DSST Examinations

The DSST program is a great way to earn credit for knowledge that you might have acquired through reading, life experience, or non-credit courses taken for educational development and/or professional advancement. The enclosed booklet describes the various exams you may take. Please read the booklet carefully so that you can make the choice best suited for your individual needs. If you have further questions please consult with your advisor.

Please be aware of the limited testing space available. Your testing appointment reserves this space for you. You will only be allowed to reschedule ONCE for the next available date. Failure to reschedule and/or appear for your scheduled test will require you to re-register and again pay the non-refundable registration fee. The deadline for rescheduling your exam is TWO WEEKS before the examination date. The office wants to be able to offer your space to another student if you decide to reschedule.

To register for a DSST exam, you must:

1. Complete the registration form.

2. Return it with a check, money order or credit card (Eastern accepts only MasterCard, Visa, and Discover) made payable to ECSU for a non-refundable fee of $50.00 for an Eastern student and $70.00 for a Non-Eastern student. There is a surcharge for any returned checks. Registration forms and payment must be received two weeks before the exam date.

3. DSST exam fee is $85.00, due on the day of the exam payable by credit card only. (DSST accepts only MasterCard, Visa, and American Express)

*The Office of Continuing Studies and Enhanced Learning reserves the right to schedule applicants to alternate dates due to testing demands.

If you have a disability, such as a learning or physical disability that would prevent you from taking a DSST exam under standard conditions, you may request accommodations. Please contact our office well in advance for the ADA Accommodations Request Packet. This needs to be filled out and submitted to Prometric for approval.

Mail Registration Form and Payment to:

DSST Administrator, Office of Continuing Studies
Eastern Connecticut State University
83 Windham Street
Willimantic, CT 06226-2295

Fax Registration and Credit Card Authorization Form to: 860-465-0062

After the application is received, an email confirming the date, time, and location will be e-mailed to you.
DSST Exam Dates: Groton Site

You may register for only one DSST exam per testing time.

Groton Site: Test Center #9533

Please note: If you do not receive a score on the DSST test that will enable you to obtain credit for the course, you must wait three months (90 days) in order to retake the same test.
TRANSLATE KNOWLEDGE INTO COLLEGE CREDIT

A COLLEGE DEGREE WITHIN YOUR REACH
Today, there are many educational alternatives to the classroom—you can learn from your job, your reading, your independent study, military training, and special interests you pursue. You may already have learned the subject matter covered by some college-level courses.

The DSST® Program is a nationally recognized testing program that gives you the opportunity to receive college credit for learning acquired outside the traditional college classroom.

DSST exams are created by Prometric, the trusted provider of market leading test development and delivery solutions.

Taking a DSST exam can help you accelerate your path to degree completion while saving you the time it takes to sit through a course, as well as the additional dollars spent on tuition. DSST exams can make earning a degree more feasible.

INTERNET BASED TESTING
All DSST exams are available via Internet-based testing.

INSTITUTIONS OF HIGHER EDUCATION RECOGNIZE DSST EXAMS
DSST exams are accepted for credit by more than 1,900 colleges and universities nationwide, including community colleges, state education systems, private and public institutions; and the number is growing every day. To find out if the college or university of your choice awards credit for passing DSST scores, contact their admissions office, counseling or testing office.

THE DSST PROGRAM IS HERE FOR YOU
Imagine cutting months off your degree completion requirements in practically no time at all. The DSST Program allows you to:

Earn Credit for Previously Learned Knowledge
You'll be able to get credit for previously acquired knowledge or experience without taking time off from work to be a full-time student.

Save Time and Money
At less than $100 for a 3-credit equivalent course, DSST exams are an affordable way to earn college credit for prior learning. It doesn't only cut hundreds or thousands of dollars that you'd have to spend on your college education, but it also cuts on precious college-credit hours. You can then dedicate that time and money into more advanced-level courses, and possibly, graduate in a shorter period of time.

Improve Your Chances for College Admission
Each college has its own admission policies; however, having passing scores for DSST exams on your transcript or your college admission portfolio can provide strong evidence of college-level subject knowledge.

Gain Confidence Performing At a College Level
Passing a DSST exam proves that you have what it takes to get a college degree. The feeling of “I can do this” by passing a DSST exam will give you the confidence you need to keep going, no matter in what stage of your college education you are on.

Make Up Missed Courses
If you find that you are just a few credits short of earning your degree, you may be able to take one or more DSST exams to fulfill your academic requirements and graduate on time.

