Biology are exempt from the University’s LAC Tier I and Tier II Natural Science requirement.

Students planning to enter graduate and professional schools should enroll in the B.S. program.

**Common Biology CORE (B.A and B.S)**

To be completed by the end of the sophomore year.

- BIO 120* Organismal Biology with Lab ................. 4
- BIO 130* Ecology with Lab ............................ 4
- BIO 220*** Cell Structure and Function with Lab ...... 4
- BIO 230*** Genetics with Lab ............................ 4

Both BIO 120 and BIO 130 must be successfully completed with a grade of C- or better prior to starting BIO 220 or BIO 230. Both BIO 220 and BIO 230 must be successfully complete with a grade of C- or better before starting on the required upper-level courses. Students attempting to repeat any of the four course courses must follow the repeat policy described above.
Upper Level Requirements

24 credit hours of 300-level and/or 400-level courses must be selected from the following list and must include at least one course from each of the three following categories:

### Cellular/Molecular

Secondary Education Certification

Biology majors seeking Certification in Secondary Education must fulfill all biology major course requirements.

Special Programs: Biology

Preprofessional Studies

Students planning to apply to professional schools should consult their Biology Department advisors as soon as possible after enrollment. Students may prepare for medical, dental, veterinary, chiropractic, podiatric, or optometry school by majoring in Biology. The Bachelor of Science degree program satisfies the requirements for most professional schools.

A limited number of seats are available to qualified Eastern students for entry into: Southern Connecticut State University's Accelerated Career Entry (ACE) into Nursing Program or UConn's Certificate Entry into Nursing B.S. Program (CEIN/BS). Effective with the class entering fall 2015, qualified students who complete designated pre-pharmacy requirements at Eastern, will be eligible for application into the Pharm.D. program at UConn's School of Pharmacy.

Interested students should meet with the Biology Department's Preprofessional Advising Committee (PAC) to consider and set a curriculum. Students are encouraged to attend any enhancement and/or preparatory programs offered by the department or the university. During their junior and senior years, students should spend time preparing for entrance examinations (MCAT, DAT, etc.). Students should volunteer or intern at appropriate institutions during semester and summer breaks. In addition, qualified preprofessional students are encouraged to participate in an independent study project with Eastern faculty. Information about preprofessional studies is available at www.easternct.edu/biology/.

Biotechnology/Biochemistry

Biotechnology and biochemistry are among the fastest growing areas of biology. Courses in these areas prepare students for research or careers in biotechnology firms, in research laboratories and for graduate school; the jobs are intellectually and financially rewarding. Students interested in these fields should identify themselves to the faculty so that the appropriate coursework can be recommended. Students should be well prepared not only in biology, but in chemistry, physics and mathematics.

Internships and Independent Study

Students interested in independent study (BIO 180, 280, 380, 480), teaching assistantships (BIO 490, 491) or internships (BIO 494) should consult with their advisor concerning the requirements and opportunities for such courses. Students who participate in biology internship programs are typically juniors or seniors, have at least a “B” average in their major (including chemistry,
physics and mathematics) and complete an application through their biology advisor. These internships are designed to give students one or two semesters of practical work experience in an area of biology, which most closely relates to their vocational goals. The University awards 3-15 credits per semester for each study program. The number of available positions is limited and placement is highly competitive. There is no guarantee that students will be placed.

Courses of Instruction: Biology

The following courses are offered by the Biology Department for students with little or no science background. There are no Pre-requisites for any of the following courses. Courses with a ~ include and optional lab.

BIO 200 Ecology and the Environment~
BIO 202 Human Biology~
BIO 205 Insects and Human Society with Lab
BIO 207 Plants and Human Affairs with Lab
BIO 209 Nutrition and Public Health
BIO 228 Introduction to Public Health
BIO 301 Microbes and Your Health~
BIO 304 Genetics and Society~
BIO 305 The Animal World

BUSINESS ADMINISTRATION

Business Administration Department

Department Chair: Emiliano Villanueva
Assistant Chair: Mihyun Kang
Requirements accurate as of August 1, 2023
See academic program web pages at www.easternct.edu for updates.

Objectives

The Bachelor of Science in Business Administration is awarded to students achieving proficiency in the University’s Liberal Arts CORE Curriculum requirements and the Business Administration Department’s foundational and advanced course requirements. Students successfully completing the program will be well prepared to assume careers in today’s competitive business environment, start their own business or attend graduate school.

Students majoring in Business Administration will be well grounded in the liberal arts, so they may develop their critical thinking, quantitative literacy, ethical reasoning, communication and creativity skills through the study of CORE business functions and the fundamental concepts and processes relevant to business. Eastern students will develop both a conceptual and pragmatic understanding of how businesses operate and will experience the opportunity to practically apply their liberal education through an internship. Business Administration majors will pick advanced disciplinary courses to earn a concentration in one of the following fields: Management, Marketing, International Business, or Sport Management.

Admission to the Program

Students can apply for admission to the Business Administration program at any time.

A Business Administration major whose cumulative GPA falls below 2.7 for two consecutive semesters will be dismissed from the major.

All Business Administration majors are required to take BUS 301 and BUS 351 before being admitted to the capstone course Management Policy and Strategy (BUS 431). BUS 431 is open only to seniors.

Degree Requirements

Requirements for the Business Administration major include completion of all University LAC requirements and completion of all Business Administration requirements, including completion of at least one concentration and all necessary electives. A minimum of 24 semester hours in the Business Administration major must be completed in residence at Eastern.

Required Foundational Courses (21 credits)

ECO 200 Introductory Macroeconomics ......................... 3
ECO 201* Introductory Microeconomics ......................... 3
Choose one (1):

MAT 216 Statistical Data Analysis
ECO 215 Statistics for Business and Economics

ACC 201 Principles of Accounting I ................................. 3
BIS 205** Management of Business Information ............... 3
FIN 245 Business Finance ............................................. 3
OSC 260 Operations Management ................................. 3

Required CORE and Advanced Courses (18 credits)

BUS 201 Principles of Management ............................ 3
BUS 225 Principles of Marketing ................................. 3
BUS 301^ Business Ethics ........................................... 3
BUS 351 Advanced Business Concepts and Entrepreneurship .... 3
BUS 431^^ Management Policy and Strategy .................. 3
BUS 490 Internship ..................................................... 3-6

ELECTIVE COURSES: MANAGEMENT CONCENTRATION (15 CREDITS)

BUS 331 Organizational Behavior .............................. 3
BUS 333 Human Resource Management ....................... 3
BUS 450 International Business ................................. 3

Choose 6 credits/2 courses:

BUS 315 Critical and Creative Thinking in Organizations .... 3
BUS 330 Labor Relations and Employment Laws ............ 3
BUS 332 Management of Organizations ....................... 3
BUS 342 Leadership .................................................... 3
BUS 350 Healthcare Management ............................... 3
BUS 410 Research Methods in Management .................. 3
BUS 433 Strategic Talent Management ........................ 3
BUS 436 Global Human Resource Management .............. 3
BUS 464 Seminar in Management ............................... 3

ELECTIVE COURSES: MARKETING CONCENTRATION (15 CREDITS)

BUS 428 Marketing Research ...................................... 3

Choose 12 credits/4 courses:

BUS 321 Advertising ................................................. 3
BUS 325 Consumer Behavior ..................................... 3
BUS 326 Sales Management ...................................... 3
BUS 327 Business-to-Business (B2B) Marketing ............ 3
BUS 329 International Marketing ............................... 3
BUS 342 Leadership .................................................... 3
BUS 429 Strategic Marketing ..................................... 3
BUS 465 Seminar in Marketing ................................... 3
ELECTIVE COURSES: INTERNATIONAL BUSINESS CONCENTRATION (15 CREDITS)

- BUS 450 International Business ................................. 3

Choose 9 credits/3 courses:

- BUS 329 International Marketing ................................. 3
- BUS 342 Leadership ................................................. 3
- OSC 362 Global Operations and Logistics ...................... 3
- BUS 410 Research Methods in Management ................... 3
- BUS 436 Global Human Resource Management ............... 3
- FIN 437 International Financial Management ................. 3
- BUS 463 Seminar in International Business .................... 3

ELECTIVE COURSES: SPORT MANAGEMENT CONCENTRATION (15 CREDITS)

- BUS 240 Introduction to Sport Management ..................... 3
- BUS 340 Facility Design in Sport Management ................. 3
- BUS 342 Leadership ................................................. 3
- BUS 411 Sports in American Society ............................. 3

Choose 3 credits/1 course:

- BUS 341 Legal Issues in Sport Management .................... 3
- ECO 331 Economics of Sport ...................................... 3
- BUS 410 Research Methods in Management ................... 3

BUSINESS INFORMATION SYSTEMS

Objectives

The Business Information Systems (BIS) major goes beyond the usual study of management information systems to emphasize E-business, enterprise resource planning and transaction processing and using web technologies. It focuses on an understanding of how information systems should be administered and how they can be used to improve the performance of an organization. It incorporates the fundamentals of organizational management, business and information technology. The principal theme of the major is the development of business and organizational strategies and interpersonal communication structures that truly reflect the revolution in information technologies. The underlying objective is to provide a basis for life-long learning in a diverse world of social and technological change.

The BIS program prepares students for a range of careers in business management, as well as in specialized systems jobs. The BIS CORE, required of all students, includes a comprehensive set of basic business and information technology requirements. Beyond that, it includes the study of organizational behavior in the presence of the new technologies, business structures to take advantage of them and a capstone seminar on information systems and business strategies.

Admission to the Program

Students may declare a major in BIS at any time and will be assigned a BIS faculty advisor. Any student whose cumulative GPA falls below 2.5 for two consecutive semesters will be dismissed from the major.

Degree Requirements

To graduate with a Bachelor of Science in BIS, a total of 60 credits are required in the major, consisting of three categories of common BIS CORE requirements and nine credits of BIS 300-level or higher electives. A minimum of 24 semester hours of the BIS program must be completed in residence at Eastern.

COMMUNICATION

Communication, Film & Theatre Department

Department Chair: Kristen Morgan
Associate Chair: Andrew Utterback
Requirements accurate as of August 1, 2023
See academic program web pages at www.easternct.edu for updates.

Objectives

Our major, as a whole, is designed, through the various course modalities, to raise and seek answers to the fundamental questions of human nature, social organization and cultural forces, all with reference to the ethical dimension. This backdrop sets the tone for our students wishing to pursue careers in the broad category of “communication,” a category that has expanded into virtually all fields. We strive for our students to acquire sufficient understanding of communication theory and research, to enter and succeed in, high quality graduate programs in communication or have a sufficient understanding of the applied aspects of the communication field with technical competence to successfully hold an entry-level position in the communication industry. Although our courses do prepare for careers in mass media, public relations and advertising, organizational communications, media editing, journalism and communication law and ethics, the liberal arts approach permeates all, encouraging lifelong learning and supporting students as thinking, caring human beings and as critical problem solvers.
**Admission to the Program**

Students majoring in Communication are encouraged to register their intent with the department no later than the beginning of the sophomore year in order to develop an academically strong program. Students must have a cumulative GPA of 2.0 in all previous college work to become a communication major. Students are expected to be thoroughly prepared in the liberal arts and sciences, as well as meet the specific requirements of the degree.

**Retention in the Program**

A Communication major whose cumulative GPA in Communication courses falls below 2.5 for two consecutive semesters will be dropped from the major.

**Degree Requirements**

The degree in Communication consists of two elements: (1) 24-27 credits in the Communication CORE curriculum, (2) A concentration in a subdiscipline of Communication from the six Concentrations (15 credits).

### CORE Curriculum

- COM 100* Introduction to Mass Communication . . . . . . . . . . . . . . . 3
- COM 101 Interpersonal Communication . . . . . . . . . . . . . . . . . . . . . . 3
- COM 230** Public Speaking . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . 3
- COM 300^ Communication Law and Ethics . . . . . . . . . . . . . . . . . . . 3
- COM 350^^ Communication Writing . . . . . . . . . . . . . . . . . . . . . . . . 3
- COM 400 Communication Research . . . . . . . . . . . . . . . . . . . . . . . . 3
- COM 403 Mass Communication Theory . . . . . . . . . . . . . . . . . . . . . . 3
- COM 490 Internship . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . 3-6

### ADVERTISING CONCENTRATION

Students will demonstrate a professional level competency in an understanding of the dynamics of the advertising mechanisms underlying the processes of advertising planning and execution, creative strategy development and media effects.

- COM 270 Advertising Essentials . . . . . . . . . . . . . . . . . . . . . . . . . . . 3
- COM 373 Advertising Copywriting . . . . . . . . . . . . . . . . . . . . . . . . . . 3
- COM 476 Advertising Media Planning . . . . . . . . . . . . . . . . . . . . . . . . 3
- COM 478 Integrated Marketing Communications . . . . . . . . . . . . . . . 3

Choose one (1):

- COM 255 Health Communication . . . . . . . . . . . . . . . . . . . . . . . . . . 3
- COM 301 Persuasion . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . 3
- COM 361 Publication Design . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . 3
- COM 372 International Advertising and Public Relations . . . . . . . . . . 3
- COM 375 Digital Media Branding & Politics . . . . . . . . . . . . . . . . . . . 3

### APPLIED MEDIA PRODUCTION CONCENTRATION

Students will demonstrate professional level technical competencies in audio production and video production for industrial, commercial and non-commercial media distribution platforms. Coursework includes practical, applied instruction for traditional and developing media formats (radio, television, cable, satellite, mobile and internet).

- COM 120 Television Production I . . . . . . . . . . . . . . . . . . . . . . . . . . 3
- COM/ Video & Film Production . . . . . . . . . . . . . . . . . . . . . . . . . . . . . 3
- FLM 220***
- COM 241 Intro to Radio, New Electronic Audio Production . . . . . 3
- COM 245 Digital/Analog Audio Production: Radio/Internet . . . . . 3

Choose one (1):

- COM 215 Media Aesthetics . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . 3
- COM 285 Studio Television Production – Sports . . . . . . . . . . . . . . 3
LEADERSHIP COMMUNICATION CONCENTRATION

Students will demonstrate a professional level competency in verbal, nonverbal, written and digital communication common to many institutional settings, public speaking and presentation, conflict management and persuasive communication.

- COM 312 Professional Presentations
- COM 330 Organizational Communication
- COM 401 Advanced Interpersonal Communication

Choose two (2):
- COM 201 Nonverbal Communication
- COM 252 Social Media Strategies
- COM 255 Health Communication
- COM 301 Persuasion
- COM 331 Conflict Communication

MEDIA WRITING & JOURNALISM CONCENTRATION

Students will demonstrate a professional level competency in an understanding of story structure and real-world requirements of getting their work published in print, film, radio or the electronic media. Students will also understand the techniques for and methods of, repurposing their writing to move across several media.

- COM 351 Journalism Principles
- COM 352 Emergent Media Reporting
- COM 357 Scriptwriting

Choose two (2):
- COM 210 Photography I
- COM 310 Advanced Photography
- COM 321 History of Communication
- COM 358 Scriptwriting & Presentation
- COM 361 Publication Design
- COM 364 PR Writing Methods
- COM 373 Advertising Copywriting
- COM 450 Advanced Journalism

PUBLIC RELATIONS CONCENTRATION

Students will demonstrate a professional level technical competency in translating organizational communication theory to practical situations including media use in organizations, writing press releases, public speaking and crisis management.

- COM 260 Introduction to Public Relations
- COM 364 Public Relations Writing Methods
- COM 464 Public Relations Crisis Management
- COM 478 Integrated Marketing Communications
Choose one (1):

- COM 255 Health Communication ........................................... 3
- COM 301 Persuasion ................................................................. 3
- COM 361 Publication Design ..................................................... 3
- COM 372 International Advertising and Public Relations ........... 3

**SOCIAL MEDIA CONCENTRATION**

Students will demonstrate a professional level of competency in the effective use and application of social media via effective communication skills. Students will also develop and refine their knowledge and skills in creating social media-related contents, planning social media campaigns and analyzing social media data.

- COM 242 Introduction to Social Media ....................................... 3
- COM 262 Social Media Content Creation .................................... 3
- COM 362 Social Media Design .................................................. 3
- COM 382 Social Media Analytics .............................................. 3
- COM 478 Integrated Marketing Communication ....................... 3

**COMMUNICATION GENERALIST CONCENTRATION**

Students can select any mix of five courses (15 credits) from the available electives to fulfill their concentration requirements.

*Approved reuse to meet Liberal Arts CORE Tier I Social Science**

**Approved substitution to meet Liberal Arts CORE Tier II Creative Expression**

***Approved reuse to meet Liberal Arts CORE Tier II Applied Information Technology***

^Meets Stage 2 University Writing Requirement

^^Meets Stage 3 University Writing Requirement

---

**COMPUTER SCIENCE**

**Computer Science Department**

*Department Chair: Garrett Dancik*

Requirements accurate as of August 1, 2023

See academic program web pages at www.easternct.edu for updates.

**Goals**

Computer science education at Eastern Connecticut State University emphasizes the fundamental principles of mathematics and the engineering sciences and is broadened by substantial opportunities in the arts, social sciences, life sciences and humanities.

The pervasive character of modern computer science has precipitated many interactions between computer science and other disciplines. A good foundation in undergraduate computer science is increasingly viewed as an excellent preparation for careers in business, engineering, law and medicine. Through the selection of electives, students may create specialized interdisciplinary tracks with computer science as the CORE of their study.

The computer science program encourages experimentation by offering defining minors in the areas of management information science and mathematics. In addition, Eastern students can double major in Mathematics and Computer Science.

The goals of the computer science program are deeply rooted in liberal education as well as professional experience. The objectives of the program reflect this overall approach.

**Program Objectives**

The Computer Science degree program at Eastern Connecticut State University provides students the foundations and skills for future work and careers in computing. The curriculum prepares students to continue acquiring new knowledge and skills, further their study and advance in a fast-changing world. We accomplish these goals by placing our computer science program in the context of the liberal arts CORE curriculum.

Upon graduation, students will:

- Possess practical and theoretical knowledge of computer science sufficient to work professionally and contribute to the regional and global economic development.
- Be able to apply computational techniques to design and implement solutions to real-world problems.
- Be prepared for advanced education in computer science and continued professional development.
- Possess the skills and the intellectual abilities that will enable them to adapt in the ever-changing field of computer science.
Program Learning Outcomes

- Acquire the fundamental computing knowledge and skills recommended by the Association for Computing Machinery (ACM) and the IEEE Computer Society for undergraduate computer science programs.
- Apply fundamental principles and methods of computer science to a wide range of applications.
- Design, analyze, implement and compare solutions to computing problems.
- Recognize and respect the professional standards of ethics expected of computer professionals and appreciate the social impact of computing.

Degree Requirements

A major must satisfy Categories I and II noted below. For 210, 231 and 270 Computer Science courses, a minimum grade of C in each course is required. In 300- or 400-level Computer Science courses, either a minimum grade of C in each course or a minimum average GPA of 2.3 must be earned in these courses.

I. Required Courses

Choose one (1): 3

MAT 230 Discrete Structures
CSC 230 Discrete Mathematics for Computer Science
MAT 243* Calculus I with Technology ......................... 4
CSC 180 Fundamentals of Computing ........................ 3
CSC 210** Computer Science and Programming I .............. 3
CSC 231 Computer Science and Programming II ............... 3
CSC 251 Networking Fundamentals ................................ 3
CSC 270 Data Structures .............................................. 3
CSC 320 Computer Organization and Architecture .............. 3
CSC 335 Algorithm Design and Analysis ......................... 3
CSC 341 Database and Information Management .............. 3
CSC 440 Operating Systems ........................................... 3
CSC 445 Software Engineering ....................................... 3
CSC 450^ Senior Research ............................................. 3

II. Electives

Select a minimum of 12 credits from the following (at least 8 credits must be Computer Science):

MAT 244 Calculus II with Technology ......................... 4
MAT 340 Calculus III with Technology ......................... 4
MAT 350 Numerical Analysis ....................................... 3
BIS 367 Human Computer Interaction and Design

CSC 300-400 level course (not in I, except Internships) including, but not limited to the following: 8-12 credits

CSC 305 Data Mining and Machine Learning .................. 3
CSC 311 Computer Video Games Development .................. 3
CSC 314 Introduction to Bioinformatics .......................... 3
CSC 315 Bioinformatics Programming and Analysis ........... 3
CSC 325 Introduction to Theory of Computing .................. 3
CSC 332 Introduction to Modeling and Simulation .............. 3
CSC 338 LANs, MANs and Internetworking ..................... 3
CSC 339 Network Management and Administration ............ 3
CSC 340 Programming Languages and Translation ............. 3
CSC 342 Advanced Database Systems ............................ 3
CSC 343 Big Data Programming and Management .............. 3
CSC 347 Embedded Micro-Controllers .......................... 3
CSC 350 Numerical Analysis. ...................................... 3
CSC 351 Signals and Systems ...................................... 3
CSC 352 Digital Signal Processing .............................. 3
CSC 355 Digital Logic ............................................. 3
CSC 360 Topics in Computer Science ............................ 3
CSC 375 Artificial Intelligence .................................... 3
CSC 380 Mobile Computing and Programming ................... 3
CSC 401 Networking and Distributed Computing .................. 3
CSC 410 Client/Server Computing .................................. 3
CSC 420 Microprocessors ......................................... 3
CSC 430 Computability and Automata .............................. 3
CSC 456 Advanced Software Development .......................... 3
CSC 475 Intelligent Systems ...................................... 3
CSC 480 Independent Study ...................................... 3

Total for Year ...................................................... 30 credits

Cooperative Education

The Department participates in the Eastern Cooperative Education Program (please see catalog description). Participating students have worked in full-time paid positions in companies such as Computer Science Corp., Aetna U.S. Healthcare, Travelers, IBM and UTC. Participants gain experience in a work environment, apply their academic skills, earn a significant salary and, upon graduation, enter the workforce beyond an "entry-level" position.

Facilities

The Department’s computing facilities are structured to support state-of-the-art undergraduate education in computer science. The program emphasizes the hands-on experience in its curriculum and most of the computer science courses are taught in one of our dedicated computer labs. A dedicated computer lab, which supports multiple operating systems (Linux and Windows), is available exclusively for computer science majors for their exploration and research activities. Through membership subscriptions, the department provides students with some of the latest platforms, servers and developer tools in the market. The department's computing facilities support a versatile set of software, including Microsoft Visual Studio (including .NET Framework), Microsoft SQL server, MATLAB, Eclipse IDE, Oracle SQL Developer, Oracle Java EE and Cloudera CDH5 VM. Eastern is a member Institution of Oracle Academy. With this institutional membership, the department has full-access to Oracle’s industry-leading software for use in teaching and research.

Undergraduate Research

Undergraduate research opportunities are available for highly motivated Computer Science students. Independent studies and directed research projects are available in conjunction with faculty research interests. Outstanding student work may be presented at professional societies.

Upsilon Pi Epsilon

Eastern Connecticut State University has the Alpha Charter of the Upsilon Pi Epsilon Computer Science Honor Society in Connecticut. This honor society is nationwide. Students in this society are asked on occasion to tutor other students in computer science and to represent Eastern on Computer Science issues and to present undergraduate papers at computer sciences conferences.

CRIMINOLOGY

Sociology, Anthropology, Criminology and Social Work Department

Department Chair: Ricardo Perez
Program Coordinator: Nicholas Parsons
Requirements accurate as of August 1, 2023
See academic program web pages at www.easternct.edu for updates.

Objectives

The Criminology program provides students with the methodological tools to understand the fundamental theories of the causes of crime, to develop new theories and models and to study the impact of a variety of programs designed to combat or respond to crime. Students explore the influence of social inequality and diversity on our conceptualization of crime-related issues domestically and internationally. Internships, service learning and other field experiences provide students with the opportunity to apply course material to analyzing and solving problems in the community.

Learning Outcomes Include:

• To understand the major criminological theoretical perspectives and to hone the ability to link theoretical ideas to inquiry and analysis
• To demonstrate an understanding of how ideological, social, political and fiscal forces shape crime policy
To understand and appreciate the role of social inequality and cultural diversity in the study of criminology

To approach the study of crime and criminals from a social scientific perspective

To receive hands-on experiential learning in the field of criminology so as to develop career skills

To develop abilities to communicate in writing; accomplished through two required writing-intensive courses.

DATA SCIENCE

Objectives

Data science, one of the fastest growing career areas in Connecticut and in the country, is an interdisciplinary field that uses computer science and statistics in order to process, analyze, visualize and extract meaningful insights from data, which can inform decisions. Data science can be applied to fields as diverse as business, finance, healthcare, sports, environmental science, climate science, medicine, political science, defense, social science, human culture, education and the list goes on.

All data science majors receive training in the CORE areas of statistics, computer science, business analytics and geospatial information systems. Students learn fundamental Python, R and SQL programming skills. Data-based team projects, which are integral to the program, provide opportunities for students to apply data science tools and techniques as well as to develop collaboration and communication skills.
The major is designed for students who wish to pursue careers such as data scientist, geospatial information scientist and technologies, data engineer, business analyst, insurance analyst, financial analyst, sports analyst, political analyst, etc.

Writing Requirements

All data science majors must complete the program’s Stage 2 and Stage 3 Writing requirements:

- Stage 2: Data Visualization (BIS 449)
- Stage 3: Liberal Arts Capstone Colloquium (LAP 430) or Organizational Website and Data Management (BIS 377) or Senior Research (CSC 450)

Degree Requirements

Data science majors may choose between a B.A. and B.S. degree. The requirements for the B.A. are 44-45 credits and the requirements for the B.S. are 53 – 55 credits. The data science CORE curriculum is stacked in five levels, L1 – L5. The major is completed with two additional electives (B.A. degree) or by satisfying the requirements for a concentration (B.S. degree). For courses within the major, either (1) a minimum grade of C must be earned in each course or (2) an average of C+ must be earned in all courses. As part of the requirements for courses in L2 – L5, students contribute to a portfolio, which by level L5 should be suitable for showcasing their work to future employers. After completing the CORE data science courses, students will have completed their Tier I Mathematics, Tier II Information Technology and Tier III requirements.

Required Common CORE Courses

Level L1 Data Science Foundation

Choose one (1): 4
- MAT 243* Calculus I with Technology
- MAT 195* Calculus I for Business, Data Science and Economics

Choose one (1): 3-4
- MAT 216** Statistical Data Analysis
- ECO 215** Statistics for Business and Economics
- MAT 315** Applied Probability and Statistics
- MAT 342 Explorations in Data Science
- CSC 202 Introduction to Programming and Machine Intelligence
- CSC 203 Advanced Programming for Data Science
- BIS 205 Information Management
- BIS 305 Business Analytics
- EES 300 Basics of Geographic Information Systems
- EES 301 Introduction to Geographic Information Systems Laboratory

Level L2 Database Course

Choose one (1): 3
- CSC 341 Database and Information Management
- BIS 373 Business Database Management

Level L3 Data Mining/Analytics

Choose one (1): 3
- MAT 343 Explorations in Data Analytics
- CSC 305 Data Mining and Machine Learning
- BIS 447 Business Intelligence and Data Solutions

Level L4 Stage 2 Writing

- BIS 449^ Data Visualization

Level L5 Capstone, Stage 3 Writing, Tier III

Choose one (1): 3-4
- BIS 377^^ Organizational Website & Database Management
- CSC 450^^ Senior Research
- LAP 430^^ Liberal Arts Capstone Colloquium
B.A. Degree

Complete two electives, 6 credits, from MAT, CSC, BIS or GIS programs in consultation with your advisor.

B.S. Degree with Concentration in Mathematics

MAT 244 Calculus II with Technology ........................................ 4
Choose four (4) courses (12 credits) from:

MAT 230 or Discrete Structures .................................................. 3
CSC 230 Discrete Mathematics for Computer Science
MAT 310 Applied Linear Algebra .............................................. 3
MAT 355 Probability ................................................................. 3
MAT 356 Financial Mathematics ................................................. 3
MAT 373 Explorations in Mathematical Biology .............................. 3
MAT 374 Explorations in Topic (in approved topic) ........................... 3
MAT 480 Independent Study (in approved topic) ............................. 3
CSC 315 Genomic Data Analysis ............................................. 3
EES 342 Advanced Geographic Information ................................. 4
Systems with Laboratory

B.S. Degree with Concentration in Computer Science

CSC 231 Computer Science and Programming II ............................ 3
CSC 270 Data Structures ............................................................ 3
Choose three (3) courses (9 credits) from:

MAT 230 or Discrete Structures .................................................. 3
CSC 230 Discrete Mathematics for Computer Science
CSC 335 Computer Algorithms .................................................. 3
CSC 301 Advanced Web Development and Web Scraping ................. 3
CSC 315 Genomic Data Analysis ............................................. 3
CSC 342 Advanced Database Systems ....................................... 3
CSC 343 Big Data Programming and Management ........................ 3
CSC 375 Artificial Intelligence .................................................. 3
CSC 475 Intelligent Systems ....................................................... 3

###For this concentration, or for students double majoring in Computer Science, CSC 210 can substitute for CSC 202 in the CORE.

B.S. Degree with Concentration in Business Analytics

Choose one (1) course (3 credits) at the 200-level in ACC, BIS, BUS, ECO or FIN
Choose one (1) course (3 credits) at the 200 or 300-level in ACC, BIS, BUS, ECO or FIN
Choose two (2) courses (6 credits) at the 300 or 400-level in ACC, BIS, BUS, ECO or FIN; or CSC 343
Choose one (1) course (3 credits) from:

ACC 310 Cost Accounting Systems ............................................. 3
BUS 380 Quality in Healthcare ................................................... 3
BUS 428 Marketing Research ................................................... 3
BUS 433 Strategic Talent Management ...................................... 3
ECO 305 Introduction to Econometrics ........................................ 3
FIN 346 Investment Analysis .................................................... 3
OSC 360 Supply Chain Management .......................................... 3
OSC 363 Introduction to Six Sigma ............................................ 3
B.S. Degree with Concentration in Geographic Information Systems

EES 342 Advanced Geographic Information Systems ................. 4
with Laboratory
EES 444 Geospatial Applications Using Remote Sensing ............ 3
EES 480/491 Independent Study/Internship in Environmental Earth Science

Choose two (2) courses (6-7 credits) from:

CSC 210 Computer Science and Programming I .................. 3
CSC 212 Computer Game Design and Visualization ............ 3
CSC 231 Computer Science and Programming II .............. 3
CSC 305 Data Mining and Machine Learning .................. 3
CSC 314 Introduction to Bioinformatics ...................... 3
MAT 315 Applied Probability and Statistics .................. 4

*Approved reuse to meet Liberal Arts CORE Tier I Mathematics
**Approved reuse to meet Liberal Arts CORE Tier II Applied Information Technology
^Meets Stage 2 University Writing Requirement
^^Meets Stage 3 University Writing Requirement

EARLY CHILDHOOD EDUCATION

Education Department

Department Chair: Mark Fabrizi
Associate Chair: Xing Liu

Requirements accurate as of August 1, 2023
See academic program web pages at www.easternct.edu for updates.

Eastern Connecticut State University is accredited by the Council for the Accreditation of Educator Preparation (CAEP).
The Candidate Learning Outcomes are at www.easternct.edu/education/clo-conceptual-framework/

These outcomes aligned with the Connecticut Common CORE of Teaching (CCCT) Standards, the Interstate New Teacher Assessment and Support Consortium (INTASC) Principles, the National Board for Professional Teaching Standards (NBPTS) Propositions and the Council for the Accreditation of Educator Preparation (CAEP) Standards.

EASTERN’S EDUCATOR PREPARATION PROGRAMS’ (EPP)
Candidate Learning Outcomes (CLO)

Domain I: Intentional Teaching
We believe that intentional teaching and its important corollary intentional learning necessitate viewing learning as the predetermined and actively sought after goal of education.

Candidate Learning Outcomes:
• Candidates demonstrate a positive and reflective disposition towards intentional planning and teaching practices that are appropriate for diverse learners.
• Candidates demonstrate the ability to identify discipline-specific content knowledge and skills, develop and implement evidence-based, inclusive instructional practices that engage all students and improve student achievement.
• Candidates develop effective classroom environments that nurture collaborative learning and self-efficacy.
• Candidates identify and utilize educational technology and other digital resources to enhance the learning experiences of all students and to transform their own instructional practices.
• Candidates develop and integrate learning experiences that require students’ use of critical thinking skills, problem solving and diverse forms of communication.

Domain II: Data Literacy
We believe that data literacy offers a dedicated pathway towards understanding the abilities and needs of all students and offers a means to improve students’ growth and development across all curricular areas.

Candidate Learning Outcomes:
• Candidates use and/or adapt/design qualitative and quantitative assessments that directly align with the learning goals of content in the discipline.
• Candidates organize, analyze, interpret and graphically display data on student growth.
• Candidates triangulate data from multiple sources to determine student learning and guide planning and teaching.
• Candidates use classroom-wide and individual student data to understand learning and development and to inform and adjust instruction.
• Candidates analyze student data - including pre-and post-instruction assessments – to determine the impact of their own teaching.
• Candidates demonstrate reflective and interpersonal abilities to become an active member of a data team.
• Candidates demonstrate a positive disposition toward data collection and articulate its importance in teaching and learning.
Domain III: Cultural Competence

We believe that cultural competence includes understanding and appreciating cultural, learner and linguistic diversity but also practicing a pedagogy that views school-family relationships as partnerships in learning.

Candidate Learning Outcomes

- Candidates demonstrate deep caring, commitment and empathy for children and families of diverse cultural and socio-economic backgrounds.
- Candidates articulate the positive influences of culture on students’ learning and development.
- Candidates demonstrate culturally responsive teaching, by incorporating the strengths, interests, histories and needs of families of diverse cultures in their planning, teaching and assessment.
- Candidates adapt teaching and learning experiences to the linguistic, social and learning styles and needs of children of diverse backgrounds.
- Candidates honor all family languages and understand the importance of preserving language as a fundamental part of culture.
- Candidates proactively promote positive cross-cultural peer relationships and openly and directly address instances of bias as they arise in the classroom.
- Candidates apply their knowledge of culture in their communication with and involvement of families in school.
- Candidates monitor and address their own cultural biases and recognize and articulate the influences of their own families and cultures on their beliefs and professional practices.

Domain IV: Professional Practice and Leadership

We believe that across all coursework and clinical practices, our candidates must demonstrate compassion and dedication to all students that is earnest, professional and mindful.

Candidate Learning Outcomes

- Candidates demonstrate an ongoing commitment to their professional growth by engaging in continuous meaningful learning.
- Candidates continually examine their ability to design and deliver effective instruction by using feedback and evidence from students, peers and mentors to revise instructional practices and improve effectiveness.
- Candidates collaborate with their peers, school personnel, families and community members to contribute to effective school changes.
- Candidates seek leadership roles to advocate for the well-being of all learners and to advance the profession.

Admission to the Program

All teacher education candidates must be formally admitted to the Teacher Education Program. Students may not enroll in professional preparation courses until after admission to the program. The Department of Education has established a committee of faculty members, the Committee on Admission and Retention in Education (CARE), which is responsible for this admission process. This committee also monitors student progress after admission. More information on CARE policies and procedures can be found at www.easternct.edu/education/admission-care-policies.

Students interested in teacher preparation programs must apply to CARE at least one semester prior to enrolling in professional preparation courses. Undergraduate Early Childhood Education teacher candidates and graduate teacher candidates may begin professional preparation in both the fall and spring semesters. Application materials should be submitted by October 1 to be admitted to professional preparation courses in the spring semester; application materials should be submitted by February 15 to be admitted to courses for the fall semester. If these dates fall on a weekend or holiday, then the applications are due at the end of the following business day.

The University has an obligation to children in the schools of Connecticut; therefore it is essential that only those teacher candidates who exhibit academic and personal qualities essential in teaching be admitted to the professional program. The University faculty and administrative staff reserve the right to refuse admission to the Teacher Education Program to those teacher candidates whose academic achievement may be satisfactory but who are deemed by the faculty to lack the professional dispositions desirable of teachers.

