EASTERN IN FOUR
Today's Plan!

Making the most of our time together

01 Why create an "Eastern in 4" plan?
02 Understanding your plan!
03 Breakout Groups: Completing your plan!
Planning is key!

Your "Eastern in 4" plan will help you:

**Graduate on time!**

Your plan will help you map out all the courses that you need to take in order to graduate! It will help you take ownership over your curriculum and graduation requirements so that you know exactly what you need to do to earn your degree!

**Register for classes!**

You will use your plan as a guide for registration each semester! Bring this plan with you when you meet with your faculty advisor (November 9-13)!

**See the big picture!**

Do you want to add a minor? Double major? Study abroad? Your plan will help you determine if you have room in your 4 years to do these things, and more!
OPEN YOUR PLAN!

If you have not already done so, please open your plan that was emailed to you!

Need a different plan? No problem!
The Advising Center helps students achieve their educational goals and timely degree completion through sound academic planning and support, assistance with college adjustment, and referrals to relevant campus-wide student support services.

Need an appointment?

Understanding your plan

**NOTES**

Read these notes carefully! There are specific notes about your major and other graduation requirements.

**LACs**

Liberal Arts Core (LAC) requirements. These are broken into 3 Tiers. LAC categories may be filled by a variety of courses. Your plan does not need to specify the exact course you plan to take!

**TRANSFER CREDITS**

Did you transfer in AP or ECE credits? Those should be listed here! If not, we may not have record of those credits.

**SEMESTER PLANNING**

This is where you will fill in your courses! Each box represents a new semester. Your first semester is already filled in!

**MAJOR REQUIREMENTS**

Here you will find all the courses required for your major!
### Check off each class!
You will notice that you already have some “X”s on your plan. You should add an "X" next to each class as you add it into your plan!

### Double Counts
One class fills two requirements! You can check it off twice once it is added to your plan!

### Credits
This column shows how many credits you will earn for taking each course. Some classes have different credit totals depending on your placement.

### Recommended Year
Color coded to help you figure out when you should take each class!

### Prerequisite
Is a course that has to be taken BEFORE you can take another course. This column lists the prerequisites or other special notes for the class to the left.

---

### LAC Requirements

COMPLETED PLANS ARE DUE

NOV 13
REGISTER FOR SPRING CLASSES

NOV 16
Where do you start?

1st Year Spring!

Which courses are recommended in the 1st year that you have not yet taken?

You should aim for 15-17 credits per semester!
When is my plan complete?

When you reach 120 credits!

And all your courses are added to the plan! You will likely need to save room for elective classes (these can be used for a minor, double major, or whatever else you might need) to reach 120 credits!

An "elective" is any class that is not required for your major or the LACs.
Ready, Set, Plan!

You will end the session in breakout rooms
Each room will have an ASC staff member there to help!