APPROVED BY ACE
The American Council on Education's College Credit Recommendation Service (ACE CREDIT) has evaluated and recommended college credit for all 30+ DSST exams. ACE, the major coordinating body for all the nation's higher education institutions, seeks to provide leadership and a unifying voice on key higher education issues and to influence public policy through advocacy, research, and program initiatives.

ACE CREDIT connects workplace learning with colleges and universities by helping adults gain access to academic credit at colleges and universities for formal courses and examinations taken in the workplace or other settings outside traditional higher education.

ACE CREDIT provides both a recommended passing score and a recommended number of credits that could be awarded to successful students.

For more information about ACE CREDIT, visit their website at www.acenet.edu/acecredit.
DSST SCORING POLICIES

WEIGHT AND WRONG ANSWERS
All exam questions carry the same weight. Test takers are awarded points for correct answers only and do not lose points for incorrect answers. Instead of being penalized, they are simply not awarded the point for that question.

RECEIVING YOUR SCORE REPORT
For official scores to be sent to the institution of your choice, you must provide the institution’s 4-digit DSST code at the time of your examination. Note that some schools require a student to be enrolled before the institution will accept the score report. Due to privacy and security requirements, scores will not be reported over the phone under any circumstance.

Check with your school 3-4 weeks after testing to verify that it has received your scores. If for some reason your school has not received them, please contact Prometric at 877-471-9860 within 90 days of your test date and we will re-send the score report free of charge. Any request 90 days or more after the exam date will incur an administrative fee. No exceptions.

Where to Find your Institution’s DSST Code
Simply perform a search in our institution database at www.getcollegecredit.com/institutions/search to find your school’s four-digit DSST code. The code is located on the left corner of the institution’s name. If your institution is not listed, please email Prometric at getcollegecredit@prometric.com with the full name and address of the institution so a code number can be established.

Internet-Based Exam Score Reporting
To enter the DSST code for online exams fill in the field titled “Institutional Score Report Recipient” with the 4-digit DSST code of the institution that will receive the official scores. If you already have a user profile established, you can edit your institution’s DSST code by updating your personal information.

Test takers can receive immediate test results by viewing their unofficial score report at the end of the testing session. Test results can also be viewed at https://ift.prometric.com/dsst by entering the username and password created when the test was taken.

DANTES-funded military test takers will automatically get an electronic copy of their scores sent to their Transcript Service office.

TESTING IRREGULARITIES
Occasionally, testing irregularities occur that affect a group of test takers. Such problems include, without limitation, administrative errors, defective materials, improper access to test content, as well as other disruptions of test administrations (e.g., natural disasters). Should a group testing irregularity occur, your proctor will submit an Irregularity Report to Prometric. Prometric would then conduct an investigation of the test administration. Based on the information gathered in the investigation, Prometric may decide either to not score the test or to cancel the test score. When it is appropriate to do so, Prometric will arrange to give affected test takers the opportunity to take the test again as soon as possible. Affected test takers will be notified of the reasons for the cancellation and their options for retaking the test.

Prometric reserves the right to cancel any test scores if a test taker engages in misconduct or if there is a testing irregularity.

Reviews of questionable scores are confidential. If it is necessary to cancel scores that have already been reported, an “invalid score report” is produced and the credit-awarding institution is notified.
EXAM CONTENT FACT SHEETS

EXAM DEVELOPMENT AND CREDIT AWARDING
The DSST exams are developed to enable schools to award credit to students for knowledge equivalent to that learned by students taking the course. Each school may choose to award college credit to the student based on the achievement of a passing score. The ultimate passing score for each examination is determined by the school. The school is provided with a recommended passing score established by a national committee of college faculty who teach these courses. A national examination council of college faculty was formed to develop each exam. Exams are scored using one of two scoring methods: Norm-Referenced or Criterion-Referenced Standard Setting. The use of one or the other methodology depends on the DSST exam title. DSST norm-referenced scores range from 20 to 80; while criterion-referenced scores range from 200 to 500.

CONTENT OUTLINES
A content outline listing content areas covered in each examination is provided for each DSST exam. The approximate percentage of the examination devoted to each content area is also noted. It is recommended to go over the content outline for the exam you are looking into taking, to ensure that it corresponds to the course for which you want to get college credit.

As you prepare to take a DSST exam, the content outline serves as a map to ensure you review all the material needed before you take your exam. It is strongly recommended that you check the exam content outline for the exam you want to take as a first step to prepare for your examination.

