CONNECTING WITH STUDENTS

- Fall and Spring Career & Internship Fairs
- On-Campus Interviews
- Resume Review Days
- Eastern Career Network Job and Internship Postings
- Employer Talk Tuesdays
- Presentations and Panel Discussions
- Networking Events
- Sponsorship Opportunities

Career Conversations

Each academic year our office sponsors industry specific Career Conversations events. We bring employers and students together in a business casual environment to discuss career fields and industry and hiring trends from individuals working directly in the field.

Eastern students hear from our employer partners about their professional journeys, Students also have the opportunity to ask questions about fields of interest and seek personal advice on how to achieve their professional objectives.

What We Do

The Center for Internships and Career Development assists Eastern students and alumni by fostering excellence in career development and identifying professional opportunities for growth and success. The center offers comprehensive services aimed at promoting strong partnerships between students, academic departments and employers. We help employers discover, recruit and hire Eastern students and alumni, with a strong focus on internship and entry-level career hiring. Our partnerships with employers allow us to communicate information on current and future workforce trends and requirements to the students we serve.