For admission to the undergraduate Early Childhood Education Program, teacher candidates must:

- Complete of be in the process of completing ECE 215 and PSY 206
- Have an earned GPA of 3.0 or higher from all undergraduate coursework with a C or greater in all prerequisite coursework
- File a formal application by the required date
• Forward references from a faculty member in their academic major, a faculty member from a Liberal Art CORE course and a professional educator to the Education Department
• Take PRAXIS I or other appropriate state test. This is a University and state requirement for certification, regardless of where a student completes a teacher preparation program. (Note: The PRAXIS I exam or other appropriate state test must be taken a full year before admission so that scores will be received by CARE before application deadlines. Students are urged to take PRAXIS I early in the sophomore year.)
• Satisfactorily complete a personal interview, demonstrating competencies in professional dispositions, content knowledge and communication skills, with a team of faculty.
• Compete a criminal history background check and fingerprinting.
Students are notified in writing when action is taken on their application. CARE recommends teacher candidates for certification after successful completion of the program.

Retention in the Program
For admission and retention in the Teacher Education Program, teacher candidates must:
• Maintain a 3.0 grade point average throughout their coursework
• Earn a grade of “C” or higher in all required education courses; (see also Liberal Arts/General Education requirements section in this chapter.)
• Display ethical and professional behavior in all courses and clinical experiences

For admission and retention in the Teacher Education Program, teacher candidates must:
• Maintain a 3.0 grade point average throughout their coursework
• Earn a grade of “C” or higher in all required education courses; (see also Liberal Arts/General Education requirements section in this chapter.)
• Display ethical and professional behavior in all courses and clinical experiences

All education students must enroll in a certification program and have another subject major to receive a teaching certificate.

Clinical Experience
A clinical experience is required of all teacher candidates enrolled in CORE I and CORE II courses and it is usually scheduled for on half-day per week in a public school setting. Graduates students complete two clinical experiences in relevant semesters.

Student Teaching
Student teaching is usually assigned during a student’s senior year and is a full-semester course required for teaching certification. Teacher candidates must apply to the Coordinator of Educational Experiences in the Education Department for a student-teaching placement in a regional school. Before being assigned such a placement, a student must be admitted by CARE to the Teacher Certification Program and have completed all Education courses.

Placement for Early Childhood Certification consists of two assignments. One assignment is a practicum (ECE 425) in special education in a preschool or kindergarten classroom, taken in CORE III (two full days per week). The second assignment is in a primary grade classroom (grades 1-3) taken in ECE 445 during CORE IV (five full days per week). At least one placement will be in a multicultural setting.

Teacher Candidates with Disabilities
In order to be certified in the State of Connecticut all teachers must demonstrate mastery of the Connecticut Teaching Competencies. The Education Department at Eastern Connecticut State University does not discriminate against teacher candidates with disabilities. In the absence of a formal program at Eastern to address the needs of teacher candidates with disabilities, the Education Department is prepared to make “reasonable accommodations” for teacher candidates who are admitted to the program. In order to plan appropriate accommodations, teacher candidates in need of special supports are encouraged to inform CARE as early as possible and to consult with Eastern’s Office of AccessAbility Services.

Certification requirements are continually modified by the Connecticut State Department of Education.

Academic Major
Since 1993, the State of Connecticut has required that those receiving a certificate must have a subject-matter outside of Education. Early Childhood Education teacher candidates may major in a discipline other than Physical Education.

Liberal Arts/General Education Requirements
The State of Connecticut requires that those receiving a teaching certificate have a diverse general education background in liberal arts courses. The following requirements must be met by undergraduate liberal arts courses with a grade of C or above.
For Early Childhood Majors:

Science (two courses, one with Laboratory) .......................... 7
English ............................................................................. 6
Social Science (PSY, SOC, ECO, or PSC) ......................... 3
MAT 139 or MAT 139P .................................................. 3-4
Arts (Music, Theatre, Art and Art History) ......................... 3
Foreign Language (if not met in high school) ....................... 6
United States History (HIS 120, 121, or 310) ...................... 3
HPE 201 or HPE 210 ..................................................... 3
Human Growth and Development Coursework ............... 12
(may include selected courses in psychology or Early Childhood Education major)

Connecticut’s Common CORE of Teaching

Standards for teaching are set by the profession and by the State of Connecticut and are outlined in the Connecticut Common CORE of Teaching (CCCT) Standards. These competencies have been aligned with the Education Unit’s Conceptual Framework. Teacher candidates’ success during the University program and initial years of teaching are assessed using these competencies; these competencies are reflected in the certification program objectives. Teacher candidates are given opportunities to practice and master these throughout the program.

Exit Requirements

Early Childhood Education teacher candidates must successfully complete the Connecticut Foundations of Reading Test (CFRT) and the Early Childhood 002 Test.

Teacher Certification

The Early Childhood Education Certification is a major program and results in a Bachelor of Science (B.S.) and a double major in an academic area.

Certification at the Graduate Level

Post-baccalaureate teacher candidates might consider pursuing Early Childhood Education (N-3) Certification within a Master of Science (M.S.) program. Information on these programs may be found in the “Graduate Division” section of this catalog and through advisement with the Education Department office.

Initial Educator Certificate

After completion of a certification program, including demonstrated mastery of required teaching competency and upon successful performance on the Early Childhood Test and the Foundations of Reading test, Early Childhood teacher candidates are awarded an Initial Educator Certificate. During the first years of teaching, the new teacher participates in an induction program.
EARLY CHILDHOOD EDUCATION MAJOR (B.S.)

This major is designed to prepare teachers for childcare, preschool, kindergarten or primary programs which serve children from ages 3-8 years and their families. Completion of this major leads to Nursery-to-Grade 3 certification with certification in both regular and special education at the N and K levels.

Teacher candidates must complete the general education courses required for certification as outlined in the “Liberal Arts/General Education Requirements” section of this chapter.

ARTICULATION AGREEMENT WITH COMMUNITY COLLEGES

The Early Childhood Program at Eastern has developed an articulation agreement with regional community colleges. Students transferring from a community college who have an associates degree in Early Childhood Education should check with an advisor to determine which courses they will need. Note: Due to changes in state certification requirements, teacher candidates are advised to check with program faculty for any program changes.

Teacher candidates must complete the following Early Childhood Education (ECE) professional preparation courses:

**Professional Preparation Courses**

To be taken before admission to the program

- ECE 215 Foundations of Early Childhood Education ................. 3

**Required Course Sequence**

After admission to the CARE program

**CORE I (to be taken together as a block)**
- ECE 315 Play and Social Development ......................... 4
- ECE 325 Language and Literacy I ................................. 3
- ECE 455 Science Pedagogy in Early Childhood Education ........ 3

**CORE II (to be taken together as a block)**
- ECE 355 Reading and Writing in the Primary Years .......... 3
- ECE 400 Social Studies Pedagogy in ECE ..................... 3
- ECE 401 Field Experience in Early Childhood ................. 1
- ECE 330 Math Pedagogy in Early Childhood Education ....... 3

**CORE III (to be taken together as a block)**
- ECE 420 Development of Children with Special Needs ....... 3
- ECE 410 Families, Cultures and Child Development .......... 3
- ECE 425 Practicum in Early Childhood Special Education .... 3

**CORE IV (to be taken together as a block)**
- ECE 405 Adapting the EC Curriculum for the Inclusive Classroom .... 3
- ECE 445 Student Teaching: Grades 1 – 3 ......................... 6-9

**Certification**

After completion of the program described above, teacher candidates apply for certification in Early Childhood (with dual certification and special education), N-3.

**Honors**

Kappa Delta Pi, an international honor society in education, elects to membership those who exhibit the ideals of scholarship, high personal standards and promise in teaching and allied professions. Eastern Connecticut State University's chapter, Epsilon Nu, was founded on April 13, 1943 as the 133rd chapter of the society.
The goal of the Economics program at Eastern is to graduate students who understand the impact of economic issues on business, society and government affairs. The program emphasizes the study of economics from a cross-disciplinary perspective and incorporates highly employable skills in critical thinking, communication, ethical reasoning, creativity and quantitative reasoning with knowledge of economics in a wide variety of courses which emphasize economic knowledge and applied analytical reasoning to address contemporary economic issues. Economics majors are expected to select electives in a way that matches their career aspirations.

Eastern economics graduates are distinctive- they have skills and knowledge to use economic analysis effectively in the environments they are likely to work in after graduation and upon completion of their internship have learning experiences outside of the classroom that aid their transition to post-graduation employment. Recent graduates hold positions in financial institutions, government and social agencies, consulting firms and corporations. In addition to preparing students for a wide variety of jobs after graduation, Economics is an excellent major for students who plan to pursue graduate studies in law, public policy or economics.

Degree Requirements

The Economics major requires 39 credits.

**THE CORE**

- ECO 200* Introductory Macroeconomics ..................... 3
- ECO 201 Introductory Microeconomics ....................... 3
- ECO 215** Statistics for Business and Economics .......... 3
- ECO 245^ Research Methods ................................. 3
- ECO 301 Microeconomic Theory .................................. 3
- ECO 302^ Macroeconomic Theory .............................. 3
- ECO 479^^ Senior Economics Seminar (cross listed) .......... 3
- ECO 490 Internship in Economics (cross listed) ............. 3

**ECONOMIC POLICY AND ANALYSIS CONCENTRATION**

Choose five (5) courses (15 credits) from the following:

- ECO 305^ Introduction to Econometrics ..................... 3
- ECO 322^ Sustainability and Environmental Economics ...... 3
- ECO 325^ Money and Banking .................................. 3
- ECO 330^ Labor Economics and Inequality ................... 3
- ECO 331 Economics of Sports .................................. 3
- ECO 333 Health Economics ................................. 3
- ECO 343 Media Economics .................................. 3
- ECO 465 Special Topics in Economics ..................... 3
BUSINESS ECONOMICS CONCENTRATION

This program primarily serves the interests of those students who seek to double major in economics and finance or another area of business. By combining coursework from economics with finance, accounting, business information systems, or business administration. Business Economics students are prepared to enter jobs in finance, accounting, BIS, marketing or general administration.

- Choose two (2) (6 credits) of the elective courses (listed above under Economics Policy and Analysis) and
- Choose three (3) courses (9 credits) in 300 or 400 level courses in 1 of the following: accounting, business, finance and/or business information systems, excluding internships and independent studies.

*Note: Students interested in graduate school are strongly recommended to take ECO 305, Introduction to Econometrics and the following MAT courses:

MAT 243 Calculus I with Technology
MAT 244 Calculus II with Technology
MAT 315 Applied Probability and Statistics
MAT 340 Calculus III
MAT 341 Differential Equations

*Approved reuse to meet Liberal Arts CORE Tier I Social Sciences  **Approved reuse to meet Liberal Arts CORE Tier II Applied Information Technology

Honors Society for Economics

Each year selected students are honored for distinguished academic achievement through membership in the Zeta Chapter of Omicron Delta Epsilon, the International Honor Society for Economics.

ELEMENTARY EDUCATION

Education Department

Department Chair: Mark Fabrizi
Associate Chair: Xing Liu
Requirements accurate as of August 1, 2023
See academic program web pages at www.easternct.edu for updates.

Eastern Connecticut State University is accredited by the Council for the Accreditation of Educator Preparation (CAEP).
The Candidate Learning Outcomes are also found at www.easternct.edu/education/clo-conceptual-framework/.

These outcomes are aligned with the Common CORE of Teaching (CCT) Standards, the Interstate New Teacher Assessment and Support Consortium (INTASC) Principles, the National Board for Professional Teaching Standards (NBPTS) Propositions and the Council for the Accreditation of Educator Preparation (CAEP) standards.

EASTERN’S EDUCATOR PREPARATION PROGRAMS’ (EPP)
Candidate Learning Outcomes (CLO)

Domain I: Intentional Teaching

We believe that intentional teaching and its important corollary intentional learning necessitate viewing learning as the predetermined and actively sought after goal of education.

Candidate Learning Outcomes:

• Candidates demonstrate a positive and reflective disposition towards intentional planning and teaching practices that are appropriate for diverse learners.
• Candidates demonstrate the ability to identify discipline-specific content knowledge and skills, develop and implement evidence-based, inclusive instructional practices that engage all students and improve student achievement.
• Candidates develop effective classroom environments that nurture collaborative learning and self-efficacy.
• Candidates identify and utilize educational technology and other digital resources to enhance the learning experience of all students and to transform their own instructional practices.
• Candidates develop and integrate learning experiences that require students’ use of critical thinking skills, problem solving and diverse forms of communication.

Domain II: Data Literacy

We believe that data literacy offers a dedicated pathway towards understanding the abilities and needs of all students and offers a means to improve students’ growth and development across all curricular areas.

Candidate Learning Outcomes:

• Candidates use and/or adapt/design qualitative and quantitative assessments that directly align with the learning goals of content in the discipline.
• Candidates organize, analyze, interpret and graphically display data on student growth.
• Candidates triangulate data from multiple sources to determine student learning and guide planning and teaching.
• Candidates use classroom-wide and individual student data to understand learning and development and to inform and adjust instruction.
• Candidates analyze student data — including pre- and post-instruction assessments — to determine the impact of their own teaching.
• Candidates demonstrate reflective and interpersonal abilities to become an active member of a data team.
• Candidates demonstrate a positive disposition toward data collection and articulate its importance in teaching and learning.

**Domain III: Cultural Competence**

We believe that cultural competence includes understanding and appreciating cultural, learner and linguistic diversity but also practicing a pedagogy that views school-family relationships as partnerships in learning.

**Candidate Learning Outcomes:**

• Candidates demonstrate deep caring, commitment and empathy for children and families of diverse cultural and socioeconomic backgrounds.
• Candidates articulate the positive influences of culture on students’ learning and development.
• Candidates demonstrate culturally responsive teaching, by incorporating the strengths, interests, histories and needs of families of diverse cultures in their planning, teaching and assessment.
• Candidates adapt teaching and learning experiences to the linguistic, social and learning styles and needs of children of diverse backgrounds.
• Candidates honor all family languages and understand the importance of preserving language as a fundamental part of culture.
• Candidates proactively promote positive cross-cultural peer relationships and openly and directly address instances of bias as they arise in the classroom.
• Candidates apply their knowledge of culture in their communication with and involvement of families in school.
• Candidates monitor and address their own cultural biases and recognize and articulate the influences of their own families and cultures on their beliefs and professional practices.

**Domain IV: Professional Practice and Leadership**

We believe that across all coursework and clinical practices, our candidates must demonstrate compassion and dedication to all students that is earnest, professional and mindful.

**Candidate Learning Outcomes:**

• Candidates demonstrate an ongoing commitment to their professional growth by engaging in continuous meaningful learning.
• Candidates continually examine their ability to design and deliver effective instruction by using feedback and evidence from students, peers and mentors to revise instructional practices and improve effectiveness.
• Candidates collaborate with their peers, school personnel, families and community members to contribute to effective school changes.
• Candidates seek leadership roles to advocate for the well-being of all learners and to advance the profession.

**Admission to the Program**

All Education teacher candidates must be formally admitted to the Teacher Education Program. Students may not enroll in professional preparation courses until after admission to the program.

The Department of Education has established a committee of faculty members, the Committee on Admission and Retention in Education (CARE), which is responsible for this admission process. This committee also monitors student progress after admission. More information on CARE policies and procedures can be found at www.easternct.edu/education/admission-care-policies/. Students interested in teacher preparation programs must apply to CARE at least one semester prior to enrolling in professional preparation courses. Undergraduate elementary teacher candidates may begin professional preparation courses in the fall semester only; the application deadline for these programs is always February 15. (If these dates fall on a weekend or holiday, then the applications would be due at the end of the following business day.)

The University has an obligation to children in the schools of Connecticut; therefore it is essential that only those teacher candidates who exhibit academic and personal qualities essential in teaching be admitted to the professional program. The University faculty and administrative staff reserve the right to refuse admission to the Teacher Education Program to those teacher candidates whose academic achievement may be satisfactory, but who are deemed by the faculty to lack the professional dispositions desirable of teachers.

For admission to the undergraduate Elementary Teacher Education Program, teacher candidates must:

• Complete or be in the process of completing EDU 200 and EDU 210, or EDU 357.
• Have an earned GPA of 3.0 or higher with a C or greater in all prerequisite coursework.
• File a formal application by the required date using TK20, which can be found at easternct.tk20.com/campustoolshighered/start.do.
• Send references from a faculty member in their academic major, a faculty member from a Liberal Arts CORE course and a professional educator to the Education Department.
• Take PRAXIS CORE or other appropriate state test. This is a University and state requirement for certification, regardless of where one completes a teacher preparation program. (Note: The PRAXIS CORE exam or other appropriate state test must be taken a full year before admission so that scores will be received by CARE before application deadlines. Students are urged to take PRAXIS CORE in the spring semester of their freshman year.)
• Satisfactorily complete a personal interview, demonstrating competencies in oral communication, with a team of faculty.
• Complete a criminal history background check and fingerprinting.
• Students beginning school in fall 2016 or later must complete 50 service hours prior to admission. Please see www.easternct.edu/education/admission-care-policies/ to find specific guidelines and to download a clock hour form to document your service hours.

Students are notified in writing when action is taken on their application. CARE recommends teacher candidates for certification after successful completion of the program.

Retention in the Program

For admissions and retention in the Teacher Education Program, teacher candidates must:
• Maintain a 3.0 GPA throughout coursework
• Earn a grade of “C” or higher in all required education courses; (see also Liberal Education/General Education Requirements section of this chapter)
• Display ethical and professional behavior in all courses and clinical experiences. All Education students must enroll in a certification program and have another subject major to receive a teaching certificate.

Clinical Experience

A clinical experience is required of all teacher candidates enrolled in CORE I and CORE II courses and it is usually scheduled for one half-day per week in a public-school setting.

Pre-student Teaching

Pre-student teaching is required in CORE III (or the semester prior to the student teaching semester). Without successfully completing pre-student teaching, a candidate cannot advance to student teaching.

Student Teaching

Student teaching is usually assigned during a student’s senior year and is a full-semester course required for teaching certification. Teacher candidates must apply to the Coordinator of Educational Experiences in the Education Department for a student-teaching placement in a regional school. Candidates must also have passed the appropriate Praxis II and other required state tests prior to student teaching. Before being assigned such a placement, a student must be admitted by CARE to the Teacher Certification Program and must have completed all Education courses.

Placement for Elementary Certification is in grades 1-6. All candidates for teaching certification are expected to have clinical experiences in urban, suburban and rural school settings.

Teacher Candidates with Disabilities

In order to be certified in the State of Connecticut all teachers must demonstrate mastery of the Connecticut Teaching Competencies. The Education Department at Eastern Connecticut State University does not discriminate against teacher candidates with disabilities. In the absence of a formal program at Eastern to address the needs of teacher candidates with disabilities, the Education Department is prepared to make “reasonable accommodations” for teacher candidates who are admitted into the program. In order that appropriate accommodations may be planned, teacher candidates in need of special supports are encouraged to inform CARE as early as possible and to consult with Eastern’s Office of AccessAbility Services.

Certification requirements are continually modified by the Connecticut State Department of Education. Below are examples of some changes:

Academic Major

Since 1993, the State of Connecticut has required that those receiving a certificate must have a subject-matter major outside of education. Elementary teacher candidates at Eastern may major in any discipline except psychology, sociology or a major in a physical education field.
Liberal Arts/General Education Requirements for Elementary Majors

The State of Connecticut requires that those receiving a teaching certificate have a diverse general education background in liberal arts courses. The following requirements must be met by undergraduate liberal arts courses with a grade of C or above.

- Physical or Earth Science (one with a lab) ........................................ 3 or 4
- Biological Science (one with a lab) ..................................................... 3 or 4
- MAT 139 (not required for MAT majors or minors) ........................... 3
- MAT 140 (not required for MAT majors or minors) ........................... 3
- English (six hours above ENG 100) .................................................... 6
- Social Science (PSY 206 or PSY 208 recommended) ......................... 3
- United States History (HIS 120, 121, 310 or other approved) ............ 3
- U.S. History survey course)
- Arts ............................................. 3
- Foreign Language (if not met in high school) ..................................... 6
- Health Dynamics (HPE 201 or HPE 210) .......................................... 1 or 3

Connecticut’s Common CORE of Teaching

Standards for teaching are set by the profession and by the State of Connecticut and are outlined in the Connecticut Common CORE of Teaching (CCCT) Standards. These competencies are aligned with the Education Unit’s Candidate Teacher Outcomes. Teacher candidates’ success during the University program and initial years of teaching will be assessed using these competencies, which are reflected in the certification program objectives. Teacher candidates will be given opportunities to practice and master these throughout the program.

Praxis II

PRAXIS II, an exam that measures mastery of knowledge and skills critical to teaching in one’s area of specialization, is administered to all prospective teachers before a teaching certificate is recommended. Additionally, Elementary Education candidates must pass the Connecticut Foundations of Reading Test before teacher certification is recommended.

The Elementary Education Certification is a major program and results in a Bachelor of Science (B.S.) and a double major in an academic area.

Certification at the Graduate Level

Post-baccalaureate teacher candidates may consider pursuing Elementary Education (1-6) Certification within a Master of Science (M.S.) program. Information on these programs may be found in the Graduate Division section of this catalog and through advisement in the Education Department office.

Initial Educator Certificate

After completion of a certification program, including demonstrated mastery of required teaching competency and upon successful performance on the PRAXIS II exam and the Foundations of Reading test, elementary teacher candidates are awarded an Initial Educator Certificate. During the first years of teaching, the new teacher participates in an induction program.

Elementary Education Major (B.S.)

This program is designed to prepare entry-level professionals to teach in elementary school classrooms. Elementary Education Certification at Eastern requires a major in an academic subject other than Education, Psychology, Sociology or Physical Education and the completion of the professional preparation courses listed in the following recommended course sequence. Teacher candidates must complete the general education courses required for certification as outlined on previous pages.

The Elementary Education Certification program at Eastern begins during the fall semester each year. Teacher candidates must apply to the CARE Committee by February 15 for acceptance into that academic year’s program.

Teacher candidates will complete the following professional courses:
- Prerequisite courses must be completed prior to admission into the program.

Professional Preparation Courses

Note: The following courses may only be taken after admission by CARE and are taken simultaneously in units.

Curriculum Courses:

The following courses are to be taken as a “block” or “CORE” and are designed to be taken consecutively, one “CORE” per semester, after admittance to the Undergraduate Elementary Education Teacher Certification Program. The COREs should be taken during the last four semesters of a student’s bachelor’s program when the student has almost completed all major requirements as well as general education requirements.
CORE I (taken as a block) (fall only) 10

EDU 301 Clinical Experience – CORE I .......................... 1
EDU 304 Learning and Teaching in Elementary Classrooms .... 3
EDU 307 Inclusive Elementary Classrooms ......................... 3
EDU 316 Foundations of Literacy ................................ 3

CORE II (taken as a block) (spring only) 11

EDU 401 Clinical Experience – CORE II .......................... 1
EDU 404 Educational Assessment .................................. 3
EDU 405 Second Language Acquisition and Strategies ....... 1
EDU 412 Methods in Elementary Social Studies .............. 3
EDU 417 Application of Literacy and Language Arts .......... 3

CORE III (taken as a block) (fall only) 9

EDU 411 Methods in Elementary Mathematics ................. 3
EDU 413 Methods in Elementary Science .................... 3
EDU 450 Pre-Student Teaching ................................. 3

Licensure Exams: Candidates are required to pass the PRAXIS II Elementary Education Multiple Subjects tests before they can student teach. Candidates must pass another PRAXIS II exam, Principles of Learning and Teaching K-6 and the Foundation of Reading Test prior to completion of student teaching. Official passing scores on PRAXIS II tests and the Foundation of Reading Test, or receipt of registrations for taking these exams, must accompany student teaching application. For more information on the Connecticut Foundations of Reading Test see www.ct.nesinc.com. For the appropriate multiple subjects PRAXIS II exam test numbers, please see www.ets.org/praxis/ct/requirements.

CORE IV (taken as a block) (spring only) 9-12

EDU 465 Classroom Management and Assessment in the Elementary School 3
EDU 470 Student Teaching (Elementary Schools) ............. 6-9

Certification

After completion of the program described above, teacher candidates will apply for certification in elementary education (grades 1-6).

Honors

Kappa Delta Pi, an international honor society in education, elects to membership those who exhibit the ideals of scholarship, high personal standards and promise in teaching and allied professions. Eastern Connecticut State University's chapter, Epsilon Nu, was founded on April 13, 1943 as the 133rd chapter of the society.

ENGLISH

English Department

Department Chair: Steve Ferruci
Associate Chair: Kenneth McNeil
Requirements accurate as of August 1, 2023
See academic program web pages at www.easternct.edu for updates.

Objectives

The major in English is designed to develop students’ understanding of the complexity and versatility of the English language and to cultivate skill in critical and creative thinking, writing and research. In addition to a small set of CORE courses, students in the English major may choose to continue exploring the breadth of this field in the General English Studies program, or if they wish, they may choose from a number of different concentrations (described below). What all of these options have in common is a careful engagement with the varied and multiple ways that language is used, whether as a medium of persuasion or of artistic expression. Readings are selected for literature and language courses because they broaden our perspective on the world, human values and personal and community life, requiring us to come to terms with uncertainties, value judgments and emotions. English majors learn how to read situations, interpret details, detect meaningful patterns, evaluate competing points of view, examine cultural perspectives and form insightful questions. Responding to complex texts helps students sharpen their thinking and develop their capacity to communicate ideas with nuance and precision. The habits of mind that English majors develop—analytical
acumen, attention to detail, sensitivity to tone and clarity of thought and expression—prepare students for success in a variety of fields, from medicine to law, philosophy to commerce, diplomacy to applied technology, as well as to success in the creative arts and education.

Admission to the Program

There are no general requirements for admission to the English degree program. Prospective English majors apply to the Department Chair to discuss their level of previous experience and their individual areas of interest. Because of the variety of course offerings and the flexibility of the English curriculum, it is especially important that students majoring in English work out a program of study suitable to their current interests and future plans, with the assistance of a faculty advisor.

Degree Requirements

Students must receive a grade of C or higher in all courses being counted toward major requirements.

The minimum requirements for the major total 42 ENG credits beyond the Liberal Arts CORE, with these exceptions:

- ENG 202 Introduction to English Studies substitutes for Liberal Arts CORE Tier 1 Literature and Thought.
- Any ENG course in the Creative Expressions and Cultural Perspectives categories of Tier 2 may be counted for both the Liberal Arts CORE and the English major.
- Credits for ENG 100 or ENG 100P College Writing cannot be used as part of the 42 credits required for the English major.

I. Required Gateway Courses: 9 credits

ENG 202* Introduction to English Studies

And two of the following writing-intensive courses (as specified in concentration requirements):

ENG 203^ Introduction to Writing Literary Criticism

ENG 204^ Introduction to Writing Studies

ENG 205***^ Introduction to Creative Writing

II. General English Studies or Concentration Requirements: 15-18 credits

Students majoring in English may choose to pursue the 15-credit General English Studies option or an 18-credit concentration in any of several areas: Creative Writing; Cultural Studies; English for Early Childhood or Elementary Education; English for Secondary Education; Literary Studies; or Rhetoric and Composition. A student with a clearly defined interest that isn’t comprehended by any of these concentrations may propose an individualized Student-Designed concentration. Students may pursue multiple concentrations by fulfilling the requirements of each (up to 6 credits may be counted for more than one concentration). The requirements of each of these options are described below. Students must complete a total of 42 credits to complete the English major, no matter which of the options they choose.

III. Electives: 9-15 credits

Students are encouraged to use their electives to explore courses in concentrations other than the one they have chosen. They are encouraged to study with as many faculty members as possible.

IV. Capstone: 3-6 credits

For their capstone experience, students should examine a topic related in some way to their declared concentration. English majors have three options for the capstone requirement, all of which satisfy the third level University Writing requirement and the Liberal Arts CORE Tier 3 Independent Inquiry requirement:

ENG 461/462^^ Capstone Seminar (6 credits)

or

ENG 499^^ Directed Research (3-6 credits)

or

HON 380/488 Directed Honors Research and Thesis (6 credits) for English majors in the Honors program who complete a project with an English professor, with approval of the Department Chair:

Total credits for the English major ........................................... 42

V. Exit Portfolio

English majors must complete a non-graded exit portfolio in order to graduate. Details of the exit portfolio requirement are available in the department office and at the department web site. The Department Chair will report completion of the exit portfolio to the Registrar. Portfolios are due no later than the Friday of the final exam week if students expect to graduate at the end of the semester.
Concentration Requirements in the English Major

GENERAL ENGLISH STUDIES

All students declaring the English major are automatically enrolled in the General English Studies program unless and until they formally declare one of the concentration options listed below. The General English Studies program allows students to explore the expanse of English studies, sampling courses from all the concentration areas and developing a breadth of knowledge in this diverse field of study.

Category V: Creative Writing

Choose one (1):
- ENG 207 Forms in Creative Writing
- ENG 209 Writing for Children and Young Adults
- ENG 301 Writing Fiction
- ENG 302 Writing Poetry
- ENG 305 Composing Digital Narratives
- ENG 308 Playwriting
- ENG 353 Storytelling
- ENG 369 Cultural Studies & Creative Writing
- ENG 372 Creative Writing Abroad
- ENG 376 Advanced Forms, Theory and Practice in Creative Writing
- ENG 380 Creative Nonfiction

Certain sections of ENG 365 Topics in Literature or Language or ENG 373 Introductory Topics in Rhetoric and Composition may be designated as meeting course requirements in the categories above. Students should see the Department Chair or department website for more information.

CREATIVE WRITING CONCENTRATION

This concentration enables students to gain an in-depth understanding of the creative writing process through the writing and revising of original poetry, fiction, creative nonfiction and drama. Coursework will foster the development of voice, knowledge of craft and ability to read literary work from a writer's perspective. In addition to working closely with Eastern's published faculty, students will have access to frequent visiting writers of international acclaim. Other opportunities include pre-professional coursework and internships in editing and publishing as well as global field course to study creative writing abroad. As a complement to their courses in the craft of writing, students pursuing the Creative Writing concentration are required to take at least one literature course (preferably early in their coursework) and are encouraged to take others as part of the English major. Students should consider courses in literature from a variety of genres, areas and periods.

Writing Intensive Gateway

ENG 205 Introduction to Creative Writing

Choose one (1):

ENG 495 Internship in Writing and Editing ......................... 1-6

Certain sections of ENG 365 Topics in Literature or Language may be designated as meeting a requirement in one or more of the above categories. Students should see the Department Chair: or department website for more information.

CULTURAL STUDIES CONCENTRATION

The Cultural Studies concentration offers an opportunity to examine texts using an approach focused on the study of cultural formations and their effects. The theory and praxis of Cultural Studies will link the courses in this concentration, so that a connecting thread will be a close examination of power, agency, subjectivity and how gender, race and class produce and reflect our exploration of different texts.

Certain sections of ENG 265 Topics in Language and of ENG 373 Introductory Topics in Rhetoric and Composition may be designated as meeting course requirements in the Cultural Studies concentration. Students should see the Department Chair: or department website for more information.

Students in the Cultural Studies concentration are strongly encouraged to include courses in Rhetoric and Composition among their electives.

---

**ENGLISH FOR EARLY CHILDHOOD OR ELEMENTARY EDUCATION CONCENTRATION**

This concentration is designed for English majors who want to pursue a career in teaching at the preschool or elementary levels. While English majors who pursue other concentrations can certainly become certified teachers, this concentration assembles a group of courses that the English department believes best prepare students for success both in their own future classrooms and on certification examinations. Students pursuing Early Childhood or Elementary Education may also wish to consider the Liberal Studies major with a concentration in English and coursework in mathematics, science and history/social science. For more information, see [www.easternct.edu/english/liberal-studies-major/](http://www.easternct.edu/english/liberal-studies-major/).

**Writing Intensive Gateway**

- ENG 203^ Introduction to Writing Literary Criticism 3
- ENG 204^ Introduction to Writing Studies 3

**Analysis and Literature**

- ENG 130 Literary Analysis 3
- ENG 223 Survey of American Literature 3
- ENG 328 Children's Literature 3
- ENG 338 Linguistic Analysis 3

**Creative Writing**

ENG 241*** Critical and Creative Thinking ................. 3
ENG 353*** Storytelling .................................. 3
ENG 369*** Cultural Studies and Creative Writing ........... 3
ENG 372 Creative Writing Abroad .......................... 3
ENG 380 Creative Nonfiction ............................... 3
ENG 480 Independent Study (when topically appropriate) .... 3

Reading Culture

Choose one (1):

ENG 242 Literature and Cultural Studies ..................... 3
ENG 252** Literature and Culture of the Harlem Renaissance 3
ENG 255 African American Literature ...................... 3
ENG 256 Native American Literature ....................... 3
ENG 258 Asian American Literature ....................... 3
ENG 259** Chicano/Chicana Literature and Culture ........... 3
ENG 310 Contemporary African American Poetry .......... 3
ENG 313 Native American Novel ............................. 3
ENG 314 Indigenous Studies ................................ 3
ENG 352 Lesbian Literature ................................ 3
ENG 356 Women Writers to 1900 .......................... 3
ENG 357 20th Century Women Writers ...................... 3

Students may also count independent studies (ENG 480) on appropriate topics towards the completion of their concentration requirements.

Students pursuing the English for Early Childhood or Elementary Education concentration are encouraged to take one or more elective classes in Rhetoric and Composition.

ENGLISH FOR SECONDARY EDUCATION CONCENTRATION

This concentration is designed for English majors who want to pursue a career in teaching at the secondary level. While English majors who pursue other concentrations can certainly become teachers, this concentration assembles a group of courses that the English department believes best prepare students for success both in their own future classrooms and on certification examinations.

Students who intend to pursue secondary certification are not required to complete this concentration, but should they choose a different concentration, they must complete ENG 329, 340, 341 and any survey course (ENG 212, 231, 214, 215, 223, or 356) in order to meet state teacher certification requirements. If these courses are not included among the requirements for a student's chose concentration, the student may use them to complete their English electives.

Writing Intensive Gateway

ENG 203^ Introduction to Writing Literary Criticism .......... 3

- ENG 215 English Literature from 1798 ........................ 3

Students pursuing the English for Secondary Education concentration are encouraged to either ENG 335 Shakespeare’s Comedies or ENG 336 Shakespeare’s Tragedies and one or more classes in Rhetoric and Composition for their major electives.

**LITERARY STUDIES CONCENTRATION**

The concentration in Literary Studies invites students to study literature as an imaginative artifact conditioned by history, culture and society. Students read various literary genres such as poetry, prose and drama with sensitivity to literary and rhetorical devices, as well as aesthetic features, in order to understand how a text produces meaning and how an interpretation is shaped by a community of readers. Given details form the imagined world of the literary text, students engage with ambiguity, draw inferences, employ critical terminology and ultimately shape persuasive analytic reading in response to the patterns, representations and ideas found in these works.

ENG 359 The Lord of the Rings .............................. 3

IV. Electives with the Literary Studies Concentration
Choose any three additional literature courses listed above (9 credits).

Sections of ENG 365 Topics in Literature or Language may be designated as fulfilling different categories in the Literary Studies concentration. Students may count multiple sections of ENG 365 towards the completion of their concentration requirements, provided that those sections are on different topics.

RHETORIC AND COMPOSITION CONCENTRATION

The Rhetoric and Composition concentration provides students with a thorough foundation in the subfields of rhetorical theory and composition studies. Rhetoric is a field with deep roots in the Western academic tradition. Aristotle defines it as “the faculty of observing in any given case the available means of persuasion.” The study of rhetoric prepares students to be careful and critical readers and producers of texts (political arguments, film, literature, advertisements, social media, cultural movements, etc.). Composition studies, whose roots are in rhetoric, focuses on understanding the literacy practices of various groups (e.g., fifth grades, book clubs, advocacy groups and scientists) and theories and practices of teaching writing in various contexts (e.g., college classrooms, writing centers, prisons and community centers). Through coursework in composition studies, students gain greater critical understanding of the processes they and others use to write and develop strategies for improving their own writing and helping others to develop as writers as well.