REFERENCE BOOKS
Each exam content fact sheet provided on getcollegecredit.com includes a list of reference publications that were either used as a reference to create the exam, or were being used as textbooks in college courses of the same or similar title at the time the test was developed. Appropriate textbooks for study are not limited to those listed on the exam content fact sheets. If you wish to obtain study resources to prepare for the examination, you may reference either the current edition of those titles or textbooks currently used at a local college or university for the same class title. It is recommended that you reference more than one textbook on the topics outlined in this fact sheet. You should begin by checking textbook content against the content outline provided before selecting textbooks that cover the test content from which to study. Textbooks may be found at the campus bookstore of a local college or university offering a course on the subject.

Practice exams and other study material for each DSST exam is available online at www.getcollegecredit.com/testprep.

SAMPLE QUESTIONS
All test questions are in a multiple-choice format, with one correct answer and three incorrect options. Sample questions are provided with each exam content fact sheet (included in this publication). You may want to review these samples for the type of questions that may appear on the exam. Other sample questions can be found in the form of Practice Exams by visiting our website at www.getcollegecredit.com.

CREDIT RECOMMENDATIONS
The American Council on Education (ACE) has reviewed and evaluated the DSST test development process for and content of each exam. Each recommendation is noted in the exam content fact sheet. It is advisable that schools develop a consistent policy about awarding credit based on scores from this test and that the policy be reviewed periodically. Prometric will be happy to help schools in this effort.

The ACE provides both a recommended passing score and a recommended number of credits that could be awarded to successful students. Some schools set their own standards for awarding credit and may require a higher score than the ACE recommendation. Students should obtain this information from the institution from which they expect to receive credit.
FREQUENTLY ASKED QUESTIONS

Q. How do I know if my school accepts DSST exams for credit?
A. You can search the list of schools accepting DSST exams for credit by simply visiting our website at www.getcollegecredit.com/search. If you can’t find the school of your choice, contact your academic advisor or the admissions officer at your school. Also, before you take a DSST exam consult with your advisor to be sure the exam you want to take fits your curriculum needs.

Q. What is the cost for taking a DSST exam?
A. The current fee is starting at $80 (cyber $90). This fee does not include any administrative costs the testing site may require.

Q. What are DSST exams like?
A. DSST exams are Internet-based, multiple choice format, roughly 100 questions in length. Test takers are given two hours to take the exam but must be completed in 90 minutes. DSST exams must be taken at authorized testing centers, as they are not accessible elsewhere.

Q. How do I register for a DSST exam?
A. Visit www.getcollegecredit.com to locate an authorized DSST testing center. It is recommended you contact the selected testing center prior to taking the exam to understand their policies. Some locations do not allow walk-ins and require exams to be scheduled.

Q. How do I access the results of my exam?
A. The scores will be sent directly to your selected college or university and are available to the test taker immediately after Internet-based exams are taken. Public Speaking exam scores may take up to 4 weeks to allow the audio portion to be rated.

Q. Where do I find my institution’s 4-digit DSST code?
A. You can locate your institution’s DSST code by searching for your institution on our website at www.getcollegecredit.com/search. The code is located on the left corner of the institution’s name.

Q. What if there are testing irregularities?
A. Testing irregularities that affect the test taker can occasionally occur, such as administrative errors, defective materials, availability of test content and other disruptions of test administrations. In the event of these occurrences, Prometric will investigate, and appropriate actions will be taken based on the findings.

Q. What types of special accommodations can be provided?
A. While requests for testing accommodations must be reasonable, approved (based upon appropriate documentation) and scheduled prior to a test taker appearing for examination, we are committed to making sure you receive the appropriate accommodations to which you are entitled. Please note that accommodations may vary by location. Prometric may also be required to work in conjunction with your testing location to provide approved accommodations. To request a testing accommodation for your exam, please call 1-800-967-1139.

Q. What form of ID should I bring to the testing location when I take a DSST exam?
A. Prior to the test administration, all test takers must present current and valid picture identification such as a driver’s license, passport, or picture student identification card. Expired identification is not acceptable. Students may not test without appropriate identification. Only test takers should be permitted into the testing room. Unauthorized visitors are not permitted in the testing room at any time. Please see the requirements on the acceptable forms of identification for military members’ page for identification exceptions for active duty military members.

Q. What if I still have questions?
A. Should you have more questions or need more information, you can contact us through one of the following:
