

# BIS/AITP Cigna TECDP Info Session

On Tuesday, September 22<sup>nd</sup> from 4-5:15pm, there was a BIS/AITP Cigna TECDP Info Session. At the Zoom meeting, representatives from Cigna discussed upcoming internship opportunities in their Technology Early Career Development Program (TECDP) for both on-campus and off-campus internships. The Cigna alumni and representatives discussed what Cigna looks for in an applicant, and how you can differentiate yourself from other candidates. This meeting was very crucial for students in order to get some insight on what is expected and how the Cigna TECDP internship process works. After discussing the special features of TECDP, the representatives talked about their internship and company experiences, which was followed by any questions that students may have had at the end of the online meeting. Cigna Eastern alumni at the meeting, included: Dustin Dube, Justin Navarra, Liz Tucker, Halley and Hanna Marchini.