Writing Intensive Gateway

ENG 204^ Introduction to Writing Studies ...................... 3
Choose one (1) course:

ENG 203\(^\wedge\) Introduction to Writing Literary Criticism ............... 3
ENG 205\(^{***}\) Introduction to Creative Writing ....................... 3

**Required Courses**

Choose two (2) courses:

ENG 206 Digital Composition ........................................ 4
ENG 271\(^{**}\) Classical Rhetoric, Modern Contexts ............... 3
ENG 272 Introduction to Rhetorical Criticism ....................... 3
ENG 273 Introductory Topics in Rhetoric and Composition .... 3

Choose four (4) courses:

ENG 300 Business and Technical Writing ............................ 3
ENG 305 Composing Digital Narratives .............................. 3
ENG 306 Digital Rhetorics .............................................. 3
ENG 362 Writing for Digital Environments ........................... 3
ENG 370 Composition Theory and Pedagogy .......................... 3
ENG 371 Rhetoric and Cultural Studies .............................. 3
ENG 373 Studies in Rhetoric and Composition ....................... 3
ENG 374 Rhetoric of the Hollywood Film ............................ 3
ENG 380 Creative Nonfiction Writing the Private and Public "I" ... 3
ENG 393 Chicana and Latinx Rhetoric ................................. 3

Students may count multiples sections of ENG 373, Studies in Rhetoric and Composition to complete their concentration, provided that those sections are on different topics.

Internships in tutoring writing (either in the Writing Center or for sections of College Writing Plus) taken for academic credit may not be counted toward the Rhetoric and Composition concentration but may be counted as electives in the English major.

**Student-Designed Concentration**

Students with a well-developed area of interest that does not fit comfortably within any of the English department’s defined concentrations may opt to design their own concentrations in consultation with a faculty advisor. Students pursuing a self-designed concentration must complete the gateway coursework required of all English majors (ENG 202 plus two writing intensive English courses in different areas) as well as a capstone experience (either the two-semester sequence of ENG 461 and 462 or an independent ENG 499; students in the University Honors program may substitute HON 380/488).

While the English department does not offer specific prescriptions as to what form a student-designed concentration must take, students should work in close collaboration with their faculty advisor to ensure that their proposed courses of study addresses the goals that the department has set for all majors. A student-designed concentration must consist entirely of English courses, though students are encouraged to choose electives in other fields that complement their concentration. Students wishing to pursue interdisciplinary work that cannot be adequately addressed by English course alone should consider the university’s option for an individualized major.

\*Approved substitution to meet Liberal Arts CORE Tier I Social Sciences  
**Approved reuse to meet Liberal Arts CORE Tier II Cultural Perspectives  
***Approved reuse to meet the Liberal Arts CORE Tier II Creative Expression  
\^Meets Stage 2 University Writing Requirement  
\^^Meets Stage 3 University Writing Requirement

**English Honors**

English majors with at least 60 credits and a GPA of at least 3.7 in the major who have both the aptitude and the motivation to carry out advanced independent work may ask to be considered for English Honors. Applicants must submit a letter of intent to the Department Chair: explaining their interest in pursuing English Honors and must also provide two letters of recommendation from English faculty at Eastern.

English Honors students will normally begin their senior capstone coursework in their junior year (though other arrangements are possible for transfer students who began their careers at Eastern as juniors). Following completion of the capstone, English Honors students will enroll in ENG 485 and write an honors thesis, under the direction of a faculty advisor, in which they either expand their capstone project (from ENG 462, ENG 499, or HON 488) or pursue a new advanced topic of their own devising. An important final component of the process is a presentation during which the student will be expected to discuss his or her research with an English class or with a committee of faculty.
The Environmental Earth Science (EES) major provides a broad-based education in environmental earth science with a strong foundation in geoscience. The curriculum stresses the materials, processes and features of the earth and the ways in which earth scientists address environmental problems. The student selects one track to follow. Courses in chemistry, physics, mathematics and computing are integrated into the major to provide the diverse background necessary for analyzing environmental problems.

The Environmental Earth Science track is designed for students interested in careers or graduate school in the geosciences. The General Earth Science track is appropriate for students interested in graduate school in energy science or careers dealing with the impact of energy consumption on humans and the natural environment. The Environmental Science track is designed for students interested in careers and graduate study in environmental and ecological science, environmental health, environmental policy and environmental remediation and conservation science. The Sustainable Energy Science track is appropriate for students interested in graduate school in energy science or careers dealing with the impact of energy consumption on humans and the natural environment. Other required and elective courses allow individual EES majors to pursue environmental science subjects that connect with their academic and career interests. In addition to formal coursework, independent studies and internships offer students the opportunity to integrate field, laboratory, technical writing and/or computer skills in the investigation of environmental problems.

The department also offers minors in environmental earth science, environmental health science, environmental science, geographic information systems (GIS), geomorphology, hydrogeology and sustainable energy studies. The environmental health minor explores the interrelationship between human health and the environment. The international science minor explores the interrelationship between human health and the environment. The GIS minor enables students to apply their earth science education to environmental problems using an advanced computer modeling system. The geomorphology minor strengthens a student’s ability to observe, measure and analyze earth-surface processes and landforms. The hydrogeology minor is especially helpful to those anticipating future involvement in water resource and pollution projects. The sustainable energy studies minor evaluates alternative energy sources.

The department’s primary objective is to prepare its majors for positions as environmental technicians/geoscientists, environmental analysts or earth science teachers. The department also encourages its majors to pursue graduate studies.

Please consult www.easternct.edu/environmentalearthscience for updates to this catalog.

Degree Requirements

To graduate with a degree in Earth Science, students must have a minimum cumulative GPA of 2.0 in courses required for the major. No science or math courses required for the major may be taken on a credit/no-credit basis.

ENVIRONMENTAL EARTH SCIENCE CONCENTRATION

CORE Requirements

**Gateway**

- EES 104\** - Dynamic Earth with Laboratory 4

**Introductory**

- EES 130\^ - Ancient Environments with Laboratory 4
- EES 224\**** - Landform Analysis with Laboratory 4

FINANCE

Economics and Finance Department

Department Chair: Steve Muchiri
Requirements accurate as of August 1, 2023
See academic program web pages at www.easternct.edu for updates.

The goal of the Finance program at Eastern is to graduate students who understand the impact of finance issues on business, society and government affairs. The Finance program exposes students to the CORE areas of finance, develops your communication skills and enhances students’ ability to ethically solve complex problems in a private, public, or nonprofit organization. Eastern finance graduates acquire distinctive integration of quantitative, critical thinking and creative problem-solving skills and knowledge of finance to effectively work in the environments of their choosing. Recent graduates have been much in demand and hold positions in brokerage firms, insurance companies, the foreign exchange trading firms and the banking industry.

GPA Requirements

A Finance major whose cumulative GPA falls below 2.5 for two consecutive semesters will be dismissed from the program.

Transfer Policy

The Economics and Finance Department extends a warm welcome to transfer students from within Connecticut and from other states and countries. Check with one of our advisors on all transfer questions related to the major. Our department residency requirement is 24 credits.

GENERAL STUDIES

Bachelor of General Studies Degree Program (B.G.S.)

The Bachelor of General Studies (B.G.S.) is a flexible degree program offered at Eastern and is available to both full-time and part-time students. In order to be eligible for the B.G.S. program, students must have completed 60 or more credits. Upon entry to the B.G.S. program, each student completes a plan of study with a professional advisor. This plan must be submitted and approved by the coordinator of the B.G.S. program and the associated Dean. The student's proposed plan of study will ensure that all degree and University requirements will be met.

Degree completion requires 120 credits; a minimum of 30 of these credits must be taken at Eastern. Transfer credits from other colleges and universities can be incorporated into the B.G.S. degree.

Credits may be earned through one or a combination of nontraditional learning programs such as Eastern's Credit for Lifelong Learning Program, CLEP (College Level Examination Program), the DSST testing program and the American Council on Education (ACE) credits for military training.

For further information about the B.G.S. program, contact the Advising Center at (860) 465-4526.

Requirements for the Bachelor of General Studies Degree

- Liberal Arts CORE (LAC) Curriculum .................. up to 46 credits

Note: The LAC Tier I requirement is waived for new students transferring 60 or more credits, provided that those credits include a minimum of 27 credits of liberal arts and sciences coursework including a math course above College Algebra and English Composition. A minimum of two Tier II LAC courses in different categories must be completed at Eastern. The LAC Tier III requirement must also be completed at Eastern.

- B.G.S. Major Concentration ................................. 30 credits

Note: A minimum of 15 credits in the major concentration must be taken from Eastern; also a minimum of 15 credits in the major concentration must be numbered 300-level or higher.

- B.G.S. Minor Concentration ............................. 15 credits

Electives as needed

Total minimum for the B.G.S. degree ...................... 120 credits

Additional University Requirements for the Bachelor of General Studies degree:

University Writing Requirements

Students entering Eastern with fewer than 75 credits must satisfy all three stages of the University Writing Requirements.

Upper Division Requirement

Of the 120 credits for the baccalaureate degree, 60 must be in courses numbered 200 or higher and at least 30 credits must be at 300-level or higher.

Residency Requirement

Eastern Connecticut State University requires that a minimum of 30 credits be taken at Eastern.

Honors Residency Requirement

Students graduating with a cumulative grade point average of 3.5 or higher who have completed a minimum of 45 credits in residence at Eastern are eligible for university honors of cum laude, magna cum laude or summa cum laude. Students graduating with less than 45 credits in residence receive the Dean's Distinction Award.
HEALTH SCIENCES

Health Sciences and Nursing Department

Department Chair: Yaw Nsiah
Associate Chair: Amy Bataille

Requirements accurate as of August 1, 2023
See academic program web pages at www.easternct.edu for updates.

Objectives
Health Sciences Major (HSC) consists of three main concentrations: Public Health, Allied Health, Exercise and Sport Science. It is designed to build upon supporting courses in chemistry, mathematics, kinesiology and physical education, biology, sociology, health informatics, healthcare management and psychology to prepare students for careers in the healthcare field. Much of the coursework utilizes the scientific method and emphasizes skills in analysis, evaluation and critical thinking. Students are prepared to demonstrate their ability to use appropriate scientific equipment and familiarity with the standard array of lab techniques. This is accomplished by offering upper level courses that are more focused, with emphasis on health-related and physiologically based topics.

The HSC major prepares students for entrance into graduate schools and professional health schools, such as but no limited to physical therapy, occupational therapy, public health, nursing and physician assistant. It provides students with practical skills that can qualify them for entry-level positions in scientific and health-related occupations. In addition, this major prepares students to demonstrate ability to integrate community service with career advising, student involvement, leadership development, recreation and other extracurricular opportunities.

Program facilities in Eastern’s state-of-the-art Science Building include an Anatomage Virtual Human Dissection Table and other specialized labs. The only program of its kind within the Connecticut State University system, the HSC Major offers seamless transfer from a number of Connecticut Community College programs, via the Transfer Articulation Pathway (TAP).

Students from outside the major may be interested in a variety of minor programs offered by our department: Public Health, Allied Health, Sport Coaching, Paramedic Science and Medical Interpretation in Spanish. Students can also take selected courses that prepare them for licensure as an Emergency Medical Technician or a Strength and Conditioning professional.

Degree Requirements
The major curriculum consists of a common CORE group of courses following by specific course work in a selected area of concentration for a total of 51-58 credits.

HISTORY

History Department

Department Chair: Caitlin Carenen
Assistant Chair: Scott Moore
Requirements accurate as of August 1, 2023
See academic program web pages at www.easternct.edu for updates.

Objectives

The liberal arts History major is planned to achieve several goals:
1. To achieve an understanding of the historical background of modern society, politics, economics and culture
2. To prepare for higher-level professional training and teaching
3. To cultivate active skills in research and writing

The history major stresses the development of those research and writing techniques which, although developed by historians, have found application in innumerable other occupations and disciplines – education, law and government, journalism, social work, business and industrial research, museum and archival work. Combining history with an American Studies concentration provides students the opportunity to pursue a multidisciplinary course of study, which focuses on American life and culture.

Admission to the Program

All students who wish to request admission to the History or History and Social Science major must contact the chairperson of the department to declare their major and to initiate steps toward developing a plan of study.

Transfer students who wish to graduate from Eastern with a History or History and Social Science major must take a minimum of 15 credits of history courses at the University. They must also meet all of the specific requirements for either major whether with transferred or Eastern courses. Transfer students will be evaluated individually to determine their program.

All majors in both programs must receive a 2.0 or better in each course required for the major, including courses in the social sciences or related areas other than history. Transfer students and new majors with 60 credits or more may substitute upper division courses for lower division requirements with the consent of their advisor and the chair. All students taking 300 or 400-level courses should first complete HIS 200.

Degree Requirements

B.A. HISTORY, NO CONCENTRATION

Required Courses

HIS 101 History Professionalism ............................................. 1
HIS 120* The Early American Experience, 1607-1877 ............. 3
HIS 121* The Recent American Experience, 1877 – present ...... 3
HIS 200^ Historical Research and Writing ............................. 4
HIS 230** European History Before 1500. ......................... 3
HIS 231** European History Since 1500 ............................... 3

Major Electives

Complete 18 credits.
A minimum of six history electives at the 200, 300 and 400-level. A maximum to two of these electives may be taken at the 200-level. Majors are encouraged to take a broad range of electives in European, American and non-Western history.

Seminar^^ One seminar (HIS 400, 406, 407, or 420). This satisfies the university requirement for a writing-intensive course.
American Studies Concentration

History with concentration in American Studies provides options to diversify the study of American society and culture by choosing a variety of courses in US history and literature, art, political science, sociology and other disciplines that study the United States in its broadest aspects.

History with American Studies concentration is a flexible program, which allows you to pursue interests in American history and culture, while preparing for a career. History/American Studies graduates often seek certification in Elementary, Middle School and Secondary Education. They also enter graduate school in a variety of fields, including law. Other areas include government and public service, public history, journalism and publishing and library science.

**Required Courses**

- HIS 101 History Professionalism .............................. 1
- HIS 120* The Early American Experience, 1607-1877 ........ 3
- Or
- HIS 121* The Recent American Experience, 1877 – present ........ 3
- AMS/HIS 251*** Introduction to American Society ............. 3
- HIS 200^ Historical Research and Writing .......................... 4

**History Electives**

A minimum of five history electives at the 200-level or above (Excluding HIS 310); at least three of which must be U.S. History and at least three of which must be at the 300-level.

**American Studies Electives**

Three American Studies electives from the approved list or approved by the coordinator for American Studies.

Seminar^^ Choose one (1):

- HIS 420 Seminar in American Civilization .......................... 4
- HIS 400 Seminar in U.S. History ...................................... 4

*Approved reuse to meet Liberal Arts CORE Tier I Historical Perspectives  **Approved reuse to meet Liberal Arts CORE Tier II Cultural Perspectives

Required Courses

HIS 101 History Professionalization ................. 1
HIS 200^ Historical Research and Writing .......... 4
Choose one (1): 3
  HIS 115 Intro Early World History
  HIS 116 Modern World History
Choose one (1): 3
  HIS 120* The Early American Experience, 1607-1877
  HIS 121* The Recent American Experience, 1877-present
Choose one (1): 3
  HIS 230** European History Before 1500
  HIS 231** European History Since 1500

History Electives

Complete 15 credits of History courses.
Only one of these electives may be taken at the 200-level. Two of these electives must be in courses with substantial United States content (excluding HIS 310); two must be in courses with significant course content covering parts of the world other than the U.S. (Europe, Asia, or Latin America). The fifth elective may come from any area. Students with questions about course selection should check with the History Department or with their major advisor.

Social Science Electives

Complete 12 credits of Social Science Electives.
Majors select four courses from the following disciplines. Students seeking certification as secondary school teachers should select courses from at least four different disciplines and should consult their academic advisors about appropriate courses to meet current state certification requirements.

Anthropology  Economics  Geography
Political Science  Psychology  Sociology
Seminar\^\^ One seminar (HIS 400, 406, 407, or 420). This fulfills the University requirement for a writing-intensive course. This seminar also fulfills the LAC Tier III: Independent Study.

*Approved reuse to meet Liberal Arts CORE Tier I Historical Perspectives  **Approved reuse to meet Liberal Arts CORE Tier II Cultural Perspectives  ^*Meets Stage 2 University Writing Requirement  ^^*Meets Stage 3 University Writing Requirement

INDIVIDUALIZED MAJOR

Requirements accurate as of August 1, 2023

See academic program web pages at www.easternct.edu for updates.

The Individualized Major plan is a student’s self-designed interdisciplinary plan of study, which consists of courses from two or more disciplines and results in a B.A. or B.S. degree. The self-designed plan of study allows the student to take courses in areas that naturally complement each other in today’s workplace and develop a strong educational base in at least one subject to facilitate entrance into a graduate program.

The goals of an individualized major are to (a) enhance a student’s ability to integrate method and content from two or more academic disciplines while meeting his/her educational interests and career objectives and (b) provide the student with flexible career
skills to meet the challenges of a society undergoing rapid technological change. Students who choose to develop an individualized major must demonstrate their ability to gain proficiency in the chosen fields of study. Students must have a minimum 2.7 GPA to apply for the individualized major and must obtain a minimum grade of C in courses counted towards the major.

The individualized major consists of at least 36 credits, a majority at the 300-level or higher, taken in two or more disciplines. At least 18 of the 36 credits should come from one discipline and consist of courses designed for departmental majors. Students may apply no more than six credits of independent study/internships/field placement coursework towards the 36 credits in the major. The independent study should be directly related to and reflecting the interdisciplinary theme of the proposed plan of study.

Students completing an individualized major can receive either a B.A. or a B.S., which will appear on the student’s transcript as “B.S. (or B.A.) — Individualized Major in (insert here title of major’s focus as indicated on the student’s Plan of Study).” The discipline in which the student proposes to take the most credits in his/her plan of study determines whether the student receives a B.S. or B.A. and indicates from which School the student will receive the degree. The discipline acts as a “home department” for the student. The student must take or have previous credit for any courses that are Prerequisites for courses listed in his/her Individualized Major Plan of Study. The responsibility of fulfilling University and individualized major graduation requirements rests with the student, who must follow all University guidelines for degree applications and graduation.

A student planning to pursue an Individualized Major must develop a plan of study that consists of at least 36 credits in at least two or more disciplines (see Eligibility Requirements below); select two faculty advisors (one from each of the disciplines in which most credits will be obtained, as outlined by the proposed plan of study) to supervise the student’s progress until completion; and submit the proposed plan of study for review and approval to:

- His/her faculty advisor
- Each department in which the student is taking 15 or more credits towards the major and
- The dean of his/her school who will forward the original to the Registrar’s Office.
- In the event revisions or changes are required, the student must file an Amendment/Substitution Form to the Individualized Major Plan with signatures of faculty advisors and the dean.

The dean informs the student of whether the plan of study has been approved and of any modifications recommended by the reviewers, before the end of the semester following submission of the proposed plan of study.

Eligibility requirements for a student pursuing an Individualized Major include:

- File a plan of study with the Registrar’s Office no later than the end of the semester in which he/she has accumulated 60 credit hours
- If admitted to Eastern as a transfer student with 60 credits or more, he/she must file a plan of study with the Registrar’s Office no later than the end of the second semester of enrollment
- If a student selects an individualized major as a double major, he/she must declare the individualized major by the completion of 76 credits and the plan of study cannot include courses that would also count toward the other major and
- In no case will an individualized major be approved in the final semester of a student’s attendance.

LABOR AND HUMAN RESOURCES

Economics and Finance Department

Department Chair: Steve Muchiri
Program Coordinator: Steve Muchiri
Requirements accurate as of August 1, 2023
See academic program web pages at www.easternct.edu for updates.

Objectives

Labor and Human Resources (LHR) majors study work and the employment relationship from the perspectives of several disciplines. By providing a broad foundation of theoretical and professional knowledge, the program prepares students for careers in labor relations, human resource management, policy analysis and management, as well as graduate study or law school.

Admission to Program

There are no admission requirements for the major. Students who wish to major in LHR should contact the Program Coordinator.

Degree Requirements

LHR students take courses totaling 39 credits from a variety of departments with at least nine credits taken from each of four groupings of courses.
Prerequisites for the LHRM Major

The Prerequisites for LRHRM courses do not count toward the 39 credits for the major.

ECO 200 Introductory Macroeconomics ......................... 3
ECO 201 Introductory Microeconomics ......................... 3
PSY 100 General Psychology ...................................... 3
ECO 215 Statistics for Business and Economics .............. 3
BUS 201 Principles of Management ............................. 3

Required Courses (18 credits):

ECO 429 Political Economy of Labor Relations ............... 3
ECO 330 Labor Economics and Inequality ...................... 3
ECO 333 Health Economics ....................................... 3
BUS 330 Labor Relations and Employment Law ................ 3
BUS 333 Human Resource Management .......................... 3
PSY 303 Industrial and Organizational Psychology .......... 3

ECO 429 is taken by all LHR majors to satisfy Stage 3 of the University Writing Requirement. Three credits of an internship course (LHR 490) may be applied to the required 39 credits.

Business Administration Elective

Choose one (1) course (3 credits):

BUS 331 Organizational Behavior ................................. 3
BUS 332 Management of Organizations .......................... 3
BUS 433 Strategic Talent Management ........................... 3
BUS 436 Global Human Resource Management ............... 3

Psychology Electives

Choose two (2) courses (6 credits):

PSY 304 Job Satisfaction and Motivation ........................ 3
PSY 305 Leadership in Organizations and Society .......... 3
PSY 403 Seminary in Diversity at Work ....................... 3
PSY 404 Measuring Work Behavior .............................. 3

Other Discipline Electives

Choose three (3) courses (9 credits):

ANT 300 Women and Work ......................................... 3
COM 230 Public Speaking ......................................... 3
COM 330 Organizational Communication ....................... 3
COM 331 Conflict Communication ............................... 3
PHI 314 Modern Social and Political Thought ............... 3

**Objectives**

The Liberal Studies major is exclusively offered to students who intend to study Elementary Education of Early Childhood Education. This includes students who have indicated their intention of pursuing certification by declaring pre-Elementary Education or pre-Early Childhood Education as a major, students who have been admitted to one of those majors through the CARE admission process and students who intend to enroll in the Early Start Master's Program in Elementary Education or Early Childhood Education. It is not open to other students. This program offers concentrations in the Earth Science, Natural Sciences, Social Sciences, English Language Arts and Mathematics to prepare Eastern students for certification as early childhood or elementary education teachers. Students enrolled in the Liberal Studies major who were admitted to the Early Childhood or Elementary Education certification programs through the CARE admission process, but who are afterwards dismissed from the CARE program, may com-
plete the Liberal Studies major for graduation. Liberal Studies majors who intend to earn teacher certification through the Early Start Master’s program need to complete that program’s prerequisite courses during their first sixty credits (or, for students who transfer to Eastern with 60 or more credits, within their first 30 credits at Eastern) in order to remain in the Liberal Studies major. CORE courses range from economics to mathematics, biology, U.S. government, children’s literature and history. By enhancing the content knowledge expected of Eastern’s teacher candidates, the program aligns with certification regulations and accreditation standards, while giving students a stronger foundation in preparation for passing their Praxis II exam.

Liberal Studies majors complete 31-32 credits of CORE courses, 18-21 credits of courses in an area of concentration and a three- or four-credit capstone course for a total of 49-53 credits. Each student must select a concentration and complete the courses required for that concentration. Students must also complete Eastern’s Liberal Arts CORE.

**Important Notes About LAC Tier I Requirements**

- All Liberal Studies majors (except those with a concentration in Mathematics) must take MAT 139P as their LAC Tier 1 Mathematics course.
- Those in the Mathematics concentration should take MAT 155 or 155P (depending on placement) as their LAC Tier 1 Mathematics course (if they do not place directly into MAT 243). Those placing into MAT 243 should take it as their Tier 1 Mathematics course and work with their advisor to choose another MAT course to complete the concentration.
- ALL Liberal Studies majors must take BIO 304 as their LAC Tier 2 Natural Sciences course.

**Degree Requirements**

Liberal Studies majors complete the following CORE course and the courses for the selected concentration. A grade of C or better is required for each course in the CORE and concentration.

**CORE Courses**

Choose one (1): 3

- ECO 200 Introductory Macroeconomics#

Exit Portfolio

Liberal Studies majors must complete a non-graded exit portfolio in order to graduate. Details of the exit portfolio can be obtained from the program director or via the program website. The program director will report completion of the exit portfolio to the Registrar. For student graduating in December, portfolios are due no later than the Friday of the final exam week. For students graduating in May, portfolios are due by February 15.

MATHEMATICS
Mathematical Sciences Department

Department Chair: Marsha Davis
Assistant Chair: Megan Heenehan
Requirements accurate as of August 1, 2023
See academic program web pages at www.easternct.edu for updates.

Objectives

The Mathematical Sciences department offers students a mathematics major with five concentrations, all recently updated and enhanced to meet the needs of today’s workforce and graduate programs. Working in conjunction with their faculty advisor from the Mathematical Sciences Department, the current curriculum allows students to select a plan that best suits their needs and goals. Concentrations are designed for those who wish to pursue careers as an actuary, data scientist, technical careers in industry or government, high school mathematics teacher or elementary school teacher, or for those who wish to attend graduate school. All concentrations contain a common CORE of seven courses providing a strong mathematical foundation.

Degree Options

Bachelor of Arts (B.A.)

There are two concentrations that lead to a Bachelor of Arts in Mathematics.

B.A. in Mathematics with a Concentration in Mathematical Structures and Applications: provides a solid mathematical foundation for students who are interested in the general field of Mathematics. It prepares students for a variety of careers in business, finance and research. It offers an excellent plan of study for transfer students and an achievable double major, particularly attractive to economics, computer science, or business students.

B.A. in Mathematics with a Concentration in Math for Teaching: is designed for those in primary or secondary teacher education programs. This concentration is also an excellent choice for double majors in Mathematics and Elementary Education. For students looking for a career in math, this offering is designed to support the steady demand for teachers in the STEM fields.

Bachelor of Science (B.S.)

The course offerings for the Bachelor of Science degrees prepare students who are interested in a specific mathematical field or are interested in continuing on to graduate school. There are three concentrations under the Bachelor of Science Degree:

B.S. in Mathematics with a Concentration in Mathematical Structures and Applications: provides upper-level electives designed to prepare students for graduate school or for careers requiring more advanced analytical skills.

B.S. in Mathematics with a Concentration in Actuarial Science: contains a series of courses that are recommended to students who are interested in the field of actuarial science. Courses prepare students to sit for the first two actuarial exams.

B.S. Mathematics with a Concentration in Data Science: combines courses in computer science, statistics and other interdisciplinary science fields that are required to prepare students for a career in the field of data science.

Degree Requirements

Degree requirements total 44-53 credits, as indicated below. In 300- or 400-level Mathematics-major courses, either a minimum grade of C in each course or a minimum average of C+ must be earned in all courses. Students majoring in Mathematics may substitute MAT 315 Applied Probability and Statistics for their Tier II Information Technology requirement.

Honors

All 400-level courses are Honors courses.

Education Options

Students pursuing a liberal arts major in Mathematics may be interested in the teaching profession. This is an option leading to a challenging and rewarding career. Students should consult with the Education Department for details.

Elementary Education Option

The Elementary Education Option in mathematics leads to certification in grades K-6. After earning this certification students may teach in elementary school. For this option, students may use EDU 411 as one of the Mathematics electives.
Liberal Studies Major with Concentration in Mathematics

Students pursuing Early Childhood or Elementary Education may also wish to consider the Liberal Studies major with a concentration in Mathematics

Secondary Education Option

The Secondary Education option in Mathematics leads to certification in grades 7-12. After earning this certification, students may teach in either middle or high school. For this option, MAT 372 Advanced Mathematics for High School Teaching is required.

Kappa Mu Epsilon: The Mathematics Honor Society

Every year the Mathematical Sciences Department recognizes majors who have distinguished themselves through academic achievement by inviting them to join Kappa Mu Epsilon, the national honors society for Mathematics. More information regarding qualifications can be found on the Mathematical Sciences webpage.

Facilities

The department's mathematical computing facilities include a wide range of hardware and software. The department uses R, Maple, SPSS, Minitab and GeoGebra mathematical/statistical software in several of its courses. Students may access state-of-the-art computer facilities located on campus.

Music Department

Department Chair: Anthony Cornicello

Requirements accurate as of August 1, 2023

See academic program web pages at www.easternct.edu for updates.

The Bachelor of Arts degree in music at Eastern Connecticut State University is designed to provide a comprehensive and flexible curriculum that prepares students for a wide range of careers in music. Our program is dedicated to creating an educational community where aspiring musicians can develop their talents in a supportive environment while receiving individualized mentoring and advising. Our degree requirements provide students with a strong foundation in music theory, history and performance while allowing them to explore individual interests and pursue specialized career paths.

Our program is housed in the new, state-of-the-art Fine Arts Instructional Center, which features beautifully designed performance spaces, rehearsal rooms, teaching studios and numerous academic classrooms and public spaces. With individualized mentoring and advising, state-of-the-art facilities and a strong focus on performance and scholarship, our program offers an exceptional educational experience for students pursuing a career in music.

Only grades of ‘C’ or better will count toward the major.

CORE Curriculum (25 credits)

The following courses are required of ALL Music Majors, regardless of Concentration:

- MUS 200 Fundamentals of Music Theory \( \ldots \ldots \ldots \ldots \ldots \ldots \ldots \ldots \ldots \ldots \ldots 3 \)
- MUS 205 Theory of Music I \( \ldots \ldots \ldots \ldots \ldots \ldots \ldots \ldots \ldots \ldots \ldots 3 \)
- MUS 215 Sight Singing and Ear Training Lab I \( \ldots \ldots \ldots \ldots \ldots \ldots \ldots \ldots \ldots \ldots \ldots 1 \)
- MUS 206 Theory of Music II \( \ldots \ldots \ldots \ldots \ldots \ldots \ldots \ldots \ldots \ldots \ldots 3 \)
- MUS 216 Sight Singing and Ear Training Lab II \( \ldots \ldots \ldots \ldots \ldots \ldots \ldots \ldots \ldots \ldots \ldots 1 \)
- MUS 235 Survey of European Art Music: Antiquity to 1750 \( \ldots \ldots \ldots \ldots \ldots \ldots \ldots \ldots \ldots \ldots \ldots 3 \)
- MUS 236 Survey of European Art Music II: 1750 to Present \( \ldots \ldots \ldots \ldots \ldots \ldots \ldots \ldots \ldots \ldots \ldots 3 \)
- MUS 335 Introduction to Ethnomusicology \( \ldots \ldots \ldots \ldots \ldots \ldots \ldots \ldots \ldots \ldots \ldots 3 \)

Choose one (1) course:

- MUS 302 American Popular Music \( \ldots \ldots \ldots \ldots \ldots \ldots \ldots \ldots \ldots \ldots \ldots 3 \)
- MUS 303 Music and the Art of Environment \( \ldots \ldots \ldots \ldots \ldots \ldots \ldots \ldots \ldots \ldots \ldots 3 \)
- MUS 307 Film Music in History & Culture \( \ldots \ldots \ldots \ldots \ldots \ldots \ldots \ldots \ldots \ldots \ldots 3 \)
- MUS 490 Senior Project in Music \( \ldots \ldots \ldots \ldots \ldots \ldots \ldots \ldots \ldots \ldots \ldots 3 \)
Ensemble Performance

Two (2) credits of ensemble experience to be chosen from the following:

- MUS 103 Chorus ................................................. 1
- MUS 107 Concert Band ....................................... 1
- MUS 113 Music Ensemble ..................................... 0.5

All Music Majors must successfully complete the Keyboard Proficiency Exam prior to graduation.

Concentration Requirements (12 credits)

Music Majors will choose a concentration from: Performance, Music Industry and Leadership and Musicology: History, Composition and Criticism.

PERFORMANCE CONCENTRATION

- MUS 395 Practicum in Music .................................. 1
- 11 credits from the list below (at least 6 of these credits must be MUS 456)
- MUS 220 Introduction to Conducting ......................... 3
- MUS 240 Introduction to Diction for Singers ................. 1
- MUS 320 Advanced Conducting ............................... 3
- MUS 340 Advanced Diction for Singers ....................... 1
- MUS 356 Individual Music Instruction ....................... 1.5 or 3
- MUS 365 Special Topics in Music ......................... 3
- MUS 480 Independent Study in Music ...................... 1-6
  (when topically appropriate)

MUSIC INDUSTRY AND LEADERSHIP CONCENTRATION

- MUS 301 Music Recording Techniques ..................... 3
- MUS 361 Leadership in the Performing Arts ................ 3
- Three (3) credits from:
  - MUS 362 Commercial Music Production ..................... 3
  - MUS 365 Special Topics in Music (when topically appropriate) .... 3
  - MUS 480 Independent Study in Music ...................... 1-6
    (when topically appropriate)
  - MUS 395 Practicum in Music ................................ 5-6
  - MUS 495 Internship in Music or other approved capstone experience1-6

MUSICOLOGY: HISTORY, COMPOSITION AND CRITICISM CONCENTRATION

12 credits chosen from the following courses:

- MUS 301 Music Recording Techniques ..................... 3
- MUS 304 Music of the 20th Century .......................... 3
- MUS 307 Film Music in History and Culture ............... 3
- MUS 308 Opera .................................................. 3
- MUS 310 Music in America .................................... 3
- MUS 312 Music Theory IV ..................................... 3
- MUS 318 Music and Narrative ................................ 3
- MUS 355 Music with an Edge ................................ 3
- MUS 365 Special Topics in Music (when topically appropriate) .... 3
Program Coordinator: Jordan Youngblood

Students in Eastern’s New Media Studies Major, unique with Connecticut’s state universities, will take courses across several disciplines – computer science, performing arts, communication, visual arts and more – as they prepare for careers in digital motion graphics, web development/design, game and app design, digital audio/video production, 2-D and 3-D animation, social media and digital art. Coursework includes conceptional and hand-solving skills while also developing competencies in digital media. Students will also learn about legal and ethical considerations surrounding new media.

New Media Studies students complete 17-20 credits of CORE Requirement courses drawn from five disciplines, 15 credits of course drawn from at least three Interdisciplinary Explorations categories, 15-17 credits of a chosen concentration and a capstone course of three or four credits, for a total of 49 – 56 credits.

Disciplinary Concentrations

Students complete 18-20 credits in one concentration, including Stage 3 Writing Intensive and Tier III LAC/capstone course.

DIGITAL MEDIA DESIGN CONCENTRATION

A portfolio demonstrating artistic capability and basic software skills is required for enrollment in advanced courses in the concentration. It is strongly recommended that students submit their portfolio within the first three semesters. The portfolio envelope and instructions are available in the Art & Art History office.

Required Courses

ART 329 Graphic Design II 3
ART 335 Graphic Design III 3
ART 402 Issues in Contemporary Art 4

Concentration Electives

Select six (6) credits:

ART 325 2D Animation 3
ART 326 User Interface & Interaction Design 3
ART 332 Photo Imaging: Art & the Digital Camera 3
ART 342 Illustration II 3
ART 351 Motion Graphic Design 3
ART 403 Advanced 3D Animation 3
ART 412 Web Design II 3
ART 490 Internship 1-6

Capstone Course

Choose one (1):

ART 432 Eastern Design Group 3
ART 436 Senior Project in Digital Art & Media Design 3
ART 487 Senior Project in New Media Studies 3
NMS 440 Interdisciplinary Signature Work 3

INTEGRATED COMMUNICATION MEDIA CONCENTRATION

American Association of Colleges of Nursing Essential Competencies:

I. Knowledge for Nursing Practice
II. Person-centered Care

NURSING

The nursing program offers a traditional 4-year baccalaureate program. The traditional undergraduate program provides an opportunity to combine a liberal arts education with professional preparation in nursing. This program shall be nested within the liberal arts framework not only to train nurses, but to produce future leaders of the nursing profession. This curriculum requires four academic years. Graduates from this program will be expected to serve the communities in the eastern part of Connecticut and beyond. Additionally, the program is tailored to meet the needs of today’s nursing workforce, including the focus on equity, access, diversity and health disparities in the healthcare sector. The program is pending accreditation by the Commission on Collegiate Nursing Education (CCNE) and approval by the Connecticut State Board of Nurse Examiners.

Program Learning Outcomes (PLOS)

i. Integrate a background in the liberal arts with the knowledge, skills and values in professional nursing to improve patient and healthcare outcomes (Essential I, V, VI, VIII).
ii. Prepare nurse generalists to provide safe, ethical, evidence-based, patient-centered care that reflects critical thinking and inter-professional collaboration (Essential II, III, VI, VIII).
iii. Manage information and technology to enhance clinical decision making for quality patient-centered care in a variety of settings (Essential II, IV, V, VI, VII).
iv. Apply principles of prevention and health promotion when providing care to patients (Essential II, VII).
v. Contribute to the profession of nursing by engaging in leadership, scholarship and practice activities (Essential III, VIII, IX).
vi. Prepare nurse generalists for professional role development through lifelong learning, graduate education and specialization within their chosen career path (Essential VIII).
Student Learning Outcomes (SLO)

Upon graduation, students would be able to:

i. Integrate theories and concepts from liberal education into nursing practice (PLO I, II).

ii. Apply leadership concepts, skills and decision making in the provision of high-quality nursing care, healthcare team coordination and the oversight and accountability for care delivery in a variety of settings (PLOs II, V, VI).

iii. Critically evaluate evidence-based research in collaboration with other members of the healthcare team to improve patient outcomes (PLOs II, III, V, VI).

iv. Demonstrate skills in using patient care technologies, information systems and communication devices that support safe nursing practice.

v. Advocate for a variety of socio-political issues affecting health care through participation in legislative and political forums (PLOs I, IV, VI).

vi. Incorporate inter- and intra-professional communication and collaborative skills into the delivery of evidence-based, culturally sensitive patient-centered care. (PLOs II, VI, V).

vii. Provide innovative interventions to promote health and prevent illness in invulnerable populations (PLOs III, IV, V).

viii. Practice from a caring professional nursing perspective by incorporating the values of social justice, diversity and global awareness (PLOs II, IV, V).

ix. Integrate knowledge, skills and attitudes through use of the nursing process to provide patient-centered care to patients across the lifespan from a diverse population (PLOS III, VI, IV, II).

Program Completion/Graduation Criteria

• Completion of all Liberal Arts CORE requirements.
• Completion of University foreign language requirement.
• Completion of all Nursing program courses.
• Minimum cumulative GPA of 3.0.
• Minimum Nursing Program courses GPA of 2.7.

Health Requirements

Nursing students must complete and submit the following immunizations before clinical placement:

• MMR (Measles, Mumps & Rubella)
• Varicella
• Hepatitis B
• Tdap
• Polio
• Tuberculosis
• COVID-19 Vaccine
• Seasonal Influenza Vaccine

Clinical Placement Requirements:

Before clinical experience placement, Nursing students shall meet certain requirements, including but not limited to, American Heart Association BLS or National EMT certification, health and immunization requirements, a criminal background check and a drug test by certain published deadlines. Students are responsible for the costs for these requirements. The program cannot guaran-
tee that a student will be accepted by any required clinical placement site if the student cannot meet the compliance requirements. Use of drugs, prescribed or otherwise, may create a risk of being denied a clinical placement. This includes, but is not limited to, prescribed medical marijuana or opiates. If you have concerns about prescribed medications, please reach out to your healthcare provider. The results of a criminal background check or drug screening may prevent a student from completing a clinical placement. The process of obtaining a nursing license in Connecticut and many other states may involve consideration of an applicant’s criminal history or other conduct (see Connecticut license application). Criminal convictions and/or a record of certain other conduct may prevent a nursing student/graduate from being licensed and may preclude the nursing graduate from obtaining gainful employment as a nurse. Applicants to Eastern Nursing program are encouraged to determine, prior to matriculation, the licensure requirements in the state(s) in which they intend to practice.

**Total**: 82

*Remarks: Critical Care nursing is embedded across all NUR courses.*
Objectives

Many questions about the world, life, ourselves and our relationship with others cannot be responded by empirical observation or calculation alone. What is freedom? What is love? What is knowledge? Why should we care? How do we know what is right and wrong? What are the criteria for beautiful, useful, valuable, etc.? What is well-being? Why should I be healthy? Is life worth living? What is the best way to organize a society? Is there a relevant distinction between conscious beings and artificial intelligence? What is the best way to use scientific discoveries? What is the role of language, or religion, or education, etc.?

Philosophy gives you the tools to address any issue regarding our lives as human beings with critical openness, creativity and intellectual rigor. As a discipline, it consists in the examination of the most basic assumptions under which our actions, beliefs and systems of thought (social and individual) are built upon. Some of its main outcomes are the arrival at a deeper understanding of the issues at hand; the proposition of new perspectives through rigorous argumentation; the envisioning of new ways of thinking that can help better analyze problems in various disciplines; and help make wise, sound and moral decisions in issues that confront humankind on a personal and global scale.

The Philosophy Major at Eastern focuses on the development of responsible, creative and critical thinking students through courses such as Global Ethics, Philosophical Perspectives, Feminist Philosophies, History of Philosophy, Philosophy of Science, etc. Our program understands philosophy as a global phenomenon. Taught in a comparative mode, the program explores both Western and non-Western philosophies. Thus, students are also introduced to philosophy through a multicultural perspective with courses such as Asian Philosophies, Buddhist Philosophy, Latin American Philosophy, etc. Our students graduate with the basis to continue studying Philosophy at the Master level or to enroll in other programs where Philosophy majors are highly valued such as Law, Business, Public Policy, Education or Journalism.

Students who major in Philosophy must complete a second major or a minor program of study.

No more than two grades counting toward the major can be below a C.

Required Courses (15 credits)

- PHI 120* Perspectives in Philosophy.................. 3
- PHI 210* Asian Philosophies.......................... 3
- PHI 215* Logical Inquiry..................................... 3
- PHI 220* Ethics................................................. 3
- PHI 460** Seminar in Philosophical Research and Reflection..... 3

Major Electives (15 credits)

Choose five (5):

- PHI/PHR 200 Peace and Human Rights.................. 3
- PHI 230 History of Early Western Philosophy.............. 3
- PHI 231 History of Modern Western Philosophy............ 3

PHYSICAL EDUCATION
Education Department

Department Chair: Mark Fabrizi
Associate Chair: Xing Liu
Requirements accurate as of August 1, 2023
See academic program web pages at www.easternct.edu for updates.

Objective
The Bachelor of Science in Physical Education is designed for students who have a love of physical activity and a special interest in teaching children and youth in physical education. The program of study provides excellent preparation for teaching careers in public school physical education programs and other related agencies such as YMCAs, YWCAs, Boys’ or Girls’ Clubs and city or county public and private recreation programs and clubs.

The courses in the program emphasize studies in pedagogical analysis and techniques, instructional philosophy and exercise science. The hallmark of this distinctive program is extensive clinical field experiences in public schools and professional agencies. For the Connecticut teacher certification program, in addition to the senior year student teaching course, students will be involved in at least three off-campus practicum/seminar courses instructed by physical educators currently teaching in area public schools. The program is accredited by the Connecticut State Department of Education, the Council for the Accreditation of Educator Preparation and the National Association for Sport and Physical Education.

Professional Development Point System
Students majoring in Physical Education or Sport and Leisure Management are required to accumulate 10 Professional Development Points (PDPs) each semester before registering for certain upper-division and practicum courses. PDPs are embedded in at least six courses in the major program.

Cross Endorsement in Health
Students who receive Connecticut Teaching Certification in Physical Education are encouraged to seek a "cross endorsement" in health education. Students must complete 30 credits of coursework specifically addressing health-related topics and pass the State of Connecticut Health Education Exam (Praxis II). See department documents for particulars.

Grade Requirement
The grade of ‘C’ or higher must be earned in all Physical Education major courses.

CARE
Students pursuing a Connecticut Initial Educator Certificate in physical education must be formally admitted to the certification program by CARE (Committee on Admission and Retention in Education). Th is committee of faculty members from the Education Departments is responsible for the admission process and also monitors student progress after admission. Students must have a 2.7 GPA and a passing score on all three components of PRAXIS I at the time of application to CARE. Students should apply to CARE in the third or fourth semester of study.
Degree Requirements

Requirements: The grade of “C” or higher must be earned in all Physical Education major courses and a minimum of 2.7 cumulative GPA is required to qualify for upper division Physical Education Teacher Education courses.

**POLITICAL SCIENCE**

Political Science, Philosophy and Geography Department

**Department Chair:** Martin Mendoza-Botelho  
Requirements accurate as of August 1, 2023  
See academic program web pages at www.easternct.edu for updates.

**Objectives**

This is a distinctive major designed for students interested in government, public administration, politics, law and/or public service. The major has two tracks. The first track, for most students, consists of 13 political science courses. The second track, for students seeking certification in secondary education, provides a range of interdisciplinary courses that allow students to fulfill state and University certification requirements while completing the major. The Political Science major prepares students to begin a career upon graduation or continue education at the graduate level in a number of fields including public administration, law, international relations, public policy, environmental politics, gender studies, campaign studies or political science.

**Admission to the Program**

Transfer students who wish to graduate from Eastern with a major in political science must complete at least 18 credits applied to the major at Eastern. Each transfer student’s program must be approved by the student’s Political Science advisor.

All Political Science majors must maintain an overall 2.0 GPA in major courses and receive no more than two grades below 2.0. Thirty hours of courses applied toward the major may not be used to satisfy any other University requirement. Hours applied to the major above 30 may also be used to satisfy requirements for a second major or minor. Six credits of political science courses can double count in the LAC and the major.

**Track I: Political Science**

PSYCHOLOGY

Psychological Science Department

Department Chair: James Diller
Assistant Department Chair: Lyndsey Lanagan-Leitzel
Requirements accurate as of August 1, 2023
See academic program web pages at www.easternct.edu for updates.

Mission Statement

The mission of the Department of Psychological Science is to provide challenging and engaging opportunities for students to acquire the knowledge, skills and abilities of psychology as a scientific discipline in keeping with the American Psychological Association's 2013 standards of undergraduate education. To that end, the Department of Psychological Science is committed to supporting faculty who deliver high quality teaching, create research opportunities and foster close student-faculty mentorship.

Student Learning Goals and Outcomes

Goal 1: Knowledge Base and Outcomes
Goal 2: Scientific Inquiry and Critical Thinking
Goal 3: Ethical and Social Responsibility in a Diverse World
Goal 4: Communication
Goal 5: Professional Development

Admission to the Program

All students requesting admission the Psychology major should contact the secretary of the Department of Psychological Science. The student will be assigned an advisor within the department.

Degree Requirements

• All majors must complete at least 47 credits in psychology, exclusive of PSY 100.
• Students must complete PSY 227, PSY 247 and PSY 327 with a grade of C or better.
• Majors either follow the General Psychology curriculum or, as an alternative, choose a concentration in Developmental Psychology, Industrial-Organizational Psychology, Behavior Analysis or Mental Health Counseling.
• At least 18 credits of Psychology must be completed in residence at Eastern.

• A minimum overall 2.3 GPA in Psychology courses is required for graduation with a major in Psychology. Students may not include PSY 100 or Special Program courses in the calculation of the GPA. Students are therefore not allowed to use PSY 100, 480, 490, 491, 496, 497, or 498 in computing this required GPA. It is further noted that students should maintain a minimum 3.0 GPA in the major to be considered for graduate studies in psychology.

• Consistent with the University’s liberal arts mission, written work is a required component of all Psychology courses.

• All Psychology majors must take the Psychology comprehensive exam and exit survey prior to graduation. Students who did not achieve a satisfactory grade on the comprehensive exam (as determined by the Department of Psychological Science) must successfully complete a remedial component before graduation.

**GENERAL PSYCHOLOGY CONCENTRATION**

The General Psychology curriculum is chosen by students who desire to have broad training in psychology. It is also appropriate for students who desire to continue their education at the graduate level within a department of psychology and for students who plan to study beyond the master’s level in any field of psychology. This curriculum offers students the greatest flexibility in terms of course selection.

**Research**

Choose one (1):

- PSY 402 Current Research in Child Psychology | 3
- PSY 409 Current Research in Psychology | 3

**Developmental**

Choose one (1):

- PSY 206* Psychology of Childhood | 3
- PSY 208 Psychology of Adolescence | 3
- PSY 210 Psychology of Adulthood and Aging | 3
- PSY 212 Life-Span Developmental Psychology | 3
- PSY 314 Psychology of the Infant and Toddler | 3

**Learning and Cognition**

Choose one (1):

- PSY 205 Principles of Learning | 3
- PSY 306 Cognitive Psychology | 3

**Individual Differences**

Choose one (1):

- PSY 301 Abnormal Psychology | 3
- PSY 302 Psychopathology of Childhood | 3
- PSY 315 Psychology of Gender | 3
- PSY 320 Theories of Personality | 3
Biological Bases of Behavior

Choose one (1):

- PSY 318 Sensation and Perception .................. 3
- PSY 418 Physiological Psychology .................. 3
- PSY 430 Human Neuropsychology .................. 3

Groups

Choose one (1):

- PSY 202 Social Psychology ......................... 3
- PSY 303 Industrial and Organizational Psychology .................. 3

Specialized

Choose two (2) (minimum six (6) credits):

- PSY 309 Social Psychology of Attraction and Romantic Relationships .................. 3
- PSY 319 Human Sexuality ......................... 3
- PSY 325 Health Psychology ......................... 3
- PSY 330 Evolutionary Psychology .................. 3
- PSY 345 Family Psychology ......................... 3
- PSY 407 Radical Behaviorism ......................... 3
- PSY 410 Psychological Tests and Measurements .................. 3
- PSY 415 Behavioral Pharmacology .................. 3
- PSY 450 Counseling and Clinical Psychology .................. 3
- PSY 460 Seminar in Psychology ......................... 3

Only one (1) from:

- PSY 480 Independent Study ......................... 1-6
- PSY 490 Teaching Assistantship ..................... 1-6
- PSY 491 Research Assistant ......................... 1-6
- PSY 496 Psychology Internship: Group Supervision .................. 1-12
- PSY 497 Psychology Internship: Individual Supervision .................. 1-12
- PSY 498 Research and Field Experience .................. 1-6

Concentration Electives

Students should complete any two psychology courses as electives.

CONGITIVE NEUROSCIENCE CONCENTRATION

Through required courses in cognitive neuroscience and elective courses in physiological psychology, sensation and perception and human neuropsychology, this concentration will help students acquire advanced knowledge of the cognitive and neural mechanisms that support human through processes. This will enable them to pursue further education in graduate or medical school or gain employment in research labs or clinical settings.

Research

Choose one (1):

- PSY 402 Current Research in Child Psychology .................. 3
- PSY 409 Current Research in Psychology .................. 3

Developmental

Choose one (1):

- PSY 206 Psychology of Childhood .................. 3
- PSY 208 Psychology of Adolescence .................. 3
PSY 210 Psychology of Adulthood and Aging ......................... 3

PSY 314 Psychology of the Infant and Toddler ....................... 3

**Cognition**

PSY 306 Cognitive Psychology ........................................... 3
PSY 432 Cognitive Neuroscience ........................................ 3

**Individual Differences**

Choose one (1):

- PSY 301 Abnormal Psychology ....................................... 3
- PSY 302 Psychopathology of Childhood .............................. 3
- PSY 315 Psychology of Gender ....................................... 3
- PSY 320 Theories of Personality ..................................... 3

**Biological Bases of Behavior**

Choose two (2):

- PSY 318 Sensation and Perception ................................... 3
- PSY 418 Physiological Psychology ................................... 3
- PSY 430 Human Neuropsychology ................................... 3

**Groups**

Choose one (1):

- PSY 202 Social Psychology ........................................... 3
- PSY 303 Industrial and Organizational Psychology ............... 3

**Specialized Courses**

Choose one (1) for 3 credits:

- PSY 319 Human Sexuality ............................................. 3
- PSY 325 Health Psychology ............................................ 3
- PSY 330 Evolutionary Psychology ..................................... 3
- PSY 345 Family Psychology ............................................ 3
- PSY 410 Psychological Test and Measurements .................... 3
- PSY 415 Behavioral Pharmacology ................................... 3
- PSY 450 Clinical and Counseling Psychology ...................... 3
- PSY 460 Seminar in Psychology ...................................... 3
- PSY 480 Independent Study ............................................ 1-6
- PSY 490 Teaching Assistantship ..................................... 1-6
- PSY 491 Research Assistant ........................................... 1-6
- PSY 496 Psychology Internship: Group Supervision .............. 1-12
- PSY 497 Psychology Internship: Individual Supervision ........ 1-12
- PSY 498 Research and Field Experience ............................ 1-6

**Concentration Elective**

Students should complete any one psychology course as an elective.
DEVELOPMENTAL PSYCHOLOGY CONCENTRATION

As an alternative to the General Psychology curriculum, Psychology majors may elect to pursue a concentration in Developmental Psychology. The Developmental concentration offers a strong foundation in current theory and empirical research in physical, cognitive, social and emotional development across the lifespan. This concentration will be of interest to students planning careers in areas such as child and family advocacy, education, school psychology, developmental or intellectual disability assessment, child development centers, human services agencies or working with the elderly. The concentration is also appropriate for students planning to enter graduate school in Developmental Psychology, Child and Adolescent Psychology, Human Development and Family Studies, Gerontology or related areas.

Research

Choose one (1):
- PSY 402 Current Research in Child Psychology ........................... 3
- PSY 409 Current Research in Psychology ................................. 3

Learning and Cognition

Choose one (1):
- PSY 205 Principles of Learning ......................................... 3
- PSY 306 Cognitive Psychology ........................................... 3

Developmental

Choose three (3):
- PSY 206 Psychology of Childhood .................................... 3
- PSY 208 Psychology of Adolescence ................................. 3
- PSY 210 Psychology of Adulthood and Aging ..................... 3
- PSY 314 Psychology of the Infant and Toddler ................... 3

Individual Differences

- PSY 490 Teaching Assistantship .................................... 1-6
- PSY 491 Research Assistant .......................................... 1-6
- PSY 496 Psychology Internship: Group Supervision ............. 1-12
INDUSTRIAL-ORGANIZATIONAL PSYCHOLOGY CONCENTRATION

As an alternative to the General Psychology curriculum, psychology majors may elect to pursue a concentration in Industrial Organizational Psychology. The Industrial Organizational Psychology concentration is designed to help prepare students planning to enter organizations where knowledge of industrial-organizational psychology is useful (e.g., human resources, organizational research, consumer psychology) or students who wish to attend graduate school in industrial/organizational psychology. Students will learn how to apply psychological principles in the workplace that enable them to recruit, hire, train, appraise, lead and motivate employees, as well as how to work within and facilitate groups and teams.

Required Courses

PSY 303 Industrial and Organizational Psychology ............... 3
PSY 409 Current Research in Psychology .................. 3

BEHAVIOR ANALYSIS CONCENTRATION

As an alternative to the General Psychology curriculum, psychology majors may elect to pursue a concentration in Behavior Analysis. Eastern was the first school in Connecticut to offer a program to become a Board Certified Assistant Behavior Analyst and our program houses a Verified Course Sequence, credentialed by the Association for Behavior Analysis International. Students prepare for board certification in behavioral analysis. Careers in the field range from working with children with autism to serving as a behavior therapist. In addition to CORE psychology courses, students take 22 credits of required courses ranging from ethics for behavioral analysts to applied behavior analysis, as well as courses in developmental psychology (childhood, adolescence, adulthood), individual differences (e.g. abnormal psychology), the physiological basis of behavior (e.g. neuropsychology) and other specialized courses.

Required Courses
- PSY 205 Principles of Learning .................................. 3
- PSY 216 Ethics and Professional Development for .......... 3

Behavior Analysis
- PSY 225 Supervision and Performance Management ........ 1
- PSY 246 Single-Subject Research ................................. 3

- PSY 460 Seminar in Psychology ................ 3
- PSY 471 Global Studies in Psychology ............ 3

Only one (1) from:
- PSY 480 Independent Study ..................... 1-6
- PSY 490 Teaching Assistantship ................. 1-6
- PSY 491 Research Assistant .................... 1-6
- PSY 496 Psychology Internship: Group Supervision ...... 1-12
- PSY 497 Psychology Internship: Individual Supervision ...... 1-12
- PSY 498 Research and Field Experience .......... 1-6

**MENTAL HEALTH COUNSELING CONCENTRATION**

As an alternative to the General Psychology curriculum, Psychology majors may elect to pursue a concentration in Mental Health Counseling. The Mental Health Counseling concentration is designed to prepare students planning to seek careers in the mental health system or to apply to graduate programs in counseling or clinical psychology. The Mental Health Counseling curriculum emphasizes the rigorous application of psychological science to clinical and counseling practice with diverse populations. Students learn about evidence-based assessment, diagnosis and intervention in mental health, as well as practices that promote adaptation and well-being. Students in this concentration are advised that a grade point average of 3.0 or higher is likely necessary to go on to graduate study in this field.

**Research**

Choose one (1):
- PSY 402 Current Research in Child Psychology ....... 3
- PSY 409 Current Research in Psychology ............. 3

**Developmental**

Choose one (1):
- PSY 206 Psychology of Childhood ................. 3
- PSY 208 Psychology of Adolescence ............... 3
- PSY 210 Psychology of Adulthood and Aging ....... 3

*Approved substitution to meet Liberal Arts CORE Tier II Individuals and Societies  ^Meets Stage 2 University Writing Requirement
^^Meets Stage 3 University Writing Requirement

**Behavior Analysis Certification Preparation**

Eastern offers preparation in behavior analysis for careers, graduate school and national certification at the associate level. Behavior analysis courses are open to both Psychology and other majors. Courses may also fulfill major requirements. Certain sections of the following courses have been approved by the Association for Behavior Analysis International (ABAI) as meeting the coursework requirements for eligibility to take the Board Certified Assistant Behavior Analyst Examination (see [www.BACB.com](http://www.BACB.com)):

- PSY 205 Principles of Learning
- PSY 216 Ethics and Professional Development for Behavior Analysis
- PSY 225 Supervision & Performance Management
- PSY 246 Single-Subject Research
PSY 316 Applied Behavior Analysis
PSY 407 Radical Behaviorism
PSY 417 Topics in Behavior Analysis

Students seeking certification in behavior analysis should contact Professor James Diller, behavior analysis course coordinator, to develop a plan of study. Students preparing for certification must meet additional requirements beyond the coursework.

**Honor Society**

Each semester, students are recognized for distinguished academic achievement by being invited to join Psi Chi, the International Honor Society for Psychology. Information regarding qualifications can be found on the Psychology Department web page.

**Honors in Psychology**

The Psychology Department provides two designations to recognize the major's highest performers. 

*High Distinction requires the satisfaction of the following criteria:*

- Completion of PSY 227 (Statistics) and PSY 247 (Research Methods I) with a grade of A-or better
- A GPA within the Psychology major of 3.5 or higher
- An overall GPA of one of the following:
  - PSY 480 Independent Study
  - PSY 490 Teaching Assistantship
  - PSY 491 Research Assistantship
- Presentation of (or acceptance to present) a first-author/co-author research project at a state/regional/national conference, including CSU Psychology Day.

*Highest Distinction requires satisfaction of the above criteria, as well as:*

- Scoring in the 80th percentile of higher (compared to national norms) on pre-graduation exit exam.
- Presentation of (or acceptance to present) a first-author/co-author research project at a state/regional/national conference (excluding CSU Psychology Day)

Please contact Professor Peter Bachiochi for more information. Qualifications can be found on the Psychological Sciences department web page.

**SECONDARY EDUCATION CERTIFICATION**

Updated information about the Secondary Education program can be found at www.easternct.edu/education/ advisement.

Eastern Connecticut State University is accredited by the Council for accreditation of Educator Preparation (CAEP).

Candidate Learning Outcomes can be found at www.easternct.edu/education/clo-conceptual-framework/.

These outcomes are aligned with the Connecticut Common CORE of Teaching (CCCT) Standards, the Interstate New Teacher Assessment and Support Consortium (INTASC) Principles, the National Board for Professional Teaching Standards (NBPTS) Propositions and the Council for the Accreditation of Educator Preparation (CAEP) standards.

**EASTERN’S EDUCATOR PREPARTATION PROGRAMS’ (EPP)**

**Candidate Learning Outcomes (CLO)**

**Domain I: Intentional Teaching**

We believe that intentional teaching and its important corollary intentional learning necessitate viewing learning s the predetermined and actively sought after goal of education.

**Candidate Learning Outcomes:**

- Candidates demonstrate a positive and reflective disposition towards intentional planning and teaching practices that are appropriate for diverse learners.
- Candidates demonstrate the ability to identify discipline-specific content knowledge and skills, develop and implement evidence-based, inclusive instructional practices that engage all students and improve student achievement.
- Candidates develop effective classroom environments that nurture collaborative learning and self-efficacy.
- Candidates identify and utilize educational technology and other digital resources to enhance the learning experience of all students and to transform their own instructional practices.
• Candidates develop and integrate learning experiences that require students' use of critical thinking skills, problem solving and diverse forms of communication.

Domain II: Data Literacy

We believe that data literacy offers a dedicated pathway towards understanding the abilities and needs of all students and offers a means to improve students' growth and development across all curricular areas.

Candidate Learning Outcomes:

• Candidates use and/or adapt/design qualitative and quantitative assessments that directly align with the learning goals of content in the discipline.
• Candidates organize, analyze, interpret and graphically display data on student growth.
• Candidates triangulate data from multiple sources to determine student learning and guide planning and teaching.
• Candidates use classroom-wide and individual student data to understand learning and development and to inform and adjust instruction.
• Candidates analyze student data— including pre- and post-instruction assessments – to determine the impact of their own teaching.
• Candidates demonstrate reflective and interpersonal abilities to become an active member of a data team.
• Candidates demonstrate a positive disposition toward data collection and articulate its importance in teaching and learning.

Domain III: Cultural Competence

We believe that cultural competence includes understanding and appreciating cultural, learner and linguistic diversity but also practicing a pedagogy that views school-family relationships as partnerships in learning.

Candidate Learning Outcomes:

• Candidates demonstrate deep caring, commitment and empathy for children and families of diverse cultural and socioeconomic backgrounds.
• Candidates articulate the positive influences of culture on students' learning and development.
• Candidates demonstrate culturally responsive teaching, by incorporating the strengths, interest, histories and needs of families of diverse cultures in their planning, teaching and assessment.
• Candidates adapt teaching and learning experiences to the linguistic, social and learning styles and needs of children of diverse backgrounds.
• Candidates honor all family languages and understand the importance of preserving language as a fundamental part of culture.
• Candidates proactively promote positive cross-cultural peer relationships and openly and directly address instances of bias as they arise in the classroom.
• Candidates apply their knowledge of culture in their communication with and involvement of families in school.
• Candidates monitor and address their own cultural biases and recognize and articulate the influences of their own families and cultures on their beliefs and professional practices.

Domain IV: Professional Practice and Leadership

We believe that across all course work and clinical practices, our candidates must demonstrate compassion and dedication to all students that is earnest, professional and mindful.

Candidate Learning Outcomes:

• Candidates demonstrate and ongoing commitment to their professional growth by engaging in continuous meaningful learning.
• Candidates continually examine their ability to design and deliver effective instruction by using feedback and evidence from students, peers and mentors to revise instructional practices and improve effectiveness.
• Candidates collaborate with their peers, school personnel, families and community members to contribute to effective school changes.
• Candidates seek leadership roles to advocate for the well-being of all learners and to advance the profession.

Admission to the Program

All Education teacher candidates must be formally admitted to the Teacher Education Program. Student may not enroll in professional preparation courses until after admission to the program.
The Department of Education has established a committee of faculty members, the Committee on admission and Retention in Education (CARE), which is responsible for this admission process. This committee also monitors student progress after admission. More information on CARE policies and procedures can be found at www.easternct.edu/education/admission-care-policies. Students interested in teacher preparation programs must apply to CARE at least one semester prior to enrolling in professional preparation courses. Undergraduate Secondary Education teacher candidates may begin professional preparation courses in the fall semester only; the application deadline for these programs is always February 15. (If these dates fall on a weekend of holiday, the application are due at the end of the following business day.)

The University has an obligation to children in the schools of Connecticut, therefore it is essential that only those teacher candidates who exhibit academic and personal qualities essential in teaching be admitted to the professional program. University faculty and administrative staff reserve the right to refuse admission to the Teacher Education Program to those teacher candidates whose academic achievement may be satisfactory, but who are deemed by the faculty to lack the professional dispositions desirable of teachers.

For admission to the Undergraduate Secondary Education Program, teacher candidates must:

- Complete or be in the process of completing EDU 200, EDU 210 and EDU 357 and EDU 250.
- Have an earned GPA of 3.0 or higher with a C or greater in all prerequisite coursework.
- File a formal application by the required date using TK20, which can be found at easternct.tk20.com/campustoolshighered/start/do.
- Send references from a faculty member in their academic majors, a faculty member from a Liberal Arts CORE course and a professional educator to the Education Department.
- Take PRAXIS CORE or another appropriate state test. This is a University and state requirement from certification, regardless of where a student completes a teacher preparation program. (Note: The PRAXIS CORE exam or other appropriate state test must be taken a full year before admission so that the scores are received by CARE before application deadlines. Students are urged to take PRAXIS CORE in the spring semester of their freshman year.)
- Satisfactorily complete a personal interview, demonstrating competencies in oral communication, with a team of faculty.
- Complete a criminal history background check and fingerprinting.
- Students beginning school in fall 2016 or later must complete 50 service hours prior to admission.

Students are notified in writing when action is taken on their application. CARE recommends teacher candidates for certification after successful completion of the program.

Retention in the Program

For admissions and retention in the Teacher Education Program, teacher candidates must:

- Maintain a 2.7 grade point average throughout coursework;
- Earn a grade of “C” or higher in all required education courses; (see also “Liberal Arts/General Education Requirements” section of this chapter);
- Display ethical and professional behavior in all courses and clinical experiences.

All Education students must enroll in a certification program and have another subject major to receive a teaching certificate.

Clinical Experience

A clinical experience is required of all teacher candidates enrolled in CORE I and CORE II courses and is usually scheduled for on half-day per week in a public school setting.

Pre-Student Teaching

Pre-student teaching is required in CORE III (or during the semester prior to the student teaching). Without successfully completing pre-student teaching, a candidate cannot advance to student teaching.

Student Teaching

Student teaching is usually assigned during a student’s senior year and is a full-semester course required for teacher certification. Teacher candidates must apply to the Coordinator of Education Experiences in the Education Department for a student teaching placement in a regional school. Before being assigned such a placement, a student must be admitted by CARE to the Teacher Certification Program and have completed all Education courses. Candidates must also have passed the appropriate Praxis II and other required state tests prior to student teaching.

Placement for a Secondary Level Certification is in a middle or secondary classroom, grades 7-12. All candidates for teaching certification are expected to have clinical experiences in urban, suburban and rural school settings.
Teacher Candidates with Disabilities

In order to be certified in the State of Connecticut, all teachers must demonstrate mastery of the Connecticut Teaching Competencies. The Education Department at Eastern Connecticut State University does not discriminate against teacher candidates with disabilities. In the absence of a formal program at Eastern to address the needs of teacher candidates with disabilities, the Education Department is prepared to make "reasonable accommodations" for teacher candidates who are admitted into the program. In order to plan appropriate accommodations, teacher candidates in need of special support are encouraged to inform CARE as early as possible and to consult with the Office of AccessAbility Services.

Certification requirements are continually modified by the Connecticut State Department of Education. Below are examples of some changes:

**Academic Major**

The State of Connecticut requires that those receiving a certificate after 1993 have a subject matter major outside of education. Secondary teacher candidates at Eastern may complete a major in Mathematics, Biology, Environmental Earth Science, History/Social Studies or English. If they choose the major in another area, they must meet certificate requirements for Mathematics, Biology, Environmental Earth Science, English or History/Social Studies to be eligible.

**Liberal Arts/General Education Requirements**

The State of Connecticut requires that those receiving a teaching certificate have a diverse general education background in liberal arts courses.

Secondary Education and post-baccalaureate teacher candidates who have completed a B.A. or B.S. from an accredited university may fulfill the state requirement for liberal arts courses by completing the following coursework:

- HPE 201 (1 credit) or HPE 210 (3 credits) .......................... 1 or 3

Coursework in the following areas:

- Natural Science ......................................................... 6
- Social Science ............................................................. 3
- Arts ................................................................. 3
- English ................................................................. 6
- Mathematics ............................................................. 6
- Foreign Language (if not met in high school) ....................... 6

**Connecticut's Common CORE of Teaching**

Standards for teaching are set by the profession and by the State of Connecticut and are outlined in the Connecticut Common CORE of Teaching (CCCT) Standards. These competencies have been aligned with the Education Unit's Conceptual Framework. Teacher candidates' success during the University's program and initial years of teaching are assessed using these competencies, which are reflected in the certification program objectives. Teacher candidates are given opportunities to practice and master these throughout the program.

**Praxis II**

Prior to student teaching, candidates must pass the designated PRAXIS II exams corresponding to their content area. Applications and information about this exam are available in the Education department. Official passing scores on PRAXIS II must accompany student teaching applications. For the appropriate content PRAXIS II exam test number, please see www.ets.org/praxis/ct/requirements.

**Teacher Certification**

The Secondary Education program is a certification program only and results in a degree in an academic area with teaching certification.

**Certification at the Graduate Level**

Post-baccalaureate teacher candidates might consider pursuing Secondary Education (7-12) Certification within a Master of Science (M.S.) degree program. Candidates interested in obtaining certification who missed the sophomore deadline for entry may choose to apply to the Graduate Division of the school of Education and Professional Studies for one of two programs: 1) the traditional master's program, which is self-paced; or 2) the Early Entry master's program, which is accelerated. For the Early Entry master's program, candidates apply to CARE in the fall semester of their senior year. Candidates take a combination of the remainder of their undergraduate content degree program and graduate education courses during their final semester in their undergraduate program. Courses continue in the summer sessions, the fall semester and student teaching occurs in the spring. Students should contact the Department Chair: for advising as soon as possible if they are interested in this program to ensure proper advisement and scheduling.
Further information on these programs may be found in the Graduate Division section of this catalog and through advisement in the Education Department office.

**Initial Educator Certificate**

After completion of a certification program, including demonstrated mastery of required teaching competency and upon successful performance on the PRAXIS II exam, teacher candidates are awarded an Initial Educator Certificate. During the first years of teaching, the new teacher participates in an induction program.

**Secondary Education Certification**

This program is designed to prepare entry-level professionals to teach in secondary classrooms. The program leads to certification in grades 7-12. Teacher candidates may select and be certified to teach in the following major areas: biology, English, earth science, history and social studies, mathematics and other social science majors with selected coursework.

Teacher candidates must complete the general education courses required for certification as outlined on previous pages.

Teacher candidates must complete the following professional courses in Education:

<table>
<thead>
<tr>
<th>Foundations</th>
</tr>
</thead>
<tbody>
<tr>
<td>EDU 200 Child and Adolescent Development .......... 3</td>
</tr>
<tr>
<td>and Exceptionalities</td>

*For additional recommended course contact the Education Department

Additional Requirement for the History/Social Studies Secondary Certification Program

Eastern's History/Social Studies teaching certification program is approved by the Council for the Accreditation of Educator Preparation (CAEP) and the National Council for the Social Studies. The following courses are required for certification:

Course in Science, Technology and Society. Choose one from BIO 200, EES 315, EES 222, EES 204 or EES 205.

- ECO 200 Introductory Macroeconomics
- GEO 100 Introduction to Geography
- PSC 110 American Government and Politics
- PSY 100 General Psychology
- SOC 100 Introduction to Sociology

Required History Courses (besides others to fulfill the major) are:

- Course in Non-Western History. Choose one from HIS 115, HIS 116, HIS 255 or HIS 275
- HIS 120 Early American History or
- HIS 121 Recent American History
- HIS 200 Historical Research and Writing
- HIS 230 European History Before 1500 or
- HIS 231 European History Since 1500

Additional requirement for mathematics for secondary certification program:

- MAT 372 Advanced Mathematics for High School Teaching

Certification

After completion of the program described above, teacher candidates apply for certification in Secondary Education (grades 7-12).

Honors

Kappa Delta Pi, an international honor society in education, elects to membership those who exhibit the ideals of scholarship, high personal standards and promise in teaching and allied professions. Eastern Connecticut State University's chapter, Epsilon Nu, was founded on April 13, 1943, as the 133rd chapter of the society.

SOCIAL WORK

Sociology, Anthropology, Criminology and Social Work Department

Department Chair: Ricardo Perez
Program Coordinator: Eunice Matthews
Requirements accurate as of August 1, 2023
See academic program web pages at www.easternct.edu for updates.

Mission

The Social Work Program of Eastern Connecticut State University prepares bachelor-level generalist social work professionals to competently and effectively advance social justice and human rights. Ready for professional practice and graduate study upon graduation, our students promote human well-being by employing practice skills that are grounded in social work's body of knowledge and professional values. Students are ready to serve diverse client populations, especially those most vulnerable and oppressed. The social work program improves the lives of people of the region and state by increasing the number of effective social work practitioners who serve our residents. The program is accredited by the Council on Social Work Education. Additional information about the program is available on the program's website at www.easternct.edu/socialwork.

Social Work Program

Students entering Eastern in their first year declare a pre-Social Work major as they complete social work foundation and liberal arts courses.
Admission to the Social Work Major

Admission to the Social Work major is competitive and is not guaranteed by admission to Eastern Connecticut State University. Students should apply for admission to the major following completion of approximately 45 credits. Admissions materials should be submitted to the Social Work Program Coordinator by January 31 in order to begin the social work major the following fall semester. Transfer students are encouraged to contact the Program Coordinator to discuss their plan of study.

Application forms for admission to the Social Work major may be obtained from the Social Work program office or from the program’s website.

Application decisions are based on:

• Successful completion of SWK 200 Introduction to Social Work or an equivalent course and the number of Social Work liberal arts foundation requirements completed (at least four of the five required for acceptance).
• Grade point average, with special attention given to grades earned in liberal arts and professional foundation courses. A GPA of at least 2.3 (C+) is preferred. Since admission to the Social Work major is based on a variety of variables in addition to GPA, all students with a strong desire to be social workers are encouraged to apply.
• Evidence of the applicant’s commitment to the mission and values of the Social Work profession.
• The applicant’s potential for enriching diversity in the Social Work program through life experience or membership in an underrepresented demographic group.
• Personal behavior and classroom performance demonstrating likelihood for adherence to the ethical expectations and obligations of professional Social Work practice as contained in the National Association of Social Workers Code of Ethics.

Social Work Program Academic Requirements and Expectations

The Social Work program recognizes its responsibility as gatekeeper to the profession to ensure the safety of clients who will be served by program graduates. Academic standards enforced by the program, therefore, include competence in social work knowledge, values and skills as demonstrated by students’ classroom and field agency performance; and classroom, University, field agency and community behavior reflecting responsibility, moral awareness, self-understanding and concern for the welfare of others. Students must earn a grade of “C” or better in all required SWK courses beyond the liberal arts foundation level. Grades of less than “C” in the listed courses may delay admission into further courses in the sequence of study or suspension or dismissal from the Social Work major. Violation of program academic standards including scholastic, ethical and conduct standards in the classroom, at a field placement, in the University, or in the community will result in a review of the student’s performance in the Social Work program and may result in dismissal from the Social Work major.

Social Work Honor Society

During the spring semester of each year outstanding social work seniors are invited to join Phi Alpha, the national social work honor society. Criteria for membership in Phi Alpha include an overall University grade point average of 3.0 or better and at least 3.5 in social work courses.

Required Courses and Recommended Course Sequence

Freshman/Sophomore years (Pre-Social Work Major): 18 foundation credits

Pre-social work majors should complete as many as possible of the following foundation areas prior to seeking admission to the social work program. Completion of at least four of the five areas below in addition to SWK 200 is required for program admission, but all five must be completed.

• Sociological foundation: A course or courses providing a foundation for understanding the organization and functioning of human societies, social institutions and groups. Typical courses used to fulfill this requirement include SOC 100 Introduction to Sociology and SOC 300 Sociological Theory.
• Anthropological foundation: A course or courses providing a foundation for understanding and appreciation of diverse human ways of life and cultural perspectives. Typical courses used to fulfill this requirement include: ANT 106 Cultural Anthropology and ANT 337 Urban Anthropology.
• Human biology foundation: A course or courses providing a foundation for understanding the biological bases of human physical development and behavior. The course typically used to fill this requirement is BIO 202 Human Biology.
• Psychological foundation: A course or courses providing a foundation for understanding the psychology of individual perception and behavior. The course typically used to fulfill this requirement is PSY 100 General Psychology.
• American government foundation: A course or courses providing a foundation for understanding the American political system and government. Courses typically used to fulfill this requirement include: PSC110 American Government and Politics and PSC 200 State and Local Politics and Government.
• SWK 200 Introduction to Social Work (or transfer equivalent required for program admission).

*Approved substitution to meet Liberal Arts CORE Tier II Applied Information Technology  **Approved substitution to meet Liberal Arts CORE Tier II Individuals and Societies  ^Meets Stage 2 University Writing Requirement (must complete all three)  ^^Meets Stage 3 University Writing Requirement

### Objectives

Social Work is the study of social life, social change and the social causes and consequences of human behavior. Social workers investigate the structure of groups, organizations and societies and how people interact within these contexts. Since all human behavior is social, the subject matter of social work ranges from the intimate family to the hostile mob; from organized crime to religious traditions; from the divisions of race, gender and social class to the shared beliefs of a common culture.

The Social Work Major provides three options for Concentrations. It is required that Social Work majors select at least one concentration. Students may select up to two concentrations, as long as they carry nine unique credits of electives for each concentration. Students with at least a 2.7 GPA overall and in the major will also have the option to complete a Senior Thesis.

The Generalist Concentration is designed to contribute to the overall intellectual and personal development of liberal arts students and provide them with backgrounds useful for careers in a variety of fields. Graduates are employed in community, business and organizational settings and attend graduate school in sociology, social work, law, education and other fields. Practicum and internship courses give students an opportunity to gain experience in one or more field placement settings to complement classroom instruction. This curriculum offers students the greatest flexibility in terms of course selection.

The Diversity, Equity and Inclusion (DEI) Concentration is designed to focus sociological inquiry, investigation and analysis on the people and issues in a diverse society. DEI Concentration graduates add the value of DEI knowledge to their chosen careers in community, business and organizational settings and attend graduate school in sociology, social work, law, education and other fields. Practicum and internship courses give students an opportunity to gain experience in one or more field placement settings to complement classroom instruction. This curriculum offers students an opportunity to select courses that focus attention on diversity and foster ethics of inclusion and equity.

The Mental Health and Social Services Concentration is designed to focus sociological inquiry, investigation and analysis on issues related to mental health and well-being. Mental Health and Social Services Concentration graduates add value of heightened awareness and understanding of mental health, mental health issues and overall well-being in their chosen careers in community, business and organizational settings and attend graduate school in sociology, social work, law, education and other fields. Practicum and internship courses give students an opportunity to gain experience in one or more field placement settings to complement classroom instruction. The curriculum offers students an opportunity to select courses that focus attention on mental health in a variety of situations and settings amongst different groups, categories and cultures.
Admission to the Program

Students wishing to major in Sociology should contact the Department Chairperson prior to the junior year to facilitate planning a sequence of required and elective courses that fit the declared concentration(s). Transfer students should contact the chairperson of the department when they request admission to the University.

Required Courses

All three concentrations require the following CORE courses (19 credits):

- SOC 100 Introduction to Sociology .......................... 3
- SOC 201 Introduction to the Sociology Major .................. 1
- SOC 300 Sociological Theory .................................... 3
- SOC 350^ Methods of Social Research .......................... 4
- SOC 351 Statistics for Social Research .......................... 4
- SOC 400^^ Senior Seminar ........................................ 4

Concentrations

All three (3) concentrations require 18 additional credits total.

GENERALIST CONCENTRATION*

In addition to the Required Courses above, choose 18 credits of electives, up to six of which may be from ANT and CRM, the remainder must be SOC courses.

DIVERSITY, EQUITY AND INCLUSION (DEI) CONCENTRATION*

In addition to the Required Courses above, students in the DEI Concentration must complete:

- SOC 250 Social Inequality ........................................... 3

In addition, choose 15 credits of the following electives, up to six of which may be ANT, CRM and SWK courses that appear in the list below; the remainder must be SOC courses that appear in the list below. Completing an Internship (SOC 490, 491, 492, or 493) or Sociology Senior Thesis (SOC 495) is recommended but not required.

SOC 208 Gay, Lesbian and Bisexual Lives
SOC 240 Sociology of Gender
SOC 260 Intro to Women's Studies
SOC 265/365 Special Topics, if related to DEI, per Sociology Program Coordinator:
SOC 307 Deviance
SOC 310 Women and Crime
SOC 311 Drugs & Society
SOC 314 LGBTQ+ Families
SOC 318 Violence in Relationships
SOC 321 Social Policy
SOC 346 Race and Ethnic Relations
SOC 373 Collective Beh & Social Mvmts
SOC/ANT/CRM 480 Independent Study
SOC 490-493 Internship
SOC 495 Sociology Senior Thesis
ANT 201 Canadian Culture and Society
ANT 221 Native Americans
ANT 222 Native Peoples of Canada
ANT 225 Contemporary Puerto Rican Culture/Society
ANT 240 Latinos in the United States
ANT 345 Transnational, Racial and Ethnic Identity
ANT 358 Anthropology of Violence
ANT/CRM/SWK 365 Special Topics
ANT 390 Anthropological Research Methods
CRM 101 Criminal Justice and Society
CRM 317 Race, Gender and CJ System

MENTAL HEALTH AND SOCIAL SERVICES CONCENTRATION*
In addition to the Required Courses above, students in the Mental health and Social Services Concentration must complete:

SOC 312 Sociology of Mental Illness ................................. 3

In addition, choose 15 credits of the following electives, up to six of which may be ANT, CRM and SWK courses that appear in the list below; the remainder must be SOC courses that appear in the list below. Completing an Internship (SOC 490, 491, 492, or 493) or Sociology Senior Thesis (SOC 495) is recommended but not required.

SOC 209 Juvenile Delinquency
SOC 311 Drugs and Society
SOC 318 Violence in Relationships
SOC 212 Sociology of Families
SOC 307 Deviance
SOC 220 Corrections
SOC 321 Social Policy
SOC 107 Social Problems
SOC/ANT/CRM/SWK 365 Special Topics
SOC/ANT/CRM 480 Independent Study
SOC 490-493 Internship
SOC 495 Sociology Senior Thesis
SWK 344 Substance Abuse
SWK 435 Understanding Grief and Loss
SWK 465 Understanding Trauma

*Any SOC/ANT course designated as such is an approved reuse to meet Liberal Arts CORE Tier II Cultural Perspectives
*Any SOC/ANT course designated as such is an approved reuse to meet Liberal Arts CORE Tier II Individuals and Societies
^Meets Stage 2 University Writing Requirement
^^Meets Stage 3 University Writing Requirement

In order to graduate with a B.A. in Sociology, a student must have an overall 2.0 GPA in both the set of required courses listed above and in all of the courses which are counted toward the major. Students are advised not to take more than one required course per semester.

Recommended Course Sequence

SPANISH

World Languages and Cultures Department

Department Chair: Kin Chan
Requirements accurate as of August 1, 2023
See academic program web pages at www.easternct.edu for updates.

Objectives

The Department of World Languages and Cultures (formerly the Department of Modern and Classical Languages) seeks to promote an understanding and appreciation of other civilizations and cultures. Language courses at Eastern provide rigorous training, stressing proficiency in all linguistic skills. Offerings also include culture, literature, civilization and cinema courses in classes conducted in the target language and in English. Class size allows close contact between students and faculty.

Students gain professional skills that will prepare them to enter a wide range of careers. Students may become teachers, prepare for graduate study or combine their language with majors or minors in other disciplines to compete successfully in many fields, e.g., business, publishing, government or social work.

Major: Spanish

Candidates complete a planned program of 36 credits in Spanish, exclusive of introductory-level courses. Courses are chosen in consultation with the major advisor and areas of emphasis will depend on the student’s preference and objectives. Elective courses in related areas are also chosen in conjunction with the advisor.

An internship program provides advanced students with the opportunity to assist professors at Eastern in introductory and intermediate courses while receiving academic credit. Students may choose a field-experience program in which they work as aides in language classes in the local school systems. They may also receive academic credit for work in other community-based social agencies/businesses or may participate in co-op programs in the United States or abroad.

Required Courses

SPA 210 Intermediate Spanish I ..................................... 3
SPA 211 Intermediate Spanish II .................................... 3
SPA 310 Advanced Spanish I ........................................ 3
SPA 311 Advanced Spanish II ........................................ 3
SPA 316 Spanish Civilization ........................................ 3
SPA 318 Latin American Civilization .............................. 3
SPA 320^^ Spanish Literature I .................................... 3

Literature

Choose one (1):

SPA 321^^ Spanish Literature II ..................................... 3
SPA 323 Readings in Latin American Literature ................. 3
SPA 365 Hispanic Studies (when topically appropriate) ....... 3
Choose one (1):

SPA 312^ Spanish Conversation and Composition ................ 3
SPA 313^ Spanish Conversation and Composition II .............. 3

Major Electives

Choose nine (9) credits from SPA 200 – 499

A study abroad experience is strongly recommended.

Education students are also required to take SPA 430 Methods of Teaching Foreign Languages.

Upon completion of the basic linguistic CORE and in close consultation with the department, students will choose from among regular and one-credit courses to complete the rest of the major requirement.

No Spanish or World Languages and Cultures (WLC) course graded below a 2.0 in courses numbered 200 and above will be allowed for credit toward the 36-credit requirement.

^Meets Stage 2 University Writing Requirement  ^^Meets Stage 3 University Writing Requirement

Recommended Course Sequence

Check all course descriptions for Prerequisites before planning course schedule. Discuss all selections with advisor. Up to two courses taken abroad can count towards requirements and electives in the major. It is recommended that Spanish majors study abroad after their second year.

First Year Students may place into the second- or third-year level. Consult with the Department Chair: as to the recommended sequence.

THEATRE AND PERFORMANCE MEDIA
Communication, Film and Theatre Department

Department Chair: Kristen Morgan
Assistant Department Chair: Andrew Utterback
Requirements accurate as of August 1, 2023

See academic program web pages at www.easternct.edu for updates.

The mission of the Theatre and Performance Media program at Eastern Connecticut State University, the state's designated public liberal arts university, is to provide high-quality undergraduate production training to a diverse population of students. By utilizing research, scholarship, professional and academic creative work and community engagement to inform curriculum, professors teach the application of theory in practical settings. The program is committed to strengthening humanity's relationship with creative expression, while preparing each student to contribute their own artistic voice to the larger world.

The Theatre and Performance Media major is comprised of 39 credits. Students take a CORE curriculum of 24 credits and 15 credits in one of three concentrations: Performance (Acting or Dance and Physical Theatre); Design, Technology and Performance Media and Filmmaking and Directing.

### Required CORE Courses

Through completion of these required courses, students gain a global perspective on the societies throughout history that fostered theatrical activity; explore the creative process of play production as inspired by the director's vision and realized by the creative and technical staff; develop vocal and physical skills through the communicative act of performing literature and acquire hands-on practical experience through onstage, backstage and front-of-house activities.

THE 101 Entertainment Industry Employability ................. 1

Choose one (1):

- THE 172 Acting I for Majors .................................. 3
- THE 171 Improvisation & Physical Theatre .................. 3
- DNC 253 Modern Dance I ..................................... 3
- THE 176 Fundamentals of Theatre Design .................. 3
- THE 265** World Performance and Culture ................. 4

Choose one (1):

- THE 275** Technical Theatre .................................. 3
- THE 278** Introduction to Costume Technology .......... 3
- THE 364^^ Performance in America ......................... 3
- THE 482 Career Preparation .................................. 1

Subtotal .......................................................... 18

### Practicum

A total of three (3) credits from the following classes with at least one (1) of the three (3) from THE 227:

- THE 227 Design/Technical Practicum ....................... 0.5-3
- THE 228 Theatre Performance/Rehearsal Practicum ........ 0.5-3
- THE 392 Theatre Practicum ................................... 0.5-3

Subtotal .......................................................... 3

Total ................................................................. 24

No grade of less than 2.0 (C) may be counted toward degree requirements for Theatre and Performance Media majors.

### Areas of Concentration

In addition to the CORE courses, students must complete 15 credits in a concentration of specialized interest: Performance (Acting or Dance and Physical Theatre); Design, Technology and Performance Media; and Filmmaking and Directing. Through intense training and study in these sub-fields, students acquire a greater understanding of the history and global manifestations of performance, the acquisition and application of specialized skills and opportunities to engage in creative/collaborative processes to better prepare them for careers and graduate/professional study.
PERFORMANCE CONCENTRATION: ACTING, DANCE AND PHYSICAL THEATRE

The Performance concentration in Theatre+ Performance Media Major provides students with an Interdisciplinary and comprehensive program for performers interested in Acting, Dance/Movement and Physical Theatre practices with applications for both stage and screen.

Acting Specialization

Students in the Acting track of the Theatre+ Performance Media Major cultivate performance skills for success across a constantly evolving entertainment industry. Building upon a foundation of emotional, vocal and physical character development, actors learn techniques that allow them to structure and maintain truthful characters. Each student graduates with a unique professional portfolio by the conclusion of the Acting course progression.

Required Sequence

Choose one (1): 3

THE 171 Improvisation & Physical Theatre
or
THE 172 Acting for Majors
THE 174 The Actor’s Voice ................................................. 3
THE 273 Acting II .......................................................... 3
THE 372 Acting III: Period Styles ...................................... 3

Elective courses in the Acting Track

Choose three (3) credits: 3

THE 270 Directing .......................................................... 1
THE 365 Special Topics in Theatre (when topically appropriate)
THE 377 Advanced Movement for Actors
THE 393 Stage Combat: The Actor/Combatant
THE 471 On-Camera Acting
THE 499 Site-Specific Theatre

Dance & Physical Theatre Specialization

Spanning the performance disciplines of Dance, Somatics, Physical Theatre and Choreographic practices, this concentration seeks to develop a well-rounded performer for both stage and screen.

Required Foundational Courses (12 credits)

Choose one (1): 3

THE 171 Improvisation & Physical Theatre
or

WOMEN'S AND GENDER STUDIES

English Department

Department Chair: Steve Ferruci
Assistant Department Chair: Kenneth McNeil
Coordinator: Maureen McDonnell
Requirements accurate as of November 1, 2023

See academic program web pages at www.easternct.edu for updates.

The mission of the Women's and Gender Studies program at Eastern is to offer students a quality undergraduate education in gender scholarship. Students learn about the achievements and activism of women and other historically underrepresented groups as they consider the ways in which gender and other identities shape social experiences in a liberal arts context.

Women's and Gender Studies has grown into an interdisciplinary academic program that analyzes how all our lives are shaped by the significance of gender and other forms of identity, like sex, sexuality, race, ethnicity, class, nationality and location.

Eastern is the only public university in Connecticut with a major in Women's and Gender Studies. We are delighted to offer a major and minor in this field. These academic offerings help students think about social change in informed ways and develop an intellectual community that integrates a range of experiences. Students graduate with analytical skills that prepare them for future careers in law, social work, public health, the media, public policy, the creative arts, nonprofit organizations and academia.

Required Courses

WST 260* Introduction to Women's Studies .................. 3
WST 351^ Feminist Theories ..................................... 3
WST 481^^ Independent Study Writing-Intensive ............ 3
Capstone in WGS
This Tier III writing-intensive course requirement will be met by an independent study advised by a Women's and Gender Studies faculty member. Students produce theses to be read by a second reader approved by the Women's Studies Advisory Committee. With permission of the director, this requirement may be met by a discipline-based substitute such as a departmental senior seminar. The thesis resulting from such work will then be read by a second reader approved by the Women's Studies Advisory Committee.

WST 490 Internship in Women's Studies .......................... 3

The experiential learning component may be taken in Women's and Gender Studies or in a disciplinary area relevant to the Women's and Gender Studies major and signed off by the director.

ACADEMIC MINORS

ACCOUNTING
Accounting and Business Information Systems Department

Department Chair: Moh'd RuJoub
Associate Chair: Alex Citurs
Requirements accurate as of August 1, 2023
See academic program web pages at www.easternct.edu for updates

The Accounting minor is designed to enable students with other various majors: (1) to study accounting principles, practices, and procedures that apply to financial reporting and (2) to develop the critical thinking skills needed to understand the consequences of those accounting principles. No more than one advanced Accounting course can be transferred to Eastern.

The minor in Accounting is open to all University students and is designed to provide flexibility to those who wish to enrich their major area with greater understanding of the accounting procedures and techniques.

Required Courses

ACC 311 Advanced Managerial Accounting .................... 3
ACC 416 Federal Individual Taxation ............................ 3

ANTHROPOLOGY
Sociology, Anthropology, Criminology and Social Work Department

Department Chair: Ricardo Perez
Program Coordinator: Sarah Baires
Requirements accurate as of August 1, 2023
See academic program web pages at www.easternct.edu for updates

The Anthropology minor helps the student understand cultures throughout the world. The study of cross-cultural issues is important for many fields and anthropology has long been recognized as a leading discipline in the development of concepts and knowledge regarding culture, prehistory, evolution, and linguistics. The Anthropology minor is an ideal complement to many majors, including History, Psychology, Sociology, Political Science, Communication, Economics, and Business Administration. Anthropology is an excellent background for those who wish to develop careers or have graduate education in policy, development, teaching, or other service professions.

Required Courses

ANT 106 Introduction to Cultural Anthropology .................. 3

Minor Electives .......................................................... 12

Choose 12 credits in Anthropology.

ART HISTORY
Art and Art History Department

Department Chair: Lora Lee
Assistant Chair: Maeve Doyle
Requirements accurate as of August 1, 2023
See academic program web pages at www.easternct.edu for updates.

To earn an Art History minor, a student must complete 20 credits in Art History. Nine of those credits must be unique to the minor. Courses with a grade of less than 2.0 (C) will not count towards the minor.
Required Courses

ART 211 Introduction to Art History: Prehistory to 1400 ........ 4
ART 212 Introduction to Art History: 1400 to the Present ........ 4

Minor Electives

Choose four courses:

ANT 336 Ancient Mesoamerica ........................................ 3
ART 224 Latin American Art Topics .................................. 3
ART 225 Asian Art and Culture ....................................... 3
ART 229 Medieval Art & Architecture ............................... 3
ART 233 Graphic Design History ..................................... 4
ART 250 Photography & New Media as History .................. 3
ART 313 Renaissance Art ........................................... 3
ART 316 Art and Travel ............................................... 3
ART 340 Art History Topics ......................................... 4
ART 345 Museums and Exhibitions ................................. 3
ART/WST 355 Women and the Visual Arts ....................... 3
ART 360 American Art ............................................... 3
ART 365 Special Topics in Art (when topically appropriate) ... 3
ART 369 African-American Art ...................................... 3
ART 371 Islamic Art .................................................. 3
ART 402 Issues in Contemporary Art ............................... 4
ART 470 Advanced Topics in Art (when topically appropriate) 3
ART 480 Independent Study ....................................... 1-6
ART 490 Internship ................................................... 1-6

ASIAN STUDIES

History Department

Department Chair: Caitlin Carenen
Assistant Chair: Scott Moore
Program Coordinator: Soojin Kim

Requirements accurate as of August 1, 2023
See academic program web pages at www.easternct.edu for updates.

The Asian Studies minor encourages students to make interdisciplinary connections while introducing them to the rich histories and cultures of world regions which have made major contributions to the human experience. Students are exposed to the background and current circumstances of an increasingly vital part of the globe. The Asian Studies minor has particular strengths in China, Japan, Korea and India and complements an array of majors, including Business Administration, Communication, Economics, Education, History, Performing Arts, Political Science, Sociology and Visual Art. The minor provides students with a background for a wide variety of jobs and for graduate study.

The minor consists of a minimum of five courses and a minimum of 15 credit hours.

*Courses should be chosen from the following list and must include courses from at least two disciplines:

Choose five (5) courses:

ART 225 Asian Art and Culture ..................................... 3
BUS 450 International Business ..................................... 3
CHI 110 Introductory Chinese I ................................... 3
CHI 111 Introductory Chinese II .................................. 3
ENG 258 Asian American Literature ............................... 3
HIS 275 Introduction to East Asian History .................... 3
Students must earn a grade of C or better in all courses that are counted toward the minor. Special Topics courses, colloquia, independent studies, seminars and study abroad or travel courses may count toward the minor with consent of the Program Coordinator.

No more than two (2) courses in an Asian language may count toward the minor’s course minimum. (Note: JPN 116, CHI 138 and CHI 250 are not language courses.)

For independent studies, seminars and travel courses: No more than two (2) special topics courses, independent studies, seminars and study abroad or travel courses may count toward the minor with the consent of the Program Coordinator.

A minimum of three (3) courses in the minor must be taken in residence at Eastern Connecticut State University.

9 credit hours must be unique to the minor and not shared with other majors or minors.

ASTRONOMY OUTREACH AND PUBLIC PRESENTATION

Physical Sciences Department

Department Chair: John Toedt
Assistant Chair: Darrell Koza
Requirements are accurate as of August 1, 2023
See academic program web pages at www.easternct.edu for updates.

The Astronomy Outreach and Public Presentation minor is designed to give students the necessary skills to present astronomy in a K-12 or public setting. The students will learn the science of astronomy and the fundamental technical skills for the operation of the planetarium.

Required Courses

The minor is 18 credits and a minimum grade of 2.0 (C) is required in each class within the minor.

AST 214 Descriptive Astronomy with Lab ......................... 4
AST 225 Stars and Galaxies .......................................... 3
AST 226 Introduction to the Solar System ......................... 3
AST 490 Planetarium Workshop .................................. 1-6
AST 495 Planetarium Internship .................................. 1-6

Because AST 490 and 495 are variable-credit classes, the exact credit a student receives in these classes must be determined through consultation with the instructors. The students must take at least one of the following electives to bring the total of the minor to 18 credits:

Minor Electives

Choose one (1) course:

AST 360 Topics in Astronomy ....................................... 1-6
AST 375 Mathematical Astronomy and Astrophysics ............ 3
AST 380 Tutorial in Astronomy .................................... 1-4
AST 480 Independent Study ....................................... 1-4
PHY 205 Physics II with Lab ........................................ 4
PHY 209 Physics with Calculus II with Lab ......................... 4

BIOCHEMISTRY
Physical Sciences Department

Department Chair: John Toedt
Assistant Chair: Darrell Koza
Requirements are accurate as of August 1, 2023
See academic program web pages at www.easternct.edu for updates.

For those students who desire a more concentrated course of study in Biochemistry, this minor may be accomplished by taking all of the following Chemistry courses (note: a minimum of three courses in this minor must be unique to this minor and will not be counted toward any other graduation requirement):

Required Courses

CHE 216 Organic Chemistry I with Lab ................................ 4
CHE 217 Organic Chemistry II with Lab ............................ 4
CHE 316 Biochemistry I .............................................. 3
CHE 317 Biochemistry I Lab ......................................... 1
CHE 318 Biochemistry II .............................................. 3

Minor Electives
Choose one (1) course:

BIO 334 General Microbiology with Laboratory ................. 4
BIO 442 Plant Ecology with Laboratory ............................. 4
BIO 450 Biotechnology with Laboratory ............................ 4
CHE 323 Physical Biochemistry ...................................... 3

BIOINFORMATICS
Computer Science Department

Department Chair: Garrett Dancik
Requirements accurate as of August 1, 2023
See academic program web pages at www.easternct.edu for updates.

The Bioinformatics minor is designed to prepare students to use computers to analyze genomic information, which is revolutionizing our understanding of health and disease.

Bioinformatics is an interdisciplinary science that involves the development and use of computational, statistical and mathematical tools to store and analyze large biological datasets, such as genomic sequences. Bioinformatics is routinely used in genomics research and in personalized medicine. For example, bioinformatics analyses have led to an increased understanding of genetic diseases, such as Parkinson’s disease and are being used to tailor medical treatments for cancer patients, based on the genomics of the tumor.

The Bioinformatics minor will:

• Introduce students to CORE concepts in computer programming, genomics and data analysis
• Expose students to current Bioinformatics tools and databases
• Train students to apply bioinformatics programming and analytic skills to solve biological problems
• Prepare students who want to pursue graduate studies in Bioinformatics or Computational Biology or for related careers

The minor requires a total of 19-21 credits as follows:

Required Courses
Choose one (1): 3
CSC 202 Introduction to Programming and Machine Intelligence
CSC 210 Computer Science and Programming I
Choose one (1): 3
MAT 216 Statistical Data Analysis
MAT 315 Applied Probability and Statistics

Choose one (1) option: 4
BIO 230 Genetics with Laboratory
BIO 304/314 Genetics and Society with Lab
CSC 314 Introduction to Bioinformatics .................... 3
CSC 315 Genomic Data Analysis ......................... 3

Minor Electives
Choose one (1):
BIO 436 Molecular Genetics with Laboratory ............... 4
BIO 450 Biotechnology with Laboratory .................... 4
CSC 305 Data Mining and Machine Learning ............... 3
CSC 342 Advanced Database Systems .................... 3
CSC 350 Numerical Analysis ................................ 3
MAT 373 Explorations in Mathematical Biology ........ 3

*Additional elective courses may count with approval of the Bioinformatics coordinator and the Department Chair.

BIOLOGY

Department Chair: Elizabeth Cowles
Assistant Chair: W. Brett Mattingly
Requirements accurate as of August 1, 2023
See academic program web pages at www.easternct.edu for updates.

The Biology minor consists of BIO 120, BIO 130, BIO 220, BIO 230 and one upper-level Biology course with lab designated for Biology majors. Each of the four prerequisite CORE courses must have a grade of C- or better. At least three of the five required courses must be taken at Eastern. Any student who plans to work toward the Biology minor must meet with the assistant chair of the Biology Department for approval of the plan of study.

Required Courses
BIO 120 Organismal Biology with Laboratory ............... 4
BIO 130 Ecology with Laboratory .......................... 4
BIO 220 Cell Structure and Function with Lab ............ 4
BIO 230 General Genetics with Laboratory ............... 4

Minor Electives
Choose four (4) credits:
BIO 324 Entomology with Laboratory ..................... 4
BIO 330 Cell Biology with Laboratory ..................... 4
BIO 332 Biology of Plants with Laboratory ............... 4
BIO 334 General Microbiology with Laboratory .......... 4
BIO 336 Invertebrate Biology with Laboratory .......... 4
BIO 338 Vertebrate Biology with Laboratory ............ 4
BIO 340 Parasitology with Laboratory .................... 4
BIO 342 Herpetology with Lab ........................... 4
BIO 344 General Mycology with Laboratory .............. 4
BIO 346 Animal Behavior with Laboratory ............... 4
BIO 348 Functional Human Anatomy with Laboratory .... 4
BIO 350 Human Physiology with Laboratory ............. 4
BIO 358 DesertEcology and Biogeography........................................4
BIO 365 Special Topics in Biology ........................................4
BIO 422 Research in Molecular Biology with Laboratory ..........4
BIO 424 Biological Chemistry with Laboratory ......................4
BIO 426 Biology of Cancer with Lab ..................................4
BIO 428 Virology with Laboratory ....................................4
BIO 430 Endocrinology with Laboratory ..............................4
BIO 432 Histology with Laboratory ................................4
BIO 434 Developmental Biology with Laboratory ..................4
BIO 436 Molecular Genetics with Laboratory .....................4
BIO 438 Plant Physiology with Laboratory ..........................4
BIO 440 Aquatic Biology with Laboratory ..........................4
BIO 442 Plant Ecology with Laboratory ..............................4
BIO 444 Population and Community Ecology with Laboratory ....4
BIO 448 Physiological Ecology with Laboratory ..................4
BIO 450 Biotechnology with Laboratory ...........................4
BIO 452 Conservation Biology with Lab .............................4
BIO 454 Biological Invasions with Lab ................................4
BIO 456 Marine Ecology with Lab .....................................4
BIO 458 Regenerative Medicine ........................................4
BIO 460 Medical Genetics with Lab ..................................4
BIO 462 Immunology with Lab .......................................4
BIO 320/360 Tropical Biology/Tropical Ecosystems ...............4
BIO 319/320 Oceanic Island Ecology/Tropical Biology ..........4

BUSINESS ADMINISTRATION

Department Chair: Emiliano Villanueva
Assistant Chair: Mihyun Kang
Requirements accurate as of August 1, 2023
See academic program web pages at www.easternct.edu for updates.

The minor in Business Administration is open to all university students and is designed to serve students in non-business disciplines who might find this minor useful for making themselves employable to companies seeking graduates with a basic understanding of business. The minor is also designed for students who intend to engage in the gig economy, start their own business, or join and contribute to a family business.

Required Courses

BUS 201 Principles of Management ..................................3
BUS 225 Principles of Marketing ......................................3

General Business Courses

Choose two (2) (6 credits):

ACC 201 Principles of Accounting ..................................3
BIS 205 Information Management ..................................3
FIN 245 Business Finance ............................................3
OSC 260 Operations Management ..................................3
The Business Analytics minor is designed to develop business data analysis capabilities and technology skills and knowledge that can be applied to a variety of organizational and decision contexts. Thus, it will enable a demonstration and understanding of how data acquisition, management, analysis and data story visualization is performed and can be transformed into actionable insights, effective decision making and leveraged for achieving organizational objectives. The minor is designed to develop and enhance analytical skill sets needed for current or future careers across various discipline fields and industries. The flexibility of the Business Analytics minor will allow the acquisition of information systems and business and other data analytical skills most relevant to a variety of career paths, major programs of study, or secondary areas of interest.

Upon completion of the minor, a student will be able to analyze data related to a wide variety of business processes, organizational and economic sectors. This includes developing skills for critical thinking for problem identification and data analysis approach selection, gaining proficiency with common business analytic methodologies and practices as well as acquiring, combining, cleansing, manipulating, & analyzing diverse datasets using a variety of tools. Those skills along with technical capabilities and skills enable a strategic and holistic understanding of business analytics/intelligence and organizational decision-making contexts to support diverse stakeholder groups’ needs. Plus, the Business Analytics minor offers skillsets supporting better operational, tactical and strategic decision making in an ethical manner, as well as effectively communicate the analyses using data visualization and other techniques.

The Business Analytics minor requires 18 credits and is suitable for Eastern students from a wide variety of programs, including transfer and non-traditional students. At least four of the courses below should be taken at Eastern.

