

Material Safety Data Sheet

minusa

Product Name/ Trade Name	VANSIL® W-20		Code	59260	
			CAS#	13983-17-0	
Supplier	R. T. VANDERBILT COMPANY, INCOR 30 WINFIELD STREET NORWALK, CT 06855	PORATED	In case of Emergency	(203) 853-1400	
Synonym	Wollastonite			Protective Clothing	
Chemical Name	Calcium silicate mineral (calcium metaslicate)				
Chemical Family	Inosilicate (chain silicate-structural).			00	
Manufacturer	R. T. Vanderbilt Company, Inc. 30 Winfield Street Norwalk, CT 06855	Additive in pa	aints and plastic	S	

Name	CAS#	% by Weight	TLV/PEL
1) wollastonite	13983-17-0	100	As particles not otherwise regulated (PNOR).
Total Product			TWA: 15 mg/m³ total dust 5 mg/m³ respirable dust (OSHA) As particles not otherwise regulated (PNOR).

Section III. Hazards Identification		
Emergency Overview	Not an acute hazard. May cause mechanical eye or skin irritation in high concentrations. As with all minera spills, minimize dusting during clean-up. Do not breathe dust. Prolonged inhalation may cause lung injury. Product can become slippery when wet.	
Target Organs	Pulmonary System (chronic risk).	

Eye Contact	Flush with plenty of flowing water. Get medical attention if irritation persists.
Skin Contact	Wash off with water.
Inhalation	Allow the victim to rest in a well ventilated area if high concentration is inhaled and mechanical irritation of discomfort occurs. Seek medical attention if irritation persists.
Ingestion	Unlikely to be toxic by ingestion.

--------------	----------------

Section V. Fire and E	xplosion Data	
Flammability of the Product	Non-flammable.	
Auto-Ignition Temperature	Not applicable.	
Flash Points	Not applicable.	
Flammable Limits	Not applicable.	
Products of Combustion	Not applicable.	
Fire Hazards in Presence of Various Substances	Not considered to be flammable.	
Explosion Hazards in Presence of Various Substances	None.	
Fire Fighting Media and Instructions	Product will not burn, use appropriate extinguishing media for surrounding fires.	
Special Remarks on Fire Hazards	Not available.	
Special Remarks on Explosion Hazards	Not available.	

Section VI. Accidental Release Measures		
Small Spill	Use a vacuum to clean up spillage. If appropriate, use gentle water spray to wet down and minimize dust generation. Place in a sealed container.	
Large Spill	Use a shovel to put the material into a convenient waste disposal container. Finish cleaning by spreading water on the contaminated surface and allow to evacuate through the sanitary system. Avoid excessive dust generation. Use respiratory protection in high dust conditions.	

Section VII. Handli	Section VII. Handling and Storage	
Handling and Storage Procedures	No special storage considerations. Handle in ways which minimize dust generation.	

Section VIII. Exposure Controls/Personal Protection		
Engineering Controls	Use process enclosures, local exhaust ventilation, or other engineering controls to keep airborne levels below recommended exposure limits. If local exhaust ventilation is used, a capture velocity of 150-200 fpm is recommended.	
Personal Protection	Safety glasses. Any NIOSH approved filler dust respirator. No special skin protection required. Wash skin if mechanical irritation is experienced.

Section IX. Physical and Chemical Properties		ties
Appearance	White powder.	
Molecular Weight	Not available.	
pH (1% soln/water)	Not available	
Melting/ Sublimation Point	Not available.	
Specific Gravity	2.9 (Water = 1)	
Volatility	Non-volatile.	
Odor	None	
Solubility	Insoluble in cold water.	

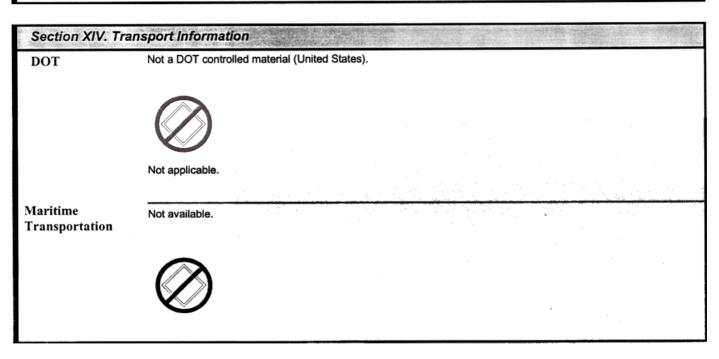

Stability	The product is stable.		
Instability Temperature	Not applicable		
Conditions of Instability	None known	 · · · · · · · · · · · · · · · · · · ·	
Incompatibility with Various Substances	Non reactive.		
Corrosivity	Not available.		

Routes of Entry	Inhalation. Ingestion.
Acute Effects	
Eye contact	Not a primary eye irritant. May cause mechanical irritation.
Skin contact	Because of the shape of individual wollastonite particles, minor skin irritation may result from prolonge physical contact.
Sensitization	Not a sensitizer.
Ingestion	Not an ingestion hazard.
Inhalation	Inhalation of high concentrations may cause mechanical irritation and discomfort.
Remark	No additional remark.
hronic Effects	CARCINOGENIC EFFECTS: See remarks. MUTAGENIC EFFECTS: None known. TERATOGENIC EFFECTS: None known. DEVELOPMENTAL TOXICITY: None known.

VANSIL® W-20	Page Number: 4
Remarks	In a NIOSH medical survey of wollastonite workers "no definite association of wollastonite exposure and excess morbidity could be demonstrated". From an update of this study it was concluded that prolonged exposure to excessive wollastonite dust may affect pulmonary function.
	Excessive exposure to any dust may aggravate pre-existing respiratory conditions.

Section XII. Ecological Information					
Ecotoxicity	None known.				
BOD5 and COD	Not available.				
Products of Biodegradation	None known.				
Toxicity of the Products of Biodegradation	None known.				
Special Remarks on the Products of Biodegradation	Not available.				

—Section XIII. Disposal Considerations			
Waste Information	Not a RCRA hazardous waste. Dispose of according to state or local regulations.		

TSCA	Listed.	
Other Regulations	Our database contains no special consideration on the product or of its ingredients	
Other Classifications	Federal and State Regulations	No products were found.

Notice to Reader

Information presented herein has been compiled from sources considered to be dependable and is accurate and reliable to the best of our knowledge and belief but is not guaranteed to be so. Nothing herein is to be construed as recommending any practice or any product in violation of any patent or in violation of any law or regulation. It is the user's responsibility to determine for himself the suitability of any material for a specific purpose and to adopt such safety precautions as may be necessary. We make no warranty as to the results to be obtained in using any material and, since conditions of use are not under our control, we must necessarily disclaim all liability with respect to the use of any material supplied by us.

SHEFFIELD POTTERY INC ROUTE 7 SHEFFIELD, MA 01257 USA

Attn: MSDS Coordinator

Enclosed and listed below are material safety data sheets for the products you have recently purchased.

As part of R. T. Vanderbilt's commitment to product safety, we provide MSDSs for all products, both hazardous and non-hazardous. A MSDS is sent to all customers with their initial order of a product and with their next order after a MSDS is revised with significant new information.

You should provide the information contained in the enclosed MSDS to your employees and others who handle, use or otherwise may be exposed to these products.

If you have questions regarding the information on a material safety data sheet, please contact the person named on the last page of the MSDS. If you need a MSDS for other R. T. Vanderbilt products, please contact our sales department.
