

ECSU Art Gallery and The J. Eugene Smith Library present

WORD & IMAGE

July 7~August 7, 2026

Our art exhibit explores the intersection of verbal and visual expression across millennia of history. Pulling from the permanent art collection of ECSU and the archives of the J. Eugene Smith Library, the exhibit brings together a diverse range of objects, from sacred Egyptian artifacts to medieval manuscripts, the satirical pages of *The New Yorker*, the bold graphics of independent cinema, and mixed-media explorations of contemporary art.