**Required Courses**

- BIS 205 Information Management .................. 3
- BIS 305 Business Analytics ........................ 3
- BIS 373 Business Database Management .......... 3

Choose one (1): 3

- BIS 447 Business Intelligence and Data Solutions
- BIS 449 Data Visualization

**Statistics**

Choose one (1):

- ECO 215 Statistics for Business and Economics ........................ 3
- MAT 216 Statistical Data Analysis ......................... 3
- SOC 351 Statistics for Social Research ...................... 4
Minor Elective

Choose one (1):

- OSC 360 Supply Chain Management ......................... 3
- OSC 363 Introduction to Six Sigma Continuous Improvement . . . 3
- BUS 380 Quality Improvement in Healthcare ................... 3
- BUS 428 Marketing Research .................................. 3
- BUS 433 Strategic Talent Management ........................ 3
- ECO 305 Introduction to Econometrics ......................... 3
- FIN 346 Investment Analysis .................................. 3

BUSINESS INFORMATION SYSTEMS

Accounting and Business Information Systems Department

Department Chair: Moh'd Rujoub
Associate Chair: Alex Citurs
Requirements accurate as of August 1, 2023
See academic program web pages at www.easternct.edu for updates.

The Business Information Systems (BIS) Management minor focuses on how information systems are used to improve organizational performance and transform basic business structures appropriately. The minor is designed to develop and enhance skill sets needed for current or future careers across discipline fields and industries. The flexibility in this minor enables students to acquire information systems skills most relevant to their career paths, major programs of study, or secondary areas of interest.

Upon completion of the minor, a student will be able to analyze, design and manage information systems and associated processes in a wide variety of organizations. This minor provides students with valuable skills and knowledge in the management of information systems resources, which constitute up to a third of the total assets of businesses and organizations today. The minor requires 18 credits and is suitable for any Eastern student, including transfer and non-traditional students. At least four of the courses below should be taken at Eastern, with no more than one course being transferred to Eastern in the third course category.

The BIS minor allows flexible combinations that complement many majors providing great job opportunities. the BIS minor is designed to incorporate a variety of BIS elective courses to select from that will provide the matching complementary information systems and technology skills for several majors (i.e., Finance, Management, Marketing and Operations Management).

Required Courses

- BIS 361 Business Information Systems .............................. 3
- BIS 370 Systems Analysis and Design ............................ 3
- BIS 205 Information Management ................................. 3

Minor Elective

Choose one course:

- ACC 201 Principles of Accounting I ......................... 3
- BUS 201 Principles of Management ......................... 3
- BUS 225 Principles of Marketing ............................. 3
- BUS 230 Business and Society ............................... 3
- FIN 245 Business Finance .................................. 3
- OSC 260 Operations Management ............................ 3

Upper Level Minor Electives

Choose two:

- ACC 420 Accounting Information Technology and Business Solutions .......................... 3
- BIS 305 Business Analytics .................................. 3
- BIS 340 Business Data Communications and E-Networks .................. 3
- BIS 364 Introduction to Social Informatics .................... 3
- BIS 365 Emerging Technologies and Business Applications .................. 3
BIS 367 Human Computer Interaction and Design ................. 3
BIS 368 Interorganizational Healthcare Information Systems .... 3
BIS 373 Business Database Management ......................... 3
BIS 375 Electronic Commerce ...................................... 3
BIS 378 Business Database Applications ......................... 3
BIS 430 Enterprise Resource Planning and E-Business ........... 3
BIS 437 Rapid Information Technology Development ............ 3

Management
BIS 442 Information Technology Project Management ............ 3
BIS 447 Business Intelligence and Data Solutions ................. 3
BIS 449 Data Visualization ....................................... 3
BUS 469 Seminar in Special Topics ................................ 3
FIN 445 Case Studies in Financial Mgmt Using .................... 3

Electronic Spreadsheets

CANNABIS CULTIVATION & CHEMISTRY

Biology Department

Department Chair: Elizabeth Cowles
Assistant Chair: W. Brett Mattingly
Requirements accurate as of August 1, 2023
See academic program web pages at www.easternct.edu for updates.

This program trains students to cultivate and chemically analyze cannabis or hemp. It is both a hands-on and theoretical course of study giving students an appropriate background to pursue a career in the industry or to go on to graduate studies (15 or 16 credits).

Required Courses
BIO 300 Cannabis Cultivation Practicum .......................... 4
CHE 302 Chemical Analysis of Cannabis ......................... 4
Choose one (1):
BIO 324 Entomology with Lab ..................................... 4
BIO 332 Biology of Plants with Lab ................................. 4
BIO 344 General Mycology with Lab ............................... 4
BIO 438 Plant Physiology with Lab ................................. 4
BIO 442 Plant Ecology with Lab .................................... 4
CHE 216 Organic Chemistry I with Lab ........................... 4
CHE 320 Quantitative Chemical Analysis with Lab ............... 4
EES 205 & EES 207 Sustainable Energy and Sustainable Energy Lab
HSC 440 Ethnics, Law and Public Health .......................... 3
PBH 441 Regulatory Affairs in Public Health ....................... 3

Minor Electives
Choose one (1):
BIO 230 Genetics with Lab .......................................... 4
BIO 378 Biology Research and Data Analysis ..................... 3
BIO 450 Biotechnology with Lab .................................... 4
CHE 316 & CHE 317 Biochemistry I with Lab ..................... 4
EES 222 Water and Society ......................................... 3
This minor is offered for those students who wish to acquire a variety of chemistry courses to (1) broaden their knowledge of chemistry and laboratory techniques to better enable them to find suitable employment and (2) strengthen their background in chemistry prior to entering graduate school in the sciences.

The Chemistry minor consists of CHE 216/217 Organic Chemistry with Laboratory and at least three chemistry electives from those listed below (with an average grade of "C" or better).

A maximum of two (2) courses may be transferred:

**Required Courses**

- CHE 216 Organic Chemistry I with Lab. .......................... 4
- CHE 217 Organic Chemistry II with Lab .......................... 4

**Minor Elective**

Choose three (3) courses:

- CHE 310 Environmental Chemistry .............................. 3
- CHE 316 Biochemistry I ........................................ 3
- CHE 320 Quantitative Chemical Analysis with Lab .......... 4
- CHE 322 Physical Chemistry for the Life Sciences .......... 3
- CHE 323 Physical Biochemistry ................................ 3
- CHE 370 Organic Qualitative Analysis ........................... 4
- CHE 380 Tutorial in Chemistry ................................... 1-4
- CHE 425 Chemical Instrumentation W/Lab ...................... 4
- CHE 480 Independent Study .................................... 1-4
- CHE 492 Directed Research ..................................... 1-6

*Note: a minimum of three courses in this minor must be unique to the minor and cannot be counted toward any other graduation requirement.*

---

**COACHING**

Health Sciences Department

Department Chair: Yaw Nsiah
Assistant Chair: Amy Bataille
Requirements accurate as of August 1, 2023
See academic program web pages at www.easternct.edu for updates.

The Coaching minor is useful for those interested in working with young people in interscholastic sports programs and community volunteer sports programs. Courses introduce the student to the philosophical, scientific and developmental aspects of conducting sports programs.

The grade of "C" of higher must be earned in all physical education major and minor courses.
Required Courses

HSC 307 Strength and Conditioning ........................................... 3
HSC 320 Sports Nutrition ............................................................ 3
HSC 370 Athletic Training .......................................................... 3
HSC 332 Coaching Youth Sports ............................................... 3

Choose one (1): 3
- HPE 413 Physiology of Exercise
- HSC 356 Exercise Physiology

CPR and First Aid Certifications are required.

Please note: Prerequisites may apply to certain classes. It is recommended that students wishing to minor in Coaching speak to the chair of the KPE Department before declaring the minor.

COMMUNICATION

Communication, Film & Theatre Department

Department Chair: Kristen Morgan
Assistant Chair: Andrew Utterback
Requirements accurate as of August 1, 2023
See academic program web pages at www.easternct.edu for updates.

The Communication minor is offered for students who wish to enrich their major area with some general understanding of the total communication process. The minor is designed to provide students with an increased awareness of the role of the media in contemporary society. Fifteen semester hours of credit in the communication field are necessary to fulfill the requirements for a minor.

To earn a Communication Minor, a student must take 15 credits of Communication courses. At least six (6) of the 15 credits must be at the 200-level or above and nine (9) credits must be completed at Eastern.

Note: Practicum, Internship and Non-Equivalent Transfer Credit does not count toward the Communication Minor (COM 1xx; 2xx; 3xx; 4xx; 190; 191; 290; 291; 292; 490; 491)

COMPUTER ENGINEERING SCIENCE

Computer Science Department

Department Chair: Garrett Dancik
Requirements accurate as of August 1, 2023
See academic program web pages at www.easternct.edu for updates.

Objectives

This minor is designed to provide students with the mathematical background and practical experience expected of computer engineering minors. The objectives of the Computer Engineering Sciences minor are the following:

• To give students a background in engineering to assist them in graduate engineering schools.
• To assist students in pursuing careers in engineering.
• To afford science and mathematics students an experience in engineering.

Required Courses

CSC 350 Numerical Analysis ..................................................... 3
CSC 351 Signals and Systems .................................................... 3
CSC 355 Digital Logic Lecture .................................................. 3
MAT 310 Applied Linear Algebra ............................................. 3
MAT 340 Calculus III with Technology ..................................... 4

Minor Electives

Choose one computer science elective numbered 300 or above.
COMPUTER SCIENCE

Computer Science Department

Department Chair: Garrett Dancik

Requirements accurate as of August 1, 2023

See academic program web pages at www.easternct.edu for updates.

Objectives

The Computer Science minor is designed for students who anticipate that computer science will have a prominent role to play in their academic and professional career. The minor emphasizes fundamental programming skills and hands-on experience applying those skills to computer-related projects.

Required Courses

CSC 210 Computer Science and Programming I . . . . . . . . . . . . . . . . . 3
CSC 231 Computer Science and Programming II . . . . . . . . . . . . . . . . 3
CSC 270 Data Structures and Algorithms . . . . . . . . . . . . . . . . . . . . . . 3

Minor Electives

Choose six credits in computer science courses numbered 201 and higher or two additional courses in the discipline of computing that are approved by the chair of the Computer Science Department.

COSTUME AND FASHION DESIGN

Art and Art History Department

Department Chair: Lora Lee
Assistant Chair: Maeve Doyle

Requirements accurate as of August 1, 2023

See academic program web pages at www.easternct.edu for updates.

The interdisciplinary minor in Costume and Fashion Design is intended for students interested in developing skills and abilities in the areas of costume and fashion design and to prepare for careers and/or further professional development in these highly desirable fields of employment. Using hands-on and computer-aided design and illustration techniques, students will create garments and accessories and learn the basics of textile design and production. The CORE courses cover aesthetics, technology and basic skills development in textiles, costume and fashion design. The elective courses cover more specialized areas related to costume and fashion history and pattern-making techniques.

The Costume and Fashion Design minor consists of a minimum of 18 credits, distributed among four CORE required courses (12 credits) and two electives (six credits).

Required Courses

ART 124 Digital Imaging and Online Media . . . . . . . . . . . . . . . . . . . . 3
ART 202 Drawing I . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . 3
THE 278 Introduction to Costume Technology . . . . . . . . . . . . . . . . . . 3
THE 279 Costume History . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . 3

Minor Electives

Choose six (6) credits:

ART 309 Figure Drawing . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . 3
ART 418 Printing for Textiles . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . 3
THE 288 Stage Makeup . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . 3
THE 368 Surface Design on Fabric . . . . . . . . . . . . . . . . . . . . . . . . . . . 3
THE 378 Costume Design . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . 3
THE 379 Pattern Making . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . 3
THE 480 Independent Study in Theatre . . . . . . . . . . . . . . . . . . . . . . . 5-6
CRIMINOLOGY

Sociology, Anthropology, Criminology and Social Work Department

Department Chair: Ricardo Perez
Program Coordinator: Nicholas Parsons
Requirements accurate as of August 1, 2023
See academic program web pages at www.easternct.edu for updates.

The Criminology minor examines the nature of criminal law, the causes and consequences of criminal behavior and societal responses to crime and offenders. The influence of social inequality and diversity on crime-related issues is also highlighted. Students with career interests in both the adult and juvenile systems, including law enforcement, court systems and corrections, as well as those wishing to pursue graduate or law degrees, will find the Criminology minor an excellent base.

The Criminology minor consists of 18 credits.

Other courses may be considered for equivalency or substitution for any of the above courses with the permission of the coordinator of the Criminology minor. Criminology minors may apply up to nine credits of Criminology courses toward the Sociology major.

DIGITAL ART & MEDIA DESIGN

Art and Art History Department

Department Chair: Lora Lee
Assistant Chair: Maeve Doyle
Requirements accurate as of August 1, 2023
See academic program web pages at www.easternct.edu for updates.

To earn a Digital Art & Media Design minor, a student must complete 18 credits in Digital Art & Media Design courses with at least six of those at the 200-level or higher. Students interested in the Digital Art & Media Design minor are required to submit a portfolio for admission to the program after completing the two Digital Art Techniques Courses: ART 122 and ART 124.

The portfolio must include eight samples of the student’s work (two (2) examples each from Illustrator, InDesign, Photoshop and Online Media). Portfolios must be carefully prepared according to guidelines available. After portfolios are submitted and program admission approved, students can enroll in upper-level Digital Art & Media Design courses, most of which require portfolio acceptance. A minor must include nine unique credits. Courses with a grade of less than 2.0 (C) will not count toward the minor.

Required Courses

ART 122 Digital Illustration and Page Layout ................. 3
ART 124 Digital Imaging and Online Media .......... 3
ART 203 Graphic Design I ........................................ 3
ART 329 Graphic Design II ................................. 3

Minor Electives

Choose two (2):

ART 213 Information Graphics ................................... 3
ART 233 Graphic Design History .............................. 4
ART 310 Web Design I ........................................... 3
ART 323 Introduction to 3D Modeling ......................... 3
ART 325 2D Animation ......................................... 3
ART 326 User Interface & Interaction Design ............... 3
ART 327 Magazine Design ....................................... 3
ART 330 Packaging Design .................................... 3
ART 322 Photo Imaging: Art & the Digital Camera ........ 3
ART 335 Graphic Design III .................................... 3
ART 337 Virtual & Augmented Reality Design ............ 3
ART 342 Illustration II ........................................... 3
ART 343 Introduction to 3D Animation ....................... 3
ART 351 Motion Graphic Design ................................ 3
ART 365 Special Topics in Art (when topically appropriate) 3
ART 403 Advanced 3D Animation ........................... 3
ART 412 Web Design II .......................................... 3
ART 421 Digital Portfolio Preparation ......................... 3
ART 422 Illustration III .......................................... 3
ART 432 Eastern Design Group ............................... 3
ECONOMICS
Economics and Finance Department

Department Chair: Steve Muchiri
Requirements accurate as of August 1, 2023
See academic program web pages at www.easternct.edu for updates.
A minimum of 12 credits in the minor must be completed at Eastern.

Required Courses
- ECO 200 Introductory Macroeconomics .......................... 3
- ECO 201 Introductory Microeconomics ............................. 3

Minor Electives
Choose four (4) courses, 12 credits, of economics courses at the 300-level or higher (excluding ECO 480, 490, 492).

ENGLISH
English Department

Department Chair: Stephen Ferucci
Associate Chair: Kenneth McNeil
Requirements accurate as of August 1, 2023
See academic program web pages at www.easternct.edu for updates.

The English minor is designed to complement students’ majors; to acquaint them with literary themes, genres and periods; to introduce them to the study of language; and to help them become proficient writers.

The minor in English is a course of study planned with a department advisor and consists of 15 credits beyond the LAC. Courses to be counted must receive a grade of 2.0 or higher. At least nine credits are to be earned in 300-level or above courses. Approval of a course of study for the minor program by the Department Chair is required.

ENVIRONMENTAL EARTH SCIENCE
Environmental Earth Science Department

Department Chair: Bryan Oakley
Assistant Chair: Stephen Nathan
Requirements accurate as of August 1, 2023
See academic program web pages at www.easternct.edu for updates.

The minor is designed for students majoring in other disciplines who are interested in earth science or who need a knowledge of basic earth science in their careers. Any student selecting Environmental Earth Science as a minor must meet with the Environmental Earth Science Department Chair.

The minor consists of a minimum of 18 credit hours. Nine of these hours must be unique to the minor.

Required Courses
- EES 104 Dynamic Earth with Laboratory .......................... 4
- EES 130 Ancient Environments with Laboratory .................. 4
- EES 224 Landform Analysis with Laboratory ...................... 4

Minor Electives
Choose six (6) to eight (8) credits of EES courses at the 300-level or above.
ENVIRONMENTAL HEALTH SCIENCE
Environmental Earth Science Department

Department Chair: Bryan Oakley  
Assistant Chair: Stephen Nathan  
Requirements accurate as of August 1, 2023  
See academic program web pages at www.easternct.edu for updates.

The interdisciplinary Environmental Health Science minor explores the interrelationship between human health and the environment. The interplay of human activities, natural earth processes and ecological processes influence both human health and the quality of the environment. The Environmental Health Science minor is particularly appropriate for students majoring in Health Sciences, Environmental Earth Science and Biology and is also of great value to students whose careers will entail interacting closely with the general public. This minor would greatly benefit majors in Communication, Sociology, Social Work and Political Science.

The objectives of the minor are to:
• Expand student awareness of environmentally-driven disease and injury
• Assist students in pursuing careers in environmental health, public health and environmental science
• Prepare students for graduate studies in environmental health science

The Environmental Health Science minor consists of 16 credits, nine of which must be unique to the minor. Students must receive a grade of 2.0 or higher in each course applied toward the minor.

* Selected with approval of the Environmental Health Science Minor Advisor
The environmental science minor is designed for students outside of the Environmental Earth Science Program who want to expand their understanding of the environment through topics rooted in the earth sciences and other disciplines of environmental science. The minor provides the opportunity to apply the interdisciplinary study of environmental science across the curriculum and pairs well with any major, but aligns particularly well for students majoring in Political Science, Biology, Economics or Business Administration who want to work within their field to tackle the environmental issues of the 21st century. Students interested in declaring an environmental science minor should meet with the program director.

**Required Courses**

Choose one (1):

- EES 220/221 Environmental Geology with Lab (recommended) . . . . 4
- EES 104 Dynamic Earth with Laboratory . . . . . . . . . . . . . . . . . . . . . . 4
- EES 110/112 Introduction to Geology/Earth Science Lab . . . . . . . . 4

FILM STUDIES
Communication, Film and Theatre Department

Department Chair: Kristen Morgan
Assistant Chair: Andrew Utterback
Requirements accurate as of August 1, 2023
See academic program web pages at www.easternct.edu for updates.

Film Studies is an interdisciplinary minor intended for students who wish to focus on the history, aesthetics, techniques and global manifestations of film.

Required Course
FLM 101 Introduction to Film

Elective Courses
Select five (5) courses from the following from at least two (2) different disciplines.

Note: Only one course may be selected from the student’s major.

ARA 219 Arab Culture Through Film
ART 343 Introduction to 3D Animation
ART 403 Advanced 3D Animation
CHI 216 Chinese Culture Through Film
COM/FLM 220 Video & Film Production
COM 357 Scriptwriting
COM/FLM 380 Dramatic Video & Film Production
COM 435 Documentary Production
ENG 339 Shakespeare and Film
ENG 359 Film Theory
ENG 374 Rhetoric of Hollywood Film
FLM 321 American Cinema
FLM 322 World Cinema
FLM 352 Representation & Diversity in Film
FLM/COM 440 Producing Film & Video for Clients
FLM/FRE/WLC 223 French Cinema
ITL 219 Italian Cinema
MUS 372 Multimedia Composition
SPA/FLM/LAS 219 Hispanic Screen Cultures: From Film to the Internet
THE 351 Adaptation/Media/Performance
THE 355 Art Direction for Film
THE 385 Intermedial Performance Design II

FRENCH
World Languages and Cultures Department

Department Chair: Kin Chan
Requirements accurate as of August 1, 2023
See academic program web pages at www.easternct.edu for updates.

15 credits beyond elementary level (i.e. FRE 110/111)
GAME DESIGN
Computer Science Department

Department Chair: Garrett Dancik
Requirements accurate as of August 1, 2023
See academic program web pages at www.easternct.edu for updates.

Objectives
The Computer Gaming minor addresses the needs of students interested in simulation, human machine interaction and gaming. This is an interdisciplinary minor covering both the artistic and computational needs of the field. Students with such a minor may work with animation, game engines, mathematics, modeling, network design and state-of-the-art hardware and software.
Although the School of Arts and Sciences houses the minor in Game Design, all undergraduate students from across the University are eligible to complete the minor.

Required Courses

ART 323 Introduction to 3D Modeling ...................... 3
or
ART 343 Introduction to 3D Animation ...................... 3
CSC 311 Computer and Video Games Development ........ 3

Minor Electives

Choose nine (9) credits:
ART 351 Motion Graphic Design ......................... 3
ART 403 Advanced 3D Animation ......................... 3
CSC 251 Networking Fundamentals ....................... 3
or
CSC 401 Networking and Distributed Computing ........ 3
CSC/MAT 350 Numerical Analysis ......................... 3
CSC 375 Artificial Intelligence ............................ 3
ENG 360 Digital Game Studies ............................ 3
MUS 372 Multimedia Composition ........................ 3
SOC 320 Video Games and Society ....................... 3
THE 261 Visual Storytelling ................................ 3
or
THE 345 Programming for Interactive Design ........... 3

Any 300/400 level course by arrangement with coordinator.

GENETIC COUNSELING
Biology Department

Department Chair: Elizabeth Cowles
Assistant Chair: W. Brett Mattingly
Requirements accurate as of August 1, 2023
See academic program web pages at www.easternct.edu for updates.

Genetic counseling is a rapidly growing field in which individuals with expertise in genetics work with clients to determine genetic risks for health conditions, advise them on the implications of those risks and provide support and counseling. A master's degree in Genetic Counseling is required to become a Genetic Counselor. The minor is designed to introduce any interested students to the field of genetic counseling and to provide some of the prerequisite coursework to students that wish to apply to graduate programs in Genetic Counseling. The Genetic Counseling minor consists of 16-17 credits and at least nine credits must be unique to the minor. Students will take a course in genetic counseling and one course each in the categories of ethics, genetics, psychology and bioinformatics/statistics. Nine credits must be taken at Eastern.
Required Courses

BIO 210 Genetic Counseling ........................................... 3

*Genetics Course*

Choose one (1):

- BIO 304/314 Genetics and Society with Laboratory ............ 4
- BIO 230 Genetics with Laboratory ................................ 4

*Ethics Course*

- PHI 220 Ethics ......................................................... 3

*Psychology Course*

Choose one (1):

- PSY 301 Abnormal Psychology ...................................... 3
- PSY 302 Child Psychopathology .................................... 3
- PSY 314 Psychology of the Infant and Toddler ................... 3
- PSY 325 Health Psychology ......................................... 3
- PSY 430 Human Neuropsychology .................................. 3
- PSY 450 Counseling and Clinical Psychology .................... 3

*Bioinformatics/Statistics Course*

Choose one (1):

- BIO 378 Biological Research and Data Analysis ................. 3
- CSC 314 Introduction to Bioinformatics .......................... 3
- MAT 216 Statistical Data Analysis .................................. 3
- MAT 315 Applied Probability and Statistics ....................... 4
- PSY 227 Behavioral Science Statistics ............................ 4

---

GEOGRAPHIC INFORMATION SYSTEMS

Environmental Earth Science Department

**Department Chair:** Bryan Oakley  
**Assistant Chair:** Stephen Nathan  
Requirements accurate as of August 1, 2023  
See academic program web pages at www.easternct.edu for updates.

A Geographic Information System (GIS) stores, analyzes and displays spatially oriented data to improve decision-making within many disciplines. The strength of GIS is its ability to integrate data and to model complex physical processes. The GIS minor introduces students to the historical and current use of maps and cartography to convey or communicate a message in the introductory courses. As students advance through additional GIS courses, they are exposed to the many spatial analyses used to address issues related to environmental management, public policy, public health and business using state-of-the-art mapping software. The objective of the minor is to enable students to apply the principles of spatial analysis to their academic discipline.

The minor consists of a minimum of 17 credit hours. Nine of these hours must be unique to the minor.

**Required Courses**

Choose one (1):

- EES 340 Geographic Information Systems with Laboratory ...... 4
- EES 300/301 Basics of Geographic Information Systems/Lab ...... 4
- EES 342 Advanced Geographic Information Systems with Lab ...... 4

Choose one (1):

- EES 444 Geospatial Applications Using Remote Sensing ........ 3
- EES 480 Independent Study ........................................... 1-6

**Advisor Approved Electives**
Choose two (2) EES electives with advisor approval.

GEOGRAPHY
Political Science, Philosophy and Geography Department

Department Chair: Martin Mendoza-Botelho
Requirements accurate as of August 1, 2023
See academic program web pages at www.easternct.edu for updates.

The Geography minor familiarizes students with both the global map and the spatial distributions of people and things, such as capital, technology and disease across the globe. Because geography combines spatial analysis with concepts from a number of other disciplines, a Geography minor is an excellent complement to a range of majors, including History, Economics, Sociology, Political Science, Communication and Business Administration. Geography is an excellent background for students who wish to develop careers in teaching, development, policy or other service professions.

Required Courses
The minor requires students to take 15 credits of Geography courses. At least six of the 15 credits must be at the 300 level or above and nine credits must be completed at Eastern. At least nine credits must be unique to the Geography minor and not shared with other majors or minors.

Minor Electives

GEO 100 Introduction to Geography . . . . . . . . . . . . . . . . . . . . . . . . . 3
GEO 110 Urban Geography . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . 3
GEO 201 Historical Geography of U.S. Cities . . . . . . . . . . . . . . . . . . 3
GEO 210 Geography of Canada . . . . . . . . . . . . . . . . . . . . . . . . . . . . . 3

GEO 228 Historical Geography of the United States . . . . . . . . . . . . . . 3
GEO 307 Gender, Justice, Environment . . . . . . . . . . . . . . . . . . . . . . . . . 3
GEO 331 Geography of Food . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . 3
GEO 332 Geographies of Tourism . . . . . . . . . . . . . . . . . . . . . . . . . . . . . 3
GEO/PSC/WST 336 Politics of Race and Violence . . . . . . . . . . . . . . . . . . 3
GEO 365 Special Topics . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . 3
GEO 471 Urban Studies Travel and Study . . . . . . . . . . . . . . . . . . . . . . . . 3
GEO 480 Independent Study . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . 3

GEOMORPHOLOGY
Environmental Earth Science Department

Department Chair: Bryan Oakley
Assistant Chair: Stephen Nathan
Requirements accurate as of August 1, 2023
See academic program web pages at www.easternct.edu for updates.

Geomorphology is the study of earth surface processes and landforms. Geomorphologists apply principles of physics, chemistry, hydrology and sedimentology to understand earth surface landscapes. Geomorphologists also use computer programs like geographic information systems to analyze, explain and evaluate the geologic nature of earth surface environments. Geomorphologists are hired as environmental consultants and earth scientists by private consulting firms, government agencies and educational institutions.

The objectives of the minor in geomorphology are (1) to provide an opportunity for students to study geomorphology; (2) to refine analytical and technical skills used to study earth surface environments; and (3) to prepare students for graduate studies and/or employment in geomorphology and related fields.

The minor consists of a minimum of 16 credit hours, nine of which must be unique to the minor.

Required Courses

EES 424 Glacial and Quaternary Geology . . . . . . . . . . . . . . . . . . . . . . . . 3
EES 440 Process Geomorphology with Lab . . . . . . . . . . . . . . . . . . . . . . 4
Choose one (1):
- EES 336 Applied Hydrogeochemistry with Lab ................. 4
- EES 342 Advanced Geographic Information Systems ............ 4
  with Laboratory
- EES 480 Independent Study in Earth Science ................. 3-4

Minor Electives
Choose six (6) credits:
- CHE 320 Quantitative Chemical Analysis with Lab ............ 4
- CHE 480 Independent Study .................................... 3-4
- CSC 210 Computer Science and Programming I ................. 3
- CSC 249 Visual Basic.NET ..................................... 3
- CSC 251 Networking Fundamentals .............................. 3
- EES 251 Introduction to Environmental Earth Science in the Field 1-3
- EES 271 Environmental Earth Science Field Course ........... 3
- EES 3/4XX Approved EES 300-499 level course ............... 3-6
- MAT 216 Statistical Data Analysis ............................... 3
- MAT 244 Calculus II with Technology .......................... 4
- MAT 315 Applied Probability and Statistics .................... 4

HEALTH
Education Department

Department Chair: Mark Fabrizi
Associate Chair: Xing Liu
Requirements accurate as of August 1, 2023
See academic program web pages at www.easternct.edu for updates.

The grade of "C" or higher must be earned in all Physical Education and Sport Management major and minor courses.

Required Course
- HPE 210 Personal Health ....................................... 3

Minor Electives
Choose 12 credits:
- HPE 207 Nutrition Across the Lifespan ........................ 3
- PBH 209 Nutrition and Public Health ......................... 3
- HPE 310 Alcohol and Drugs ..................................... 3
- HPE 312 Group Dynamics in Health Education ................ 3
- HPE 320 Sports Nutrition ....................................... 3
- HPE 325 Holistic Health ......................................... 3
- HPE 326 Stress Management .................................... 3

- HPE 448 Teaching Health in the Secondary Schools ........... 3
HEALTHCARE INFORMATICS
Accounting and Business Information Systems Department

Department Chair: Moh’d Rujoub
Associate Chair: Alex Citurs
Requirements accurate as of August 1, 2023
See academic program web pages at www.easternct.edu for updates.

The Healthcare Informatics minor integrates courses in several disciplines in a focused way to serve the emerging needs in this area. Health care providers are introducing considerable resources and opening new jobs in electronic medical records (EMR) and clinical information systems. The interdisciplinary program will prepare students for several jobs described by the American Society of Health Informatics Managers (ASHIM): application support and training, EMR consulting, desktop and network support, clinical analysts, business analysts, transition coordinators, data/information managers, privacy and security experts and health IT managers. It complements well the skills developed in such programs as Business Information Systems, Computer Science, Business Administration, Biology, Psychology, Kinesiology and Physical Education or the B.G.S. in Public Health.

Required Courses

BIS 362 Healthcare Informatics ................................................. 3

Choose one (1): 3

BIS 205 Information Management
CSC 110 Introduction to Computing and Problem Solving
CSC 210 Computer Science and Programming I

Choose one (1):

BIS 370/OSC 363 Systems Analysis and Design/Introduction ...... 6
to Six Sigma Continuous Improvement
CSC 215/CSC 305 Introduction to Web Development/.............. 6
Data Mining and Machine Learning

Healthcare Informatics Elective

Choose one (1):

BIS 365 Emerging Technologies and Business Applications ....... 3
BIS 367 Human Computer Interaction and Design ................. 3
BIS 373 Business Database Management .............................. 3
BIS 490 Internship in BIS (when topically appropriate) .......... 6
CSC 249 Visual Basic.NET .................................................. 3
CSC 360 Topics in Computer Science (when topically appropriate) . . 3
CSC 491 Computer Internship (when topically appropriate) ...... 3

Public Health/Health Psychology Elective

Choose one (1):

BIO/PBH 228 Introduction to Public Health ............... 3
PBH 209 Nutrition and Public Health ................. 3
PSY 325 Health Psychology ............................................. 3

HEALTHCARE MANAGEMENT
Business Administration Department

Department Chair: Emiliano Villanueva
Assistant Chair: Mihyun Kang
Requirements accurate as of August 1, 2023
See academic program web pages at www.easternct.edu for updates.

The Healthcare Management minor prepares students to contribute to improved outcomes of management functions in practices, labs, clinics, insurance companies, hospital and other health-care related organizations. It allows students with majors as diverse as health sciences, psychology and finance to acquire the knowledge, skills and abilities to become team leaders, supervisors and managers in their primary fields. It focuses on the competencies identified by healthcare leadership organizations, including communi-
cation and relationship management, professionalism, leadership, knowledge of the healthcare environment and business skills and knowledge.

**Required Courses**

- BUS 201 Principles of Management ........................................ 3
- BUS 350 Healthcare Management ........................................... 3

**Analyzing Healthcare Issues**

Choose two (2):

- BIS 362 Healthcare Informatics............................................. 3
- OSC 363 Introduction to Six Sigma Continuous Improvement ...... 3
- BUS 380 Quality in Healthcare ............................................. 3
- BUS 381 Healthcare Law .................................................... 3
- FIN 401 Health Insurance .................................................... 3

**Communicating About Healthcare**

Choose one (1):

- ECO 333 Health Economics.................................................. 3
- HSC 225 Medical Terminology.............................................. 3
- HSC 255 Health Communication.......................................... 3
- PSY 325 Health Psychology................................................ 3

**The Healthcare Environment**

Choose one (1):

- BIO 202 Human Biology Lecture ......................................... 3
- PBH 209 Nutrition and Public Health .................................... 3
- PBH 228 Introduction to Public Health .................................. 3

**HISTORY**

**History Department**

- Department Chair: Caitlin Carenen  
  Assistant Chair: Scott Moore  
  Requirements accurate as of August 1, 2023  
  See academic program web pages at www.easternct.edu for updates.

To earn a History minor, a student must take 15 credits of History courses. At least six of the 15 credits must be at the 300-level or above (excluding HIS 310) and nine credits must be completed at Eastern.

**HYDROGEOLOGY**

**Environmental Earth Science Department**

- Department Chair: Bryan Oakley  
  Assistant Chair: Stephen Nathan  
  Requirements accurate as of August 1, 2023  
  See academic program web pages at www.easternct.edu for updates.

Hydrogeology is an interdisciplinary, quantitative science encompassing aspects of geology, physics, chemistry and mathematics. Hydrogeology is the study of the occurrence, distribution and transport of groundwater, its natural chemical evolution and the behavior of contaminants in groundwater. Contemporary hydrogeologic problems range from water supply to land subsidence to groundwater protection and contamination. The objectives of the minor are to introduce students to the field of hydrogeology; educate students for hydrogeology-related employment; and prepare students for graduate studies in hydrogeology. Courses taken toward the minor must be approved by the Environmental Earth Science Department Hydrogeology coordinator. Students must receive a grade of 2.0 or higher in each course for the minor.

A minimum of 16 credits are required for the minor. Nine of these hours must be unique to the minor.
Required Courses

EES 336 Applied Hydrogeochemistry with Laboratory .............. 3
EES 422 Groundwater Hydrology with Laboratory .................. 4
MAT 244 Calculus II with Technology ................................. 4

Choose one (1):
CHE 216 Organic Chemistry I with Lab. .............................. 4
CHE 322 Physical Chemistry for the Life Sciences .................. 3

Minor Elective

Choose one (1):
EES 436 Introduction to Contaminant Hydrogeology ............... 3
EES 457 Instrumental Methods in Environmental Earth Science ... 3
EES 460 Special Topics in Earth Science ............................... 4
EES 480 Independent Study in Earth Science ......................... 1-6
EES 491 Internship in Environmental Earth Science ............... 1-15

INSURANCE

Economics and Finance Department

Department Chair: Steve Muchiri
Requirements accurate as of August 1, 2023
See academic program web pages at www.easternct.edu for updates.

The Insurance minor is designed to enable students to learn about several aspects of the insurance industry including risk management, life insurance, health insurance, insurer operations, commercial property, liability insurance and legal/financial professional knowledge that applies to the insurance industry. Students will also develop the critical thinking and ethical reasoning skills needed to understand and respond to major initiatives, such as the Affordable Care Act. Students who wish to minor in insurance must complete a minimum of 15 credit hours from the courses listed below.

Finance Electives

Choose three (3):
FIN 300 Fundamentals of Insurance ..................................... 3
FIN 400 Life Insurance ..................................................... 3
FIN 401 Health Insurance .................................................. 3
FIN 402 Insurer Operations and Policy ................................ 3
FIN 403 Commercial Property and Liability Insurance ............ 3

Business Electives

Choose two (2):
BUS 250 Business Law I .................................................. 3
FIN 346 Investment Analysis .............................................. 3
FIN 347 Financial Institutions and Markets ........................... 3
FIN 348 Personal Financial Planning .................................... 3
OSC 260 Operations Management ...................................... 3
Program Coordinator: Ricardo Perez  
Requirements accurate as of August 1, 2023  
See academic program web pages at www.easternct.edu for updates.  

Latin American and Caribbean Studies is an interdisciplinary minor specializing in the histories, cultures and social structures of the region.  

Choose 15 credits:  

ANT 225 Contemporary Puerto Rican Culture and Society . . . . . . . . 3  
ANT 240 Latinos in the United States . . . . . . . . . . . . . . . . . . . . . . . . . 3  
ART 224 Latin American Art Topics . . . . . . . . . . . . . . . . . . . . . . . . . 3  
HIS 255 Introduction to Latin America . . . . . . . . . . . . . . . . . . . . . . . 3  
HIS 342 Modern Latin America . . . . . . . . . . . . . . . . . . . . . . . . . . . . . 3  
HIS 345 History of Mexico . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . 3  
HIS 346 Central America . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . 3  
HIS 347 History of Brazil . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . 3  
LAS/PSC 328 Latin American Politics . . . . . . . . . . . . . . . . . . . . . . . . 3  
LAS/SPA 317 Hispanic Cultures . . . . . . . . . . . . . . . . . . . . . . . . . . . . . 3  
LAS/SPA 219 Hispanic Screen Cultures-From Film to the Internet . . . . . 3  
SPA 320 Spanish Literature I . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . 3  
SPA 321 Spanish Literature II . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . 3  
SPA 323 Readings in Latin American Literature . . . . . . . . . . . . . . . . . . 3  

Up to six credits may be counted from intermediate (200-level or above) courses in one or more of the languages of the region.  

Other Latin America-related courses from Eastern or other universities with the consent of the coordinator.  

Independent studies that focus on a Latin America-related issue.  

LEADERSHIP COMMUNICATION  
Communication, Film and Theatre Department  

Department Chair: Kristen Morgan  
Assistant Chair Andrew Utterback  
Requirements accurate as of August 1, 2023  
See academic program web pages at www.easternct.edu for updates.  

The minor focuses on the development of interpersonal and organizational communication skills relating to leadership and contextualization of leadership in specific organizational context. Students select four courses in interpersonal and organizational communication and one additional class relating to leadership in an area of professional interest.  

Students majoring in Communication may not use any courses for both the major and the Leadership Communication minor.  

Communication Skills for Leadership  

Choose four (4):  

COM 101 Interpersonal Communication . . . . . . . . . . . . . . . . . . . . . . 3  
COM 201 Nonverbal Communication . . . . . . . . . . . . . . . . . . . . . . . . 3  
COM 230 Public Speaking . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . 3  
COM 301 Persuasion . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . 3  
COM 312 Professional Presentations . . . . . . . . . . . . . . . . . . . . . . . . . 3  
COM 330 Organizational Communication . . . . . . . . . . . . . . . . . . . . 3  
COM 331 Conflict Communication . . . . . . . . . . . . . . . . . . . . . . . . . . . 3
Leadership in Context

Choose one (1):

- BUS 331 Organizational Behavior ............................. 3
- COM 375 Digital Media Branding and Politics ................. 3
- COM 401 Advanced Interpersonal Communication ........... 3
- COM 464 PR Crisis Management ............................... 3
- MUS 361 Leadership in the Performing Arts .................. 3
- BUS 342 Leadership ............................................ 3

MANAGEMENT INFORMATION SYSTEMS

Computer Science Department

Department Chair: Garrett Dancik
Requirements accurate as of August 1, 2023
See academic program web pages at www.easternct.edu for updates.

Objectives

The Management Information Systems (MIS) minor prepares students to contribute to the productivity and generation of new products, services and ventures using state-of-the-art computer applications for better communication, problem diagnosis and decision-making.

The MIS minor has been closely integrated with the Business Administration major to provide Business students with a readily obtainable and highly marketable extension of their skills to include knowledge of practical business systems.

The minor’s objectives include:

- Provide Business majors with the particular computer skills and knowledge that have now become essential in administrative and managerial positions, even at the entry level.
- Introduce other majors, especially those in Computer Science, to the management applications of computer systems.

Required Courses

- BIS/BUS 442 Information Technology Project Management .......... 3
- BIS 361 Business Information Systems ............................. 3
- CSC 110 Introduction to Computing and Problem Solving ........... 3

Minor Electives

Choose three (3) courses:

- BIS 370 Systems Analysis and Design .................................. 3
- BUS 462 Seminar in Finance ........................................... 3
- BUS 463 Seminar in International Relations ......................... 3
- BUS 464 Seminar in Management ..................................... 3
- BUS 465 Seminar in Marketing ........................................ 3
- BUS 466 Seminar in Non-Profit Organizations ..................... 3
- BUS 468 Seminar in Small Business ................................. 3
- BUS 469 Seminar in Special Topics .................................. 3
- CSC 200 Management Systems ....................................... 3
- CSC 210 Computer Science and Programming I .................. 3
- CSC 231 Computer Science and Programming II .................. 3
- CSC 249 Visual Basic.NET ........................................... 3
- CSC 251 Networking Fundamentals ................................. 3
- CSC 3XX/4XX Any 300/400 level CSC course except internships
MATHEMATICS
Mathematical Sciences Department

Department Chair: Marsha Davis
Assistant Chair: Megan Heenehan
Requirements accurate as of August 1, 2023
See academic program web pages at www.easternct.edu for updates.

The Mathematics minor is designed to support a student's major program in at least one of several ways. It directly supports the growing number of disciplines which are quantitatively or logically oriented, such as Biology, Earth Science and Economics. It directly supports any discipline where logic and precise thinking are important. In secondary education, it provides a level of expertise which gives the student strong credentials to be a math leader in his or her school. At least nine credits in the minor cannot be used to fulfill any other University requirements.

Required Courses

- MAT 230 Discrete Structures ........................................... 3
- MAT 243 Calculus I with Technology ................................. 4
- MAT 244 Calculus II with Technology ................................. 4

Minor Electives

Any three mathematics courses numbered 300 or higher, excluding MAT 303.

MEDICAL INTERPRETING IN SPANISH
World Languages and Cultures Department

Department Chair: Kin Chan
Requirements accurate as of August 1, 2023
See academic program web pages at www.easternct.edu for updates.

For health service professionals, knowledge of medical Spanish is no longer an option but a necessity. Barriers to communication with patients whose only language is Spanish poses a health risk and leading to reduction in health outcomes. The appropriateness of courses in this interdepartmental Minor cannot be unfussy or inconspicuous. Consequently, this Minor is for current and future health service professionals including business, code ethics, physicians and their assistants, nurses, pharmacists, dentists, physical therapists, occupational therapists, medical laboratory technicians, emergency medical technicians, medical aides, medical interpreters, healthcare industry professionals and psychologists. The program aims to develop critical skill sets that future healthcare providers can use to improve communication with Spanish-speaking patients. Additionally, the curriculum is designed to raise awareness about the influences and the role of language that intersect with access to healthcare among Spanish-speaking patients.

Required Courses

- HSC/SPA 415 Spanish Medical Interpreting and Translation ........ 3
- HSC 225 Medical Terminology ........................................... 3

Choose one (1): 3

- SPA 312 Spanish Conversation and Composition
- SPA 313 Spanish Conversation & Composition II
- SPA 404 Spanish Translation and Interpretation .......................... 3

Electives

Choose two (2) courses or six (6) credits:

- HSC/COM 255 Health Communication ................................. 3
- PBH 330 Principles of Global Health ................................. 3
- PBH 350 Principles of Community Health ............................. 3
- PBH 311 Emergency Preparedness and Response ..................... 3
- PBH 414 Violence and Injury in Public Health ....................... 3
- PBH 345 Chronic Disease Control and Prevention .................... 3
MODERN LANGUAGES
World Languages and Cultures Department

Department Chair: Kin Chan
Requirements accurate as of August 1, 2023
See academic program web pages at www.easternct.edu for updates.
Nine credits in one language beyond the elementary level; six credits in another language.

MUSIC
Performing Arts Department

Department Chair: Anthony Cornicello
Requirements accurate as of August 1, 2023
See academic program web pages at www.easternct.edu for updates.
Students wishing to pursue a minor in music may do so by completing 18 credits.

Required Courses

MUS 205 Theory of Music I ................................. 3
MUS 215 Sight Singing Ear Training Lab I ................. 1
Choose one (1):
MUS 235 History of European Art Music I: Antiquity to 1750 .... 3
MUS 236 History of European Art Music II: 1750 to Present ...... 3
MUS 335 Introduction to Ethnomusicology ................... 3
Choose two (2) credits:
MUS 103 Chorus ............................................ 1
MUS 107 Concert Band ..................................... 1

Minor Electives
Choose nine (9) credits in MUS courses at the 200-level or higher; six credits must be at the 300-level or higher.

NEW ENGLAND STUDIES
History Department

Department Chair: Caitlin Carenen
Assistant Chair: Scott Moore
Requirements accurate as of August 1, 2023
See academic program web pages at www.easternct.edu for updates.
The New England Studies minor is available for History majors, as well as for students majoring in other disciplines in which professional and vocational careers may be strengthened by a knowledge of the distinctive values and characteristics of historic and contemporary New England. The minor emphasizes interdisciplinary study with varied course offerings that utilize traditional classroom lectures and discussions, as well as individual research, internships and field experiences.
The New England Studies minor consists of a minimum of 15 credits.

Required Courses

NES 200 Introduction to New England Studies ............... 3
NES 400 Seminar in New England Studies ................... 3

Minor Electives
Choose three (3) courses:
ART 305 Art of New England ................................ 3
ENG 342 Literature of New England ......................... 3
ENG/NES 343 Folklife and Folklife of New England ....... 3
HIS/NES 250 History of New England ...................... 3
HIS 320 Connecticut History ................................. 3
Supply Chain Management is the management of the flow of goods and services and has applicability in many industries. Also, due to globalization, supply chains have become complex and their management requires individuals with specialized training. The field has a wide variety of sub-areas in which interested students can pursue careers. Some of these include: supply management and purchasing, logistics management, warehousing management, transportation management, planning and control, project management, supply chain systems, and process improvement.

The operations and supply chain management minor enables students with an interest in a potential career in this field to obtain a background in the field and to explore various areas in the field. The minor is suitable for a wide variety of students and is an excellent complement for students majoring in Business Administration, Business Information Systems, Finance, Accounting and Economics.

The operations and supply chain management minor requires 18 credits. There are two required courses that provide a background in information systems and statistics which is needed to manage and analyze supply chains. There are two required courses that cover the fundamentals of supply chain management. The remaining six credits are electives that allow students to explore aspects of the supply chain management field and include courses in business analytics, process and quality improvement, global operations and logistics, business-to-business marketing, enterprise resource planning, electronic commerce, and project management.

### Required Courses

- **BIS 205 Information Management**  3
- **OSC 260 Operations Management**  3
- **OSC 360 Supply Chain Management**  3

Choose one (1):

- **ECO 215 Statistics for Business & Economics**  3
- **MAT 216 Statistical Data Analysis**  4

### Minor Electives

Choose two (2):

- **BIS 305 Business Analytics**  3
- **BIS 375 Electronic Commerce**  3
- **BIS 430 Enterprise Resource Planning**  3
- **BIS 437 Rapid IT Development Management**  3
- **BIS 442 Information Technology Project Management**  3
- **BIS 447 Business Intelligence**  3
- **BIS 449 Data Visualization**  3
- **BUS 327 Business-to-Business Marketing**  3
- **OSC 362 Global Operations and Logistics**  3
- **OSC 363 Introduction to Six Sigma**  3
- **OSC 366 Lean Production Management**  3
PARAMEDIC SCIENCE
Health Sciences Department

Department Chair: Yaw Nsiah
Assistant Chair Amy Bataille
Requirements accurate as of August 1, 2023
See academic program web pages at www.easternct.edu for updates.

The Paramedic Science Minor is designed to develop students with personal traits and professional skills required to perform as a competent entry-level paramedic on an emergency services team. Students will be given the academic and field training necessary to provide prehospital assessment and care of patients. Students must earn a 2.0 average or higher in the minor.

Required Courses

HSC 211 Paramedic Science I with Lab . . . . . . . . . . . . . . . . . . . . . . . 4
HSC 312 Paramedic Science II with Lab . . . . . . . . . . . . . . . . . . . . . . . 4
HSC 322 Paramedic Science III with Lab . . . . . . . . . . . . . . . . . . . . . . 4
HSC 412 Paramedic Science IV with Lab . . . . . . . . . . . . . . . . . . . . . . . 4
HSC 492 Clinical Rotation and Field Internship for Paramedics . . . . . 1

PEACE AND HUMAN RIGHTS
Political Science, Philosophy and Geography Department

Department Chair: Martin Mendoza-Botelho
Requirements accurate as of August 1, 2023
See academic program web pages at www.easternct.edu for updates.

The Peace and Human Rights Studies minor is a 15-hour interdisciplinary program compatible with any undergraduate major. The program draws on all disciplines which have peace and human rights components including anthropology, art, business, history, literature, philosophy, political science, sociology and woman's studies. Students are encouraged to think critically and to broadly explore issues of fundamental significance in today's world relating to peace and human rights.

The Peace and Human Rights minor consists of a minimum of 15 credits.

Required Courses

PHI/PHR 200 Peace and Human Rights . . . . . . . . . . . . . . . . . . . . . . . 3
PHI/PHR 400 Peace and Human Rights Seminar . . . . . . . . . . . . . . . . 3
A 400-level Independent Study, in a variety of disciplines, may be substituted for PHI 400 only when approved by the Peace and Human Rights Coordinator prior to enrolling in the course.

Minor Electives
Choose 15 credits:

ANT 221 Native Americans . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . 3
ANT/LAS 225 Contemporary Puerto Rican Culture and Society . . . . . 3
ANT/LAS 240 Latinos in the United States . . . . . . . . . . . . . . . . . . . . . . 3
ANT/WST 300 Women and Work . . . . . . . . . . . . . . . . . . . . . . . . . . . . 3
ANT 358 Anthropology of Violence . . . . . . . . . . . . . . . . . . . . . . . . . . . 3
ART/WST 355 Women, Gender and Art . . . . . . . . . . . . . . . . . . . . . . . . 3
ART 369 African American Art . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . 3
BUS 466 Nonprofit Management . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . 3
ENG/WST 228 Poetry of Women . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . 3
ENG 252 Harlem Renaissance . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . 3
ENG 255 African American Literature . . . . . . . . . . . . . . . . . . . . . . . . . . . 3
ENG 256 Native American Literature . . . . . . . . . . . . . . . . . . . . . . . . . . . 3
ENG 258 Asian American Literature . . . . . . . . . . . . . . . . . . . . . . . . . . . . 3
ENG 259 Chicano/Chicana Literature and Culture . . . . . . . . . . . . . . . . . 3
Required Courses

PHI 120 Perspectives in Philosophy. 3

Minor Electives

Choose twelve credits in the Philosophy Major program at the 200-400 level. At least 6 of these twelve credits must be taken at Eastern.
PHYSICAL EDUCATION
Education Department

Department Chair: Mark Fabrizi
Associate Chair: Xing Liu
Requirements accurate as of August 1, 2023
See academic program web pages at www.easternct.edu for updates.

The grade of "C" or higher must be earned in all physical education major and minor courses.

HPE 230 Introduction to Physical Education ........................................ 3
HPE *** Courses numbered 300 or higher ........................................ 12

PHYSICAL SCIENCE
Education Department

Department Chair: Mark Fabrizi
Associate Chair: Xing Liu
Requirements accurate as of August 1, 2023
See academic program web pages at www.easternct.edu for updates.

The Physical Science minor is designed to give students a foundation in the physical sciences and to enhance their career opportunities in an increasingly technical world.

Required Courses
Choose one (1) course in CHE at or above CHE 216.
Choose one (1):
   PHY 204/205 General Physics I with Lab/General Physics II with Lab 8
   PHY 209/209 Physics with Calculus I with Lab ............................... 8
   Physics with Calculus II with Lab
Choose one (1):
   AST 214 Descriptive Astronomy with Lab ................................. 4
   PHY 217 Meteorology ................................................................. 3

Minor Elective
Choose one elective course (three credits or greater) in either Chemistry, Physics, or Astronomy at the following levels:
   CHE elective above CHE 216
   PHY above PHY 209
   AST above AST 214

PHYSICS
Physical Sciences Department

Department Chair: John Toedt
Assistant Chair: Darrell Koza
Requirements are accurate as of August 1, 2023
See academic program web pages at www.easternct.edu for updates.

The Physics minor is offered for students wishing to pursue a study of physics beyond that of the introductory level and to gain experience with the uses of applied mathematics in physics.

Required Courses
MAT 341 Differential Equations ...................................................... 3
Choose one (1):
   PHY 204/205 General Physics I and II with Lab ....................... 8
   PHY 208/209 Physics with Calculus I and II with Lab ............ 8
Minor Electives
Choose two:
  - CSC 355 Digital Logic Lecture ........................................ 3
  - PHY 3XX/4XX Any PHY course 300-level and higher

POLITICAL SCIENCE

Political Science, Philosophy and Geography Department

Department Chair: Martin Mendoza-Botelho
Requirements accurate as of August 1, 2023
See academic program web pages at www.easternct.edu for updates.

To earn a Political Science minor, a student must take 15 credits of Political Science courses. Seven of the 15 credits may also be used to satisfy the requirements of the Liberal Arts CORE Curriculum or a major or second minor when appropriate.

Required Courses:
  - PSC 110 American Government and Politics....................... 3

Choose one (1):
  - PSC 140 International Relations .................................... 3
  - PSC 208 Global Politics ............................................. 3

Choose three (3) 200-400 level electives in Political Science.

Cross-listed courses accepted in the minor:
  - CAS 305 Comparative Public Administration
  - GEO/WST 336 Politics of Race and Violence
  - GEO 338 Geopolitics
  - LAS 328 Latin American Politics
  - PHI 314 Modern Social and Political Thought
  - PHI 316 Ancient Political Thought
  - WST 227 Women and Politics
  - WST 326 Politics of Race, Class and Gender

Transfer students must complete at least six Political Science credits in courses applied to the minor at Eastern in a program approved by the student’s Political Science advisor. The cumulative grade point average in courses applied toward the Political Science minor must be 2.0 or better.

PRE-LAW

Political Science, Philosophy and Geography Department

Department Chair: Martin Mendoza-Botelho
Requirements accurate as of August 1, 2023
See academic program web pages at www.easternct.edu for updates.

Admission to law school is very competitive. Students who are serious about pursuing a career in law are strongly encouraged to dedicate much time and energy to preparing for this demanding process. Students should work closely with their Pre-Law advisor throughout their time at Eastern to prepare them for admission to law school.

The Pre-Law minor program is designed to complement a student’s major with coursework that prepares the student for the Law School Admissions Test (LSAT) and strengthens the student’s skills in areas needed for success in law school, including critical thinking, logical reasoning and effective writing. In addition to developing cognitive skills, the Pre-Law program is designed to provide students with a background that will help them understand the nature, workings and justification of the law.

The Pre-Law minor program consists of 18 credits.
Required Courses

PHI 215 Logical Inquiry ........................................... 3

Choose one (1):

PHI 341 Philosophy of Law ....................................... 3
PHI 220 Ethics .......................................................... 3

Writing and Communication

Choose one (1):

COM 230 Public Speaking ........................................... 3
COM 330 Organizational Communication ......................... 3
ENG 241 Critical and Creative Thinking .......................... 3
ENG 371 Rhetorical Theory and Criticism ........................ 3

Government and Social Institutions

Choose two (2):

PSC 339 Constitutional Law I: Powers and Process .............. 3
PSC 340 Constitutional Law II: Civil Liberties ...................... 3
PSC 341 Justice in the Courts ........................................ 3
PSC 350 Public Policy and Decision-Making ....................... 3
SOC 101 Criminal Justice and Society ............................. 3
SOC 325 Law and Society ............................................. 3

Business and Economics

Choose one (1):

BUS 250 Business Law I ............................................. 3
ECO 200 Introductory Macroeconomics ............................ 3
ECO 201 Introductory Microeconomics ............................. 3

Pre-Law Internship

Students are also highly encouraged to gain experience in the legal field through an internship or practicum.

PSC 492 Law Internship
SOC 375 Seminar and Field Instruction
SOC 490 Internship in Applied Criminology

PSYCHOLOGY

Psychological Science Department

Department Chair: James Diller
Assistant Department Chair: Lyndsey Lanagan-Leitzel
Requirements accurate as of August 1, 2023
See academic program web pages at www.easternct.edu for updates.

The Psychology minor consists of 18 credits (excluding PSY 100), which shall include a minimum of nine credits from 300-level or above courses and a maximum of three credits from the special programs. A minimum of 12 credits in psychology must be completed in residence at Eastern.
The minor in public health studies provides students with the multidisciplinary understanding needed to deal with public health issues at the local, state, national and international levels. The coursework is a compilation of courses introducing students to the principles in public health including governance, the spread of diseases, disease surveillance, emergency preparedness and response, the impact of environmental quality and security on public health, as well as the psychological and sociological factors that affect health dynamics at the population/community scale. The field internship experience provides access to real-life community health problems from a variety of disciplines, depending on the type of agency involved.

The minor in public health studies consists of 18 credits.

**Required Courses**

- PBH 206 Epidemiology for Liberal Arts .......... 3
- PBH 228 Introduction to Public Health .......... 3
- PBH 494 Field Internship in Public Health .......... 3
- Or
- HSC 490 Internship III – Health Sciences ............ 3

**Public Issues – Choose one (1) Course**

- PBH 330 Principles of Global Health .......... 3
- HSC 235 Conflicts in Native American Health .......... 3
- HSC 306 Health Policy .......... 3
- PBH 414 Violence and Injury in Public Health .......... 3

**Application – Choose one (1) Course**

- PBH 311 Emergency Preparedness and Response .......... 3
- PBH 340 Non-Profit Organizations and Health .......... 3
- PBH 350 Principles of Community Health .......... 3
- HSC 440 Ethics, Law and Public Health .......... 3
- PBH 441 Regulatory Affairs in Public Health .......... 3

**Experiential and Practice Analysis – Choose one (1) Course**

Choose one (1):

- BIS 362 Healthcare Informatics .......... 3
- COM/HSC 255 Health Communication .......... 3
- EES/PBH 323 Drinking Water Management .......... 3
- HSC 402 Program Planning and Evaluation in Public Health .......... 3
- PBH 333 Principles of Health Care Systems .......... 3
- PBH 345 Chronic Disease Control and Prevention .......... 3
- PSY 325 Health Psychology .......... 3
- SOC 312 Sociology of Mental Illness .......... 3
- SWK 344 Substance Abuse .......... 3
- SWK 365 Special Topics in Social Work .......... 3

(when topically appropriate)
The Social Informatics minor deals with the utilization, organization and control of information systems in nonprofit and non-business organizations. Its focus is on the interdisciplinary study of the design, uses and consequences of information technologies, taking into account their interaction with institutional and cultural contexts. Through the elective course within the minor, students get an opportunity to deepen their understanding of using information technology in important areas such as sociology, social work, environmental management, sustainable energy and others. Upon completing the minor, students will be able to use information systems to collect and analyze data needed to enhance the productivity of medium and small organizations, as well governmental and non-profit agencies. The minor requires 15 credits and is suitable for any Eastern student, including transfer and non-traditional students studying through the Office of Continuing Studies and Enhanced Learning. At least four of the courses below should be taken at Eastern.

SOCIOLOGY

Sociology, Anthropology, Criminology and Social Work Department

Department Chair: Ricardo Perez
Program Coordinator: Nicolas Simon
Requirements accurate as of August 1, 2023
See academic program web pages at www.easternct.edu for updates.

15 credits labeled SOC, of which only three credits may be at the 100-level and nine credits of which must be at the 300-level or above, are required for the minor.

SPANISH

World Languages and Cultures Department

Department Chair: Kin Chan
Requirements accurate as of August 1, 2023
See academic program web pages at www.easternct.edu for updates.

15 credits beyond elementary level (i.e. SPA 110/111)

SPORT AND EXERCISE SCIENCE

Health Sciences Department

Department Chair: Yaw Nsiah
Asst. Chair: Amy Bataille
Requirements accurate as of August 1, 2023
See academic program web pages at www.easternct.edu for updates.

The Sport and Exercise Science minor is for students interested in learning about human movement as it relates to human body functional responses and adaptations to sport and exercise and the benefits of active lifestyles. Certain courses in the Sport and Exercise Science minor prepare students for careers as a personal trainer, certified exercise physiologist (non-clinical), strength and conditioning coach, corporate fitness and group fitness instructor to improve physical fitness and enhance human movement performance.

Required Courses

- HSC 210 Introduction to Kinesiology ........................................... 3

Minor Electives

Choose 12 credits:

- HSC 307 Strength and Conditioning ............................................. 3
- HSC 309 Exercise, Nutrition, Body Weight ..................................... 3
- HSC 320 Sports Nutrition ............................................................... 3
- HSC 324 Exercise Testing and Prescription ..................................... 3
- HSC 326 Behavioral Aspects of Lifelong Physical Activity ............. 3
- & Exercise
- HSC 328 Health/Fitness Teaching Methods and Personal Training . 3
HSC 334 Motor Learning ........................................... 3
HSC 342 Sport Psychology ........................................ 3
HSC 352 Exercise for Persons with Chronic Diseases/Disabilities ... 3

HSC 360 Physical Therapeutic Science ............................ 4
HSC 370 Athletic Training .......................................... 3
HSC 420 Pathobiomechanics ....................................... 3
HSC 450 Seminar in Human Performance ........................ 3

SPORT MANAGEMENT
Business Administration Department

Department Chair: Emiliano Villanueva
Requirements accurate as of August 1, 2023
See academic program web pages at www.easternct.edu for updates.

The Sport Management minor is open to all university students and is designed to serve students in non-business disciplines who might find this minor useful for making themselves employable to companies seeking graduates with a basic understanding of sport management.

The grade of “C” or higher must be earned in all minor courses.

Required Courses

BUS 201 Principles of Management ............................... 3
BUS 225 Principles of Marketing .................................... 3
BUS 240 Introduction to Sport Management ..................... 3

Minor Electives
Choose three (3):

BUS 340 Facility Design in Sport Management .................. 3
BUS 341 Legal Issues in Sport Management ...................... 3
BUS 342 Leadership .................................................. 3
BUS 410 Research Methods in Management ..................... 3
BUS 411 Sports in American Society ............................. 3
ECO 331 Economics of Sport ...................................... 3

STUDIO ART
Art and Art History Department

Department Chair: Lora Lee
Assistant Chair: Maeve Doyle
Requirements accurate as of August 1, 2023
See academic program web pages at www.easternct.edu for updates.

A Studio Art minor consists of 18 credits of Studio Art courses with at least six of those credits at the 300 level or above. Grades of less than 2.0 (C) in Studio Art courses will not count towards the minor. Students must meet with a faculty member in the Art and Art History department to discuss course selections.
The production and consumption of energy, especially energy based on fossil fuels, is a major source of environmental and social problems in the United States and the world, including global warming, air pollution, ecosystem destruction and economic instability. Continuing growth in conventional energy consumption is not sustainable into the indefinite future and transition to an economy based on renewable energy technologies such as hydroelectric, solar and wind energy is inevitable. Sustainable energy studies is the study of this transition through the perspectives of the natural sciences and the social sciences. Students who minor in Sustainable Energy Studies will be prepared to work as energy policy specialists in government, industry and education.

The objectives of the minor in Sustainable Energy Studies are to introduce students to the emerging field of sustainable energy studies; prepare students for post-graduate employment involving energy policy; ensure that science students understand the social and economic implications of energy technology; ensure that social science students comprehend the technological and scientific basis of energy policy and prepare educators to teach about energy science and energy policy.

The minor consists of 15 credits.

**Required Courses**

- EES 205 Sustainable Energy .................. 3
- EES 305 Energy Resources .................. 3

**Minor Electives**

Choose three (3):

- BIO 200 Ecology and the Environment .................. 3
- ECO 210 Economics and the Environment .................. 3
- ECO 322 Sustainability and Environmental Economics .................. 3
- EES 204 Global Climate Change .................. 3
- EES 222 Water and Society .................. 3
- EES 306 Sustainable Buildings .................. 3
- EES 307 Energy and Development .................. 3
- EES 402 Energy Issues in Geoscience .................. 3
- EES 405 Energy Analysis .................. 3
- GEO 331 Geography of Food .................. 3
- PSC 350 Public Policy and Decision-Making .................. 3
- PSC 351 Environmental Politics and Policy .................. 3
- PSC 352 Global Environmental Politics .................. 3

**THEATRE**

Performing Arts Department

**Department Chair:** Kristen Morgan  
**Assistant Chair:** Andrew Utterback  
Requirements accurate as of August 1, 2023  
See academic program web pages at www.easternct.edu for updates.

Students pursuing the Minor in Theatre must complete 18 credits of course and practical work. Students will discover the range of performance forms in a global context and engage in high-impact experiences in theatre productions. Students must take 7 credits of required coursework and 2 practicum credits and Choose three (3) Theatre courses, with at least one course at the 300 level or above.

**Required Courses (nine (9) credits)**

- THE 265 World Performance and Culture .................. 4
Choose one (1): 3

THE 275 Technical Theatre
THE 171 Improvisation and Physical Theatre

THE Practicum Credits. ................................. 2

(From THE 225, THE 226, THE 227, THE 228)

Electives

Students choose three (3) Theatre (THE-Prefixed) courses, at least one course at the 300 level or above.

WOMEN’S STUDIES

Program Director: Maureen McDonnell
Requirements accurate as of August 1, 2023
See academic program web pages at www.easternct.edu for updates.

Women and their achievements, as well as society's understandings of gender and identity, comprise the subject matter for Women's Studies. Student who choose Women's Studies as a non-degree minor must select 15 credits from the following:

Required Course

WST 260 Introduction to Women's Studies. ...................... 3

Minor Electives

Choose 12 credits:

ANT 300 Women and Work. .............................. 3
ENG 365 Special Topics (when topically appropriate) ........ 3
ENG 373 Studies in Rhetoric & Composition (when appropriate) ... 3
ENG 393 Chicana and Lantinx Rhetorics ................................. 3
PSY 319 Human Sexuality. ................................. 3
SOC 373 Collective Behavior and Social Movement .......... 3
WST/SOC 208 Gay, Lesbian and Bisexual Lives .......... 3
WST/SOC 212 Sociology of Families ......................... 3
WST/PSC 227 Women and Politics ............................. 3
WST/ENG 228 Poetry of Women .............................. 3
WST/FRE/WLC 231 Women Writers from French-Speaking Countries 3
WST/SOC 240 Sociology of Gender .......................... 3
WST/HIS 244 Immigrant Women ............................. 3
WST/GEO 306 Gender, Justice, Environment ................. 3
WST/ENG 307 Medieval Women Mystics ...................... 3
WST/SOC 310 Women and Crime ............................. 3
WST/PSY 315 Psychology of Gender ........................... 3
WST 316/ CRM 317 Race, Gender and the Criminal Justice System 3
WST/HIS 317 Women and Family in Western Society ........ 3
WST/PSC 326 Politics of Race, Class and Gender .......... 3
WST/FRE 331 Global and French Perspectives on Women's Issues ... 3
WST/GEO/PSC 336 Politics of Race and Violence ............ 3
WST/GEO/PSC 338 Geopolitics .............................. 3

WST/SOC 347 Black Women's Studies ....................... 3
WST/ENG 351 Feminist Theories .............................. 3
Eastern's minor in Writing allows students to explore writing — from the imaginative to the persuasive, from fiction to political blogs, from graphic novels to digital hypertexts — as both writers and critics. Given the importance of clear written and multi-modal communication in nearly every profession, the Writing minor is an ideal complement to any major. The variety of courses in which writing is the subject of study enables students to develop their particular interests and goals, whether in creative writing, rhetoric, business writing, editing and publishing, or any combination of these.

The Writing minor consists of 18 credits. For English majors, nine of the 18 credits must be earned in addition to the 42 needed to fulfill the English major requirement. An English major with a Writing minor is required to complete 51 credits in English beyond the LAC.

Only three credits of internship credit (in ENG 491, 492, 493, or 495) may be counted toward the Writing minor. However, students may complete more than one internship and count the credits toward English major electives or general electives.

Courses must receive a grade of C or higher in order to be counted.

The English Department Chair must approve a course of study for the Writing minor program.

Required Courses

Choose 18 credits:

- ENG 200 Reading and Writing Argument
- ENG 203 Introduction to Writing Literary Criticism
- ENG 204 Introduction to Writing Studies
- ENG 205 Introduction to Creative Writing
- ENG 206 Digital Composition
- ENG 207 Forms in Creative Writing
- ENG 209 Writing For Children and Young Adults
- ENG 220 Introduction to Literacy Studies in Composition
- ENG 230 Reading and Writing Electronic Literature
- ENG 238 Literary Magazine Editing
- ENG 241 Critical and Creative Thinking
- ENG 271 Classical Rhetoric, Modern Contexts
- ENG 273 Topics in Rhetoric and Composition
- ENG 275 Tutoring Writing
- ENG 300 Business and Technical Writing
- ENG 301 Writing Fiction

Credit for any other women-related courses must be approved through the coordinator.
The graduate programs at Eastern Connecticut State University are administered by the Graduate Division. The programs offered by the Graduate Division lead to Master of Science Degrees.

Students must submit a Plan of Study to the Graduate Division by the completion of their first semester. Failure to submit the Plan of Study may result in an account hold. Graduate candidates may change their Plan of Study only with the approval of their advisor and the Dean of the Graduate Division.

Eastern Connecticut State University is accredited by the New England Commission of Higher Education (NECHE). Eastern's education preparation programs are accredited by the Council for the Accreditation of Educator Preparation (CAEP).

The College of Business offers two Master of Science Degrees:

- Master of Science Degree in Accounting - Online
- Master of Science Degree in Management - Online

The Master of Science in Accounting is a fully online 30-credit program that prepares graduates for jobs in various fields, including auditing, finance, taxation and management. The program helps fulfill the 150-credit requirement for students interested in CPA licensure.

The Master of Science in Management is a fully online program designed for working professionals, in both the private and public sectors, seeking to expand their knowledge and enhance their careers. The program offers a Healthcare Management concentration for those interested in healthcare sector careers.
The Departments of Computer Science and Mathematical Science offer a Master of Science Degree:

- Master of Science in Applied Data Science – Online

The Master of Science in Applied Data Science is a fully online 30-credit program designed for those seeking to gain expertise in solving data-centric problems, with real-world examples and case studies, with an emphasis on applied, hands-on learning. The program offers a diverse set of courses covering the areas of coding, statistics, machine learning, databases, big data, data communication and data visualization.

The Department of Education offers Master of Science Degrees as described below:

- Master of Science in Early Childhood Education (Nursery – Grade 3)
- Master of Science in Elementary Education (Grade 1 – Grade 6)
- Master of Science in Secondary Education (Grade 7 – Grade 12) focused on one of the following areas:
  - Biology
  - English
  - Environmental Earth Science
  - History/Social Studies
  - Mathematics

(The Master of Science degrees in Early Childhood Education, Elementary Education and Secondary Education prepare students for Connecticut teacher certification recommendation.)

- Master of Science in Educational Studies – Online

(The Master of Science degree in Educational Studies is an advanced 31-credit degree program for those currently certified to teach or with teaching experience.)

- Master of Science in Educational Technology – Online

(The Master of Science degree in Educational Technology is an advanced 30-credit degree program for current educators.)

- Master of Science in Special Education – Online

(The Master of Science in Special Education is a 30-credit online advanced degree program designed for currently certified teachers or school personnel with relevant experience who are seeking K-12 cross-endorsement.)

GRADUATE APPLICATIONS AND ADMISSIONS

Applications for admission can be submitted electronically by visiting the Graduate Division website. Contact graduateadmission@easternct.edu for further information regarding the Graduate Division and its programming.

The Graduate Division has a continuous admission process. However, applicants are urged to submit completed applications and credentials at least two weeks prior to the beginning of the term of entry to ensure that their application is processed in time for the start of the semester.

