

# BIS/AITP Resume Prep Workshop

On Thursday, September 24<sup>th</sup>, 2020, AITP club members, as well as several non-members BIS and other students attended the regular every semester AITP hosted resume prep workshop with guest Eastern alumni from Cigna and Travelers. The workshop lasted approximately an hour and began at 4:00pm.

Attendees were divided into breakout rooms with accompanying alumni, where they were given the opportunity to share their resume and get instant feedback from alumni and reps who've already gone through the hiring process and are used to seeing and reviewing high quality business-technology focused resumes. With many of the reviewers, having graduated from the BIS Program, they knew how to highlight what the students are doing in the program on their resumes. At the Resume Prep Workshop, alumni and rep resume reviewers included: Justin Navarra, Donna Nguyen, Joesph D'Annolfo, Hanna Marchini, Juan Matiz and Dustin Dube. Below is a picture of the closing workshop recap session by the reviewers with a couple AITP leaders, discussing how things went reviewing students' resumes in the breakout rooms.
