

## AITP - BIS Resume Writing Workshop with Alumni & Representatives

On Tuesday, February 16<sup>th</sup>, 2021, AITP club members, as well as several non-members BIS and other students attended the regular every semester AITP hosted resume prep workshop with guest Eastern alumni from Cigna, Travelers, and The Hartford. The “Come N’ Go” workshop lasted for over two hours and began at 4:00 pm. The workshop was in a come-n-go format.

Attendees were divided into breakout rooms with accompanying alumni, where they were given the opportunity to share their resume and get instant feedback from alumni and reps who’ve already gone through the hiring process and are used to seeing and reviewing high quality business-technology focused resumes. With many of the reviewers having graduated from the BIS Program, they knew how to present what the students are doing in the program on their resumes. At the Resume Prep Workshop, alumni and rep resume reviewers included: Justin Navarra, Donna Nguyen, Joseph D’Annolfo, Hanna Marchini, Juan Matiz, Dustin Dube, Kyle Coleman, Peter Ereshina, Ryan McKennen, and Mike Zisk. Below is a picture of Dr. Citurs in the main Resume Writing Workshop Zoom Room, with students waiting to enter one of the full Alumni Resume Breakout Rooms to have their resume reviewed by one of the alumni or company representatives.