GRADUATE ADMISSION REQUIREMENTS

All applicants for degree status must submit:

- A non-refundable application fee of $50.
- A completed online application.
- Contact information (email) for academic and/or professional references who will be asked to complete an Online Reference Form
- Official undergraduate/graduate transcript(s) from all institutions.

International applicants must also submit:

- An official transcript evaluation by an organization that has membership to the National Association of Credential Evaluation Services (NACES). A document-by-document evaluation report to prove completion of a bachelor’s degree must be submitted from one of the member organizations.
- Official document of financial support demonstrating a minimum of $45,000 (USD) in available funds (For 1-20), if applicable.
- Official Proof of English language ability by having earned a score of at least 550 (paper-based), 79 (IBT), or 213 (computer-based) on the Test of English as a Foreign Language (TOEFL) or a score of 6 on the International English Language Testing System (IELTS) exam or a score of at least 53 on the Pearson PTE.
Additional Admission Requirements Specific to Degree Programs:

Graduate Admission Requirements for the Master of Science (M.S.) Degree in Accounting

Applicants seeking admission to the Master of Science in Accounting must possess a bachelor's degree(s) from an approved/accredited institution(s) with a minimum GPA(s) of 2.70.

They must also submit the following:

- Contact information (email) for two references who can attest to the applicant's ability to complete graduate work.
- Official transcripts for all higher education institutions attended other than Eastern.
- Personal statement explaining the applicant’s professional goals.
- Students who have not completed degrees or coursework in accounting will be required to take additional undergraduate accounting courses. With advisor approval, admitted students can concurrently take graduate and undergraduate classes.

Graduate Admission Requirements for the Master of Science (M.S.) Degree in Management

Applicants seeking admission to the Master of Science in Management program must possess bachelor's degree(s) from approved/accredited institutions with a minimum GPA(s) of 2.70.

They must also submit the following:

- A current resume highlighting evidence of work experience.
- Contact information (email) for two references who can attest to the applicant's ability to complete graduate work.
- Official transcripts for all higher education institutions attended.
- Personal statement of professional goals.

Graduate Admission Requirements for the Master of Science (M.S.) Degree Program in Applied Data Science

Applicants seeking admission to the Master of Science in Management program must possess bachelor's degree(s) from approved/accredited institutions with a minimum GPA(s) of 2.70. A college level statistics course is a prerequisite to the program. Students admitted to the program who don't have a record of a college level statistics course must complete one in consultation with the program director. Programming experience is recommended but not required.

They must also submit the following:

- Contact information (email) for two references who can attest to the applicant’s ability to complete graduate work.
- Official transcripts for all higher education institutions attended.
- Personal statement of professional goals.

Graduate Admission Requirements for the Master of Science (M.S.) Degree Programs in Education

All applicants seeking admission into any of the Master of Science in Education programs must possess bachelor's degrees from an accredited institution(s) and have a minimum undergraduate GPA(s) of 2.70 (3.0 for M.S. Special Education). The applicant's records must show evidence of professional promise and ability to do graduate-level work.

They must also submit the following:

- Contact information (email) for references who can attest to the applicant’s ability to complete graduate work.
- Official transcripts for all higher education institutions attended.
- Applicants applying for the Educational Studies and Educational Technology programs are also required to submit a personal statement explaining their educational philosophy and professional goals as well as a resume/curriculum vitae.
- Applicants applying to the Early Childhood Education, Elementary Education, or Secondary Education programs are required to submit a third recommendation, test scores and participate in a CARE interview. For details regarding CARE, please visit the Education Department’s website.

NON-DEGREE APPLICANTS

Applicants for non-degree status need only submit an online application and official transcripts from all higher education institutions attended, indicating undergraduate degree(s) conferred and a GPA of at least 2.7. Application fees do not apply to those with non-degree status.

Students admitted with non-degree status to the Graduate Division can enroll in a maximum of 12 graduate credit hours. Students who acquire non-degree status are not guaranteed full admission into a graduate program. Teacher candidates who seek to move from non-degree status into full status must apply for and be accepted to CARE without restriction. Additional conditions for admission to full status are stated in the CARE letter of acceptance sent to the student. Please note that financial aid is not available until a graduate student is fully accepted to a degree-granting program and registration may be restricted to some courses.
ADMISSION DECISIONS

The Dean of the Graduate Division will consider the recommendations of the faculty of each program in making admission decisions. All applicants will be notified of the results of their applications for admission to the Graduate Division in writing. At that time, or at the time of CARE admission (education with certification applicants), graduate students will each be assigned an advisor and will be expected to complete a Plan of Study before the end of their first semester. Graduate students are expected to work closely with a faculty advisor while completing their Plan of Study.

Appeal of Admission Decision

Applicants may appeal an admission decision by submitting a written appeal to the Dean of the Graduate Division. Applicants will be notified of the outcome of their appeal in writing.

GRADUATE EXPENSES

The tuition and fees schedule is valid at the time of publication of the catalog and is subject to change as required. Costs may vary based on part-time/full-time student status, in-state/out-of-state residency and/or online/on-ground course offerings.

Application Fee $50

This non-refundable fee is required of all new degree students and is payable at the time of application submission.

Tuition and Fees

For information on tuition and fees, please visit the Bursar’s website.

Late Fee

Students who register or pay their fees after the established deadlines may be charged a $50 late fee.

Returned Check Fee

A returned check fee of $20 will be charged for any checks which are not honored by banks.

NOTE: Per University policy, applicants who hold a bachelor’s degree must pay graduate tuition for both undergraduate and graduate-level coursework.

Transcript Fee

There is a one-time transcript fee charge of $40 for first-time students. This fee grants them unlimited access to their academic transcripts.

Financial Aid

Financial assistance is available for students in the form of grants, loans, scholarships and employment opportunities. Financial aid information may be obtained from the Financial Aid Office in the Wood Support Services Center or from their website. Both full and part-time degree-seeking students are eligible to apply.

Graduate Assistantships and Internships

Graduate assistantships and internships may be granted to full-time and part-time students upon availability and in accordance with the guidelines set forth by the Graduate Division. For further information, visit the Graduate Division’s website.

GRADUATE ACADEMIC POLICIES

Academic Honesty

The integrity of scholarship is the cornerstone of the University’s structure. All students are expected to exhibit absolute honesty in all aspects of academia and academic pursuit. Presenting the work of another without acknowledgment, even in some modified form, is plagiarism. Violations of this tenet or any other form of academic dishonesty will be subject to penalty. Additional information and procedures can be found in the Eastern Connecticut State University Student Handbook.

Academic Standing: Warning and Dismissal

Quality of work by individual students is ensured by the standard of a minimum grade point average of 3.00 (“B”) to continue in matriculated status and to graduate*. Any graduate student whose cumulative graduate grade point average falls below 3.00 (“B”) will either be placed on academic probation or dismissed and will receive a letter from the Dean of the Graduate Division informing them of their status. If that status is probation, this letter may include limitations on the number of credits a student may take in the following semester or other conditions necessary to regain good academic standing. Students are subject to dismissal from graduate programs if a single “F” is earned; their overall grade point average remains below 3.00 for two (2) consecutive semesters; nine semester hours of grades of “C” and/or “C+” are earned in the accumulation of credits necessary to graduate, or grades of “C” or below are earned in coursework in any two consecutive terms, including intersessions. If, at the end of the following semester of enrollment, the student’s cumulative grade point average increases but remains below 3.0, at the discretion of the Dean the student may be continued on terminal academic probation for a maximum of one additional semester. At the end of that semester,
the student must have a 3.00 ("B") cumulative grade point average, or they will be subject to dismissal from their program for unsatisfactory academic performance. Regular warning and dismissal procedures are used to discourage unqualified students from persistent enrollment in courses.

* Some academic programs set higher standards than those of the Graduate Division for academic performance. Students matriculated in those programs are subject to the higher standards required in their programs.

Audit Policy

If space permits, students admitted to the Graduate Division may audit a course with written approval from the instructor and the student's advisor. A Course Audit Form must be submitted to the Registrar's Office at the time of enrollment. Students auditing a course pay the graduate tuition and fees. Full-time students wanting to audit a course must carry a minimum of nine credits of non-audited courses.

Students who audit courses should do so with the intention of attending all class sessions and fulfilling work agreed upon in advance with the instructor. All permissions and registrations for auditing courses must be filed with the Registrar's Office prior to the first class meeting. Audit status may not be changed to credit status. A student may take a course for audit that previously had been taken for credit. With an advisor’s permission, audited courses may be taken for credit during a later semester. The designation of “AU” will be placed on the transcript indicating that the audit occurred.

Culminating Experiences

Graduate students may be required to complete a culminating experience based on their program requirements. Students are encouraged to consult with their academic advisors or respective departments for additional information.

Course Load

Graduate students are classified as full-time or part-time depending upon the number of semester hours for which they enroll. A full-time student must register for a minimum of nine (9) semester hours; part-time students register for fewer than nine (9) semester hours.

The maximum load for a graduate student is 13 credit hours. Exceptions to the credit load maximum can be requested by petitioning the Dean of the Graduate Division in writing. Audited courses do not count toward the minimum credit hours for classification as a full-time student.

Reducing the course load below nine credits will result in an automatic change of status to part-time and can affect a student's financial aid, approved plan of study and/or visa status. As a result, students should contact the appropriate University Department (e.g., the Office of Financial Aid, International Programs) before reducing the total number of credits taken in a semester. Part-time students wishing to register for more than nine (9) credit hours must first notify the Registrar via email requesting a change of status to full-time.

Grade Appeals

A student may appeal the final grade given in a course. Explicit information about the procedures for initiating this process can be found in the Eastern Connecticut State University Student Handbook.

Grading System

The Graduate Division operates on a four-point marking system with the following values assigned to the letter grades:

- **A = 4.0 Superior Performance**
- **A- = 3.7**
- **B+ = 3.3**
- **B = 3.0 Expected Performance**
- **B- = 2.7**
- **C+ = 2.3**
- **C = 2.0 Below Graduate Standards**
- **C- = 1.7**
- **D+ = 1.3 Failing**
- **D = 1.0**
- **F = 0.0 Subject to Dismissal**
- **I (Incomplete) = 0.0**
- **W (Withdrawal) = 0.0**
- **AU (Audit) = 0.0**

*No graduate credit is awarded for grades below "C" but all grades other than "I" and "W" count toward grade point average.

Incompletes

In accordance with the grading system, students may receive a grade of "I" when they are temporarily unable to fulfill course requirements. Students who are granted incomplete status will be required to complete said work within six weeks of the start of the first full semester following the granting of the "I." If a grade is not submitted by the deadline, the "I" automatically becomes an "F." The granting of an incomplete is not guaranteed.

Independent Study/Research and Readings

Directed Independent Study/Research and Readings may be taken with the permission of the project faculty, appropriate Program Coordinator, Department Chair, and the Dean of the Graduate Division. Students may not register for more than six credits of Independent Study/Research and Readings throughout their graduate programs.
Students proposing Independent Study/Research and Readings are responsible for defining projects and justifying them as Independent Study/Research and Readings projects. Faculty project directors are responsible for demonstrating that the project is appropriate for the Graduate level and for designing appropriate evaluation methods. Program Coordinators are responsible for ensuring that the proposed projects will be acceptable within the student’s Plan of Study.

Students seeking to participate in Independent Study/Research and Readings must submit a Permission to Register for Independent Study/Research and Readings form prior to the deadline posted on the academic calendar. Forms are available on the Graduate Division website. Students may develop proposals for Independent Study/Research and Readings when one or more of the following factors prevail:

- The University does not offer coursework related directly to a proposed area of study within the student’s area of interest.
- The topic to be studied is interdisciplinary and courses are unavailable.
- The student has taken all the coursework available in their field of interest.

Degree Application

Graduate students who plan to complete their degree requirements for graduation in December, May, or August (academic calendar year) must submit an online degree application form by the corresponding date published in the academic calendar.

International Students

Eastern Connecticut State University does not support an I-20 for a visa for fully online programs.

International students must meet all the requirements for admission to the Graduate Division, as well as any requirements of the program to which they are seeking admission. In addition, international students must meet these requirements:

- Hold the equivalent of a 4-year United States bachelor's degree from an internationally recognized institution of higher education. The degree must be documented with certified copies of all graduate and undergraduate academic coursework. The records must be translated into English by a record translation agency with membership in the National Association of Credential Evaluation Services (NACES) and presented in a form usable by a United States university.
- Provide a completed Financial Eligibility Statement, provided by Eastern Connecticut State University and documentation in English to verify financial capability and responsibility.
- Official Proof of English language ability by having earned a score of at least 550 (paper-based), 79 (IBT), or 213 (computer-based) on the Test of English as a Foreign Language (TOEFL) or a score of on the International English Language Testing System (IELTS) exam or a score of at least 53 on the Pearson PTE.

Leave of Absence

If extenuating circumstances occur that inhibit the ability of a student to move forward in a timely manner toward degree completion, a leave of absence may be requested. Leaves of absence may be approved for no less than one full semester and may not exceed four semesters (a cumulative total of two years).

Leave of Absence forms are available on the Graduate Division website and should be returned to the Dean of the Graduate Division. Students must specify the semester in which they plan to return.

A leave of absence is recorded on the student’s official transcript.

Repeating Courses

Courses in which students receive a grade of C- or lower will not be counted for graduate credit in the planned program. Students may be allowed to retake one (1) course in which a grade of B- or lower is earned, provided they have their advisor’s approval and hold active student status. Both grades will remain on the student’s transcript, but only the most recent course grade and credit will be applied to the GPA and degree requirements. Students are encouraged to consult with financial aid if repeating coursework. No course may be repeated more than once* without permission from the graduate advisor and the Dean of the Graduate Division and certain graduate programs may not be eligible for the retake policy.

*Seminar and Research & Readings courses (ACC 696, ECE 675, ECE 696, EDU 675, EDU 696, RLA 675, RLA 696) may be repeated for credit provided that the content is different for each section.

GPA Calculation

The semester grade point average (GPA) is calculated by a three-step procedure: (1) multiply the grade points for each course by the number of credits for that course; (2) add the figures for each of these courses to arrive at a grade point total; (3) divide this grade point total by the total number of credits for which a grade was received, regardless of whether credit was earned. The cumulative GPA is calculated similarly, taking into account all courses taken in residence.

Time Limit

Graduate programs must be completed within a period of six years. This time limit begins upon registration for the first graduate course or the earliest term for which transfer credit has been awarded, whichever occurs first. Graduate courses taken under
Non-degree and transfer student status are included in this period. Students who do not complete the degree within the established time limit risk the forfeiture of their accumulated credit hours and any other privileges associated with their graduate status. Students requesting an extension to the time limit should complete the Time Limit Extension Request form and submit it to the Dean of the Graduate Division’s office. The Dean must approve all requests for extensions and approval is not guaranteed. Degree candidates who fail to take courses for two successive full terms (fall/spring) will be considered inactive and will be required to petition for readmission should they decide to continue with their graduate studies. If extenuating circumstances exist, students should request a leave of absence. Petition for Readmission forms are available on the Graduate Division website.

Transfer Credit

Graduate students wishing to transfer credit toward an Eastern degree must formally request that they be accepted. Acceptance of graduate coursework taken outside of the university is conditional upon review and recommendation by the assigned graduate advisor and approval by the Dean of the Graduate Division. The student’s Plan of Study must reflect the application of these credits to fulfill required or elective coursework. Transfer credit may be approved when:

- A student currently enrolled in a degree-seeking program has successfully completed nine credits. (No transfer credits will be accepted for non-degree students).
- Graduate courses were taken by the petitioner after the award of an undergraduate degree.
- Graduate courses have been completed at an accredited institution.
- Graduate courses carry a grade of “B” or higher.
- Graduate courses are related to the student’s graduate program of study at Eastern.
- Graduate courses were completed within the student’s six-year time limit for a degree.

No more than six semester hours may be transferred from other institutions. Request for Transfer Credit Forms are available online. Official transcripts must accompany all requests for transfer credits.

UNDERGRADUATE STUDENTS REQUESTING GRADUATE COURSES

A limited number of undergraduate students may take graduate-level courses. Only seniors with a GPA of 3.0 or greater will be allowed to petition to take graduate courses. The Dean of the Graduate Division must approve all requests by undergraduate students to take graduate-level courses. Approval is not guaranteed. Undergraduate students wanting to apply under this provision must submit a Senior Permission to Register for Graduate Course form to the Graduate Division.

Please note that credits earned in graduate-level courses will be applied toward the undergraduate degree and cannot be counted toward a master’s degree at Eastern Connecticut State University.

Withdrawal from a Course

Graduate students may withdraw from a course in which they are registered by submitting a Withdrawal from Course Form to their advisor for signature and then to the Dean of the Graduate Division. In such instances, the student is given the grade of “W.” All withdrawal forms must be submitted to the Graduate Division office by the deadline published in the Academic Calendar.

Withdrawing from all classes during the fall or spring semesters constitutes a withdrawal from the University. Students considering this option must complete a Graduate Withdrawal from the University form located on the Graduate Division website. Students wishing to continue their studies after withdrawing from the University must request readmission to the Graduate Division via the Application for Readmission form.

MASTER OF SCIENCE DEGREE PROGRAMS (NON-CERTIFICATION)

Online Programs

The Master of Science in Accounting is designed in an interdisciplinary fashion, drawing from business and finance. With course offerings in assurances, international operations, taxation and management, the program prepares students to become a Certified Public Accountant (CPA). Graduates are qualified for jobs in auditing, finance, taxation, insurance and banking and management. Students with non-accounting or non-business undergraduate degrees are provided supplemental support. Students may be required to complete additional coursework in Accounting if they lack designated Accounting undergraduate credits. This policy may be addressed with the Accounting Program Coordinator.

Program Requirements: 30 total graduate credits
CORE Courses: (9 credits)
MGT 502 Talent Management
FIN 545 Financial Management
MGT 510 Strategic Management

Graduate Accounting Courses (21 credits)
ACC 515 AIS and Financial Reporting
ACC 520 Accounting for not-for-Profit
ACC 525 Accounting for International Operations
ACC 530 Topical and Current Issues
ACC 531 Accounting Theory and Prof. Development
ACC 535 Advanced Studies in Taxation
ACC 549 Assurance Services

MASTER OF SCIENCE DEGREE IN APPLIED DATA SCIENCE – ONLINE
A college-level statistics course is a prerequisite to the program. Students admitted to the program who do not have a record of a college-level statistics course must complete one in consultation with the program director. Programming experience is recommended but not required.

Complete a total of 30 credits by taking the seven CORE courses and the remaining coursework is taken as a combination of electives and a practicum with an industry partner.

Program Requirements: 30 total graduate credits
Required Courses: (21 Credits)
DSC 501 Introduction to Data Science
DSC 502 Python for Data Science
DSC 503 Applied Statistical Methods for Data Science
DSC 504 Communication with Data
DSC 505 Databases and Big Deal Data Systems
DSC 506 Applied Machine Learning
DSC 507 Data Visualization

Required Culminating Experience (9 credits)
Students must take two special topics courses (DSC 508) and one Practicum (DSC 509) or one special topics course and two Practicums. DSC 508 may be taken more than once on different topics and DSC 509 may be taken twice.

DSC 508 Special Topics in Data Science
DSC 509 Data Science Practicum

MASTER OF SCIENCE DEGREE IN MANAGEMENT-ONLINE
Program Requirements: 30 total graduate credits
Required three (3) credit Courses for Master of Science in Management
MGT 501 Evidence-Based Decisions
MGT 502 Talent Management
MGT 503 DEI Management
MGT 504 Leading Change
MGT 505 Conflict and Negotiations
MGT 506 Organizational Design
MGT 507 Global Management
MGT 508 Design Thinking
MGT 509 Strategic Communication
MGT 510 Strategic Management

Healthcare Management Concentration (take any five courses from the required course list and the five courses listed below)
MGT 511 Healthcare Economics and Finance
MGT 512 Healthcare Systems and Operations
MGT 513 Analytic Methods in Healthcare
MGT 514 Healthcare Services Management
MGT 515 Quality in Healthcare

MASTER OF SCIENCE DEGREE IN SPECIAL EDUCATION – ONLINE
The Master of Science degree in Special Education is an advanced degree for those currently certified to teach or with teaching experience.

Program Requirements: 30 total graduate credits

CORE Courses: (24 Credits)
EDU 610 Special Education Assessment
EDU 611 Special Education Methods of Instruction
EDU 612 Assistive/Adaptive Technology
EDU 613 Evidence-Based Practices for Behavior Management in Special Education
EDU 630 Applying Foundational Knowledge and Application in Special Education
EDU 632 Special Education in the Arts
EDU 634 Interagency Collaboration for Students with Special Needs and their Families
EDU 697 Culminating Research Project

Elective Practicum Experiences: (3-6 credits)*
EDU 690 Practicum in Local Agencies
EDU 692 Practicum in Elementary Special Education
EDU 694 Practicum in Secondary Special Education

Elective Courses: (3-6 credits) *
ECE 620 Intervention for Young Children with Autism
EDU 680 Issues and Trends in Special Education
EDU 619 Strategies for instructions to ELS

*Candidates can complete any combination of six credits from Elective Practicum Experiences and Elective Courses.

MASTER OF SCIENCE IN EDUCATIONAL STUDIES – ONLINE
The Master of Science degree in Educational Studies is an advanced degree for those currently certified to teach or with teaching experience.

Program Requirements: 31 total graduate credits

CORE Courses: (12 credits)
EDU 608 Principles of Educational Research
EDU 617 Contemporary Literacies in the Content Areas
EDU 619 Strategies for Modifying Content Instruction to English Learners
EDU 680 Issues and Trends in Special Education

CONTENT/DISCIPLINE AREA STRAND (SELECT ONE STRAND) (9 CREDITS)

EARLY CHILDHOOD EDUCATION (ECE) STRAND
ECE 600 Play-Based Foundations for Learning in Math, Science and Literacy
ECE 603 Early Literacy Development, Pedagogy and Assessment
ECE 610 Data-based Approaches to Differentiating Math and Science Content Pedagogy

ENGLISH/LANGUAGE ARTS (ELA) STRAND
EDU 665 Inquiry-Based Learning in the ELA Classroom
EDU 667 Writing Instruction: Theory and Practice
EDU 668 Teaching Reading and Writing with Expository Texts

READING AND LANGUAGE ARTS (RLA) STRAND
RLA 610 Current Developments in Literacy Education
RLA 626 Children’s Literature: A Reader Response Perspective
RLA 627 Multicultural Literature for Children and Young Adults

SCIENCE, TECHNOLOGY, ENGINEERING AND MATHEMATICS (STEM)
EDU 656 Teaching Math and Science with Technology
EDU 660 Math and Science Content: An Integrative Approach
EDU 662 Inquiry, Problem Solving and Modeling in STEM Content

SPECIAL EDUCATION (SPED) STRAND
EDU 612 Assistive/Adaptive Technology
EDU 613 Evidence-Based Practices for Behavior Mgmt. in Special Education
EDU 614 Reading, Writing and Mathematics Interventions for Struggling Learners & Students with High-Incident Disabilities

EDUCATIONAL TECHNOLOGY (EDTECH) STRAND
EDU 512 Educational Theory and Design
EDU 657 Global Connections in Education

CONTENT/DISCIPLINE ELECTIVES (6 CREDITS)
(Selected with and approved by advisor)

CULMINATING PROJECTS (4 CREDITS)
EDU 693 Collaborative Data Literacy Project (1 credit)
EDU 697 Culminating Research Project (3 credits)
The completion of these courses satisfies the CTGSS 10-145b(g).

MASTER OF SCIENCE IN EDUCATIONAL TECHNOLOGY – ONLINE
The Master of Science in Educational Technology program is designed to integrate educational technology applications within the expertise of professional educators as they prepare their students for success in a highly technological and rapidly changing world.
Program Requirements: 30 total graduate credits

CORE Courses: (12 credits)
EDU 512 Educational Technology Theory and Practice
EDU 608 Principles of Educational Research
EDU 612 Assistive Technology
EDU 657 Global Connections in Education
Content/Discipline Elective Courses by Advisement: select four of the following: (12 credits)

ECE 512 Technology in Early Childhood Education
DLL 616 Bilingual Foundations and Methods
DLL 617 Ling. & Acad. Assessment of L2
DLL 618 1st & 2nd Language Acquisition
DLL 620 Inter Comm & Cul Comp
DLL 621 TESOL Methods
EDU 613 Evidence-based Practices for Behavior Management
EDU 617 Contemporary Literacies in the Content Areas
EDU 619 Strategies for Modifying Content Instruction to English Learners
EDU 630 Applying Foundational Knowledge in Special Education
EDU 632 Special Education in the Arts
EDU 634 Interagency Collaboration for Students and Families
EDU 662 Inquiry, Problem Solving and Modeling in STEM Content
EDU 665 Inquiry-Based Learning in the ELA Classroom
EDU 656 Teaching Math and Science with Technology
EDU 660 Math and Science Content: An Integrative Approach

Required two Culminating Experiences Courses and ePortfolio (6 credits)

EDU 696 Research and Readings (FO, SPO)

or

EDU 697 Culminating Research Project (FO, SPO, SUO)

and

EDU 677 Emerging Educational Technologies (SUO)

GRADUATE CERTIFICATION PROGRAMS

Please note that Eastern students may opt to pursue an ‘Early Start’ option for Graduate certification programs. Please refer to https://www.easternct.edu/education/teacher-certification-care/care-admission-policies.html for current information.

MASTER OF SCIENCE IN EARLY CHILDHOOD EDUCATION WITH CERTIFICATION

Prerequisites: B.A./B.S. from an accredited university; submission of ACT, GRE, SAT, or Praxis CORE Academic Skills scores; successful completion of other admission requirements and acceptance by the Committee on Admission and Retention in Education (CARE).

In addition, study in all of the following areas is required:

- U.S. History Course (3 credits)
- Health HPE 201 (1 credit) or HPE 210 (2 credits)
- Arts (Music, Theatre, Art History, Visual Arts) (3 credits)
- English (College level ENG) (6 credits)
- MAT 139P (3 or 4 credits)
- Natural Sciences (two college-level science courses; one with lab; (7 credits)
- Social Sciences (SOC, PSY, ECO, GEO, PSC) (3 credits)
- World Language (Foreign Language if not met in high school) (6 credits)
- Human Growth & Development (May include courses in Psychology and Early Childhood Education courses) (12 credits)

Program Requirements: 30 graduate credits for degree and student teaching credits. All courses are three (3) credits unless otherwise noted.

CORE Courses (7 credits)

EDU 504 Educational Assessment
EDU 505 Second Language Acquisition and Strategies (1 credit)
EDU 555 Education and Society

**Early Childhood Education Courses**

ECE 514 Clinical Experience I (1 credit)
ECE 516 Clinical Experience II (1 credit)
ECE 500 Advanced Study of Early Childhood Development
ECE 501 Families, Communities and Culture
ECE 503 Language and Literacy
ECE 504 Early Childhood Curriculum
ECE 505 Young Children with Special Needs
ECE 507 Reading and Writing in the Primary Years
ECE 510 Math and Science in Early Childhood Classroom
ECE 512 Technology in the Early Childhood Classroom

**Student Teaching and Practicum Experiences**

ECE 506 Adaptions for Diverse Needs
ECE 566 Student Teaching in a Primary Grade
ECE 565 Practicum in Early Childhood Special Education (6 credits)
Exit Requirements
   Early Childhood Test (002)

The CT Foundation of Reading Test See [https://www.ct.nesinc.com/](https://www.ct.nesinc.com/) for more information.

**MASTER OF SCIENCE IN ELEMENTARY EDUCATION WITH CERTIFICATION**

*Prerequisites: B.A./B.S. from an accredited university; submission of ACT, GRE, SAT, or Praxis CORE Academic Skills scores; successful completion of other admission requirements and acceptance by the Committee on Admission and Retention in Education (CARE).*

In addition, study in all of the following areas is required:
- U.S. History Course (3 credits)
- Health HPE 201 (1 credit) or HPE 210 (2 credits)
- Arts (Music, Theatre, Art History, Visual Arts) (3 credits)
- English (College level ENG) (6 credits)
- MAT 139P (3 or 4 credits)
- Natural Sciences (two college-level science courses; one with lab; (7 credits)
- Social Sciences (SOC, PSY, ECO, GEO, PSC) (3 credits)
- World Language (Foreign Language if not met in high school) (6 credits)
- Human Growth & Development (May include courses in Psychology and Early Childhood Education courses) (12 credits)

*Program Requirements: 30 graduate credits for degree and student teaching credits. All courses are three (3) credits unless otherwise noted.*

**CORE Courses (7 credits)**

EDU 505 Second Language Acquisition and Strategies (1 credit)
EDU 555 Education and Society
Early Childhood Education Courses
ECE 514 Clinical Experience I (1 credit)
ECE 516 Clinical Experience II (1 credit)
ECE 500 Advanced Study of Early Childhood Development
ECE 501 Families, Communities and Culture
ECE 504 Early Childhood Curriculum
ECE 507 Reading and Writing in the Primary Years
ECE 510 Math and Science in Early Childhood Classroom
ECE 512 Technology in the Early Childhood Classroom

**Student Teaching and Practicum Experiences**

ECE 560 Adaptions for Diverse Needs
ECE 566 Student Teaching in a Primary Grade
ECE 565 Practicum in Early Childhood Special Education (6 credits)

The CT Foundation of Reading Test See https://www.ct.nesinc.com/ for more information.

**MASTER OF SCIENCE IN ELEMENTARY EDUCATION WITH CERTIFICATION**

In addition, study in all of the following areas is required.

- U.S. History Course (3 credits) HIS 310 or ANT 221 (or another approved U.S. History course)
- Health HPE 201 (1 credit) or HPE 210 (3 credits)
- Arts (3 credits) Music, Theatre, Art History or Visual Arts
- English (6 credits) above ENG 100
- Mathematics (6 credits) MAT 139 or 139P and MAT 140
- Natural Sciences (7 credits) BIO and one of the following AST, PHY, PHS, CHE or EES (1 course with a lab)
- World Language (6 credits if not met in high school)
- PSY (3 credits) PSY 206 or PSY 208
- Child and Adolescent Development (3 credits) EDU 200 (may be satisfied with EDU 544)
- Creative Expressions (3 credits) EDU 222

Program Requirements: 30 graduate credits for degree and student teaching credits. All courses are three (3) credits unless otherwise noted.

**CORE Courses (10 credits)**

EDU 504 Educational Assessment
EDU 505 Second Language Acquisition and Strategies (1 credit)
EDU 511 Learning and Teaching
EDU 555 Education and Society

**Elementary Education Courses**

EDU 501 Clinical Experience I (1 credit)
EDU 502 Clinical Experience II (if the program extends four or more semesters) (1 credit)
EDU 516 Foundations of Literacy
EDU 517 Applications of Literacy and Language Arts
EDU 532 Issues/Trends: Math
EDU 537 Science in Elementary School
EDU 544 Patterns of Development: Typical and Exceptional
EDU 563 Issues/Trends: Social Studies
EDU 582 Teaching Exceptional Learners
EDU 523 Pre-student Teaching: Elementary Schools (taken semester before student teaching)

Candidates must complete all CORE and Elementary Educ. Courses and Liberal Arts/General Education Course requirements prior to student teaching.

EDU 565 Classroom Management and Assessment/Elem. School
EDU 573 Graduate Student Teaching: Elem. Schools
Required Licensure Tests: Praxis II 5001 & CFRT

MASTER OF SCIENCE IN SECONDARY EDUCATION WITH CERTIFICATION

Applicants who have completed a bachelor's degree from an accredited institution with a major in one of the following areas – Biology, English, Environmental Earth Science, History/Social Studies or Mathematics (30 credits) – may be eligible for this master's certification program.

Prerequisites: B.A./B.S. from an accredited university; submission of ACT, GRE, SAT, or Praxis CORE Academic Skills scores; successful completion of PRAXIS II exam content area; successful completion of other admission requirements and acceptance by the Committee on Admission and Retention in Education (CARE).

In addition, study in the following areas is required.

Health HPE 201 (1 credit) or HPE 210 (3 credits)
Arts (3 credits) Music, Theatre, Art History, Visual Arts
English (3 credits) Any of the English courses, except developmental English
Mathematics (3 credits) Any math course with college-level credits, except developmental math
Natural Sciences (3 credits) Any science course with college-level credits
History (3 credits) Approved US history survey course (will also satisfy the social science course requirement)
Foreign Language (6 credits) if not met in high school.

Program Requirements: 30 graduate credits for degree and student teaching credits. All courses are three (3) credits unless otherwise noted.

CORE Courses (10 credits)

EDU 504 Educational Assessment
EDU 505 Second Language Acquisition and Strategies (1 credit)
EDU 511 Learning and Teaching: Concepts and Models
EDU 555 Education and Society

Secondary Education CORE Courses (16 credits)

EDU 501 Clinical Experience I
EDU 502 Clinical Experience II (if program extends four or more semesters)
EDU 510 Content Area Reading and Writing (for non-Secondary English candidates)
Or
EDU 514 Literacy Development for Secondary
EDU 544 Patterns of Development: Typical and Exceptional
EDU 546 Issues and Applications in Secondary Mathematics
Or
EDU 547 Issues and Applications in Secondary History/Social Studies
Or
EDU 548 Issues and Applications in Secondary English
Or
EDU 549 Issues and Applications in Secondary Biology and Environmental Earth Science
EDU 582 Teaching Exceptional Learners
EDU 521 Pre-student Teaching: Secondary Schools
Student Teaching & Culminating Experiences.
EDU 525 Classroom Management and Assessment/Secondary Sch.
EDU 571 Graduate Student Teaching: Secondary Sch. (6-9 credits)
INSTITUTE FOR SUSTAINABILITY

Patricia Szczys, director

Eastern's commitment to sustainability is underscored by the President's Climate Pledge to achieve carbon-neutral operations by 2030. As Connecticut's only public liberal arts university, Eastern integrates sustainability practice and principles into all aspects of the campus experience for students, faculty and staff. Eastern adopted the multifaceted and inclusive definition of sustainability: the goal of meeting the needs of the present without compromising the ability of future generations to meet their own needs. Recognizing that a sustainable future requires the equitable distribution of the benefits and costs associated with the sustainable use of natural resources that drive a sustainable economy thus improving the well-being of people and the planet now and in the future.

At Eastern, sustainability initiatives are conceived and achieved by the interactions of three groups: The Institute for Sustainability (IS), the Green Campus Committee (GCC) and the Center for Sustainability Studies (CSS). The IS serves as an objective resource and champion for sustainable practices in Connecticut. The work of IS supports diverse and bold actions required by the United Nations 2030 Agenda for sustainable development and resilience: for people, prosperity and planet.

The Institute connects individuals, organizations, businesses and communities in Connecticut to meet the challenges of our changing climate. The CSS engages faculty and students in sustainability research and curriculum to engage with the 'wicked problem' of the impact of climate change on social and political life using an interdisciplinary lens. The CSS faculty prepare students for graduate programs, lifelong careers and civic life through the rigorous study of the scientific, environmental, economic, political and social implications of climate change. The Green Campus Committee is a consortium of faculty, staff and students representing diverse stakeholders. The committee sponsors sustainability initiatives and programming, tracks and reports progress on campus climate commitments including our ASSHE STARS Submission and guides the development of Eastern's Climate Action Plan.

Students can find the UN Sustainable Development Goals (SDGs) integrated in coursework, in campus and community involvement and in the operations of the university. Through Education for the Goals, we empower students with the knowledge and skills required to solve our most pressing challenges.

The following courses have been identified by Eastern faculty as Sustainability Courses that incorporate sustainability principles. Those denoted with * have been developed to center the knowledge and skills to address at least one of the United Nations 2030 Sustainable Development Goals.

- ANT 101 Introduction to Anthropology
- ANT 106 Cultural Anthropology
- ANT 125 Introduction to Archaeology
- ANT 221 Native Americans
- ANT 222 Native Peoples of Canada
