ADDITIONAL REMINDERS:

- Everyone in a roommate group should have the same hall preferences.
- Hall preferences do not guarantee placement in the halls listed. The housing team works to honor as many requests as possible in a fair and equitable way.
- Updating hall preferences does not affect the order we place students. Students are placed in the order of when they commit to living on campus.
- If your preferred hall(s) cannot be offered, you will be placed in the next best and available option.
