

CFDRC Code of Conduct Policy

At the CDRC, we strive to promote a positive and nurturing environment for children, families, and staff. It is the responsibility of all adults to model respectful behaviors for children. To this point, adult behaviors which impede a safe and caring environment will not be tolerated. Should anyone act in a manner which threatens the safety and well-being of children, families, staff and others in our facility, they will be asked to leave immediately. In severe cases, they will be escorted out by Public Safety and may risk losing access to entering the premises.

Sincerely,

CFDRC Administration Staff
